## Conference Overview

We are honoured to invite you at the First International Conference on Road Safety Vision 2020 (ICRSV-2020) to be held on May 21-22, 2011 in M.L. Sukhadia University, Udaipur, Rajasthan. There will be about 1000 participants including experts in road safety, academicians, transport commissioners, educationists, students, etc. from India and abroad. The conference will feature invited talks by eminent speakers in different disciplines of road safety

Unfortunately, our country has earned a dubious distinction in the number of road accidents. With over 1,30,000 deaths per year, India has overtaken China and now has the worst road traffic accident rate worldwide. Therefore, we have kept the focal theme of the conference as:

### *Role of Education in Road Safety*
