

SARS-CoV-2 and the disease COVID-19 has made the lives of millions of people in threat. The pathogenicity, infectivity and transmission of virus are very high. Meanwhile government and regulatory bodies issued a number of guidelines so as to combat deadly disease. However, there were several myths that prevailed in the society general public. In order of separate facts from myths, we organized an International Virtual Conference on COVID-19: Myths and Facts on July 14, 2021. We invited eminent speakers from University of Cambridge (Prof. Wilhelm Schwachble), Erasmus University (Prof. J J van Kampen), Microbiologists Society India (Prof Arvind Deshmukh) and many others. There were more than 150 participants in the events.

CONFERENCE REPORT

INTERNATIONAL VIRTUAL CONFERENCE ON "COVID-19 PANDEMIC: ROLE,
RESPONSIBILITIES, AND CHALLENGES FOR PHARMACEUTICAL RESEARCH, INDUSTRY, AND
ACADEMIA

July, 10th, 2021

The Department of Pharmaceutical Sciences, Mohanlal Sukhadia University, Udaipur has successfully organized an international virtual conference on "Covid-19 Pandemic: Role, Responsibilities, and Challenges for Pharmaceutical Research, Industry, and academia." The conference's aim was to present the current researches being carried out in the field of Pharmaceutical and Basic Sciences around the globe and to discuss about the Role, Responsibilities, and Challenges for Pharmaceutical Research, Industry, and academia. **Dr. U.S. Mahadeva Rao**, Professor of Biochemistry in Faculty of Medicine, University Sultan Zainal Abidin, and Malaysia was the keynote speaker who elaborated about "Immunity boosting nutraceuticals to combat covid 19 pandemic crisis" and **Dr. Tushar Nahata**, General Manager, Formulation Development (Parenteral) department at Pharmaceutical Technology Center (PTC) Zydus Cadila, Ahmedabad was the other invited speaker.

Prospective authors from academia, as well as industry, were invited to submit their abstracts that illustrate original/unpublished works and industrial applications describing advances and significant innovations in the field. About 300 participants have registered themselves for the conference, out of whom 40 have sent their abstracts for oral/Poster presentations. The selected ones were presented during the technical sessions. The emerging issues regarding the topic selected were thoroughly discussed in the Conference with special insight into various ways to combat covid 19 pandemic crisis, the strategies of formulation development, the research needs of the industry and the current research being carried out at academic and research Institutions. The Conference provided a global platform for the Students, Academicians and scientists, to have an active interaction in various fields of Pharmaceutical and Basic Sciences.

Report of webinar on Patent, Design, Trademark: Protect Intellectual Property Right
by Department of Pharmaceutical Sciences, Mohan Lal Sukhadia University, Udaipur
20th June 2021.

A webinar on Patent, Design, Trademark: Protect Intellectual Property Right was successfully organized by Department of Pharmacy, Mohan Lal Sukhadia University on 20th June 2021. The webinar was addressed by subject expert Dr. Amrish Chandra Registered Patent Agent and Associate Professor Amity University Noida. More than 80 participants attended the webinar.

He explained how research can be patented. Although there is very little information about researchers in India that their research can be patented. Along with this, he gave information about the complete method of patenting and how researchers can get their research patented by spending less money.

Dr. Amrish also explained the importance of design trademark and advised the students to make a career in this field. Secretary of the program Dr. Vivek Jain told that students and teachers from all the faculties and other colleges also participated enthusiastically. Respected Professor America Singh, Vice Chancellor of Mohan Lal Sukhadia University, sent best wishes for the program.

At the beginning of the program, the Dean of the College of Science, Professor G. S. Rathod conveyed his best wishes for the success of the program. At the end of the program vote of thanks was given by the Head of Department and Coordinator Professor CP Jain. Co-coordinator Professor Lalit Singh Chauhan and other departmental teachers were present in the program.

Report for workshop on Effective English Skills

From 20 July to 6 August, 2020

A 14 DAY online workshop on **Effective English Skills** from 20 July 2020 to 6 August, 2020 was organised by University Language Laboratory, Mohan Lal Sukhadia University, Udaipur. Professor Pradeep Trikha, the Director of University Language Laboratory organised the online workshop for the benefits of the university students during this crucial period of pandemic. Dr. Khushpal Garg was assigned the responsibilities of the workshop as the convener of the workshop. The workshop was divided into two Modules. Module-I covered Introduction to English Language and Use of Formal English, Writing Formal and Informal Emails, Writing Formal and Informal Letters and Writing Cover Letters and Job Applications. Module-II covered Writing Effective Cvs, Preparing for Group Discussion, Preparing for Job Interview and Effective English Skills for Communication.

The first session of the module -I of 14 days workshop on Effective English Skills was started by Professor Pradeep Trikha, Director, University Language Lab.

Professor Sharad Srivastava started his lecture by tracing the origin of English Language.

Dr Singh, Assistant Professor Department of English, MLS University conducted the session on 'Writing Formal and Informal emails' in the day-2 of the workshop.

Dr Singh also shared her views on how to use effective language in an email and how make the email more effective.

Dr. Anjali Singh continued day-3 on 'Formal and Informal emails'. Dr Singh began her session by expressing her satisfaction on the number of emails sent by the students in response to her instructions given at the end of the previous session.

Dr Khushpal Garg was the resource person of day-4 of the workshop on **Effective English Skills**. He delivered his lecture on 'Formal and Informal letter Writing'.

Dr Khushpal Garg continued the talk on Formal and Informal letter in day-5 of the workshop. He also pointed out that as it is very clear that a formal letter is not just a letter, it is a formal document hence one must follow the format of a formal letter.

Day-6. Mr. Saurabh Meena started his session on Cover Letter and Job Application with pointing out the importance of Job Application.

Mr. Saurabh Meena was the resource person of the day-7. Mr Meena assigned assignments to the participants in his last session on 26 July, 2020 on 'Writing Cover Letter and Job Application'.

At the end of the session Dr Khushpal Garg Convener of the Workshop congratulated all participants for the completion of the first Module of the Workshop and he also conveyed his best wishes to the participants for the forth coming sessions in Module II that is to be started from 29 July, 2020.

Mr. Mahendra Singh Purohit conducted the session on 'Writing effective CVs'.

Mr Mahendra Purohit continued the session on 'Writing effective CVs' on day-9 of the workshop. He pointed the words given by him as an assignment to the students and highlighted the importance of these words in preparing a CV.

Mr. Saurabh Meena conducted the session on 'Preparing for Group Discussion' on day-10 of the workshop. He started his session by specifying what we mean by Group Discussion.

On day- 11, Mr. Saurabh Meena continued the session on 'Preparing for Group Discussion'. Mr. Meena made the session an interactive session.

Dr. Anjali Singh conducted the session on 'Preparing for Job Interview' on day-12 of the workshop. Dr. Singh talked about the purpose of the interview and why does the employer conduct a personal interview?

Dr. Anjali Singh continued the session on day-13 of the workshop on 'Preparing for Job Interview'.

Professor Nafisa Hatimi Professor (Retd.) Department of English, MLS University was the resource person of the last session of the workshop on 06 August, 2020. Prof. Hatimi started her interaction with the participants by asking them general questions on importance of communication skills.

Prof. Trikha assured the participants that the University Language Laboratory will soon organize a workshop on 'Soft Skills'.

WORKSHOP REPORT

TITLE: ENGLISH LANGUAGE SKILLS FOR COMPETITIVE SUCCESS

11-21 September 2020

INTRODUCTION

The **English Language Skills for Competitive Success** online workshop was held from 11th September to 21st September on *Google Meet* platform. Two hundred and ten participants registered for the online workshop. This workshop provided a platform for the learners across the country to learn about the English language skills which appear to have an important place in the syllabi of various competitive exams. The vocabulary skills, comprehension skills, essay writing etc. constitute the basics of English language and mastering them can help students develop a strong chance of success. The workshop was structured around the important language skills such as Grammar, Vocabulary, reading comprehension and writing skills. The presentations by the resource persons provided a deep insight into the respective skills and focused on the strategies to be adopted by the learners while dealing with the questions on the English language skills. The sessions also involved the participants in an active discussion and the queries were answered with proper analyses of the topic. Feedbacks from the participants were very positive. Participants saw great value in learning from experienced speakers from various institutions across the country. It was a precious opportunity for both the speakers and the participants to learn from one another, and also a chance to explore ideas related to the skills. This report provides an overview of the workshop, background information and objectives, a summary of the presentations and discussions.

WORKSHOP OBJECTIVES

- The workshop aimed at providing a platform for the learners to hone their skills in English Language especially in the area of grammar, vocabulary, comprehension and

writing.

- The workshop aimed at guiding students preparing for **UPSC, BANK, SSC, STATE ADMINISTRATIVE SERVICES** to develop English Language skills.

EXPECTED OUTCOMES

- The participants acquired confidence to handle questions related to various English language skills which the candidates generally find difficult to solve.
- The participants could involve themselves in various activities in which they practiced sample questions.
- The detailed questionnaire helped them evaluate their own learning from the workshop.
- The elaborate discussion and insightful knowledge delivered by the experienced resource persons in the field of English language teaching, guided the participants in adopting proper strategies to write competitive exams.

SUMMARY OF THE WORKSHOP

DAY ONE

Inaugural Session:

On 11th September, the inaugural session of the workshop took place. One hundred and twelve participants joined the event online from different parts of the country on the first day. The Director of the Language Lab, MLSU, Udaipur **Prof. Pradeep Trikha** provided an introductory note of the workshop and introduced the convener **Ms. Kopal Vats** and the coordinator **Ms. Snehlata Tailor**. He acquainted the participants with the objectives of the workshop. He also encouraged the participants to attend the workshop regularly by focusing on its importance. The moderator of the session was the Convener of the Workshop, **Ms. Kopal Vats** who introduced the chief guest of the inaugural session **Prof. Seema Malik**, Dean, UCSSH, MLSU, Udaipur. In her speech Prof. Malik threw light on the importance of English Language skills. She inspired the participants with her motivating ideas about how a candidate can achieve success by strategic preparation for a competitive examination. After the inaugural the first technical session of the workshop commenced.

Assessment of the participants was done through an online questionnaire. One hundred and twenty participants submitted their answers, and out of them one hundred and ten participants could qualify the exam and were found eligible for the E-certificate.

The Department of English organised a webinar on **Interpreting Poetry**, which was an interaction with internationally-acclaimed contemporary poets on 20th June, 2021. The objective of the webinar was to impart the skills of interpreting poetry to the scholars and the participants, for which, the famous contemporary-internationally-acclaimed poet, Sudip Sen was invited to interact with the participants in the webinar. He spoke about the process of writing poetry and informed the audience about how a poem is the result of a poet's tireless journey replete with own emotions and feelings. Many emerging poets among the participants also shared their experiences and roadblocks in writing poems. Another major objective of the webinar was to train the participants in understanding literary appreciation of poetry, for which, Dr. Amitabh Vikram Dwivedi, Associate Professor, School of Languages & Literature at Shri Mata Vaishno Devi University, Katra, J&K, who is also a well-known poet, was invited to interact with the participants of the webinar in the second session. He reiterated that every poem is a unique creation in itself, hence every poem, first of all, requires deep insightful reading and interest in order to appreciate it. At the end of the webinar, Prof. Pradeep Trikha, Senior Professor of the department shared his views on the subject and Dr. Minakshi Jain, Head of the Department, delivered her concluding remarks.

Report of the National Seminar on Indian Republic and Constitution: Aspirations and Achievements (Nov.26-27, 2021)

The Department of Public Administration, UCSSH, Mohanlal Sukhadia University, Udaipur, organized two days 'National Seminar on Indian Republic and Constitution: Aspirations and Achievements' on Nov.26-27, 2021. It was one of the academic activities conducted by MLSU, as part of the celebration of Constitution Day.

The Seminar was formally inaugurated by the Hon'ble Chancellor and Governor Sh. Kalraj Mishra, Speaker of State Legislative Assembly Dr. C.P. Joshi, Minister for Cooperatives, Sh. Udailal Anjana, and the Member of Parliament, Udaipur constituency Sh. Arjunlal Meena, along with other events including, inauguration of the Constitution Park, the newly constructed main gate and two other buildings, and the release of the book on MLSU's history.

Day One- 26-11-2021(Friday)

The first plenary session of the seminar was held at 3.00 pm at Seminar Hall of Vigyan Bhawan, in hybrid mode, due to COVID-19 pandemic. About 20 participants and officials of MLSU were present offline and 35 scholars joined the program on Google Meet app. Among the invited speakers, two were offline and three were online.

Prof. Baljit Singh Mann, Jammu University, gave an in-depth insight into the objectives of and the challenges facing the Constitution of India. He was of the view that the Constitution ensures rule of law, the authority of state must be reconciled with the liberties of citizens. He emphasized that for the constitution to be a success it is imperative to follow it in letter and spirit.

Prof. Nilesh Kumar B. Joshi, Gujrat University said that the Constitution has played a significant role in uniting the diversified society of India and also boosted economic development. **Prof. Sanjeev Bhanawat, University**

of Rajasthan expressed that the right to freedom is the core need for media as well as a common man and that information technology has changed the entire scenario of our daily life and common sense. **Prof. Rajendra Mishra, Chhindwara University** opined that the Constitution of India, especially through its Part three and four has made provisions for the welfare of the person standing at the tail end. **Dr. Mannalal Rawat, Joint Commissioner, Dept of Transport, Government of Rajasthan** raised certain serious issues about the inadequacy of the constitutional provisions and legal remedies for the development of tribal communities.

Day Two- 27-11-2021 (Saturday)

On day two, the seminar was mainly offline and held at the Seminar Hall of UCSSH. The session was chaired by Dr. L.L. Vairagi and Prof. S. L. Sharma, Dept. of Sociology, University of Rajasthan, Jaipur, was the main speaker. Prof. Renu Ganesh, Punjabi University Patiala was online on Google meet app (link code- xsq-fpkk-jch).

In her thought-provoking address **Prof. Renu Ganesh** said that framing our own constitution helped fulfill the dream of determining our own destiny. She raised the question, whether the constitution has succeeded in fulfilling the aspirations of the people and said that we have come a long way but the constitution will succeed completely only through the willingness and sincerity of the citizens of India.

Prof. Amarika Singh, Hon'ble Vice Chancellor, MLSU blessed the participants and expressed that it is high time to train youth for career in politics and university may launch certain short-term courses.

Prof. S. L. Sharma pointed out that in "we the people", 'we' stands for citizens and it is high time that people start behaving like citizens rather than just a voter or vote bank. India must fulfill the vision of Gandhi ji and work towards the principle of trusteeship or *sarvodaya*. He also said that development of villages and improvement in quality of education must be done on a priority basis.

In his concluding address, **Prof. L. L. Vairagi** said that the government must conduct surveys every 5 years, to assess the expectations of people and assimilate them in policies and schemes. He emphasized upon the popularity of hindi as a language and its importance in binding the nation. He also pointed out that there has been immense growth in educational institutions in India but the focus must be on improvement in quality of education.

National Seminar on Indian Republic and Constitution: Aspirations and Achievements

(Nov.26-27, 2021)

Schedule (Hybrid Mode- Online/Offline)

Day one- 26-11-21(Friday) - mainly Online

-----------------	---	---

LUNCH

Overview of the Programme

A national conference on ‘Aadivasi Grameen SamajKeAarthikSashaktikaran Ki Dhuri: Silai Machine’ was organized in the Panchayat Bhawan, Dhar Village, on 13th June, 2021 50 rural people physically and 67 online attended the seminar. Mr. Sumatilal Bohra, the chief guest of the conference conveyed that tribal women can be made financially capable on a large scale by joining the group in a business like sewing. The public representatives of the village should be aware of the schemes of the government. For women empowerment the efforts should be done to connect tribal women with the main stream of development.

Ms. Raj Shree Gandhi .India Development Council National Project,Member of Women and Child Development, Keynote Speakersaid that sewing machine is a small machine but it can make a big contribution in economic development in today's society.

Mrs. Bhavna Vyas , Head, Udaipur,Apparel Training & Design Center, Special Guest suggested thatSewing machine is a great source of income as sewing business can be started from home without any investment.

While presiding the seminar, the Assistant DirectorMr. Rajat Verma, Ministry of Handicraft Textiles, Government of India, informed the participants about the Artisan cards and plans of the Government of India, He focused on the skills of the person and how a person can generate his/her income from these skills.

The Hon'ble Vice Chancellor of the University, Prof. America Singh, in his message, enlightened the special qualities and contribution of Maharana Pratap in Mewar and threw a message to the participants that every person has to become self-reliant in order to give true tribute to him. The possibility of economic independence is the highest in the textile industry as it is the second largest industry in the field of employment generation.The vision of a strong society will be realized only when women become self-reliant.

To grace the occasion, the former sarpanch of Badgaon, Smt.Kavita Joshi, the sarpanch of Kailashpuri, the sarpanch of Dhargaon, Bhagwati Devi, the sarpanch of the village panchayat of Narana, Suganakunwar, the Deputy Sarpanch of Debari, Chandan SinghDeora.Dr. Dolly Mogra in her speech said thatCOVID-19 pandemic has brought sewing and craft again in trend as the demand for clothing is never ending and stitching can be pursue from home too.Garment sewing is undergoing a resurgence in participation, with a growing number of women choosing to sew their clothing instead of buying readily available fast fashions. There is a need to organize such conferences and seminars from time to time in rural tribal circles, to educate the villagers about the inventions of sewing machines.

Plantation Program: Maharana Pratap Jayanti Celebration

On the occasion of Maharana Pratap Jayanti, saplings were planted in association with the National Service Scheme (NSS) of Mohanlal Sukhadia University.

Criteria -3 - 3.3.2.b

Programme Title: “National Virtual Seminar Indian Textile Industry: Futuristic Approach Post Pandemic”

Coordinator: Dr. Dolly Mogra

Co-Coordinator: Dr. MamtaKavdia , Dr. Sonu Mehta Ms. Shikha Dashora and Ms. Vasudha Kansara, Ms. Varsha Salvi

About the Seminar: The textile and apparel sector plays a vital role in the Indian economy and is the single-largest source of foreign exchange earnings for India. India's huge domestic market offers the prospect of significant growth opportunities in domestic textiles and apparel consumption, which is expected to result in increased trade and foreign investment, especially in certain product sectors. The seminar is planned to discuss about the India's textile and apparel industry, its structural problems, market access barriers, and measures taken by the GOI to enhance the industry's competitiveness.

During the pandemic, the demand for protective masks and other health textiles increased beyond their supply and the Indian ministry of textiles has issued guidelines and encouraged firms towards the production of these products. However, this shift in demand is not enough to compensate for the havoc the virus has wreaked. There will also be a shift from purchasing needs towards basic commodities. The apparel industry has already lost the summer cycle of sale and given the current situation it is almost certain that the virus will hit the winter collections as well.

The research papers will also be useful in indentifying India's textile and apparel market potential and trade and investment opportunities after Covid-19 pandemic. At this time, it is important that we share our insights and experience with analytical applicable solutions.

The Dept. of Fashion Technology and designing organized a one day National Virtual Seminar on 13th, July, 2021 titled “Indian Textile Industry Futuristic Approach Post Pandemic”.

In the Inaugural session Chief Guest was, Sh. Mahaveer Pratap Sharma, Former Chairman, Carpet Export Promotion Council, Govt. of India. Keynote speaker was Prof. Sudha Dhingra, Professor Textile Design & Director, Center of Excellence for Khadi, New Delhi.

Prof. Dhingra said that by COVID -19 the future need will be focused on self-health-care comfort needed apparels. Due to Pandemic handicraft once again came up. The Inauguration session Presided by Prof. Rakesh Goswami, Regional Director, Indian Institute of Mass Communication, North Regional Campus Jammu. Prof. Goswami said that we should add ‘Bhart Muni Natayashashtra’ to our curriculum. It explains the importance of clothes to live the rich Indian Culture.

The technical session-I ‘Indian Textile and Apparel Sector: An overview of Pre COVID19’ was coordinated by Dr. Simple Jain. She invited special guest, Ms. Rajshree Gandhi, State President – Consumer Right Organization, Rajasthan in the session. She provided the information regarding consumer rights and various consumer awareness labels etc.

As a Keynote address Mr. Tapan Sharma, Deputy Director, Weavers’ Service Centre (WSC), Jaipur, Ministry of Textiles, Govt. of India discussed the handloom policies and importance of handloom and handicraft in today’s scenario. The session was chaired by Professor Garima Bhalla, Head, School of Fashion Technology, Pune. She discussed the importance of e-commerce and marketing scopes of fashion in the present scenario.

The session was co-chaired by Dr. Sulekha Ojha, Senior Assistant Professor, Dept. of Fashion & Textiles, IIS (Deemed to be University) Jaipur. She shared vast knowledge on the present scenario of the textile industry and its future prospects etc. Strength, Weakness, Opportunities and Threats of Indian Textile Industry was discussed by presiding person Dr. Minakshi Jain Associate professor, Textiles and Clothing, Govt. Girls College, Chomu, Jaipur. SWOT analysis of online marketing, she concluded that in present scenario online shopping is coming in vogue, especially due to the lockdown caused by Covid-19. She said that shopping can be done easily at any time through various websites and e-platforms available on the Internet. But it does not have the facility of data security, personal contact and there is also the risk of web spoofing. Due to the increasing use of smartphones, the development of information and technology and the globalization of the market, big brands and companies have entered in the online fashion market and there is a huge potential for the expansion of the online fashion industry in the future. The e-fashion market is threatened by innovation, increased competition and harsh government policies and global slowdown. But the reality is that the growing e-fashion business has changed the landscape of the traditional fashion industry.

Research papers were presented by the participants on various topics related to the theme of the seminar and the session ended thanks by Dr. Dolly Mogra.

The technical session-II ‘Indian Textile and Apparel Sector: An overview of Post COVID-19’ was started with the welcome address of Dr. Dolly Mogra. Special guest Mr. Vimal Vyas Assistant DM, Archana Dyeing Mill Sachin GIDC Surat, (Gujarat) focused on various problems faced by dyeing industry during COVID-19.

Professor Radha Kashyap, Head & Prof., Dept of Fashion & Textiles, IIS (Deemed to be University), Jaipur, Keynote Speaker continued on Surviving the Indian textile industry during COVID-19.

Further Mr. Shalabh Daga, Chartered Accountant, chairperson of the program acquainted the participants with the importance and use of MSME and textile Industry.

Dr. Meenakshi Tiwari Scientist, Textiles and Apparel Designing (H.Sc.), KVK, NAU, was the Co-Chairperson of the Session, she talked about the Self-help group and Entrepreneurship generation program.

The session was presided by Mr. Rajat Verma, Assistant Director (H) & Head, “Office of the Development Commissioner (H) Govt. of India”, Ministry of Textiles. He talked about the importance of Handicraft, Ministry of Textile and the importance of Artisan Cards. The session ended with a vote of thanks by Dr. Sonu Mehta.

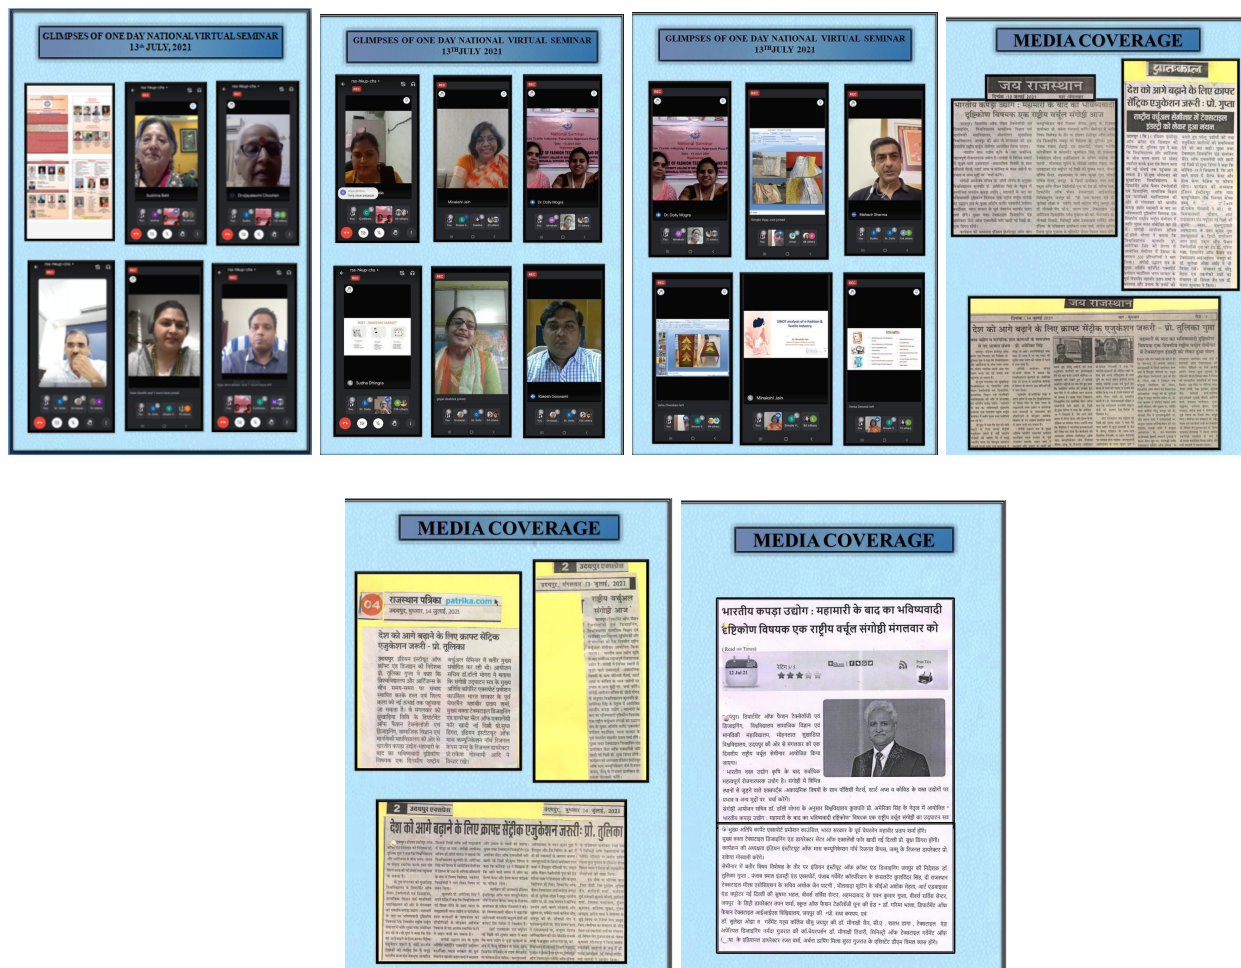

After completion of the II technical session, valedictory session was started with the words of special guest, Mr. Pawan Kumar Gupta, Assistant Director, Head of “Weavers’ Service Centre (WSC)”, Ahmedabad. He enlightened on the innovation in the Handloom sector and new handloom policies.

Dr. Dolly Mogra presented the report of the seminar. The session was presided by Ms. Sushma Bahl, Art Advisor, Writer and Curator, New Delhi. Sushma Bahl from New Delhi said that in today’s pandemic time the focus should be on business management and time management along with value addition in the field of arts related to the textile industry.

About the webinar Prof. America Singh, Hon'ble Vice Chancellor, MLSU, Udaipur reiterates that as per our new education policy the university may work as a chain by joining Handicraft to the technology for economic empowerment to the nation.

Dr. Vijay Laxmi Chouhan, founder incharge of the department told about the rich culture and crafts of the country. India is known in the world for its rich handicrafts. These handicrafts should be added in our curriculum so that students can pursue to make their carrier in this professional field. During Covid-19 importance and respect of handicrafts is increased.

In the webinar 20 research papers were submitted by the participants and around 130 participants joined the webinar.

Criteria -3 - 3.3.2.c -

Programme Title: Workshop on Fashion Illustration and Pattern Making

Coordinator: Dr. Dolly Mogra

Co-Coordinators: Dr. MamtaKavdia , Ms. Varsha Salvi.

Resource persons/ Guests/ Speakers: Mr. Dinker Bharti

Objectives of the Programme:

- To develop illustration skills among the students of Fashion Designing and Technology.

Overview of the Programme:

Department of Fashion Technology and Designing, MLSU, UCSSH organized a five day workshop from 26th July, 2021 to 30th July, 2021 on Fashion illustration and Pattern Making. It was conducted by DinkarBharti. 30 Participants have participated in the workshop. The schedule of the workshop was 10:00 am to 2:00 pm.

First day of the workshop started with the introduction to fashion illustrations and sketching, understanding the anatomy of the human body and the importance of the basic proportion. He taught the students that Fashion Illustration is the art of communicating fashion ideas in a visual form that originates with illustration, drawing and painting and is also known as Fashion sketching. It is mainly used by fashion designers to brainstorm their ideas on paper or computer. Fashion sketching plays a major role in designing to preview and visualize designer's thoughts and make decisions before going to actual clothing to reduce any wastage. It takes hours to create a perfect fashion illustration. Students were also told about the basics of tools and mediums used in fashion illustration and how to draw the fashion figures starting from the basic understanding of the 10 -head proportion, body elements from head to toe, movement and posture to fashion poses with garments.

Second day of the workshop focused on the various techniques to draw mechanical figures and how the mechanical figures can be converted into fashion croquis (different poses) by using flashing techniques.

Third day of the workshop started with the next step of the fashion illustration. The process of preparing complete fashion illustrations followed by colouring techniques in various figures to add 3 dimensions and realistic depth.

Fourth and Fifth day participants learned the pencil techniques, rendering, Shirring, shading and different types of fabric textures (Gold, Silver, sequin, denim, velvet etc.) on different drapes. By the end of the workshop, participants had a good understanding of the various techniques used for sketching fashion Illustrations. Last day participants created one Indian and one western outfit with rendering and tested their skills. At the end Dr. Dolly Mogra told the students that apart from fashion designers, fashion illustrators get commissioned for reproduction in fashion magazines as one part of an editorial feature or for the purpose of advertising and promoting fashion makers, fashion boutiques and department stores. She also told the students that fashion illustration is nothing but the reflection of their imagination. Through the illustration the fashion designers are able to express what they are going to present and what is going to be their actual work.

Criteria -3 - 3.3.2.d

Programme Title: “National Handloom Day Celebration”

Coordinator: Dr. Dolly Mogra

Co-Coordinator: Ms. Shikha Dashora and Ms. Vasudha Kansara

Resource persons:

Objectives of the Programme:

- To acquaint the students from Handloom and its working procedure.
- To know the participants for the importance of Handloom and its product

Overview of the Programme:

Day-1 (06/08/2021)

Celebration of National Handloom day was organized by the Department of Fashion Technology and Designing, UCSSH, MLSU for two days from 06/08/2021 to 07/08/2021.

The first day of the programme started with the inaugural session. In the session, Dr. Dolly Mogra delivered a special lecture about national handloom day and its importance. She insisted that the fashion technocrats should patronize the handloom weavers and their products. This day is commemorated as a resolution to protect our heritage of handloom weaving and to entitle the laborers of this sector with exceptional opportunities as a reaffirmation. She also deliberated on various ways to develop the marketing strategies in front of the Fashion and Designing students' community.

After the inaugural session, the Department of Fashion Technology and Designing conducted an awareness program on handloom for the students. 35 students participated in the awareness program. All the faculty members handled the small sessions about handloom and its economic importance, possible support to the handloom weavers were discussed in the forum. The students got an awareness of the handloom weaver's tireless work and the skill required by seeing a demo of the weaving process on the loom. They also tried the weaving process themselves. All the students were asked to give their small contribution to handloom weavers through the purchase of handlooms and by spreading the word about handlooms splendor and the hard work of handloom weavers to their family and friends. Students were requested to have at least one set of handloom attire in their wardrobe.

As a mark of respect for the celebration, the Department of Fashion Technology and Designing insisted the faculty members of Mohanlal Lal Sukhadia University UCSSH and friends wear handloom sarees on national handloom day. Each Attire or Saree perfectly reflected the essence and culture of different states, paying tribute to the magnificent art and heritage of the country.

Day-2 (07/08/2021)

After learning the process of weaving on a loom students were exposed to different types of weave. Out of these weaves, they were asked to choose one and to prepare small sling bags using weaving techniques with the use of various colors: satin ribbons, laces, and strips of different types of fabric. The creativity and innovation of all the participants were amazing. The colorful sling bags were praised by staff members of the college. The happiness of 'Learning by Doing' was observed. It was an enriching experience for the students too.

Criteria -3 - 3.3.2.e

Programme Title: “Groom Yourself With Trendy Makeup and Dressing Style”

Coordinator: Dr. Dolly Mogra

Co-Coordinator: Ms. Shikha Dashora and Ms. Vasudha Kansara

Resource persons: Mrs. Deepti Khanna

Objectives of the Programme:

- To acquaint the students with different styles of makeup
- To enhance the personality Development

Overview of the Programme:

A workshop on Makeup and hairstyling was organized by the Department of Fashion Technology and Designing, UCSSH MLSU, in collaboration with the Women Chamber of Commerce and Industry, Udaipur. The workshop was conducted by the renowned makeup artist certified from London, Mrs. Deepti Khanna is versatile and an expert in the field and has conducted various workshops across India and abroad. On the occasion – shared her expertise by giving hair and makeup tips to participants. The workshop was organized for students to learn how to apply makeup to enhance their beautiful features and to disguise minor faults in their appearance. The makeup application was focused on suitability as per the environment, occasion, and according to their dressing style. She shared various techniques of makeup and hairstyles through her demonstrations to include -

(a) Fashion makeup

(b) Brazilian makeup

(c) Indian trend basic makeup.

(d) Trendy makeup

She taught the participants the use of the latest technology i.e. high definition makeup and others. 50 participants participated and practiced make-up styles. Dr. Dolly Mogra in her speech also added the importance of makeup and hairstyle along with the clothing in our life. Nowadays attractive and unique hairstyles and makeup have become very trending and necessity as it helps to make a person unique and stylish. Participants were satisfied with the way they got acquainted with the beauty and hairstyle inputs. Dr. Dolly Mogra presented a memento and vote of thanks to Deepti Khanna and other guests for their valuable time and techniques. Chief guest, Mrs. Rajshree Gandhi, State President, Consumer Right Organization said that now circumstances have made women independent and her clothing reflect beliefs and values but the woman should be independent in our thoughts but her dressing should be according to our values and customs.

Criteria -3 - 3.3.2.f

Programme Title: Workshop on Tribal Jewellery Making

Coordinator: Dr. Dolly Mogra

Co-Coordinator: Dr. MamtaKavdia, Ms. Shikha Dashora, and Ms. Vasudha Kansara

Resource persons: Mrs Neetu Bhavasar

DATE: 20-9-2021 to 21-9-2021

Objectives of the Programme:

- To motivate and provide resources to the participants for economic empowerment.
- To increase awareness on the unique and traditional craft form of tribal jewelry.
- Upgrading the design skills of participants.

Overview of the Programme:

A two-day Tribal Jewellery Making Workshop was organized at the Department of Fashion Technology and Designing, Mohanlal Sukhadia University.

Vice Chancellor Prof. America Singh in his message encouraged start-ups like fashionable tribal jewellery to be started under the Textile Zero Waste Management System of the workshop. He also spoke about the Business Incubation Center wherein the college helps the students to start university start-ups.

Organizing coordinator Dr. Dolly Mogra said that the world of fashion is a job creator. Keeping this objective in mind, a workshop was organized on Tribal Jewellery. Through this training programme, the participants were exposed to create innovative and diversified products that would surely boost up the confidence level and encourage participants for taking up entrepreneurial opportunities by creating market driven products

Resource person Neha Bhavasar taught the technical aspects of making tribal jewellery to the participants. The Jewellery Making Workshop explained in detail about the different designs and creativity of making it using colourful threads, fabric pieces and different size of colourful beads. The participants were taught the different styles of tribal jewellery.

Neha Bhavasar explains how we can make beautiful wearable art pieces like anklets, rings, neckpieces and earrings from fabric scraps. Twenty-five students participated in the workshop. The participants exhibited their skills by creating beautiful necklaces and earrings.

Students of Fashion Technology and Designing Under RUSA along with other participants enthusiastically participated in the workshop. Feedback was taken from the participants and assessment was done on their speed, adaptability & the ability to explore. Explorations on designs, color combinations & materials were done. Various new techniques were taught to the participants.

The Department was delighted at the successful completion of the training programme and believed that this would certainly enable the participants to enhance and upgrade their skills and generate sustainable employment.

Neha Bhavasar narrated her entrepreneurship journey by giving her own example. Influenced by the Made in India campaign, she started her start up with the handicraft business of fabric jewellery.

Criteria -3 - 3.3.2.g

Programme Title: “ Special Learning Session – Navratri 2021 “

Coordinator: Dr. Dolly Mogra

Co-Coordinator: Dr. MamtaKavdia, Ms. Shikha Dashora, and Ms. Vasudha Kansara

Resource persons: Perfect Makeover Director Deepti Ganna

DATE: 07-10-2021

Objectives of the Programme:

- Awareness of participants in excellence in dress and make up style inspiring from Navratri deities.
- To acquaint the participants with new makeup techniques.

Overview of the Programme:

During the special sessions on Makeup and Dress Style in Navratri , Perfect Makeover Director Deepti Ganna told the children of Sukhadia University that there is a deep connection between happiness and grooming.

In the special learning session of Navratri , Deepti Ganna gave a get up of fashion technology student Rachini as maa durga as the model .

Prof. Amrika Singh , Vice Chancellor Mohanlal Sukhadia University while conveying the congratulatory message of navratri exhorted the girl students to adopt the virtues of Maa Durga and live with its strength and courage in life .

High Definition Make up Style

Projected HD technology to make the third eye in Maa Durga form , which can give a 3D look. The model was also given general tips on fashion photography by doing a 3D style make up of Maa durga and giving a photoshoot wearing a dress accordingly.

Dr. Dolly Mogra , while talking about the dressing sense said that HD technology make up changes the look of the dress. Such workshops should be regularly organized by the department for the students to learn new technology.

Criteria -3 - 3.3.2.h

Programme Title: “Hand Embroidery Workshop”

Coordinator: Dr. Dolly Mogra

Co-Coordinator: Dr. Mamta Kavdia.

Resource persons: Rekha Purohit

DATE: 19/9/2021 to 29/10/2021

Objectives of the Programme:

- To enhance the embroidery skills of the participants
- To develop the Hand skills for self empowerment

Overview of the Programme:

A training program on hand embroidery was organized by the department of FT&D from 19 September 2021 to 29 September, 2021. The training was attended by 16 participants from nearby areas of university, Kadmal gaanv, Raghunathpura Kacchi Basti. Most of the trainees were from SC, ST and weaker sections of the society. Participants worked three hours per day, and they were associated with established NGO “Kalagram” famous for hand embroidery work. Exhibition organized at the end of the training. Priya Khan, Rekha Purohit, Dr. Dolly Mogra and Dr. Mamta Kavadia were resource persons for this training.

Outcome of Event:

- Created new skills among participants through which they can become self-reliant.
- Inspires participants to set up their own production enterprises in their own/ rural areas.
- Developed aptitude and skills to make them enable them to function better as productive citizens.
- This need-based training provides a great opportunity to under privileged trainees through capacity building, leadership, personality development with core skill of hand embroidery and its applications in various fields.

Criteria -3 - 3.3.2.i

Programme Title: “Hand Embroidery Workshop ”

Coordinator: Dr. Dolly Mogra

Co-Coordinators: Dr. Mamta Kavdia.

Resource persons: Mohammad Zafar, Jakir Khan

DATE: 22-10-2021 to 29-12-2021

Objectives of the Programme:

- To enhance the embroidery skills of the participants
- To develop the Hand skills for self empowerment

Overview of the Programme:

A two-month hand embroidery workshop was organized by the Department of Fashion Technology and Designing, Mohanlal Sukhadia University and Ministry of Textiles, Handicrafts, Government of India. In the inaugural session of the programme, the Honourable Vice Chancellor, Mohanlal Sukhadia University Prof. Amarika Singh interacting with the participants, said that hands have the quality of prosperity. Time management and new creation lead to new startup success. Participate diligently in the workshop with the objective of launching your own brand in the market.

Girish Singhal, Assistant Director, Office Development Commissioner Handicrafts said that the workshop based on learning and earning inspires participants to learn from superior well known craftsmen. Self-employment can be started from several schemes of the Government, in which the field of handicrafts is very wide. Handicrafts exported from India have a very high market value, with opportunities to earn. He explained the rich variety of hand embroidery made with gold and silver wires like Danka work, Gota pati, Zardoji, Aari Tari etc.

Pro. Pradeep Trikha, Associate Dean said that creativity always carries new ideas. With a colorful thread and needle there is always a scope and opportunities of economic development in India's tradition.

Famous craftsmen were honored in the field of handicrafts

Azad Vardia, Priya Khan, Mohammad Zafar and Nishad Bano were conferred the Kala Bhushan Samman for handicrafts at the workshop. Priya Khan of Kalagram was awarded the Kala Bhushan Award for her work in Hast Kashidakari, Mohammad Zafar for the Danka work, Smt Azad Vardia for Bead Work and Nishad Bano for Ari-Tari Work.

Participants get financial assistance while learning

All participants in the training will get an economic grant of Rs.15000. The training will be given to 20 participants. The training duration is for two months. At the beginning of the workshop, Dr. Dolly Mogra, in-charge of fashion technology and designing, welcomed the guests and said that the workshop will include all kinds of embroidery; emphasis will be laid on best production by fusion of a range of ethnic and western wear.

Plan of work for two months workshop

1.	27-10-2021	Danka Work

Feedback

The students keenly participated in the workshop. This workshop was very fruitful for the students as it helped them to create their own designs with innovative style. After the workshop online feedback from all the participants were collected. She also applauded the participants and said that they were very creative and did a very good job by creating articles using the techniques demonstrated by the master craftsmen.

Criteria -3 - 3.3.2.j

Programme Title: Diya Decoration : lighting lives

Coordinator: Dr. Dolly Mogra

Co-Coordinator: Shikha Dashora, Ms. Vasudha Kansara

Resource Person: Rekha Purohit

DATE : 30-10-2021

Objectives of the Programme:

- To develop the creativity towards the Diya Decoration Techniques
- To develop towards cultural belongingness

Overview of the Programme:

Department of Fashion Technology & Designing, MLSU took up efforts to portray our Rajasthani culture through Diya decoration and belongingness among the students.

The event was marked with an activity of diya decoration by the students. The outcome of the activity was in the form of beautiful diyas. The diyas were prepared under the design guidance of the learned faculty of the department. These were later distributed to the people of Kailashpuri Village, marking the theme of Lighting Lives.

Diya Decoration and lighting lives

Criteria -3 - 3.3.2.k

Programme Title: Workshop for Fashion Show -“Pehravo” Tradition to Trend

Coordinator: Dr. Dolly Mogra

Co-Coordinator: Mrs.Samixa Sharma & Mrs.Vasudha Kansara, Dr.Mamta Kavdia

Resource Person : Mrs.Samixa Sharma & Mrs.Vasudha Kansara

DATE: 11-10-2021 to 12-11-2021

Objectives of the Programme:

- To develop the creativity towards the skill of making Designer Wears
- To improve and revive the Tribal Costumes of Rajasthan

Overview of the Programme:

Everything right from the silhouette to the colors and motifs was inspired by the theme ‘Mandana’. The students worked day and night for about a month to get the garments ready.

All aspects of creating a garment, from cutting to stitching to printing to embellishing were done by the students themselves under the supervision of the very experienced faculty of Fashion department. Total 50 dresses were prepared and 40 out of them were showcased in the Fashion Show. During the workshop renowned tailors Firoj from “Ehsaas”boutique , and Jakir Khan from “Rani Boutique” gave guidance and helped in cutting and designing.

Workshop for Fashion Show -“Pehravo” Tradition to Trend

Criteria -3 - 3.3.2.1

Programme Title: Workshop on Rangoli Making :Colour the Culture

Coordinator: Dr. Dolly Mogra

Co-Coordinator: Shikha Dashora, Vasudha Kansara

Resource Person : Mrs.Samixa Sharma

DATE : 14 12-2021

VENUE : Department of FT&D, MLSU Udaipur

NO. of Participants:10

Objectives of the Programme:

- To develop the creativity skill of Rangoli.
- To develop values towards cultural belongingness.

Overview of the Programme:

The event was marked with an activity of Rangoli making. The main design thought behind the event was to portray the richness of Indian Culture and its impactfulness in the form of age old Rangoli made with colourful dyes and Mandanas made with Geru depicting the beautiful motifs

These motifs are majorly geometric and floral patterns depicting the roots/basis of Indian life and culture.10 students actively participated in the workshop.

Programme Title: Workshop on “Know your Industrial Sewing Machine”

Coordinator: Dr. Dolly Mogra

Co-Coordinator: Samixa Sharma, Shikha Dashora

Resource Person: Rajeev Sadhwani

DATE: 20-12-2021 to 21-12-2021

VENUE: MLSU College Campus

NO. Of Participants: 500

Objectives of the Programme:

- To impart the knowledge of Industrial Sewing machines.
- To give knowledge about the latest technologies of the sewing machines.
- To acquaint professional knowledge among teachers and students.

Overview of the Programme

The department of Fashion Technology and designing & organized a 3 day workshop for the staff and students, inviting Resource Person, Mr. Rajeev Sadhwani to impart most updated knowledge regarding new and improvised machines set up in the sewing dept.

The main objectives of the workshop were to develop the skills of maintaining and operating different types of Sewing Machine, its parts, their functions and the various related terminologies.

The students were given information regarding the most updated, improvised forms of mechanism available in the industry currently to enable the students to keep their knowledge background in pace with the current ongoing trends.

Workshops and Practical exposures truly are a means of great learning and provide hands-on experience of the craft.

Criteria -3 - 3.3.2.n

Programme Title: Azaadi ka Amrit Mahotsav :Workshop on Kite Making

Coordinator: Dr. Dolly Mogra

Co-Coordinator: , , Shikha Dashora, Reena

Resource Person: Mrs. Samixa Sharma

DATE: 4-1-2022 To 7-1-2022

VENUE: Department of FT&D, Nehru Hostel Premises

NO. Of Participants: 10

Objectives of the Programme:

- To impart the Skills of Making Kites.
- To develop the entrepreneurial skill among the students.

Overview of the Programme The scenes of the combined celebrations of Makar Sankranti and ongoing celebration of Republic Day and Azaadika Amrit Mahotsav, portrayed the way, the department of fashion technology and designing, MohanLal Sukhadia University has taken the sky mode for its future journey.

Handmade and hand painted in the trio-colour of our national flag, the kites flying in the sky from the grounds of the University brought in the feeling of not just mere patriotism but in came the feeling of self reliance and skill development.

The students also showcased their Rangoli making talent by making beautiful and inspiring theme based rangoli on the grounds of the university play ground.

The students were engrossed in a week-long workshop for the preparation of the beautiful kites that they made with each kite having a unique design touch in terms of patterns and embellishments.

10 students Participated in the workshop. The enthusiasm of making their own kites was very interesting .Workshop continued for two days .Each student made 20 kites on an average. Students made newspaper kites, once they had mastered this skill they went on to plastic and fine paper kites. Each student then was free to embellish and decorate their kite however they liked on the flag color theme. By the end of the workshop we had made over 200 kites in various different sizes, shapes and materials. We decided to fly the kites on the 26th of January (Republic day) to celebrate Azadi ka Amrit Mahotsav .

The event was marked by the graceful presence of Vice Chancellor, Prof. Amarica Singh and he congratulated the head incharge, Dr. Dolly Mogra for her vision and efforts in directing the student's learning and energies towards the right path.

Ongoing co-curricular events and activities keep the morale of the students as well as the department high thus ensuring that in life, in future, we can proudly call it ***Flying High.***

Criteria -3 - 3.3.2.o

Programme Title: Workshop on Illustration and Rendering

Coordinator: Dr. Dolly Mogra

Co-Coordinators: , , Shikha Dashora, Reena

Resource Person: Mr.Mukesh Kumar Auditchya ,Associate professor,Venkteshwar Institute of Fashion Technology

Date: 17-1-2022 to 19-1-2022

Venue: Department of FT&D, Nehru Hostel Premises

NO. Of Participants: 30

Objectives of the Programme:

- To develop illustration skills among the student of Fashion Designing and Technology

Overview of the Programme

Learning is not attained by chance; it must be sought for with ardor and attended to with diligence. The effort of organizing a workshop and the due participation proves the aspect of learning amongst the department. Another bright picture of the Department's progressive working was inked during the 3 day Illustration workshop organized for the students.

Illustration is a picture or a drawing or the act of creating the drawing.

The activity of the art of illustrating forms the basis of design and fashion portrayals.

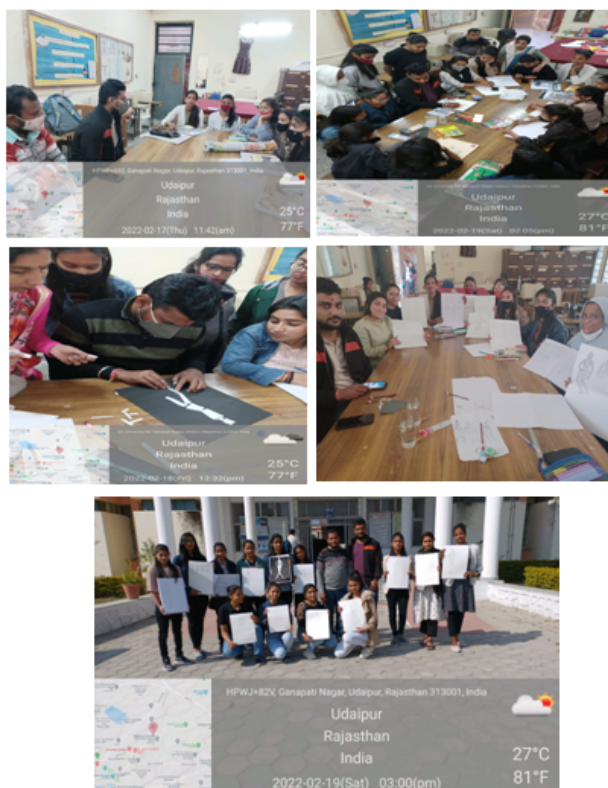

The art of illustrating is an experienced and improvised form of learning which needs to be nurtured and polished from time to time, keeping face with latest supportive software technologies as well.

A team of 30 Designing and Fashion students indulged in the workshop organized in the college premises.

The master trainer and the very experienced professor, Mukesh Kumar Auditchya walked the students through the minor and major details of Illustration. During a 3 day long workshop, he taught the students the very minute key details involved in the art of illustrating. Learning is experience, everything else is just information. And nothing better than learning from the experienced.

The efforts of the department head, Dr. Dolly Mogra and the faculty members finally got illustrated.

Workshop on Illustration and Rendering

Criteria -3 - 3.3.2.p

Programme Title: “ Seekho Kamao ”Skill Development Training Workshop

Coordinator: Dr. Anita Kavdia

Co-Coordinator: Dr. Manju Sharma

Resource persons: Dr. Mamta Kavdia.

DATE: 3-3-2022 to 8-3-2022

Venue: Meera Girls College, Udaipur

NO. Of Participants: 30

Objectives of the Programme:

- To impart Skill Development training to the participants
- To envision the students towards the path of entrepreneurship and consecutively towards Economic Independence.

Overview of the Programme:

A 5 days Skill Development centric workshop was organized at Meera Girls College under the efforts of Professor Dr. Shashi Sanchihar. The Workshop marked its success with the honored presence and guidance of esteemed guest, Professor Dr. Dolly Mogra, Head Incharge, Dept. Of Fashion Technology & Designing.

The core focus of the workshop was to create employment opportunities for the women after imparting them appropriate training and enhancing their skill base.

On the eve of the closing ceremony of this ongoing 5 days workshop, Dr. Dolly Mogra, the guest of honor, enlightened the students and the ladies who enrolled for this program, about the importance of Skill Development, the concept of Learn & Earn and the key basis of gaining Economic Independence via startup and entrepreneurial perseverance

The workshop aimed at providing training for stencil painting, Tribal Jewelry, Dupatta Draping, Tanka & Bead work, Tie & Dye, Recycling of old clothes etc.

The students received the valuable skills from the expert, Dr. Mamta Kavadia during this 5 day workshop of Skill Development.

The program was presided over by the motivating words of Dr. Anita Kavadia, Mahila Prakoshth Prabhari, where she welcomed and encouraged participation by emphasizing on the goals of the workshop.

The program conduct was duly done by Dr. Anju Beniwal and the thanking note presented by Dr. Manju Tripathi.

All members of Mahila Prakoshth(Women Cell/wing) namely Dr. Kirti Mathur, Dr. Manisha Chobeesa, Dr. Anju Beniwal, Ms. Manju Khatri, Dr. Anupama Godara were present for the closing ceremony of the workshop.

The students participated with full zeal and vigor and made most out of this Skill Development Workshop.

Criteria -3 - 3.3.2.q

**INTERNATIONAL VIRTUAL CONFERENCE
ON
RECENT APPLICATIONS OF MATHEMATICAL
SCIENCES**

**Department of Mathematics & Statistics
University College of Science
Mohanlal Sukhadia University, Udaipur
REPORT OF THE CONFERENCE**

An International Virtual Conference on "Recent Applications of Mathematical Sciences" was organized by the Department of Mathematics & Statistics, University College of Science, Mohanlal Sukhadia University, Udaipur on 15-16 July, 2021.

The conference was chaired by Prof. A. Amarika Singh Patron & Vice Chancellor, Mohanlal Sukhadia University, Udaipur, Rajasthan. The Co-Patron of conference was Prof. G. S. Rathore, Dean, University college of Science, MLSU, Udaipur and convener of the conference was Prof. Atul Tyagi, Department of Mathematics & Statistics, MLSU. Dr. Anita Mehta and Dr. Kirti Khurdiya, Department of Mathematics & Statistics, MLSU were the Organizing Secretaries of the webinar.

The Inaugural address was given by Prof. Amarika Singh. In his converse he focused on the reliable and accurate data which results in the progress of the nation and gave suggestion to the research scholars to have accuracy of the data collected during their research. The Keynote speaker of the Conference was Prof. A. Beesham, University of Zululand, South Africa. Prof. A. Beesham talks about the life and achievements of the Nobel laureate, Sir Roger Penrose.

The eminent speakers for the first day of the Conference were Prof. H. S. Dhami, Former Vice Chancellor, Kumaun University, Nainital & Dr. Gabriel Kantun- Montiel, Dept. of Mathematics, Pubela, Mexico. Prof. H. S. Dhami explore about Emerging areas in Mathematics. Dr. Gabriel Kantun- Montiel talked about generalized inverses of bounded linear operators. There were two technical sessions after the invited talk in which 24 participants presented their paper.

The eminent speakers for the second day of the Conference were Prof. A. Hasmani Dept. of Mathematics Sardar Patel University, Vallbh Vidya Nagar, Aanand & Prof. Rakesh Srivastava (Statistics), Head, Dept. of Computer Applications, The M.S. University of Baroda. Prof. A. Hasmani articulated the students, research scholars about the theory of relativity. Prof. Rakesh Srivastava focused on quality of data and said that health and education both fields are very challenging for the Administrative Ministries in this time so carefully use the data. There were two technical sessions in which 45 participants presented their paper.

About 125 and above students, research scholar, faculty members and scientists from all parts of the country participated in the two-day virtual conference. The conference provided an excellent platform for research scholars and faculty members. A wonderful feedback was obtained and E-certificates have been issued to the participants.

ABSTRACT SUBMISSION DETAIL

Abstract should be submitted in the form of oral presentation. Word limit is 250 words and font is in Times New Roman (Font size-12)

Abstract should include the following sections: Title, Authors name, Affiliations, Corresponding author email Id, Abstract and Key words (Maximum eight). The Corresponding Author will be marked with asterisk (*).

Last date of Registration is 10th July 2021.

Last date of submission of abstract is 10th July 2021.

Abstract and full length paper (.doc/.docx file) must be send on the following email id:
ivemaths.stats@gmail.com

REGISTRATION FEE

Rs. 300/- for faculties

Rs. 200/- for research scholars and students

REPORT OF THE WEBINAR

An International webinar on “An Introduction to Statistical Meta-Analysis with an Application” was organized by the Department of Mathematics & Statistics, University College of Science, Mohanlal Sukhadia University, Udaipur on 13th May 2022.

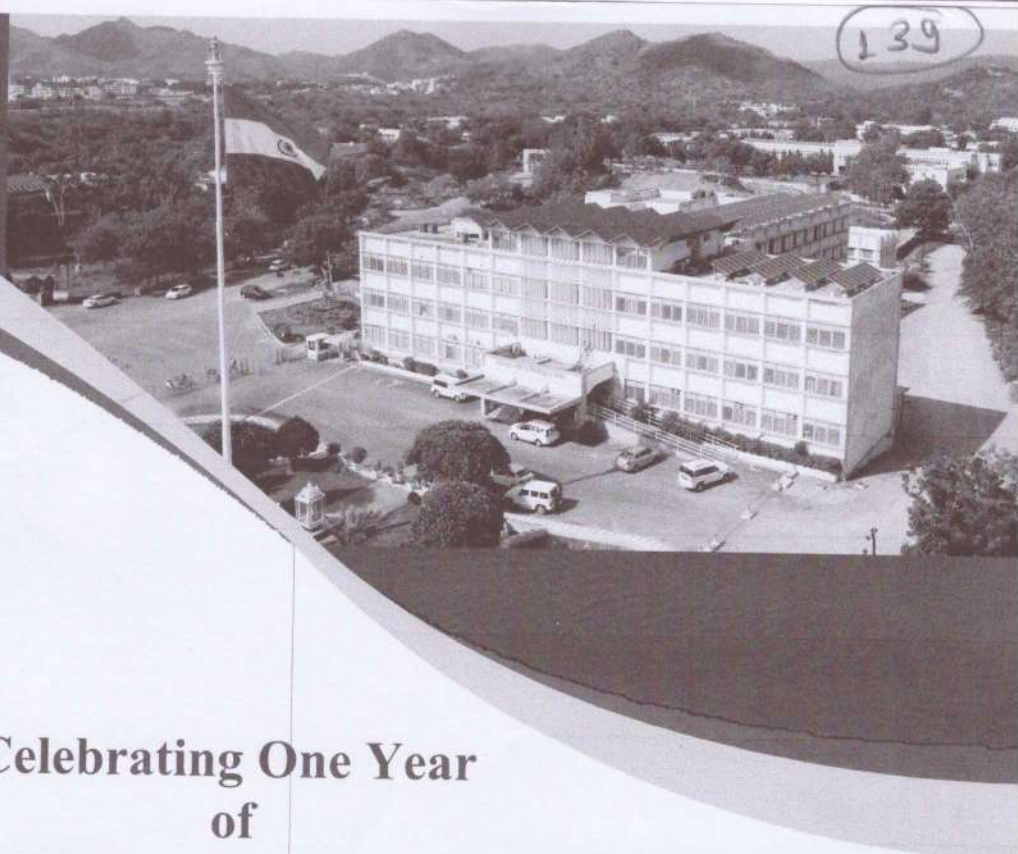

The patron of the webinar was Prof. Amarika Singh, the Hon’ble Vice Chancellor of Mohanlal Sukhadia University, Udaipur, Rajasthan. The Co-Patron of the webinar was Prof. N. Lakshmi, Dean, University college of Science, MLSU, Udaipur and convener of the conference was Prof. Atul Tyagi, Department of Mathematics & Statistics, MLSU. Dr. Anita Mehta and Dr. Pradeep K. Vishwakarma, Department of Mathematics & Statistics, MLSU were the Organizing Secretaries of the webinar.

The eminent speaker of the webinar was Prof. Bimal Sinha Presidential Research Professor of Department of Mathematics & Statistics, University of Maryland, Baltimore County (UMBC), USA.

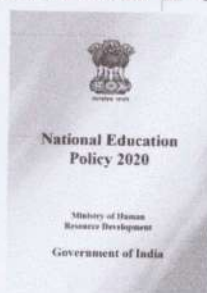

Prof. Sinha focused on Meta Analysis and its wide application in today’s era by giving the example of recent research in the field of medical science. The webinar was attended by approximately 50 students, research scholar and faculty members.

Report of the Conference

One Day National Webinar on “Use of Technology in Education” was organized on the occasion of Celebration of One Year Completion of National Education Policy (NEP)-2020 by Department of Mathematics & Statistics, University College of Science, Mohanlal Sukhadia University, Udaipur. The Webinar was held on August 10, 2021.

The Conference was chaired by Prof. Amarika Singh, Patron & Vice-Chancellor, Mohanlal Sukhadia University, Udaipur, Rajasthan. The Co-Patron of webinar was Prof. G. S. Rathore, Dean & Faculty Chairman, Faculty of Science & Head, Department of Mathematics & Statistics, MLSU, Udaipur and the Convener of webinar was Prof. Atul Tyagi, Department of Mathematics & Statistics, MLSU. The webinar was functioning via two organizing secretaries Dr. Pradeep Kumar Vishwakarma & Mr. Bharat Kumar Yadav, Assistant professors, Department of Mathematics & Statistics, MLSU.

The webinar had two eminent resource persons that is Dr. Rejaul Karim Barbhuiya, Assistant Professor, Ph. D., Central Institute of Educational Technology (CIET), NCERT, New Delhi along with Dr. Sanjeev Sharma, Consultant in IT, PPP and NABH, Department of Computer Science, Barkatullah University, Bhopal, Madhya Pradesh. The experts have talked about the important consequences and need of National Education Policy, which was implemented in the year 2020. They have nicely delivered their information and shared their experiences about NEP.

About 55 participants, research scholars, faculty members from all parts of the country participated in one day webinar. Lastly, a warm vote of thanks was given by organizing secretaries to the speakers and organizers. A wonderful feedback was obtained from participants.

Thank you.

Brief Report of National Seminar
On
Digital Technologies in Libraries for Next Generation

The National Seminar on “**Digital Technologies in Libraries for Next Generation**” sponsored by Raja Rammohun Roy Library Foundation, Ministry of Culture, Government of India under Aazadi Ka Amrit Mahotsv held on July 22-23, 2022 was inaugurated by Prof. C.R. Suthar, Dean, University College of Social Science and Humanities, Mohanlal Sukhadia University, Udaipur. In his address speech Prof. C.R. Suthar highlighted the significant role of Digital Technologies, Libraries and Information Centres. Prof. Pradeep Trikha, Associate, Dean, suggested participants to widen their research and educational activities by focusing and utilizing the available emerging technologies and various on-line tools for quality academic development. Prof Arti Prasad, Professor In-charge Central Library, MLSU, Prof. S.K. Kataria, Chairman, Faculty of Social Sciences and Prof. Jagtar Singh, were also addressed the gathering.

The seminar comprised various technical sessions. Each session dealt with invited lecture also. The lectures were delivered on following topics:

- Digital Technologies/Digital projects and digitization process
- Open Access Movement and Semantic web technologies
- E-Learning and Knowledge portals
- Open Source Software and e-resources
- IR and Digital Rights Management
- Re-engineering libraries services and resources
- Open educational resources

The participants were acquired with the fact that the last decade has witnessed a remarkable hike in the number and complexity of emerging technologies, e-resources in library and a shift from print to digital materials as well. And because of the proliferation of digital emerging technological tools, electronic

Pape
1. 1
resources and user preferences for the electronic format, these are becoming essential mainstays of any library. Looking to New Education Policy, Libraries and Information centres are moving, focusing and revamping their services for digital society. Digital and Electronic resources such as journals, books, indexes, abstracts, encyclopedias, reference books, aggregator databases, and full-text or partially full-text databases are changeable and so the strategies to manage them effectively were also discussed. The seminar was intended to unearth the search and discovery of e-resources, digital technologies; it imparted experience of exploring issues, challenges, outcomes of Digital Technologies in future.

Objectives of the Seminar

The objectives of the seminar are:

- To expose the interrelationship between Digital technologies, libraries and modern society.
- To create a common understanding about smart technologies and its services for society.
- To develop innovative strategies for conservation and preservation of digital resources.
- To expand the technology enabled services in libraries and information centers.
- To improvise relationships between library professionals and social community.
- To re-engineering the library facilities and resources for academic development.

PROGRAMME SCHEDULE

Venue: Golden Jubilee Guest House, MLSU, Udaipur

Day 1: Friday, July 22, 2022

Invited talk: 1. Prof. Jagtar Singh on Digital Technologies for Libraries.

2. Dr. U.K. Agrawal on Open Educational Tools in Digital Era

Policy, Libraries
are becoming
essential for

Paper Presentation

1. Bibliometric Report of Post Graduate Institute of Medical Sciences, Rohtak (PGIMSR): 2017-2021 by Dr. Seema Parmar
2. Research Productivity of Library and Information Science Research (LISR) during 2007-2016: A Scientometric Analysis by Dr. Dinesh Kumari
3. Collection Development in Changing Environment: A Comparative Study of Kumaun University and Soban Singh Jeena University Libraries in Uttarakhand by Prof. Mahender Pratap Singh and Isha Arya
4. Information-Seeking Patterns of Users in Changing Environment: A Case Study of Central Library, University of Rajasthan, Jaipur by Prof. Mahender Pratap Singh and Komal Kirad
5. OER and Repositories By Dr. Shiva Shrivastava (Not Presented)

Invited talk: 1. Prof. Arvind Sharma on Re-engineering libraries services and resources.

2. Dr. Ashish Sharma on E-Learning and Knowledge portals

Paper Presentation

1. Tinospora cordifolia (Medicinal Plant) Research: A Scientometric Assessment of Global Publications Output during 2011-2021 by Satish Kumar
2. A Comparative Study of IT Enabled Library System Over Traditional Manual System: By Dr. Bindu Lodha and Dr. Ali Yawar Reha
3. Open Educational Resources: By Dr. Suman Singh
4. SOUL 3.0 Software: Library Software for the Digital Era: By Jorawar Singh, Devendra Singh Chouhan and Devendra Kunwar Ranawat (Not Presented)
5. Use Of Social Media In Libraries: By Sandhya Rani
6. Increase In Use of Audio-Visuals Open Educational Resources in Present Era by Mr. Viplove Patar

Day 2 - Saturday, Feb 22, 2022

- Invited talk:**
- 1) The Current State of Open Source Software and Hardware
Dr. Christopher
 - 2) The Current State of Open Source Education and Research
with implications for open educational technologies

Paper Presentation

- 1) Students' Perceptions towards Online Learning Dr. Nagesh, Vijayalakshmi
- 2) Academic Performance for the 10th grade Integrated Physics Dr. Rajesh Kumar and S. S. Singh
- 3) Indian Culture portal: A new study on available Resources in Tamil
[Paper]
- 4) Assessment of Learning of Science and Information Science
Prerequisites Dr. P. K. Singh, Rajesh
- 5) Study on the Management of Academic Library by Students' Review
and S. S. Singh
- 6) The Role of Technology in Education and Learning: A Case Study of 10th
Grade Students of a School in the District of Patna, Bihar
- 7) The Role of Technology in Education and Learning: A Case Study of 10th
Grade Students of a School in the District of Patna, Bihar
- 8) The Role of Technology in Education and Learning: A Case Study of 10th
Grade Students of a School in the District of Patna, Bihar

Dr. Nagesh

3. Importance of Reference Accuracy in Research By Dr. Raja Ram Bhat
4. Abhilekh Patal Portal : A Case Study By: Ms. Aditi Nigam
5. Application of Information and Communication Technology in College Libraries of Patna University: An analytical Study By Shailesh Ranjan (Not Presented)
6. Open Source Software and E-Resources By: Nikhila Prachand
7. Scientometrics: An Overview, By: Mr. Akhilendra Suryawanshi
8. Resource Sharing and Services of Jawaharlal Nehru Krishi Vishwavidyalaya Central Library Jabalpur By Mrs. Vibha Dubey

List of Resource Persons

S.N.	Name of Resource Person	Designation and Institute Details
1	Prof. Jagtar Singh	DLISc, Panjabi University Patiala, Patiala, Punjab.
2	Prof. Arvind Sharma	Head, Department of Library and Information Science, MLB College, Gwalior (M.P.)
3	Dr. Ashish Sharma	Asstt. Librarian, Govt. P.G. College Tikamgarh, M.P.
4	Dr. Sanjeev Saraf	Dy. Librarian, BHU, Varanasi
5	Dr. Santosh Gupta	Asstt. Prof. DLISc, University of Rajasthan , Jaipur
6	Dr. R.K. Dangi	Dy. Librarian, BHU, Varanasi
7	Dr. L.N. Verma	Rtd. Prof. UCSSH
8	Dr. U.K. Agrawal	Rtd. Dy. Librarian, UCSSH
9	Dr. Bindu Lodha	Associate Professor, Pacific University, PAHER
10	Dr. Shweta Boriwal	DAVV, Indore, M.P.

Findings/Recommendations:

Following are the suggestions that were observed/raised by the participants:

1. The participants accentuated for more sessions on emerging technologies and NEP.

2. It has been observed during interactions with the participants there is lack of awareness about the NEP, research ethics and E-Learning tools as well. Therefore it is strongly recommended that the department conducts such programmes frequently for fulfilling the information needs of the scholars and facilitating research.
3. All the participants have demanded to organize a training program on E-Content, MOOCs, SPSS and e-resources in future.
4. A training programme on how to modernized libraries and boost searching skills has been strongly demanded by the participants. Therefore, a user-orientation programme is recommended for the same.

Report

National Seminar on “Revamping of Libraries under NEP with Emerging Technologies”

March 25-26, 2022

The National Seminar on “Revamping of Libraries under NEP with Emerging Technologies” sponsored by ICSSR, New Delhi held on March 25-26, 2022 was inaugurated by Hon’ble Vice Chancellor Prof. Amarika Singh. The two days National Seminar emphasized on the social scientists and library professionals not only to see themselves as active contenders in a race for relevance, NEP and emerging technologies but also to possess strong technical skills that can advance their organization in fulfilling its high academic mission. It insisted on their capacity to build partnership with faculty members to enhance the strength of teaching and research. The seminar highlighted that library professionals with different academic constituencies including leaders of various disciplines should identify ways in which modern digital libraries can most effectively support learning and research.

The seminar proposed the strategies to implement NEP in higher education institutions and create digital infrastructure also. As emerging technologies raise institution’s research profile and digital libraries facilitate researchers build more effective procedures and approach across the institutions, libraries in collaboration with management can take the initiative for creating the same.

Existing ICT based libraries can manage research outputs at national and international scales. They can make the existing processes for research

assessment within their organization more efficient. One of the significant thought that was flashed during the seminar was that library professionals should make it a point that library's high quality, nature, and extent of its collections, conduct of its staff and services provided should attract the top researchers and retain them which as a whole will contribute to institution's reputation at global level. By implementation of NEP the collective efforts of the management and Libraries can act as a bridge between the research scholars and the associations that provide research grants or other research related stipends.

The theme of the seminar is also incorporates sub themes Digital projects and digitization process, E-Learning and Knowledge portals, Plagiarism and Knowledge management, National Education Policy and libraries, Open Access Movement and Semantic web technologies, Open Source Software and e-resources, IR and Digital Right Management. As libraries are authorized centers of information that preserve and provide long term and systematic wide variety of resources; and shape human development and progress, they assume special significance in modern society.

Today science and education have a deep impact on society. The progress of this modern society depends on the teaching methods adopted by the knowledge institutions. That is why it is also necessary to modify and update the teaching methods from time to time. New Education Policy is a step in this direction. As libraries are the institutions of education and centers of dissemination of information, they lead to the development of people in a society, their interests, resourcefulness and abilities and shape a modern

society. Thus professionals need to accept new responsibilities to meet the ever-changing needs and demands of the society.

New Education Policy recommends a change in the infrastructure and functioning procedures of libraries. It suggests installing modern technology based machines so that the young generation gets more aware of every aspect of knowledge acquisition. This may activate the creativity and originality of the users.

Libraries are especially more significant now because modern human society is experiencing faster changes as a result of the rapid development and spread of information technology in all walks of life. Nevertheless, Modern libraries have demonstrated their potential in social and economic matters, in formal education, research and development, in adult education, in cultural development and for the betterment of life as a whole.

This seminar focused on various aspects of implementing latest emerging technologies in libraries and New Education Policy were discussed which will encourage educational institutions to make necessary changes as it is the need of the hour. It specifies NEP's strategies for reengineering library services. Additionally it also touched the aspects such as plagiarism, open access, traditional knowledge management, digitization, research ethics, copyright issues and semantic web technologies.

Presenters and Titles

1. Dr. Atul Bhat: National Education Policy and Digitization of Libraries
2. Dr. Santosh Kumar Gupta: Digitization of Knowledge for Future towards NEP 2020

कार्यशाला के बारे में :

आज का दौर एक ऐसा है जो विश्व में जनजातीय क्षेत्रों के विद्यार्थियों में जागरूकता नहीं होती है एवं उन्हें किसी और के अनुसरण करना पड़ता है। यहां डिजिटल उपकरण जैसे कंप्यूटर, मोबाइल, इन्टरनेट, एंड्रॉइड, पत्र टाइप एवं एडिटिंग करना, ईमेल बनाना, वीडियो बनाना, इत्यादि शामिल है। इस कार्यशाला में छात्रों को इन सभी उपकरणों के उपयोग के बारे में जानकारी दी जाएगी और उनके द्वारा इन कार्यों के लिए आवश्यक कौशल विकसित किए जाएंगे।

प्रबंधन अध्ययन संकाय के बारे में

संकाय अपनी स्थापना (वर्ष 1982) से ही विद्यार्थियों में रचनात्मक एवं व्यवसाय उन्मुखी सोच विकसित करने के अवसर प्रदान करता है। यहां विभिन्न कैम्पस नेट तथा गतिविधियों के माध्यम से विद्यार्थियों में जीवनमूल्यों की प्रबंधकीय सोच अंतर्निहित की जाती है जो उनमें नेतृत्व, निर्बंधन एवं समस्या समाधान का कौशल विकसित करती है। इसके अतिरिक्त यहाँ उनमें उद्यमिता की ओर आकर्षण एवं शुकाह पर भी बल दिया जाता है।

विश्वविद्यालय के विभिन्न पाठ्यक्रमों में प्रवेश की जानकारी हेतु लगातार विजिट करते रहे:

<http://www.mlsu.ac.in>

कार्यशाला के बारे में :

प्रायः यह देखा गया है की विभिन्न जनजातीय क्षेत्रों के विद्यार्थियों में डिजिटल उपकरणों के दैनिक उपयोग में आने वाले कंजेशन को लेकर जानकारी नहीं होती है एवं उन्हें किसी और के बरोते रहना पड़ता है। विशेष तौर पर यह कार्यशाला उनके दैनिक जीवन में काम आने वाले डिजिटल उपकरण जैसे कंप्यूटर, मोबाइल, ऑनलाइन एप्लीकेशन इत्यादि के उपयोग पर आधारित है। जिसमें प्रमुखतया बड़े में पत्र टाइप एवं एडिटिंग करना, ईमेल बनाना, ऑनलाइन आवेदन भ्रमण, विभिन्न सरकारी सुविधाओं के लिए ऑनलाइन आवेदन करना इत्यादि शामिल है। इस कार्यशाला में शामिल होकर प्रतिभागी डिजिटल एप्लीकेशन के उपरोक्त कार्यों के लिए आत्मनिर्भर हो पाएंगे एवं उनके द्वारा इन कार्यों के लिए व्यय की जाने वाली राशि की बचत होगी।

अध्ययन विषयवस्तु -

डिजिटल मीडिया और डिजिटल प्लेटफॉर्म क्या हैं?

- उपकरणों का परिचय और उपयोग (विडोज और एंड्रॉइड)
- मोबाइल संचालन और अपडेटिंग
- ई-मेल खाता निर्माण, सेटअप और उपयोग
- मूलतः एप्लीकेशन के उपयोग (फोन, डाइव, फोटो, अनुवाद, मानचित्र, स्मैट स्टोर, यूट्यूब आदि)
- मोबाइल पर वेब एप्लीकेशन
- फॉर्म भरना और डेटा भरना
- मोबाइल मीडिया और उसके वेब एप्लीकेशन का परिचय
- ई-वेबसाइट का परिचय (मूलतः वेबसाइट)
- डिजिटल दुनिया में और उनकी लोकेशन के तरीके

Skill, Entrepreneurship & Employability Challenges and Opportunities with special reference to NEP 2020

3rd August 2021

Time: 11:00-11:15 12:00 PM

Making History Repeats itself- Rajasthan on bets on Skill Development and Entrepreneurship to eradicate unemployment. Unemployment and under paid is the normal scenario for the educated youths in the recent times. Whereas Rajasthan / India is land of Opportunities.

Let's take the Plunge to encash Opportunities and to grab on the opportunities for better living.

On the completion of one year of National Education Policy, NEP & AECED is organizing a seminar on their Education Policy which will focus on skill development & entrepreneurship. This is how this strategy focuses on skill development and entrepreneurship. Skill development is given prime importance.

ABOUT EDC

Entrepreneurship in India is yet to reveal its hidden potential. It will not only help India to compete with the world leaders but also unlock the quality of brains that we are proud of. With this idea the Entrepreneurship Development Cell is functioning under the aegis of Faculty of Management Studies, Mohanlal Sukhlal University, Udahar. This centre is dedicated and works for environment in India, especially in Rajasthan by creating an easily accessible and rechargeable up or resources for the entrepreneurs including students, budding professionals, venture, Angel investors and women entrepreneurs through various fun-filled and educating sessions such as business plan, competitions, guest lectures, workshops, capacity building, pitch sessions, start up showcases, competitions, e Talks and so on and so forth.

**International Virtual Conference in Geosciences with focus on Climate Change
Perspectives (ICGCC 2021)**

CONFERENCE REPORT

The Department of Geology organized International Virtual Conference in Geosciences with focus on Climate Change Perspectives (ICGCC 2021) on 10th July 2021.

Mr. Akhil Kumar Dwivedi, Assistant Professor, Dept. of Geology, MLSU was the Convener, Dr Maya Choudhary was Organizing Secretary, Dr Ankush Shrivastava, Dr Anjali Singh and Mr Rajnikant Patiodar was Co-organizing Secretary and Dr. Ritesh Purohit, Associate Professor, Dept. of Geology, MLSU, was the Chairman of the Conference. The members of organizing committee were Dr. Harish Kapasya, Ms Neha Rarh, Mr Subhash Chandra Janagal and Mr. Niranjana Mohanty.

The keynote speakers were Prof Nageshwar Dubey, Department of Geology, College of Applied Science, Addis Ababa Science and Technology University, Kilinto, Addis Ababa, Ethiopia, Prof Prosun Bhattacharya, KTH Royal Institute of Technology, Department of Sustainable Development, Environmental Science and Engineering, Stockholm, Sweden and Prof S M Hussain, Department of Geology, School of Earth and Atmospheric Sciences, University of Madras, Chennai, India.

The Convener told that 53 abstracts were received and published in the abstract volume and research papers were presented. The research articles have been received from various parts of country including few from abroad. A total of 527 participants joined the seminar through various platforms including Google meet and YouTube. The Key note speakers introduced various cutting edge research being carried out in the world which is very relevant to the theme of the conference.

The papers presented in the conference were from wide spread areas of geosciences and relevant to the theme of the event. The conference ended with a pledge to conserve environment and natural resources.

International Virtual Conference on Ground Water (ICGW-2021)

28th October, 2021

Report

A one-day international Conference titled International Virtual Conference on Ground Water (ICGW-2021) was organized at the Department of Earth Sciences, Mohanlal Sukhadia University on Thursday. The conference was inaugurated by Dr. Anjali Singh, Convener, ICGW Keynote Speaker Prof. Avner Vengosh, Duke University, North Carolina, USA, Professor Alexander Van Geen, Columbia University, Dr. Radhika Iyenger, Columbia University and Dr. Sudhir Kumar, Scientist G, Welcome to National Institute of Hydrology, Roorkee.

Professor Avner Vengosh threw light on the geogenic contamination of ground water sources. Professor Alexander Van Geen and Dr Radhika Iyenger discuss groundwater testing for fluoride by local students in Madhya Pradesh, India. In the first session, 20 participants presented their research papers on various aspects of groundwater.

In the second session of the conference, Dr. Sudhir Kumar, Scientist G, NIH Roorkee threw light on groundwater management through numerical modeling. Dr. Sudhir Kumar presided over the session. In the second session, 20 research papers were presented.

120 participants from different parts of India participated in the conference and a total of 40 research papers were presented.

At the end of the program, Dr. Aseem Choudhary, Director, Replenish Institute, two research papers by non-government organization. Geo-Nanocomposites for Treatment of Chromite Ore Processing Residue Contaminated Groundwater of Mine-Chandpur Region, UP, India, Mr. Nitin Khandelwal, Isar Kolkata, 2. Best research paper in high resolution morphology study of Khapri watershed, Dang district, Gujarat, Western India Remote sensing and GIS applications jointly awarded to Sri Chinmoy U Dongre, Maharaja Sayjirao University with prize money of Rs.5000/-.

The ICGW-2021 was significant in that the participants got aware how to solve major issues like fluoride and Uranium in Groundwater with the involvement of the local students and people of any area. Also, the participants learned the techniques of groundwater management through numerical modelling.

The Photographs of the Event is attached as follows:

Avner Vengosh is presenting

Hydrogeochemistry evaluation of groundwater quality in Jalpur

The occurrence of bicarbonate (alkalinity) in the Alluvium aquifers → formation of uranium-carbonate species (e.g., UO_2CO_3), which is highly soluble in groundwater systems → high uranium concentration → Alkalinity is the key for uranium contamination and can be a good prediction for evaluating uranium occurrence in groundwater

A WEBINAR

ON

Research, Innovation and ranking

&

Use of technology in education

Date: 9th & 10th October, 2021

Speaker

Prof. Dr. Karnesh Saxena,

(Director, IQAC, MLSU, Udaipur, Director Faculty of Management studies)

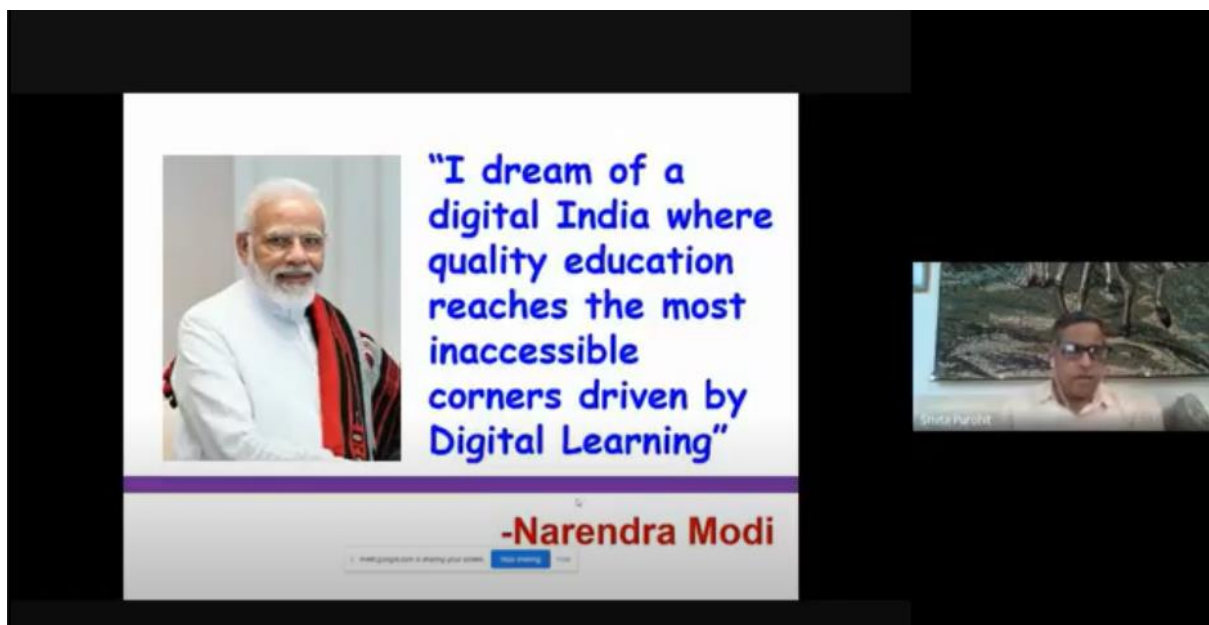

&

Prof S. D Purohit

(Retired Professor, Department of Botany, Former Dean college of Science, MLSU)

A webinar on research, innovation and ranking and use of technology in education by the department of Geology, MLS University, Udaipur was organized on 9th and 10th August, 2021. As an academican, all the teaching staffs, research scholars and the students enrolled in higher educations should be aware of recent changes in education policies. Webinar was specially organized for all the teaching staffs and UG/PG students.

The online webinar session was commenced at 3.00 PM on 9th August, 2021, with Dr. Ritesh Purohit and Mr. Niranjana Mohanty address to the participants and by welcoming the speaker Dr. Karnesh Saxena was the former Director, IQAC, MLSU, Udaipur as well as Director Faculty of Management studies introduced speaker to the participants. The member of the organizing committee was Mr. Akhil Kumar Dwivedi, Dr. Ankush Shrivastava, Dr. Anjali Singh, Dr. Harish Kapasya, Dr. Maya Chaudhary, Mr. Subhash Jana gal, Ms. Neha Rarh, Mr. Rajnikant Patidar. Around 70 participants from various educational platforms as well as government agencies across the nations participated in this webinar. The expert has discussed various aspects of the NEP-2020 during the webinar. The main topic discussed during the webinar includes silent features of NEP-2020, Key principles of NEP with use of technology in teaching and learning methods, transforming of curricular and pedagogical aspects in the higher education and the key challenges in the higher educations. Session was concluded by one video explain the silent features of National Education policy 2020 and its need in Indian education from childhood education to Research domain. The concluding remarks and vote of thanks presented by Mr. Niranjana Mohanty. On the 10th August, 2021, the webinar on the topic use of technology in higher education was commenced at 3.00 PM with Dr. Ritesh Purohit and Mr. Niranjana Mohanty address to the participants and by welcoming the speaker Prof S. D Purohit Retired Professor, Department of Botany, Former Dean college of Science, MLSU. The main topic discussed during the webinar includes silent features of technological tools like artificial intelligence, augmented reality, blended learnings, live streaming, and various interactive tools used in the higher educations. A question answer session followed the lecture sessions where various questions and queries taken from the students and faculty were taken up by the speaker. The concluding remarks and vote of thanks presented by Mr. Niranjana Mohanty.

SEMINAR

हिन्दी विभाग, मोहनलाल सुखाड़िया वि. विद्यालय, उदयपुर द्वारा आज 'वै. व. क. परिदृश्य' में 'राम साहित्य' विषयक दो दिवसीय अंतरराष्ट्रीय संगोष्ठी का शुभारंभ किया गया। उद्घाटन सत्र में वि. सा. वि. मा. महाविद्यालय की अधिष्ठाता प्रो. सीमा मलिक ने संविधान की उद्देशिका का वाचन किया। हिन्दी विभागाध्यक्ष डॉ. नीतू परिहार ने सभी अतिथियों तथा दे. वि. वि. से जुड़ने वाले वक्ताओं का स्वागत किया तथा प्रो. अमेरिका सिंह, कुलपति, मो. सु. वि. विद्यालय, उदयपुर के संदे. वि. का वाचन किया। कुलपति प्रो. अमेरिका सिंह ने अपने संदे. वि. में श्री राम को हमारे जीवन के प्रेरणा-स्रोत बताते हुए उनके जीवन-मूल्यों को अपनाने का आह्वान किया। आयोजन सचिव डॉ. नीता त्रिवेदी ने संगोष्ठी का विषय-प्रवर्तन किया। उद्घाटन सत्र के मुख्य अतिथि श्रीमान् संजय सिंघल, पूर्व निदे. वि. क, सिक्थोरमीटर्स लि. ने अपने उद्बोधन में साहित्य रामकथा के उत्स एवं प्रभाव का आख्यान किया। प्रो. सीमा मलिक ने अपने अध्यक्षीय उद्बोधन में कहा कि रामकथा निरंतर तथा व्यापक है एवं यह हमारे मानस में संस्कार से ही मौजूद है। मुख्य वक्ता श्रीमती अनीता बोस, मुख्य संयोजक, द ग्लोबल इनसाइक्लोपीडिया ऑफ द रामायण प्रोजेक्ट ने अपने वक्तव्य में थाइलैण्ड, इण्डोनेशिया, म्यान्मार, फिलीपींस आदि देशों में विभिन्न माध्यमों में रामायण के प्रभाव की विस्तृत जानकारी दी। वि. वि. अतिथि श्रद्धेय संत भारण तिवारी, अयोध्या ने रामकथा का महत्त्व बताते हुए रामचरित मानस की प्रासंगिकता पर प्रकाश डाला। वि. वि. वक्ता डॉ. राम प्रसाद भट्ट, हेम्बर्ग वि. विद्यालय, जर्मनी ने अपने वक्तव्य में यूरोप में प्रचलित रामकथा के विषय में बताया। उद्घाटन सत्र में ही संगोष्ठी हेतु प्राप्त भाोध-आलेखों का पुस्तक रूप में 'वि. व. में राम' भीर्शक से विमोचन किया गया। उद्घाटन सत्र का संचालन डॉ. नवीन नन्दवाना ने किया तथा डॉ. आ. पी. श. सिसोदिया ने आभार व्यक्त किया।

प्रथम व्याख्यान सत्र 'रामकथा का वै. व. क. संदर्भ' में प्रो. नरे. वि. मिश्र (हरियाणा), प्रो. भौलेन्द्र भार्मा (उज्जैन), डॉ. भवेता दीप्ति (नेपाल), प्रो. करुणा ांकर उपाध्याय, प्रो. कृपा ांकर पांडेय (इलाहाबाद) ने रामकथा के विभिन्न पहलुओं एवं आयामों पर प्रकाश डाला। सत्र का संचालन डॉ. प्रीति भट्ट ने किया तथा डॉ. नीता त्रिवेदी ने आभार व्यक्त किया। द्वितीय व्याख्यान सत्र में प्रो. एम. ज्ञानम (चेन्नई) एवं प्रो. सले. वि. कुमार (फिजी) के व्याख्यान हुए। सत्र का संचालन डॉ. डोली मोगरा ने किया।

प्रथम तकनीकी सत्र की अध्यक्षता डॉ. अलका धनपत (मॉरीस) एवं डॉ. सुरे. वि. चन्द्र भुक्ल (नॉर्वे) ने अपने वक्तव्य में राम साहित्य स्वरूप तथा व्यापकता को व्याख्यायित किया। सत्र का संचालन आमंत्रित वक्ता डॉ. नवीन नन्दवाना ने किया तथा अपने वक्तव्य में रामकथा-वाचन की परंपरा पर प्रकाश डाला। इस सत्र में 5 भाोध पत्र प्रस्तुत किये गये।

द्वितीय व्याख्यान सत्र की अध्यक्षता श्री सुनील पाठक (उत्तराखंड) ने की। आमंत्रित वक्ता के रूप में डॉ. राजे. वि. श्रीवास्तव (भोपाल) एवं डॉ. भवेता उपाध्याय (रवांडा) ने अपने व्याख्यान में राम साहित्य के वै. व. क. संदर्भ एवं प्रासंगिकता का आख्यान किया। सत्र का संचालन डॉ. आ. पी. श. सिसोदिया ने किया तथा इस सत्र में 5 भाोध-पत्र प्रस्तुत किये गये। कल दिनांक 3 जुलाई को दो तकनीकी सत्र, एक व्याख्यान सत्र एवं समापन सत्र का आयोजन किया जाएगा।

“होली : जीवंत भारतीय मूल्यों और संस्कृति का संरक्षक”

पर सुविवि के इतिहास विभाग द्वारा दो दिवसीय

अंतर्राष्ट्रीय वेबिनार का आयोजन

इतिहास विभाग मोहनलाल सुखाड़िया विश्वविद्यालय उदयपुर और इंडस इंटरनेशनल रिसर्च फाउंडेशन, नई दिल्ली के संयुक्त तत्वावधान में दो दिवसीय अंतर्राष्ट्रीय वेबिनार का आयोजन 11 और 12 जून, 2021 को किया गया। जिसका विषय “होली: जीवंत भारतीय मूल्यों और संस्कृति का संरक्षक” है। वेबिनार के आयोजन सचिव सुविवि के इतिहास विभाग के सहायक आचार्य डाॅ. पीयूष भादविया हैं। आयोजन सचिव डाॅ. पीयूष भादविया ने बताया कि 11 जून को उद्घाटन सत्र का आयोजन हुआ जिसमें कुल 55 शोध-पत्र तथा लगभग 300 प्रतिभागियों ने भाग लिया। देश के 18 राज्यों एवं 8 विभिन्न देशों से विद्वान वेबिनार के माध्यम से जुड़े। सर्वप्रथम वेबिनार के मुख्य संरक्षक प्रो. अमेरिका सिंह कुलपति सुविवि ने मूल कर्तव्य पढ के सुनाया। ई-स्मारिका का विमोचन किया गया। विभागाध्यक्ष प्रो. दिग्विजय भटनागर ने सभी का स्वागतज्ञापित किया।

सत्र की मुख्य अतिथि डाॅ. किरण सोनी गुप्ता आईएएस, निर्देशक पश्चिमी क्षेत्र सांस्कृतिक केन्द्र रही। डाॅ. गुप्ता ने बताया संस्कृति देश के सॉफ्टवेयर की तरह होती है। किसी भी देश की उपलब्धि उनकी कला एवं संस्कृति से होती हैं। यह परंपरा हड़प्पा सभ्यता से ही जारी है। उन्होंने बताया कि भारतीय कला वर्ग में राजा रवि वर्मा, अमृता शेरगिल, नंदलाल बोस, रविंद्रनाथ टैगोर आदि ने यूरोपीय प्रभुत्व को तोड़ा है। इस प्रकार होली एवं अन्य पर्व उत्पाद के साथ-साथ पर्यटन को बढ़ावा देते हैं। उन्होंने कला संस्कृति के संरक्षण पर जोर की बात कही तथा अपने अनुभव साझा किये। प्रो. सीमा मलिक अधिष्ठाता कला महाविद्यालय ने अध्यक्षता करते हुए बताया कि होली पर्व एकता का परिचायक है, जो सभी भेदभाव को दूर करता है। उन्होंने पंजाब की होली जिसे होला मोहल्ला कहा जाता है जो युद्ध अध्ययन एवं युद्धाभ्यास की जानकारी देता है।

विशिष्ट वक्ता के रूप में डॉ. श्री कृष्ण 'जुगनू' भारत के प्रख्यात इतिहासकार अर्थवन परिषट्ट में भारतीय उत्सवों का पहला लेखा मिलता है जिसमें होलाक्ष शब्द जो फसल से संबंधित है। यह परंपरा संपूर्ण भारतीय उपमहाद्वीप में प्रचलित है। माघ शुक्ल पंचमी से चैत्र शुक्ल पंचमी तक अर्थात् दो माह यह पर्व चलता है। जिसका अंत गणगौर विसर्जन के साथ होता है, फिर राखी बड़ा उत्सव आता है। यह त्यौहार जीवन में परंपराएं, उल्लास और शोकनिवृत्ति का बोधक है। मेवाड़ में महाराणा प्रताप की काल में लिखी पुस्तक 'व्यवहार आदर्श' में भी होली पर्व और व्यवहार का वर्णन है। अभिनव पुराण होली के प्रसंगों को बताता है। तीन अवसर पर रंग की बात आती है विवाह, बसंत और विजय का उत्सव। यह पूर्णतया असहिष्णु है।

प्रो. हेराम्ब चतुर्वेदी डीन कला संकाय इलाहाबाद विश्वविद्यालय ने बृज की होली से अपनी बात प्रारंभ करते हुए, होलिका दहन के स्वरूप प्रकृति को समझाया। उन्होंने बताया कि होलिका दहन काम के दहन से जुड़ा है। होलाष्टक से राधा अष्टमी तक की पुरी परम्परा है। महादेवजी का जन्म होली पर हुआ। राधा-कृष्ण से संबंधित रंग की कहानी स्पष्ट कही। होली को श्रीमद्भागवत पुराण का संजीव चित्रण किया। अंत में बृज का परम्परागत गीत सुनाया।

भूविज्ञानी एवं भू-वैज्ञानिक प्रोफेसर पुष्पेंद्र सिंह राणावत ने होली के वैज्ञानिक एवं प्राकृतिक आधार पर प्रकाश डाला। उन्होंने कहा कि शरद ऋतु के बाद पेड़ों की पत्तियां सुखती हैं और उनको इकट्ठा कर जलाया जाता है। होलाष्टक पर बहुत सारे कार्य निषेध हो जाते हैं। महाराणा प्रताप का राज्याभिषेक का पहला आदेश होली से संबंधित था। उन्होंने मेवाड़ के सिटी पैलेस की परम्परागत होली की सम्पूर्ण जानकारी दी और बताया कि पहले दिन होलिका दहन, दूसरे दिन रंग होली, तीसरे दिन हाडा होली जिसमें महाराणा मिलने वाले आगंतुकों को 'वसंत खड़ा' एक प्रकार की तलवार के साथ में लाल, नीला, हरा फूल एवं नारियल भेंट किया जाता था। नये जन्मे बच्चे को होलिका दहन के समय राणा के साथ परिचय कराया जाता था। प्रवेश सावन प्रशिक्षण समन्वयक मॉरीशस प्रशिक्षण एवं विकास संस्थान गणराज्य मॉरीशस ने मॉरीशस की होली के बारे में विस्तारपूर्वक बताया। अंत में पूर्वविभागाध्यक्ष प्रो. प्रतिभा ने सभी का धन्यवाद ज्ञापित किया।

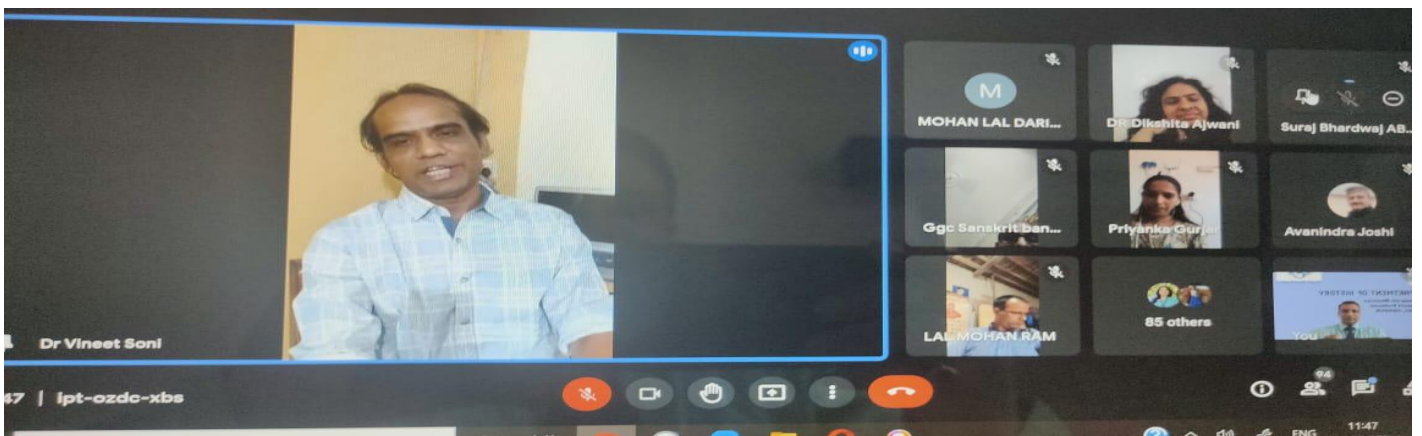

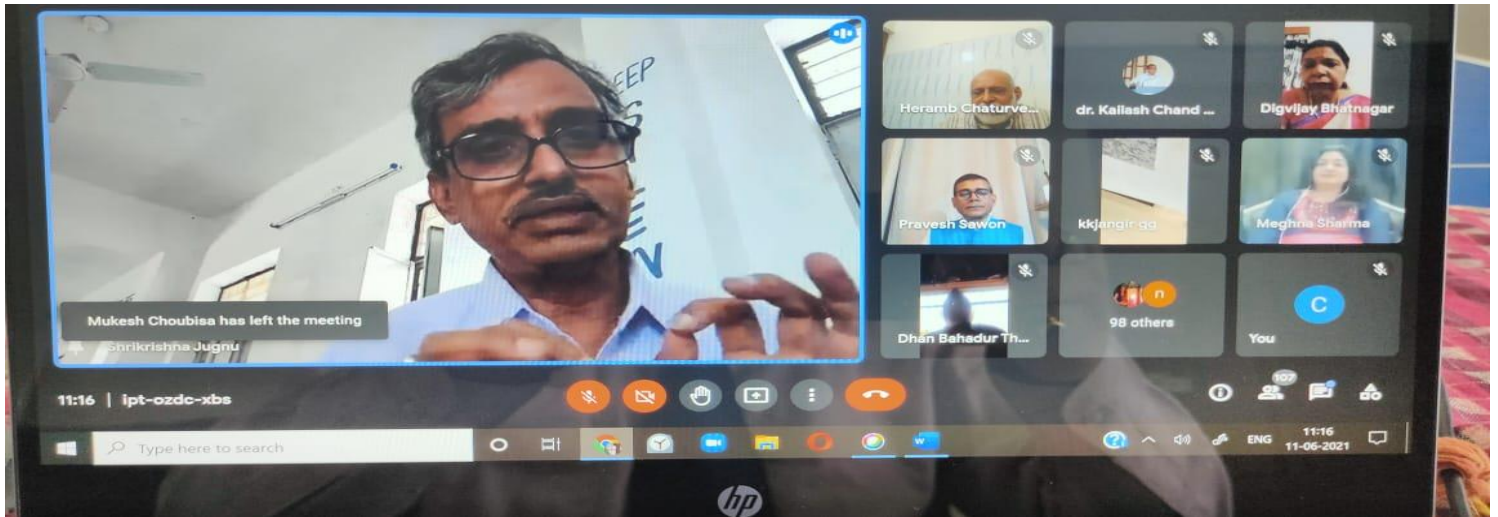

वेबिनार में बताई पर्व की महत्ता

उदयपुर. इतिहास विभाग, मोहनलाल सुखाड़िया विश्वविद्यालय और इंडस इंटरनेशनल रिसर्च फाउंडेशन, नई दिल्ली के तत्वावधान में दो दिवसीय अंतरराष्ट्रीय वेबिनार का आयोजन शुक्रवार से किया गया। इसका विषय होली : जीवंत भारतीय मूल्यों और संस्कृति का संरक्षक है। वेबिनार के आयोजन सचिव सुविवि के इतिहास विभाग के सहायक आचार्य डॉ. पीयूष भादविया ने बताया कि शुक्रवार को उद्घाटन सत्र का आयोजन हुआ जिसमें कुल 55 शोध-पत्र तथा लगभग 300 प्रतिभागियों ने भाग लिया। सत्र की मुख्य अतिथि डॉ. किरण सोनी गुप्ता, निदेशक, पश्चिमी क्षेत्र सांस्कृतिक केन्द्र व विशिष्ट अतिथि डॉ. श्रीकृष्ण जुगनू थे। इस मौके पर प्रो. हेराम्ब चतुर्वेदी, पुष्पेंद्र सिंह राणावत, प्रो. प्रतिभा, प्रो. सीमा मलिक आदि ने विचार रखे।

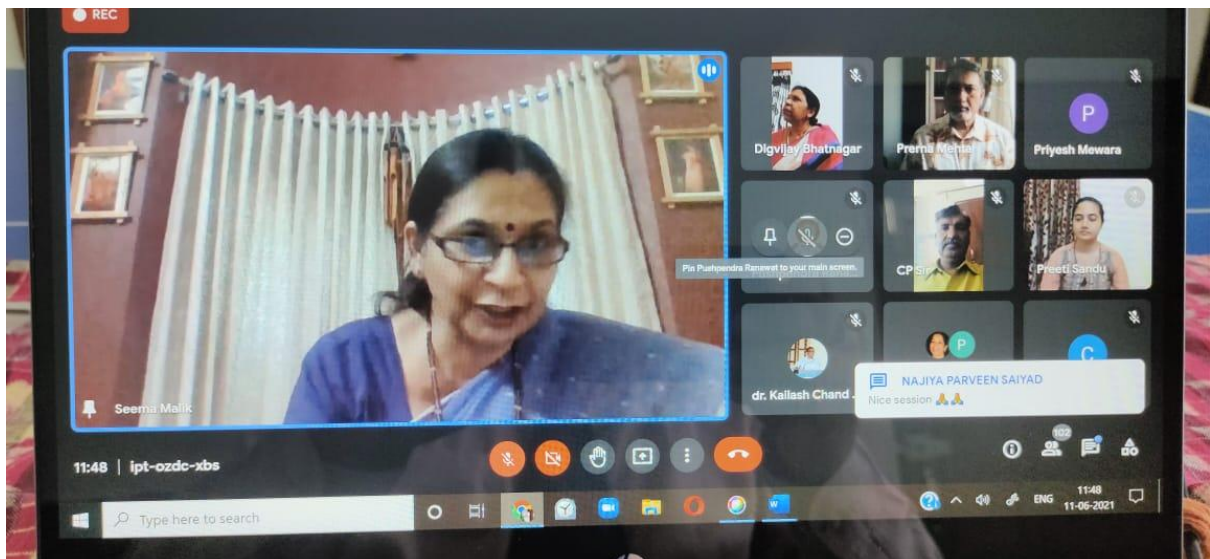

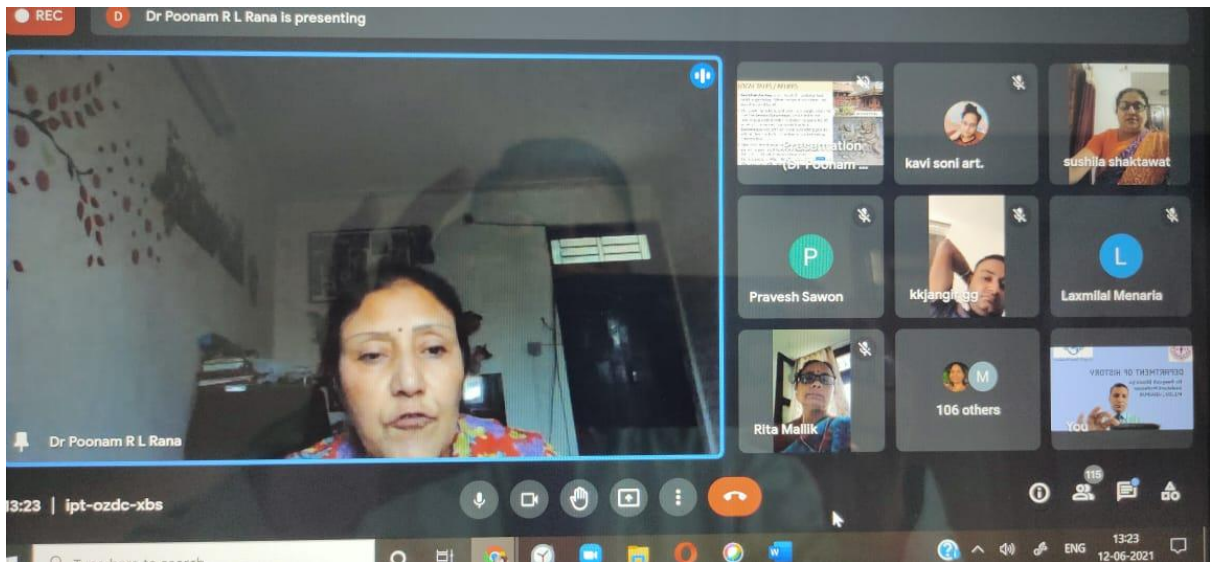

अंतरराष्ट्रीय वेबिनार का समापन

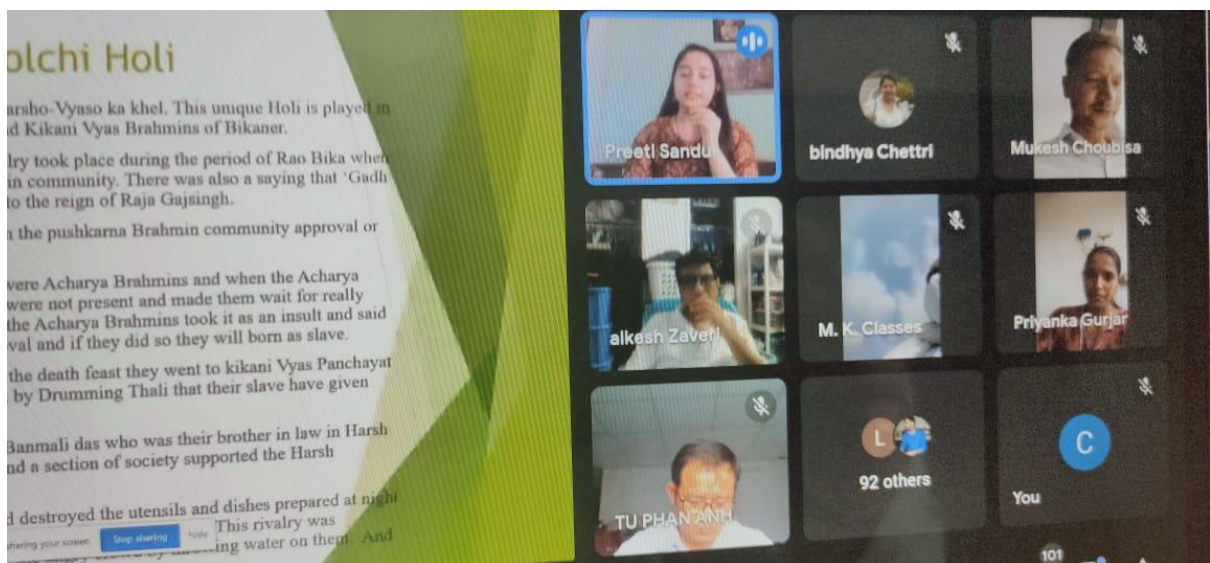

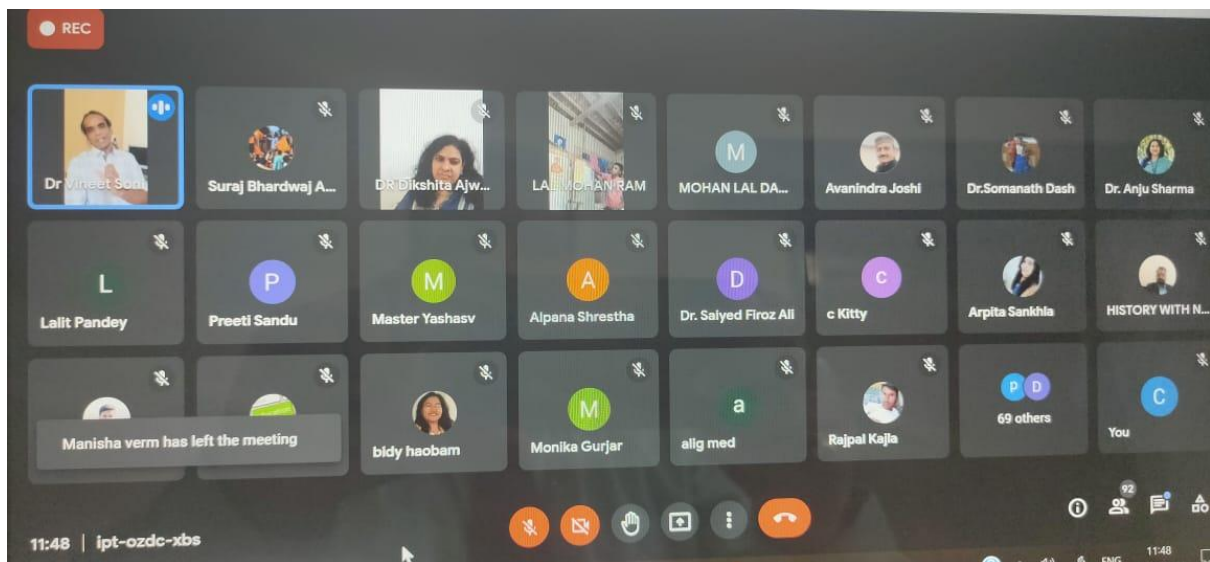

उदयपुर | इतिहास विभाग, सुविवि और इंडस इंटरनेशनल रिसर्च फाउंडेशन नई दिल्ली के साझे में हुए दो दिवसीय अंतरराष्ट्रीय वेबिनार का समापन शनिवार को हुआ। 'होली : जीवंत भारतीय मूल्यों और संस्कृति का संरक्षक' विषय पर हुए वेबिनार में होली के पुरातन एवं साहित्यिक स्रोतों के बारे में बताया गया।

Thursday, 16th December 2021, at 10:15 A.M. (IST)

Venue : Confrence Hall, New Guest House, MLSU, Udaipur

16 December VIJAY DIWAS

Vijay Diwas (Victory Day) is commemorated every year on 16th December in India as it marks its military victory over Pakistan in 1971 during the Indo-Pakistani War of 1971. The end of the war resulted in the unilateral surrender of the Pakistan Army and subsequent secession of East Pakistan into Bangladesh.

Lt. Gen A. A. K. Niazi, signing the instrument of surrender on December 16 after surrendered his forces to Lt. Gen. Jagjit Singh Aurora.

BIRTH OF BANGLADESH

Exactly fifty years ago to this day, Indian Armed Forces scripted history when they crushed Pak army positioned in East Pakistan and freed the Bengalis from Pak oppression. The war which was started by Pakistan Air force on 3rd December ended on 16 December when the entire Pakistan garrison consisting of 93500 prisoners of war surrendered to the Eastern Command of the Indian army lead by Lt Gen J S Arora. Lt Gen A A K Niazi who was in-charge of Pakistan Eastern Command signed the instrument of surrender on 16 December. Every year this day is celebrated as the VIJAY DIWAS day.

In exactly two weeks flat, Indian armed forces smashed the 90,000 strong Pak army and liberated half of its territory giving rise to a new nation called BANGLADESH.

It was the first time in history that that a war had given birth to a new nation.

This historic win was a glorious moment in the time line of Indian history etched in gold. It is the largest surrender of POWs in one big action. The war witnessed some outstanding leadership displayed by the top brass of Indian Armed Forces lead brilliantly by Gen S H F J Maneckshaw. All the three services fought together with excellent cooperation and perfect coordination. The result was a spectacular triumph which is unmatched till date. The victory was possible because of the courage and heroism of the Indian army units who fought bravely, once again proving to the world that Indian Armed Forces are second to none. The people of India too deserve credit for standing as one and extending unstinted support to their Defence Forces. This was an unprecedented show of solidarity between the public and the military. The then PM Mrs Indira Gandhi deserves credit for her bold leadership.

This was the Golden moment in India's history which may never again be repeated in a long long time.

India lost nearly 3000 of its bravest soldiers and over 12,000 troops wounded.

Let us remember the sacrifices of all our officers, soldiers and their family members and commemorate the Golden Jubilee to the brave sons of this day.

The stories of individual bravery of our jawans , officers, pilots and sailors will inspire and motivate our young men and women to contribute their services to the nation.

Report on Workshop on Income Tax Procedure and Tax Planning for Salaried Employees

A Workshop on Income Tax Procedure and Tax Planning for Salaried Employees was organised by B.Com Honours Programme, University College of Commerce and Management Studies, Mohanlal Sukhadia University Udaipur.

In total, 109 participants registered for the workshop and the workshop was conducted in online mode. Workshop aimed at providing the platform to University and college teachers to understand tax returns, tax procedures, new tax return filing portal E-learning 2.0, tax planning aspects for salaried employees.

The workshop was organised by Dr Shilpa Lodha, Assistant Professor, Accountancy and Business Statistics and Convener, B. Com. Honours Programme, Mohanlal Sukhadia University, Udaipur. Resource persons of the workshop were CA Dr Mahaveer Chaplot and Prof. Shurveer Singh Bhanawat.

CA Mahaveer Chaplot delivered his presentation on tax procedure and he explained the new income tax platform e-Learning 2.0. He explained the various aspects of filing tax return on this new portal and also told the peculiarities that should be considered before filing your tax returns. Prof. Shurveer Singh Bhanawat told different methods of tax planning for salaried employees. He also told how individual salaried employees can reduce the tax liability by effective tax planning. At the end, organising secretary Dr Shilpa Lodha delivered vote of thanks to the resource persons and participants.

**National Webinar
On
Contemporary Issues
In
Accounting, Taxation, And Auditing**

The Department of Accounting and Business Statistics, Mohanlal Sukhadia University, Udaipur, Rajasthan organized a national webinar on “Contemporary Issues in Accounting, Taxation and Auditing”, Friday 2nd July 2021. The Summary of the webinar is presented here:

Inaugural Function

At the outset welcome address and webinar theme was explained by Prof. Shurveer S. Bhanawat, Webinar Director, Professor & Head, Dept. of Accountancy and Business Statistics, MLSU, Udaipur. In his address, Professor Bhanawat explained the themes and objectives of the webinar and briefly discussed the emerging Blockchain Technology. He showed concern about the contemporary issues and typical problems in financial reporting framework, Investment Management, Taxation, and Economics.

The Keynote speaker of inaugural function was Prof. D.V. Ramana, Xavier Institute of Management, Bhubaneswar. He stated in his speech that it's the need of hour for bridging the gap in the GAAP, therefore he suggested that it is essential for ICAI, Academicians, Reserachers, to rethink about Ind As 114. He also emphasized in his speech to recreate our own prediction model for banking industry, for that we need to redesign our own score. For that expertise in Accountancy and statistics are required. He also stated about the social impact value in accounting.

The Chief Guest Address was given by CA A.S. Mehta, President & Director, J.K. Papers Ltd. He stated that the role of an accountant is not only to track or to keep records of an enterprise, but it is more than that. An accountant should work on how he can add value to the business. Value integration to business is a key to success for any business.

Prof. Amarika Singh, Vice-Chancellor, Mohanlal Sukhadia University, Udaipur, was the president of the webinar. He could not mark his presence in the webinar, still he sent his wishes to the department. Dr. Asha Sharma read the presidential address on behalf of Prof. Amarika Singh. Here the presidential address:

“I hope that this message finds you in the best of health and spirit. First of all, I congratulate all the faculty members of the Department of Accountancy and Business Statistics for organizing the webinar on Contemporary issues in Accounting Taxation and Auditing. As we all are aware, in the present era of technology, the collaboration of finance and accountancy with new technologies like

artificial intelligence, blockchain technique, deep learning, and machine learning need the hour. Therefore, I hope this webinar will help our students equip with the latest development in accounting. I wish grand success of this webinar.”

Dr. Shilpa Lodha, Webinar Secretary, Assistant Professor, Dept. of Accountancy & Business Statistics, MLSU, compared the inaugural function. Dr. Shilpa Vardia, Webinar Secretary, Assistant Professor, Dept. of Accountancy & Business Statistics, MLSU, gave away vote of thanks.

Technical session I: Blockchain Technology and Accounting

The first technical session's theme was Blockchain technology and Accounting. The paper presented in this session on various sub themes viz. philosophy of blockchain technology, conceptual framework of blockchain technology, application of blockchain technology in various fields, transformation of financial and accounting services in the era of blockchain technology. The session has been summarized in the following paragraphs:

IAA President Dr. G Soral chaired the technical session. He talked about how the role of auditors has changed nowadays. We give more attention to the high quality of input because, in the current scenario, artificial intelligence has been replacing manual accounting systems. Near future, it is a threatening situation for the accountants if they cannot uplift their knowledge and skill in terms of technology. Earlier age accountants just play the role of an aggregator of the number. To keep pace with this changing environment, He can just shift his role as analytics. Sir has also enlightened that the emergence of engineering in accounting and MSC in accounting replaces the old age of accounting limited to commerce. The data analytics field is a new field of accounting.

Keynote speaker Prof Paritosh Chandra Basu discussed that Blockchain platforms, particularly enterprise ones, are crafted on a foundation of 3 P: Propagation, Permanence, and Programmability. He talked about the five-point test to help to determine if blockchain could be the right solution for business problems. If the answer is yes at least three out of five questions, then blockchain could fit the concerned business; otherwise, not. Therefore, the questions that should be considered first for any business to implement blockchain in their business are:

- 1) Are there multiple parties in this ecosystem?
- 2) Is establishing trust between all parties an issue?
- 3) Is it critical to have a detailed transactional record of activity?
- 4) Are we securing the ownership or management of a finite source?
- 5) Does the network of patterns give us transparency across the ecosystem?

Prof Basu also cleared the myth that "cryptocurrency is not equal to blockchain technology, and blockchain is the underlying technology in cryptocurrency." He also talked about the current scenario and stated that the accountants and auditors should brush up on their skills and knowledge

and be user-friendly with all technologies. If they can't do that, all accountants and analysts will be outdated soon, and this technology will replace all accounting fraternity.

Total 19 papers presented in this session, out of 19, 14 papers were on blockchain technology, its conceptual framework, application, usages, benefits and challenges, and remaining were from various areas like Artificial intelligence, emerging technologies, integrated reporting etc.

Dr. Asha Sharma, Assistant Professor, Dept, of accountancy and Business Statistics, MLSU, coordinated the session gave a Vote of Thanks. Dr. Nisha Kalra, PDF, and Dr. SamtaOrdia, Project Fellow of the department were the rapporteurs of the session.

Technical Session-II: Contemporary issues in accounting, taxation and auditing

The theme of technical session 2 which started at 3 p.m. was "Contemporary issues in accounting, taxation and auditing." Professor J.K. Jain, School of commerce and management, Dr. Hari Singh Gour Vishwavidyalaya, Sagar, MP chaired the session. The Co-chairman of the session was Dr. Manju Baghmar, Professor and Head, Department of Business Administration, MLSU, Udaipur.s

The keynote speaker Gabriel Simon Thattil, Professor and director of school of business management and legal studies, University of Kerala discussed about the contemporary issues of accounting that needs to be studied and known by today's young researchers. He gave deep insight for the researcher to have a good intellectual thinking particularly related with accounting and how to take a shift into futuristic approach. He talked about issues to discuss like sustainable development, green audit, green development etc. He also discussed social, qualitative, environmental aspect of accounting which includes intangibles. He thanked organizers, chairperson and co-chairperson for making him a part of the webinar.

Total 21 papers were presented in this session on sub-themes of the technical session II. Dr. Parul Dashora, Asistant Professor, Department of Accountancy and Business Statistics coordinated the session. Ca Anima Chordia, Project Fellow and Ms. Amreen Khan, Project Fellow of the department were the rapporteurs. Dr. Parul Dashora gave away vote of thanks.

Valedictory Session

Prof. Shurveer S. Bhanawat, Webinar Director, Professor & Head, Dept. of Accountancy and Business Statistics, MLSU, Udaipur gave the welcome address to all the dignitaries presented online in the webinar.

Shri Pushpraj Meena, Asistant Professor, Department of Accountancy and Business Statistics, presented a brief report of the webinar. He gave the details about all the paper presented during both the technical session. He presented all the key points discussed by keynote speakers of both

the session about the contemporary issues in accounting, taxation and auditing.

Prof. Udai Lal Paliwal, Dean, Nirma Institute of Commerce, Nirma University, Ahmedabad gave the valedictory address. Prof. Paliwal appreciated the whole webinar and said that this webinar was a very enlightening and enriching experience. He stated in his address that there had been various developments in accounting and auditing in recent times. These developments bring many opportunities as well as challenges in accounting and auditing. New developments viz. Artificial Intelligence, Machine Learning, Data Analytics, and Blockchain are up to having the business process. Be it manufacturing, services, accounting, and auditing. He raised some questions for all the academicians and researchers presented for the webinar that needs to be answered. He was concerned about how accounting can serve not only businesses but a wider group of stakeholders. Prof. has also raised the questions,

- 1) "Are we preparing our students well to tackle the challenges of the modern world of accounting?"
- 2) "Will our students be unemployed after their graduation, especially in the wake of job cuts?"

Prof. recommended that we need to update curricula and pedagogy of accounting continuously. Moreover, the quality of research in accounting and auditing needs improvement. He suggested to young researchers to choose research problem from their surroundings that needs solutions. He was also concerned about the weak linkage between academic accountants and professional accountants.

Chief guest address: Prof. D.S. Chundawat, Vice-Chairman, Rajasthan State Higher Education Council, Govt. of Rajasthan, Jaipur gave the chief guest address. He stated that an accountant should keep himself updated with the technology to sustain in the changing economy. With the advancement in technology, each area of an economy is becoming digitized. So to keep with it, businesses need to shift from traditional accounting to digital accounting.

Dr. Shilpa Vardia compared the programme and Dr. Shilpa Lodha gave a vote of thanks.

National Webinar On Contemporary Issues In Accounting, Taxation, And Auditing

The Department of Accounting and Business Statistics, Mohanlal Sukhadia University, Udaipur, Rajasthan organized a national webinar on “Contemporary Issues in Accounting, Taxation and Auditing”, Friday 2nd July 2021. The Summary of the webinar is presented here:

- 1) Are there multiple parties in this ecosystem?
- 2) Is establishing trust between all parties an issue?
- 3) Is it critical to have a detailed transactional record of activity?
- 4) Are we securing the ownership or management of a finite source?

5) Does the network of patterns give us transparency across the ecosystem?

Prof Basu also cleared the myth that "cryptocurrency is not equal to blockchain technology, and blockchain is the underlying technology in cryptocurrency." He also talked about the current scenario and stated that the accountants and auditors should brush up on their skills and knowledge and be user-friendly with all technologies. If they can't do that, all accountants and analysts will be outdated soon, and this technology will replace all accounting fraternity.

Total 19 papers presented in this session, out of 19, 14 papers were on blockchain technology, its conceptual framework, application, usages, benefits and challenges, and remaining were from various areas like Artificial intelligence, emerging technologies, integrated reporting etc.

Dr. Asha Sharma, Assistant Professor, Dept, of accountancy and Business Statistics, MLSU, coordinated the session gave a Vote of Thanks. Dr. Nisha Kalra, PDF, and Dr. Samta Ordia, Project Fellow of the department were the rapporteurs of the session.

Technical Session-II: Contemporary issues in accounting, taxation and auditing

The theme of technical session 2 which started at 3 p.m. was "Contemporary issues in accounting, taxation and auditing." Professor J.K. Jain, School of commerce and management, Dr. Hari Singh Gour Vishwavidyalaya, Sagar, MP chaired the session. The Co-chairman of the session was Dr. Manju Baghmar, Professor and Head, Department of Business Administration, MLSU, Udaipur.

The keynote speaker Gabriel Simon Thattil, Professor and director of school of business management and legal studies, University of Kerala discussed about the contemporary issues of accounting that needs to be studied and known by today's young researchers. He gave deep insight for the researcher to have a good intellectual thinking particularly related with accounting and how to take a shift into futuristic approach. He talked about issues to discuss like sustainable development, green audit, green development etc. He also discussed social, qualitative, environmental aspect of accounting which includes intangibles. He thanked organizers, chairperson and co-chairperson for making him a part of the webinar.

Total 21 papers were presented in this session on sub-themes of the technical session II. Dr. Parul Dashora, Assistant Professor, Department of Accountancy and Business Statistics coordinated the session. Ca Anima Chordia, Project Fellow and Ms. Amreen Khan, Project Fellow of the department were the rapporteurs. Dr. Parul Dashora gave away vote of thanks.

Valedictory Session

WEBINAR REPORT

Prof. Shurveer S. Bhanawat, Webinar Director, Professor & Head, Dept. of Accountancy and Business Statistics, MLSU, Udaipur gave the welcome address to all the dignitaries presented online in the webinar.

Shri Pushpraj Meena, Asistant Professor, Department of Accountancy and Business Statistics, presented a brief report of the webinar. He gave the details about all the paper presented during both the technical session. He presented all the key points discussed by keynote speakers of both the session about the contemporary issues in accounting, taxation and auditing.

Prof. Udai Lal Paliwal, Dean, Nirma Institute of Commerce, Nirma University, Ahmedabad gave the valedictory address. Prof. Paliwal appreciated the whole webinar and said that this webinar was a very enlightening and enriching experience. He stated in his address that there had been various developments in accounting and auditing in recent times. These developments bring many opportunities as well as challenges in accounting and auditing. New developments viz. Artificial Intelligence, Machine Learning, Data Analytics, and Blockchain are up to having the business process. Be it manufacturing, services, accounting, and auditing. He raised some questions for all the academicians and researchers presented for the webinar that needs to be answered. He was concerned about how accounting can serve not only businesses but a wider group of stakeholders. Prof. has also raised the questions,

1) "Are we preparing our students well to tackle the challenges of the modern world of accounting?" 2) "Will our students be unemployed after their graduation, especially in the wake of job cuts?"

Prof. recommended that we need to update curricula and pedagogy of accounting continuously. Moreover, the quality of research in accounting and auditing needs improvement. He suggested to young researchers to choose research problem from their surroundings that needs solutions. He was also concerned about the weak linkage between academic accountants and professional accountants. Chief guest address: Prof. D.S. Chundawat, Vice-Chairman, Rajasthan State Higher Education Council, Govt. of Rajasthan, Jaipur gave the chief guest address. He stated that an accountant should keep himself updated with the technology to sustain in the changing economy. With the advancement in technology, each area of an economy is becoming digitized. So to keep with it, businesses need to shift from traditional accounting to digital accounting.

WEBINAR REPORT

Dr. Shilpa Vardia compared the programme and Dr. Shilpa Lodha gave a vote of thanks.

The Department of Accountancy and Business Statistics, Mohanlal Sukhadia University organised international conference series 1 on "Journey of single entry to Blockchain based accounting" on 13 November 2021. The summary of the programme is presented here: **Inaugural function**

Director of the conference and Head of the Department of Accountancy and Business Statistics, **Prof. Shurveer S. Bhanawat** gave the welcome address by welcoming all the eminent dignitaries, Honourable vice chancellor, chief guests, keynote speakers, chairman of technical session, esteem faculty members, scholars and all the attendees of the conference and discussed the themes and objectives of the conference series and briefly discussed that the department is currently working on the major project titled "Blockchain Accounting: An exploratory research" sponsored by RUSA, Ministry of Education, Govt. of India. He explained that the focus of the project is on the development of blockchain based accounting model and highlighted that Dr Avinash Panwar, Head of Department Computer science is providing help in the technical part of the project. He expressed his view that the technology that is likely to have the greatest impact on accounting is not social media, big data, Artificial intelligence or robotics but it is Blockchain technology. Right now, the major research is going on towards the shifting from current accounting system to Blockchain based accounting system.

He also discussed about Blockchain and further about major contributors in double entry and Triple entry accounting, and mentioned the names of prominent scholars such as William E Mc carthy, Yuji Ijiri, Todd Boyle who have brought revolution in accounting and tried to change 500 years old double entry system introduced by Luca Pacioli.

As there were two international speakers in the conference, sir also expressed his thought of holding a student exchange program where students of their university from Russia and Malaysia can visit India and the student from our university can visit there.

The Organising secretary of the conference series 1, **Dr. Asha Sharma**, Assistant Professor, Department of Accountancy and Business Statistics, welcomed all Dignitaries and explained that the conference is one on the journey from single entry to Blockchain based accounting and share an insight into the era of recent research advancement in technology. The conference covered the global aspect of accounting from fundamental issues of accounting journey towards Blockchain Technology. She also expressed hope that the conference will bring new learning outcome on contemporary knowledge.

Chief guest address was given by **Prof. Dmitry A. Yakovenko**, Deputy Head, Department of the Russian federal cadastral Chamber of Rosreestr. He said that the accountants and auditors are the representative of socially significant profession. He discussed about the history of India and how Blockchain has become a priority presently and even Russia is adopting Blockchain Technology. He said that we all remember the collapse of American company Enron and WorldCom and further said that the main criterion for the quality of accounting profession should be High moral standards, Professional ethics and public trust. He also showed Optimism that the friendship between India and Russia will be very fruitful.

Presidential address was given by **Prof. P.K. Singh**, Dean and chairman, faculty of commerce, Mohanlal Sukhadia University. In his speech, he first thanked Prof. Amarika Singh who has always been an inspiration for whole university and welcomed all the guest. He also shared his knowledge of Blockchain technology and lastly congratulated Prof. Bhanawat and stated that the project will surely bring proud moment at national and international level and will be a great success.

Prof. Amarika Singh, Vice-Chancellor, Mohanlal Sukhadia University, Udaipur, was the president of the webinar. Although sir could not mark his presence but he congratulated whole Department for organising the conference series and sent his best wishes for its success to the department. CA. Anima Chordia read the presidential address on behalf of Prof. Amarika Singh. Here is the presidential address:

Good morning, everyone!

I hope that this message finds you in the best of health and spirit.

First of all, I congratulate Prof. P.K. Singh, Dean, University College of Commerce and Management Studies, Prof. Shurveer Singh Bhanawat, Head, Department of ABST, Dr. Asha Sharma, organizing Secretary and all the other faculty members of Department of Accountancy and Business Statistics for organizing the international conference series on blockchain technology.

In the current scenario, the collaboration of finance and accountancy with new technologies like artificial intelligence, blockchain technique, cloud computing and machine learning are need of the hour.

I hope this conference shall establish a benchmark for RUSA sponsored project which is being carried by the Department of Accountancy and Business Statistics.

Once again, many congratulations to the entire department of ABST, all the organizers,

coordinator, rapporteurs, participants & presenters and everyone who are a part of this conference series directly or indirectly.

I wish grand success of today's conference.

Dr. Avinash Panwar, Head of Department, computer Science gave the vote of thanks to all the esteemed guests, eminent speakers, presenters and participants.

Technical session

Prof. Anil Kumar, Shree Ram College of Commerce, chaired the session. He conducted the session and invited first keynote Speaker **Dr. (CA) Razana Juhaida Johari**, associate professor of Department of professional accounting studies, Faculty of Accountancy, UITM, Malaysia. She shared her view on single entry and double entry system of accounting. She started with explaining that the single-entry system is the oldest system and does not require expertise or high knowledge as only cash book is prepared which records only transaction's date, description and value. She discussed the advantages and disadvantages of single-entry system by stating that single entry is simple less laborious and less time consuming with minimum staff requirement, however it cannot generate balance sheet, is harder to track, reconciliation of accounts is not possible and possibility of frauds and errors are maximum. She also expressed her gratitude that such conferences must be held and expressed appreciation for all the guest and conference community.

The second keynote speaker was **Dr. Ramchandranayak N. Yadawad.**, Assistant professor computer science and engineering, SDM College of engineering and technology, Dharwad, started his presentation with discussion of exchange values from money to bitcoins. Then he discussed the conceptual framework of blockchain and cryptocurrency. He explained in detail about Bitcoin, Ethereum and how the Blockchain works in case of Cryptocurrencies. He also explained Distributed ledger and the benefits of using Blockchain.

Then Prof Anil Kumar invited presenters. Total 10 research papers were presented which are summarized as follows: -

1. A Study on Customer Attitude towards Digital Banking, presented by Dr. Anu Antony, majorly summarizes the journey of accounting in banking sector and the concept of evaluation of digital banking. Further it appreciates benefits, limitations of digital banking and progress made by Indian Banks in adoption of Technology in the Banking Sector.
2. Historical Development of Accounting and Its Impact on the Banking Sector in India, presented by Mr. Avinash Totlani, shows the change of accounting system from manual accounting to computerized accounting in banking sector of India. The author tried to summarize the responses collected from banking sectors employees on various benefits and limitations of computerized accounting.
3. A brief study on journey of accounting system, presented by Dr. Manisha Dave, shows the detailed journey of accounting starting from ancient age to medieval age and further to present age. It also emphasizes the benefits of study of journey of accounting with future perspectives which involves triple entry accounting and block chain technology.
4. Technical and social challenges on adoption of Blockchain in Industry 4.0, presented by Mr. Madhuriya Sarma, majorly focuses on the study of technical and social challenges by the use of Blockchain in new business environment called as Industry 4.0. This paper has thoroughly discussed the blockchain technology with various use-cases and technology driven industry 4.0. Further it focuses on various challenges in adoption of this new technology in industry.
5. Accounting and Blockchain Technology, presented by Pratibha Sharma, narrates the journey of accounting from single entry to double entry and further to triple entry linked with block chain. It also appreciates the benefits of triple entry accounting and blockchain and look forward with its implementation in era of accounting.
6. A study on reflection on the journey of accounting, presented by CA. Anuradha Joshi and CA. Geetanjali Sharma. This paper puts light on how the journey of accounting has been to present era of accounting system from era of Barter system. It also emphasizes the benefits of blockchain accounting and its potential to change the face of accounting in new era of triple entry and block chain accounting.
7. Adoption of Blockchain Technology in Triple Accounting System and its implication on Accounting Profession: A Conceptual Framework, presented by Ms. Sukeerti Jain and Dr. Raj Bahadur Sharma where they presented a conceptual framework with three case studies to examine accounting inception to the present era. They discussed about Triple entry

Accounting and how it is a better and more efficient way to address underlying trust and transparency.

8. Journey of Blockchain Technology leading to Bloccounting, presented by Ms. Amreen Khan. The paper discussed the historical journey of this technology in 3 phases from 1979 to 1990, 1991 to 2005 and 2005 to 2020, in chronological order and also discussed how Bookkeeping can be done and benefited with Blockchain and also briefly discussed accounting in blockchain in the end.

9. Transformation of Accounting System: A Study with reference to India, presented by CA Anima Chordia and Mr. Gourav Surana. They discussed how accounting have evolved from From stone age, where records were maintained by carving on stones, leaves and other tree parts to Rokad Bahi maintained till the Mahajani system before 18th century to double entry booking system in relevance to India.

10. A Journey of Single Entry to Blockchain Based Accountancy, presented by Dr. Meena Sachin Gosewade. The paper discussed the journey from single entry to double entry, then double entry to triple entry and then to Blockchain based accounting.

Prof. Anil Kumar, Shree Ram college of commerce, university of Delhi gave the concluding remarks by reminding us about the scandals and accounting frauds that happened because of less transparency in current scenario of accounting system. He said that the accounting engineering done in Enron Scandal where fake special entities for special purpose and no one was aware from where the funds are coming and loads of borrowings were made. In WorldCom revenue expenses were shown as capital expense and in the Satyam case, how the password was taken by personal sitting at the top and the fake invoices were created using these passwords. He expressed that if the Blockchain technology would have been, these scandals could have been avoided. He was of the opinion that Blockchain technology could be the solution to all the fraudulent activities and would eliminate the need of Forensic auditing and suggested that accounting professionals must keep pace with this emerging technology. He suggested that Blockchain technology is the future and it is the solution to get rid of the frauds and scandals in the field of accounting and auditing. He also shared that recently Prime minister announced that the rise in digital transaction is 19 times higher as compared to four years back, to keep the pace with the digitization of the transaction, the solution is Blockchain technology.

Finally, Prof. Anil Kumar concluded the remark by thanking Prof. Bhanawat and Dr. Asha Sharma.

Dr. Asha Sharma gave her keynote speech by explaining the transition from double entry to triple entry accounting system and discussed about accounting researchers like Prof. Richard Marxist, Prof. William E Mc carthy, Prof. Yuji Ijiri and also about the new era researchers who introduced triple entry bookkeeping like Todd Boyle and Ian Grigg.

The program was coordinated by Dr. Samta Ordia, Project Fellow of the Department, Technical work was organised by CA.Avinash Totlani, Research Scholar in the department and Rapporteur were Ms Amreen Khan, Project Fellow and CA. Anuradha Joshi, Research scholar.

Sukeerti Jain, research scholar, The Department of Accounting and Business Statistics, Mohanlal Sukhadia University presented the vote of thanks.

REPORT OF ONLINE INTERNATIONAL CONFERENCE SERIES 2

The Department of Accountancy and Business Statistics, Mohanlal Sukhadia University organised international conference series 2 on “Conceptual Framework of Blockchain Accounting” on 27th November 2021. The summary of the programme is presented here: Inaugural function

Director of the conference and Head of the Department of Accountancy and Business Statistics, Prof. Shurveer S. Bhanawat gave the welcome address by welcoming all the eminent dignitaries, Honourable vice chancellor, chief guests, keynote speakers, chairman of technical session, esteem faculty members, scholars and all the attendees of the conference and discussed the themes and objectives of the conference series and briefly discussed that the department is currently working on the major project titled “Blockchain Accounting: An exploratory research” sponsored by RUSA, Ministry of Education, Govt. of India. Prof. Shurveer Singh Bhanawat mentioned that there can be three elements for the progress of any department: i.e. education, research and consultation. Many educational projects of the department are funded by RUSA, in research our department is achieving new milestones. For the last 2 consecutive years the department has been receiving awards from the ICAI and many research scholars of the department succeed to publish their research work in the journal of ICAI. For the consultation department is trying to inaugurate a tax clinic. This new venture of the department will provide benefits to the students and citizens of Udaipur.

The Organizing secretary of the conference series 2, Dr. Parul Dashora. Assistant Professor, Department of Accountancy and Business Statistics, welcomed all Dignitaries and explained that the conference is one on the “Conceptual framework of blockchain accounting”.

The Chief Guest address was given by Prof. S.S. Sarangdevot, Vice chancellor, Janardan Rai Nagar Rajasthan, Vidhyapeeth (deemed to be university) Udaipur. He thanked Dr. Parul Dashora and Prof. Shurveer Singh Bhanawat for their heartfelt welcome. He elaborated the concept of Blockchain Accounting and highlighted the benefits of Blockchain Accounting.

Presidential address was sent by Prof. Amarika singh, Vice chancellor, Mohanlal Sukhadia University, Udaipur. Although sir could not mark his presence, he congratulated the whole

department for organising the conference series and sent his best wishes for its success to the department.

The Patron address was given by Prof. P.K. Singh, Dean and chairman, faculty of commerce, Mohanlal Sukhadia University, where he first thanked Prof. Amarika Singh and welcomed all the guest and further discussed Blockchain technology and lastly congratulated Prof. Bhanawat Sir and stated that the project will surely bring proud moment at national and international level and will be a great success.

Dr. Parul Dashora, Assistant Professor, Department of Accountancy and Business Statistics gave the vote of thanks to all the esteemed guests, eminent speakers, presenters and participants.

Technical session

Prof V. Usha Kiran, professor Department of Commerce Osmania University, Hyderabad, chaired the session. She conducted the session and invited first keynote Speaker Mr. Benjamin Arunda Africa's leading Blockchain expert and consultant, blockchain / Fintech/ De-fi speaker BBC world news, featured blockchain author Nairobi Kenya. He expressed that Blockchain technology is still a developing technology. Due to this technology, we are able to transact in a distance without a fear of distance, and distrust. We need an intermediary for the transactions in distance and blockchain is often referred to as a trust machine because you don't need to trust the transaction parties.

The second keynote speaker Dr. Luz Parrondo, Director of the Finance, Accounting and Control Department, UPF Barcelona, School of Management, Greater Barcelona Metropolitan Area, Spain, revealed in her keynote speech that there are many different types of Blockchain and not all of them are distributed and immutable. So we need to understand what kind of Blockchain we are working with and should decide our working methodology according to the specific blockchain platform. Dr. Luz stated that after implementation of this technology, accountants are going to be more important because companies don't know how to present the information they are dealing with viz. NFTs. Utility tokens, crypto's, digital assets etc. The accountant needs to know how to account for NFTs, Tokens etc. In her opinion, the accounting bodies, regulators, academicians and researchers have a lot of work to do ahead and that is learning a completely new paradigm of

accounting, accounting regulations and accounting rules. That is how we have to be prepared for the next few years.

Then Prof V. Usha Kiran invited paper presenters. Total 9 research papers were presented which are summarized as follows: -

- Bitcoin – An Insight of Its Impact on The Environment, presented by Deepak Kumar Baser and Dr. Parul Dashora. They examined the impact of Bitcoin on the environment. Researchers also explained that in the present circumstance, while the country is facing a massive power shortage, there are power cuts in many parts of the country; with Bitcoin mining, this problem can be taken a formidable form.
- Blockchain Accounting of a Sale Transaction Executed through Smart Contract, presented by Kiran Yadav and Dr. Parul Dashora. They explored how to use smart contract technology to implement accounting principles under the blockchain environment. To fulfill this objective, following the five-step approach of revenue recognition from customer contracts stipulated by highlighting regular sales. This study showed that DACs could be created to efficiently and effectively address accounting issues according to the accounting principles. Consequently, using DACs to implement accounting methods could enhance the creditability of financial reports.
- Blockchain boosting Global Economy: Adopting Decentralised technology presented by Dr. Jayant, Assistant Professor (Commerce C.H.L. Government College Chhara (Jhajjar). They tried to highlight the need to adopt this decentralised network of blockchain portraying its several applications in different sectors. They also indicate how the blockchain is boosting the global economy.
- Conceptual Framework on Blockchain in Accounting presented by Rabie Khairnnaas (Research Assistant, University of Nizwa, Oman), Kaneez Fatima Sadriwala (Associate Professor, Department of Accounting, University of Nizwa, Oman), and Nuzhat Sadriwala (Assistant Professor, Department of Accounting, JRN Rajasthan Vidyapeeth University, India. They reviewed the current academic research on Blockchain in accounting and gave a systematic review of literature which has been retrieved from the 'Masader' database operated by EBSCOhost in Oman. They concluded, even though the Blockchain has no universal technical or process

standards, it continues to grow to reach maturity, and follows the trajectory until to be adopted as such any new technology and developers should look for industry solutions tied to a specific platform as called for that. They also revealed that future empirical research with practical application will demystify cyber threats and importance of human interaction.

- Impact of Blockchain-based Smart Contracts on Inherent Risk Assessment, Presented by Zakaria Hasaneen. He presented a working paper and tried to examine the impact of blockchain based smart contracts on Inherent Risk Assessment.
- A Descriptive Study of Consensus Mechanisms of Various Blockchain Platforms, presented by Ashutosh Poonia and Dr. Parul Dashora. They described Proof of Work (PoW), Delayed Proof of Work (DPOW), Proof of Importance (POI), Proof of Elapsed Time (PoET), Proof of Capability (PoC), Proof of Authority (PoA), proof of burn (PoBr), Proof of Stake (PoS), Delegated Proof of Stake (DPoS), Ripple Protocol (RP), Practical Byzantine Fault Tolerance (PBFT), Delegated Byzantine Fault Tolerance (DBFT) and Federated Byzantine Agreement (FBA).
- Blockchain Technology in Accounting, presented by Anju Singh and Prof. Kripa Shanker Jaiswal. They explored the theoretical framework for blockchain applications in accounting, identified the core benefits and downside, and discussed its implications for auditing and accounting in general and for credit risk management in particular.
- A study on the phases of blockchain from an accounting perspective presented by Ramavtar Meena. The researcher examines the potential for blockchain accounting applications, outlining important benefits and drawbacks, as well as opportunities and dangers. Researcher focused on the organisational problems posed by accounting blockchain systems, as well as their potential to improve accounting activity. Researcher addressed the potential for blockchain to disrupt the accounting profession, as well as the accounting profession's potential role in furthering blockchain technology.
- Features and Significance of Blockchain Accounting Software, presented by Ram Prasad Suthar and Dr. Parul Dashora. They explored 2 features of Blockchain accounting software and analyse significance of Blockchain accounting software. For this purpose, they reviewed various research papers, articles, and related available literature. The research study used a qualitative approach for

exploring features and significance of Blockchain accounting software. After reviewing available literature, it was found that Blockchain accounting software increases greater transparency, enhances security, improves traceability, increased efficiency, speed, and reduces cost.

Prof. Usha Kiran, Professor, Department of Commerce, Osmania University, Hyderabad gave the concluding remarks and praised all the paper presenters. .

The program was coordinated by CA Anima Chordia, Research Scholar of the Department, and Rapporteur were Ms Antima Sharma, Ms. Kiran Yadav and Mr. Ashutosh Poonia, Research scholars of the department.

Mr. Deepak Baser, research scholar, The Department of Accounting and Business Statistics, presented the vote of thanks.

The Department of Accountancy and Business Statistics, Mohanlal Sukhadia University organised Workshop on Qualitative Research on 7th December, 2021. The summary of the programme is presented here:

Inaugural function

The programme began at 10:30 AM in physical-cum-online mode with the Kulgeet of Mohanlal Sukhadia University. An Uparna and momento were presented to the Chief Guest, Keynote Speaker and other dignitaries present. Director of the workshop and Head of the Department of Accountancy and Business Statistics, **Prof. Shurveer S. Bhanawat** gave the welcome address by welcoming all the eminent dignitaries, Honourable Vice Chancellor, Chief guest, Keynote Speaker, esteemed faculty members, scholars and all the attendees of the workshop. He introduced Prof. R.K. Singh, the chief guest of the workshop who is presently the Dean of Delhi School of Economics, and a renowned academician and corporate trainer. He also introduced the Keynote speaker Prof. Hemendra Dangi (B.Tech Gold Medalist), who is presently a Professor in Delhi School of Economics, University of Delhi and an expert in various softwares. Prof. Bhanawat briefly discussed that the department is currently working on the major project titled "Blockchain Accounting: An exploratory research" sponsored by RUSA, Ministry of Education, Govt. of India. He explained that the focus of the project is on the development of blockchain based accounting model and highlighted that Department Computer science is providing help in the technical part of the project. He said that a lot quantitative research is done generally, but the qualitative analysis of data is also an important aspect. He highlighted the research achievements of the Department by mentioning about various publications in journals and receipt of ICAI International research award (Silver) in Taxation category.

The Organising Secretary of the workshop, **Dr. Asha Sharma**, Assistant Professor, Department of Accountancy and Business Statistics, introduced the Chief Guest and Keynote speaker for first session Prof. R.K. Singh. Professor R. K. Singh is presently Head and Dean, Faculty of Commerce and Business, Delhi School of Economics. He is a renowned academician with rich experience and has made valuable contributions through writings for National and International journals published by Routledge, Taylor and Francis, Springer, Emerald, etc., in the broad domain of managing human resources with focus on effectiveness and spirituality. Recently, he has published a paper in Q1 ranked journal of ABDC listing. He has been Editor of Business Analyst and is now on editorial board and reviewers' panel of

International journals like Management Decision, Journal of Organizational Change Management, International Journal of Organizational Analysis, etc. In addition to a fusion of qualitative and quantitative, he has more than thirty years of experience not only in the field of teaching, but also corporate training, consultancy, and administration. He has held various positions of responsibility including Chairman, Governing Body of Bharati College, University of Delhi, member of Academic Council of Mahatma Gandhi International Hindi Central University, Maharashtra and Manav Rachna University, Haryana, member of Academic Council, Lucknow University, member of Governing Body, Narsee Monjee College of Commerce & Economics, Mumbai. As corporate trainer, Dr. Singh has successfully headed various training programs in India's leading organizations like Balco, Forest Research Institute, Defense Research Development Organization (DRDO), Punjab Police, Indian Institute of Public Administration (IIPA), Aricent Technologies, , National Hydro Power Corporation (NHPC), Steel Authority of India Limited (SAIL), Gas Authority of India Limited (GAIL), Indian Farmers Fertilizes Cooperative (IFFCO), J K Cement Ltd, Pundit Deen Dayal Upadhyay National Academy of Social Security (PUDNASS), etc. His contributions as a trainer have been well acknowledged and appreciated. His interventions at corporate have won accolades among HR practitioners.

Chief guest address was given by **Prof. R.K. Singh**, Dean, Delhi School of Economics, University of Delhi. He thanked Prof. Bhanawat for inviting him and called Udaipur as his second home. He said that most commerce research methods are quantitative as numbers are tangible and we are experts at number crunching, but when you go into deeper insights, numbers don't show the complete truth. For knowing the complete truth, we will discuss the topic today that is qualitative research. He said that qualitative research believes that reality cannot be separated from the narrator. If you want to know the reality, you need to amalgamate all the perspectives. It is listening to the statements and then synthesizing them. The soul of qualitative research is analysis and synthesis going hand in hand. He discussed about the critical qualitative research which involves the role of society, role of gender, structure hindering, etc. He said that you are able to understand the grand narrative only when you live with research.

Guest of Honour address was given by **Prof. P.K. Singh**, Dean and chairman, faculty of commerce, Mohanlal Sukhadia University. In his speech, he first congratulated the organisers, and stated that it was the first time in the college that 2 professors of the renowned Delhi school of economics were present to deliver the lecture. He called Prof. R.K. Singh as

an ethically and morally bold personality. He said that qualitative research is conceptual and philosophical. It is important to listen to all the narratives in qualitative research. He quoted Albert Einstein and said that by knowledge and logic, you can only learn ABCD, but qualitative research involves imagination and thinking and a questioning attitude.

Dr. Asha Sharma, Assistant Professor of the Department of Accountancy and Business Statistics, Mohanlal Sukhadia University gave the vote of thanks to all the esteemed guests, eminent speakers, and participants.

Technical session

Prof. R.K. Singh, Dean, Delhi School of Economics was the first keynote speaker for the workshop. He said that research is the process of knowing the reality. Research is the search of reality. In social sciences, reality is not given, but reality is constructed. He said that qualitative research is understanding the natural phenomenon through scientific methods. There are certain premise and philosophy that needs to be understood. He explained epistemology and ontology as the components of qualitative research. He stated that qualitative research involves redefining relationships with multiple facts. He stated that quantitative research involves measurement but qualitative research involves assessment. He also explained that in qualitative research, ABC go hand in hand, wherein A refers to Affect, B refers to Behaviour and C refers to Cognition. He asked the scholars what they knew about qualitative research. He compared various aspects of qualitative and quantitative research and said that quantitative look at reality from objectivity point; but in qualitative, truth, fact or reality is never presented in a linear form. He said that in quantitative research, reality is different from narrator; but in qualitative research, reality is similar to the narrator. He said that in qualitative research, measurements and yardsticks in one context cannot be used in other context always; but it is the opposite in quantitative research. He said that in quantitative research, things are given and you just have to dig them out, but in qualitative research, you have to make your own interpretations. He stated that the premise of qualitative research is totally opposite of quantitative research. He said that epistemology, narratives, case studies are some of the techniques of qualitative research and their selection depends on what you want to do, where you want to reach etc.

The second keynote speaker was Prof. Hemendra Dangi, Professor, Delhi School of Economics, University of Delhi. He conducted a practical session in the computer lab on NVivo software. NVivo is a qualitative data analysis (QDA) computer software package

produced by QSR International. NVivo helps qualitative researchers to organize, analyze and find insights in unstructured or qualitative data like interviews, open-ended survey responses, journal articles, social media and web content, where deep levels of analysis on small or large volumes of data are required. The attendees were trained using the 11th Edition of NVivo software.

The program was co-ordinated by Dr. Samta Ordia and Ms. Amreen Khan, Project Fellow of the Department, Technical work was organised by Mr. Babu Lal Gedar, Mr. Vishnu Mahawar and Mr. Ashutosh Poonia, Research Scholars in the department and Rapporteur were CA. Anima Chordia and Mr. Gourav Surana, Research scholars in the department.

CA. Anima Chordia, research scholar, Department of Accountancy and Business Statistics, Mohanlal Sukhadia University presented the vote of thanks.

REPORT OF ONLINE INTERNATIONAL CONFERENCE SERIES 3

The Department of Accountancy and Business Statistics, Mohanlal Sukhadia University organised international conference series 3 on Use-cases of Blockchain Technology (special reference to accounting) on 11 December 2021. The summary of the programme is presented here: Inaugural function

Director of the conference and Head of the Department of Accountancy and Business Statistics, Prof. Shurveer S. Bhanawat gave the welcome address by welcoming all the eminent dignitaries, Honourable vice chancellor, chief guests, keynote speakers, chairman of technical session, esteem faculty members, scholars and all the attendees of the conference and discussed the themes and objectives of the conference series and briefly discussed that the department is currently working on the major project titled “Blockchain Accounting: An exploratory research” sponsored by RUSA, Ministry of Education, Govt. of India. Prof. Shurveer Singh Bhanawat mentioned that there can be three elements for the progress of any department: i.e. education, research and consultation. Many educational projects of the department are funded by RUSA; in research our department is achieving new milestones. For the last 2 consecutive years the department has been receiving awards from the ICAI and many research scholars of the department succeed to publish their research work in the journal of ICAI. For the consultation department is trying to inaugurate a tax clinic. This new venture of the department will provide benefits to the students and citizens of Udaipur.

The Organizing secretary of the conference series 3, Dr. Shilpa Lodha Assistant Professor, Department of Accountancy and Business Statistics, welcomed all Dignitaries and explained that the conference is one on the “Use-cases of Blockchain Technology (special reference to accounting)”.

The Chief Guest of the conference was Professor Seema Gupta, Former Professor, IIM, Bangalore. She thanked Dr. Shilpa Lodha and Prof. Shurveer Singh Bhanawat for their heartfelt welcome. She said that blockchain is like the 4th industrial revolution. further, she opined that

the digital economy works following the pattern of big companies viz. Google and Facebook. these companies are so powerful that they can influence a countries politics.

Presidential address was sent by Prof. Amarikasingh, Vice chancellor, Mohanlal Sukhadia University, Udaipur. Although sir could not mark his presence, he congratulated the whole department for organising the conference series and sent his best wishes for its success to the department.

The Patron address was given by Prof. P.K. Singh, Dean and chairman, faculty of commerce, Mohanlal Sukhadia University, where he first thanked Prof. Amarika Singh and welcomed all the guest and further discussed Blockchain technology and lastly congratulated Prof. Bhanawat Sir and stated that the project will surely bring proud moment at national and international level and will be a great success.

Dr. Shilpa Vardia, Assistant Professor, Department of Accountancy and Business Statistics gave the vote of thanks to all the esteemed guests, eminent speakers, presenters and participants.

Technical session

Dr. Sanjay Baijal, Professor, Department of Commerce, DDU Gorakhpur University, Gorakhpur, chaired the session. He conducted the session and invited first keynote Speaker. The keynote speaker, **Anju De Alwis** is Managing Director at Ultimate Access Education, United Arab Emirates. She is a keynote speaker on Blockchain and future of finance. She is leading an innovative education company via technology & agility to become one of the leaders of Corporate Education. She is a high performance senior executive with domestic and international experience. She has provided effective leadership through Finance and Technology (Fintech). She is also consulting, designing, implementing, and supporting complex business solutions focusing on maximizing efficiencies, scalability, availability, and return on investment. she said that anything you do in the real world, even in when you talk about buying cryptocurrency, you need to think about the reality of that currency also and blockchain is the technology that resolves all these problems.

The second keynote speaker **Dr. Joshua Ellul** is the Director of the Centre for Distributed Ledger Technologies (DLT) which runs a world-first multidisciplinary Masters in Blockchain and DLT

taking in students having backgrounds in computer science, law, finance and economics. He is also Chairperson of the Malta Digital Innovation Authority which regulates technology aspects of blockchain and safety-critical systems including those that may make use of Artificial Intelligence. Joshua sir he explained about the robotics in agriculture sector. and also explained that through the use of blockchain consumer verify the product originality. blockchain technology provide trust and remove the central service providers. he said that with the use of blockchain technology in supply chain the consumers trace their product easily that will increase the trust. we can use this technology in banking, insurance, financial sector, and healthcare, voting etc.

Then Dr. Sanjay Baijal invited paper presenters. Total 8 research papers were presented which are summarized as follows: -

Utility ofBlockchain in the India Economy, presented by Prof. Pavan Mishra and CA Priya Anand. The aim of the research paper is to explore the nuances of blockchain as a novel technology revolutionizing the Indian scenario. As compared to the traditional method of maintaining records, Blockchain lays down a transformative way to record, process, and store data. Tracing this innovative technology into the Indian landscape, we have attempted a value assessment of the need, utility and implications of blockchain in the Indian system. In pursuit of this purpose, it also illustrates many dynamic blockchain implications. The authors go on to examine the benefits of blockchain in the Indian context and how it can solve problems caused by internet use. The study finishes with specific ideas for adapting, adjusting, and elevating blockchain, as well as the problems encountered in successfully deploying blockchain.

Blockchain Technology application (Use Cases) in Financial Services, presented by NuzhatSadriwala, S. Kaneez Fatima and Rabie Khairanaas. For application of block chain technology each use case should maintain a consistent focus and a set of assumptions. The DLT in the form of business process will be applicable in global financial market for stakeholder alignment, for regulatory and governance purposes only if we assume that the digital identity will be available and the performance expectancy will meet the use cases goals effectively. For effort expectancy we assume that the distributed ledger solutions will meet volume through scalability and facilitate automation. Assuming that the block chain technology is secure and it will safeguard against fraud

and errors, security protocols will be established and it will provide end-to-end encryption through testing and verifying all codes. It will be readily acceptable by the society by becoming a real time settler reducing operational cost and minimizing operational errors.

Blockchain: Boon for Banking Sector presented by Dr. Shital P. Vekariya. Each bank account holder needs their cash to be protected from cyber criminals as well as from fraud. But, the verification and approval process are so lengthy and tedious that banks suffer a great loss in terms of the productivity as well as relation with clients. Blockchain is helping the banks to eliminate these drawbacks steps by enrolling once with the blockchain and skipping repetitive authorisation for different services if they are also utilising this decentralized system. No doubt, blockchain platforms plays very significant digital change and technological transition in the sector of banking and finance to disturb their conventional. Today, the market sees blockchain wallets as one of digitally safest mode of transferring cash in whole world in the coming years.

Use Cases of Blockchain Technology in Voting System and Healthcare Sector presented by Mr. Babu Lal Gedar, Ms. Charu Sharma and Dr. Shilpa Lodha. They reviewed the current academic research on Blockchain is an emerging and revolutionary technology that is drawing a lot of public attention because of its capability of reducing risks and frauds in an ascendable manner and providing high security as well to the data. This study based on uses of blockchain technology in voting system and healthcare sector. Aim of the study gave an overview of uses of blockchain technology in voting system and healthcare sector. Nature of the study are descriptive. Concluded that since the e-voting systems based on blockchain still required further testing and people still are not fully aware of all the risks that are associated with the security and scalability of such systems. E-voting systems should first be applied on small pilot projects and then its scope should be extended. Uses of blockchain technology in healthcare is rapidly grows and the study shows that the many uses of healthcare like Single and longitudinal records of the patient, master patient indices, supply chain management, claims adjudication, interoperability, electronic medical records, remote patient monitoring, health insurance claims, drug discovery and pharmaceutical research, clinical trials, medical fraud detection, billing claims management, healthcare data management and many companies are using blockchain technology in healthcare sector.

Impact of Blockchain-based Smart Contracts on Inherent Risk Assessment, Presented by Zakaria Hasaneen. He presented a working paper and tried to examine the impact of blockchain based smart contracts on Inherent Risk Assessment.

Blockchain Technology: An Adoption, impact and challenges of Banking sector, presented by Kapil Shobhwani and Dr. Shilpa Lodha. This paper is mainly about Blockchain and its adoption, impact and challenges in the banking sector. The aim of the study adoption of blockchain in banking and the challenges faced by the banking sector due to the adoption of blockchain technology are discussed in this paper, and its impact is highlighted. Firstly, the blockchain technology background is discussed, and working process. The researcher has collected research data systematically collated through secondary research sources, including banks websites, scholarly articles, Research paper, reports, and various other websites. The use of blockchain technology will bring efficiency and speed, increase security and reduce costs in existing processes of banks, which in turn will reduce service costs and improve the quality of services for customers. In conclusion, it can be said that blockchain technology is the future of banks and financial institutions, with advanced regulations, high-tech security, proper identity verification and the ability to make faster payments.

Supply Chain Management by Using Blockchain Technology: A Descriptive Study, presented by Deepak Kumar, Neha Banshiwal and Dr. Hemant Kaduniya. Blockchain creates a whole new paradigm in the ecosystem in the new emerging economy, where business and technology are wired to each other through the digital economy. The blockchain is a game-changing technology that will transform the supply chain industry. In this paper, use of blockchain technology is described with potential application to supply chain management and the barriers in adoption of blockchain technology. For the study descriptive research design is used and data was collected through secondary source like journal, articles, news, websites etc. The findings show that Blockchains immutability ensures data security and prevents any data changes, it also enhance the loyalty of consumer and his trust on the product.

Exploring the Efforts Made by Different Government in the Field of Blockchain Technology presented by Dr. Shilpa Lodha and Apporva Mamodiya. The Blockchain is the

newest and perspective technology in modern economy. This technology can help to solve different kind of problems in the industrial sphere, such as trust, transparency, security and reliability of data processing. In the last decade blockchain technology become mainstream research topic because of its decentralized, peer to peer transaction, distributed consensus, and anonymity properties. The blockchain technology overshadows regulatory problem and technical challenges. In this paper the description of the Blockchain technology and its implementation is given. This paper focuses on the efforts which is made by different government in the field of blockchain.

Secure Voting System for Electing GS(General Secretary) for the Institute using blockchain technology, presented by Anjali Chavan, RutujaDhanokar, Marhan Jamadar and Marzan Jamadar. The elections that are made by using traditional methods are no longer preferred because of the long period of preparation, fake voting, faulty voting, mistakes made in counting the votes, long periods of counting. To avoid these disadvantages, it is obligatory to carry the available voting system to an electronic system. A digital e-voting system has many properties such as decentralization, immutability, and efficiency. The growth in digital e-voting systems arises many security issues. So in this paper, blockchain technology is used in the digital e-voting system to solve security issues and fulfil the system requirements. It offers new opportunities to deploy a secure e-voting system in any organization. The solution is far better as compared to other solutions because it is a decentralized system.

Dr. Sanjay Baijal, Professor in the Department of Commerce, DDU Gorakhpur University, Gorakhpur gave the concluding remarks and praise all the paper presenters.

The program was coordinated by Ms. Prabhuti Rathore, Research Scholar of the Department, Technical work was organised by Ms. Charu Sharma, Research Scholar in the department and Rapporteur were Mr. Gourav Surana, Research Scholar, Ms. Neha Banshiwal, Research scholar, Department of Accountancy and Business Statistics. research scholar, Department of Accountancy and Business Statistics, Mohanlal Sukhadia University presented the vote of thanks at the end of technical session

ब्लॉकचेन तकनीक को शिक्षण संस्थाओं के पाठ्यक्रम में शामिल करना वर्तमान समय की मांग :प्रो. अमेरिका सिंह

भारत देश आने वाले वर्षों में फिनटेक में विश्व की राजधानी होगा : राज ए कपूर

उदयपुर। मोहनलाल सुखाड़िया विश्वविद्यालय के लेखा और व्यवसायिक सांख्यिकी विभाग ने शनिवार को कुलपति महोदय प्रोफेसर अमेरिका सिंह के निर्देशन में 'लेखांकन में ब्लॉकचेन टेक्नोलॉजी : चुनौतियां एवं संभावनाएं' पर ऑनलाइन अंतर्राष्ट्रीय संगोष्ठी श्रृंखला- 4 का आयोजन किया। इस संगोष्ठी में उद्घाटन सत्र के मुख्य अतिथि प्रो. बी.पी. शर्मा, ग्रुप प्रेसिडेंट, प्लानिंग एंड कंट्रोल, पैसिफिक ग्रुप ऑफ यूनिवर्सिटीज, उदयपुर, राजस्थान थे।

उन्होंने कहा कि ब्लॉकचेन में सूचना के कई ब्लॉकों को जोड़ने और उन्हें आपस में जोड़ने की क्षमता है। उन्होंने यह भी कहा कि भारत 20 साल पहले से आर्टिफिशियल इंटेलिजेंस के क्षेत्र में है और विश्वविद्यालयों को अपने शोध प्रदर्शन को बेहतर बनाने के लिए अच्छी क्षमता वाले कंप्यूटर सिस्टम अपनाने की जरूरत है। उन्होंने कहा कि ब्लॉकचेन का उपयोग विभिन्न क्षेत्रों जैसे यातायात प्रबंधन, रक्षा धोखाधड़ी की रोकथाम आदि में किया जा सकता है। कुलपति प्रोफेसर अमेरिका सिंह ने अपने बधाई संदेश में कहा कि ब्लॉकचेन तकनीक को शिक्षण संस्थाओं के पाठ्यक्रम में शामिल करना वर्तमान समय की मांग है।

अध्यक्षीय भाषण प्रो. पी.के. सिंह, डीन और अध्यक्ष, वाणिज्य संकाय, निर्दिष्ट और उन्होंने ब्लॉकचेन तकनीक पर चर्चा की और कहा कि ब्लॉकचेन पर आधारित विभाग द्वारा संचालित परियोजना निश्चित रूप से गर्व का क्षण लाएगी। विश्वविद्यालय के लिए यह राष्ट्रीय और अंतरराष्ट्रीय स्तर पर और एक बड़ी सफलता होगी।

कार्यक्रम की शुरुआत में वेबिनार के निदेशक और विभागाध्यक्ष प्रो. शुरवीर एस. भाणावत ने स्वागत भाषण दिया और वेबिनार के विषयों और उद्देश्यों पर चर्चा की और 'ब्लॉकचेन अकाउंटिंग : एन एक्सप्लोरेटरी रिसर्च' नामक विभाग परियोजना के बारे में संक्षेप में चर्चा की। उन्होंने ब्लॉकचेन तकनीक को लेखांकन के क्षेत्र में गेमचेंजर कहा। उन्होंने यह भी बताया कि ब्लॉकचेन की चुनौतियां स्केलेबिलिटी, ब्लॉक स्थायीता और स्मार्ट अनुबंध अपरिवर्तनीयता हैं। उन्होंने कहा कि ब्लॉकचेन का उपयोग निकट भविष्य में फार्मा, कृषि, शिक्षा, ऊर्जा, सरकारी लेखांकन आदि हर क्षेत्र में किया जाएगा।

विभाग की सहायक आचार्य तथा संगोष्ठी की आयोजक सचिव डॉ. शिल्पा वर्डिया ने संचालन

किया एवं कहा कि ब्लॉकचेन तकनीक लेखांकन के क्षेत्र में लेखाकारों एवं अंकेक्षकों को अपने पेशे में न केवल कई नए अवसर प्रदान करेगी वरन् कई चुनौतियां भी उत्पन्न करेगी उन्होंने यह भी बताया कि आने वाले निकट भविष्य में वित्तीय प्रतिवेदनों एवं उनके अंकेक्षण को ब्लॉकचेन तकनीक प्रतिस्थापित नहीं कर सकती है। कुलपति के बधाई संदेश का वाचन सहायक प्रोफेसर डॉ. आशा शर्मा द्वारा किया गया। समारोह के अंत में सहायक प्रोफेसर डॉ. शिल्पा लोढ़ा ने धन्यवाद दिया।

तकनीकी सत्र में, अध्यक्ष डॉ. अरिंदम गुप्ता, प्रोफेसर, वाणिज्य विभाग, विद्यासागर विश्वविद्यालय, मिदनापुर, पश्चिम बंगाल ने कहा कि ब्लॉकचेन प्रौद्योगिकी के व्यापक अनुप्रयोग हैं। शुरुआत में यह बिटकॉइन और डिजिटल करेंसी से जुड़ा था लेकिन भविष्य में यह तकनीक राज करने वाली है। उन्होंने कहा कि सरकार को इस तकनीक से संबंधित कानून बनाने की जरूरत है।

पहले मुख्य वक्ता डॉ. ओंकार नाथ, सूचना सुरक्षा, जोखिम प्रबंधन, साइबर सुरक्षा, डिजिटल फोरेंसिक और आईएस ऑडिट के लिए रणनीतिक स्तर पर सलाहकार, ने व्यक्त किया कि

ब्लॉकचेन की आत्मा ब्लॉक के भीतर छिपी हुई है और हैश ब्लॉक की आत्मा है। उन्होंने यह भी कहा कि लेन-देन का आश्वासन और संपत्ति के अधिकारों का हस्तांतरण ब्लॉकचेन और स्मार्ट अनुबंध दृष्टिकोण द्वारा किया जाएगा। उन्होंने इस तकनीक से जुड़े जोखिमों और पार्टियों के बीच विश्वास की कमी को ब्लॉकचेन तकनीक की चुनौतियों के रूप में उल्लेख किया।

दूसरे मुख्य वक्ता श्री राज ए कपूर, इंडिया ब्लॉकचेन एलायंस के संस्थापक और कई ब्लॉकचेन कंपनियों के सलाहकार बोर्ड के सदस्य ने कहा कि ब्लॉकचेन एक सूचना प्रौद्योगिकी नहीं है, यह एक संस्थागत तकनीक है। उनका यह भी कहना है कि ब्लॉकचेन डिस्ट्रीब्यूटेड लेजर अकाउंटिंग के अमिताभ बच्चन की तरह है जिसे हर कोई जानता है। ब्लॉकचेन तकनीक का उपयोग वित्त में जारी करने, फंड लॉन्च करने, परिसंपत्ति संपादिककरण आदि के लाभ प्राप्त करने के लिए किया जाता है। उन्होंने यह भी कहा कि ब्लॉकचेन तकनीक को मानव त्रुटि मुक्त तकनीक कहा जा सकता है। उन्होंने यह भी कहा कि ब्लॉकचेन के अनुसंधान में भारत अग्रणी है एवं भविष्य में भारत फिनटेक में विश्व की राजधानी होगा उन्होंने

ब्लॉकचेन टेक्नोलॉजी की चुनौती के रूप में इंटरऑपरेबिलिटी का उल्लेख किया। उन्होंने यह कहते हुए निष्कर्ष निकाला कि भविष्य में प्रौद्योगिकी से निपटने के लिए, लेखाकारों को एक विशेषज्ञ सलाहकार के रूप में अपना प्रोफाइल बदलना होगा। सम्मेलन में विषयों और विभिन्न उप विषयों पर कुल 10 शोध पत्र प्रस्तुत किए गए।

इस समारोह में महाविद्यालय के प्रोफेसर मुकेश माथुर, अध्यक्ष बैंकिंग एवं व्यवसायिक अर्थशास्त्र विभाग, प्रोफेसर मंजू बाघमार, अध्यक्ष व्यवसाय प्रशासन विभाग, वरिष्ठ प्रोफेसर डॉ. राजेश्वरी नरेंद्र, डॉ. देवेन्द्र श्रीमाली डॉ. शैलेंद्र सिंह राव, डॉ. सचिन गुप्ता, डॉ. रेनु शर्मा, डॉ. विनोद मीणा एवं पुष्प राज मीणा उपस्थित थे।

तकनीकी सत्र का संचालन विभाग की सुश्री अमरीन खान एवं डॉ. समता ओरडिया प्रोजेक्ट फेलो द्वारा किया गया, तकनीकी कार्य का संचालन विभाग के शोधार्थी चारु शर्मा, प्रभुती राठौर, बाबू लाल गेदर, अनीमा चोर्डिया, गौरव सुराणा और नेहा बंशीवाल द्वारा किया। और प्रतिवेदक मनीषा सोनी और अंतिमा शर्मा थीं। डॉ. निशा कालरा, पोस्ट डॉक्टरल फेलो, ने धन्यवाद प्रस्ताव प्रस्तुत किया।

One Week Workshop
On
Data Analysis Using Statistical Software (Hybrid Mode)
Report
February 7th to 13th 2022

University Yog Center and the Department of Accounting and Business Statistics, Mohanlal Sukhadia University, Udaipur, Rajasthan jointly organized a one week workshop on Data Analysis Using Statistical Software (in Hybrid Mode) from 7th February to 13th February 2022. At the outset welcome address and workshop theme was explained by Prof. Shurveer S. Bhanawat, Workshop Director, Professor & Head, Dept. of Accountancy and Business Statistics, MLSU, Udaipur. In his address, he explained the themes and objectives of the workshop and He emphasized the importance of Data analysis in the big data era. The chief patron of the conference, Prof. Amarika Singh, Vice-Chancellor, Mohanlal Sukhadia University, Udaipur, sent his wishes to complete the workshop successfully. The patrons of the conf. Prof. P.K. Singh Sir, Dean UCCMS, MLSU, and Prof. C.R. Suthar, Dean, University College of Social Science and Humanities, MLSU Udaipur graced the function. Dr. Deependra Singh Chouhan, Coordinator, University Yog Center, MLSU, also marked his presence in the inaugural. Dr. Shilpa Lodha, Workshop organizing secretary, and Assistant Prof. Dept. of ABST, MLSU gave the vote of thanks.

The inaugural function was followed by the first session on the Theoretical Framework of Parametric and Non Parametric tests. The resource person of the session, **Prof. shurveer S. Bhanawat, explained the concept and application of these tests. Sir gave examples related** to yoga and regular business applications to shed light on these tests. Sir had also explained the basic terminologies of research such as Population, Parameter, Statistics, Hypothesis, Significance level, etc., in a layman language. This is how sir has built up a strong base for all the participants for the further sessions.

Dr. Shilpa Lodha, Assistant Professor, had taken the second session of the workshop on Handshake with Statistical Software.

In the session, Ma'am introduced all the initial requirements to work on SPSS. Then, she gave her session on Data Coding and Cleaning, where she explained how to enter Data in Spss and

what data view, variable view, how we can code data, data cleaning, missing values, outliers, etc.

On 9th February 2022, Dr. Pushpkant Shakdwipee, Associate Professor, PIM, Pacific University, Udaipur, gave his session on Hands-on Exercise on Parametric tests. Sir discussed the assumptions to apply parametric tests. He explained types of t-tests and ANOVA theoretically and practically on SPSS. In addition, he discussed the characteristics of a Hypothesis how to develop and interpret the hypothesis testing results.

On 10th February, Prof. K.K. Dave, President, Pacific University, Udaipur gave the session on Hands-on Exercise on Non-Parametric tests. Sir explained the conditions where these tests are applicable. In his session, sir had covered the Mann-Whitney test, Wilcoxon signed-rank test, Kruskal Wallis test, Kolmogorov- Smirnov tests, etc. Sir threw the light on the interpretation of the results of the test.

On 11th February, Dr. Hamendra Kumar Dangi sir, Professor, Delhi School of Economics, Delhi, gave his session on factor analysis. Sir explained this topic via audio-video examples. In addition, sir explained the types of factor analysis and the conditions where the specific kind of factor analysis is used.

On 12th February, Dr. Shilpa Lodha gave her a Logistic regression session. At the beginning of the session, she explained what linear regression is, dependent variables, independent variables, R square, Adjusted R square, Odds values, etc. Further, she demonstrated the application of logistic regression on given data in SPSS and explained how to interpret the results.

On 13th February, Prof. K.K Dave sir gave a Regression Simple and Multiple sessions. Sir had explained the assumptions to apply Multiple and Simple Regression. He also demonstrated application of data to SPSS patiently. In addition to this, sir explained output of regression analysis and also taught that how to interpret these results in the thesis.

Dr. Shilpa Lodha conducted the valedictory session. She welcomed all the guests of the session. Prof. K.K. Dave, President, PIM, Pacific University, chief guest of the session stated that these kinds of workshops are beneficial for the researchers. Prof. P.K. Singh, Dean, University College of Commerce and Management Studies, also appreciated the efforts and congratulated the organizers to successfully completed the workshop. Dr. Shilpa Lodha gave the vote of thanks.

Report of Three Days Workshop on Learning Mendeley Software- A Guiding Tool to Review of Literature (Hybrid Mode)

The Department of Accountancy and Business Statistics, Mohanlal Sukhadia University organized three days' workshop on Learning Mendeley Software- A Guiding Tool to Review of Literature from 5th April 2022 to 7th April 2022. The Summary of the workshop is presented here:

Inaugural Function: in inaugural function Dr. Shilpa Lodha, organizing secretary of workshop welcomed all the faculty members of the Department of Accountancy and Business Statistics i.e., Prof. Shurveer Singh Bhanawat, Head, Department of Accountancy and Business Statistics, Dr. Shilpa Vardia, Assistant Professor, Department of Accountancy and Business Statistics, Dr. Asha Sharma, Assistant Professor, Department of Accountancy and Business Statistics, Dr. Parul Dashora, Assistant Professor, Department of Accountancy and Business Statistics, Mr. Pushpraj Meena, Assistant Professor, Department of Accountancy and Business Statistics, & Resource Person Dr. Monika Soni.

Prof. Shurveer Singh Bhanawat, Head, Department of Accountancy and Business Statistics Described the importance of review of literature in the research. They mentioned that Mendeley software is contemporary software which help researcher to manage their research paper in systematic manner. With the help of this software researcher can manage their research articles easily, so they can devote more time to their research work.

Almost 31 participant attended workshop on offline mode and nearly 35 participants joined workshop on online mode.

At the end of the inaugural session Dr. Shilpa Lodha organizing secretary of workshop thanked all the faculty members and participants for their presence.

Day 1, 5th April 2022, Time: 11:00 AM to 1:00 P.M.:

Dr. Monika Soni resource person of the workshop chaired the session: At the beginning of the session she described the meaning of the literature. Further she mentioned that there are three broad categories of review of literature: Narrative Review, Meta-Analysis, and Bibliometric Analysis. She also taught the participants about the PRISMA checklist, which is widely used a scientific method to do systematic review of literature.

Day 2, 6th April 2022, Time: 11:00 AM to 1:00 P.M.:

Dr. Monika Soni resource person of the workshop chaired the session: At the beginning she helped the participants in downloading the Mendeley software. Further she delivered fundamental knowledge of Mendeley software. She taught how participants can download the files in mendeley from their desktop, how can they import a folder. Further she mention how participants can manually enter entries for the research articles. Later she taught how students can create folder, sub folders for their research work. She also mentioned that researcher can give keywords as tags to their research, which can help researcher in their research work. She also taught the participants how they can create their online library with the help of Mendeley

software. At the end of the session Mr. Deepak Kumar Suthar, Junior Research Fellow of the Department of Accountancy and Business Statistics, MLSU Udaipur gave vote of thanks.

Day 3, 7th April 2022, Time: 11:00 AM to 1:00 P.M.:

Dr. Monika Soni resource person of the workshop chaired the session: In the beginning of the session she taught about the various styles of referencing for the different disciplines. She taught how to download MS Word Plug in. Later she taught how research can cite the authors in their word file with the help of mendeley software. She also taught how the referencing can be done in word file and how the referencing styles can be changed. Later she taught how participants can create the group with the researcher who are situated at different geographical places and can be collaborated for the research and do review of literature easily; she said that this feature of the mendeley will help the researchers to remove the barriers of geographical boundaries in research. At the end of the session she organized a quiz for the participants and all the participants enthusiastically participated in the quiz.

At the end of the session Ms. Antima Sharma, Senior Research Fellow of the Department of Accountancy and Business Statistics, MLSU Udaipur gave vote of thanks.

On the valedictory of workshop Dr. Shilpa Lodha organizing secretary of the workshop thanked Dr. Monika Soni for delivering such a qualitative knowledge in all three sessions of the workshop and also thanked participants for their cooperation.

उदयपुर. मुम्बईया विश्वविद्यालय के एमबीक (लेखांकन अंकेशन एवं कराधान), लेखा एवं व्यावसायिक सांख्यिकी विभाग एवं मुंबई स्टॉक एक्सचेंज फॉर्म के तत्वावधान में भारतीय पूंजी बाजार एवं भारतीय अर्थव्यवस्था के अवलोकन पर सात दिवसीय संकाय विकास कार्यशाला का शुभारंभ किया। लेखा एवं व्यावसायिक सांख्यिकी विभाग के अध्यक्ष तथा एफडीपी के समन्वयक प्रोफेसर सुखवीर सिंह भाजपवाल ने बताया कि सात दिवसीय फैकल्टी इन्टरचेंज प्रोग्राम का उद्देश्य देश के विभिन्न कॉलेजों के विद्यार्थियों को धार्मिक एवं फैकल्टी मेयर के वित्तीय सम्बन्धन और संकाय साक्षरता को बढ़ावा देना, वित्तीय साक्षरता की जागरूकता हेतु पूंजी बाजार का गहन एवं व्यावहारिक ज्ञान प्रदान करना है।

Department of Geography
Mohanlal Sukhadia University, Udaipur
Internship Programme of Turn the Bus US based NGO

16th May – 20th July, 2021

Coordinator: Ms. Urmi Sharma

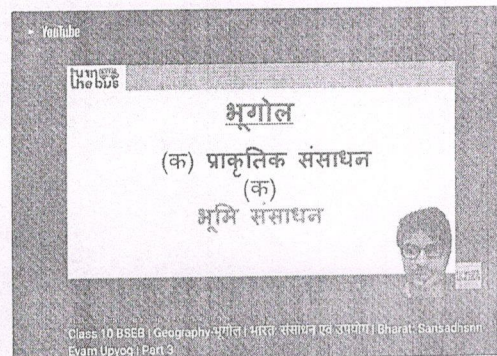

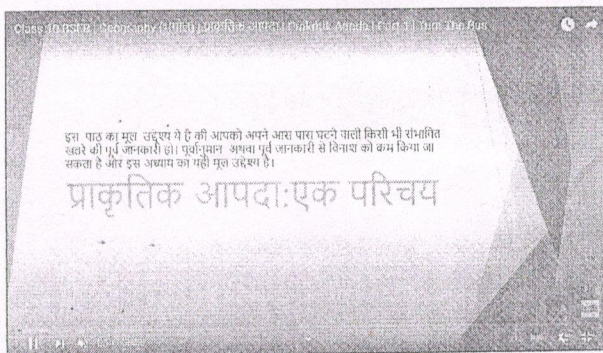

No. of Participants - 08

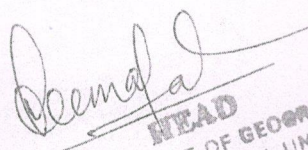

Department of Geography with a team of its scholars and passed out post-graduate students has successfully conducted an internship programme in collaboration with Turn the Bus (TTB) US based NGO. The objective of the programme was to develop E-content for the students of 10th standard of Bihar School Examination Board facing hardships in getting the education in remote areas of the state. Ms. Urmi Sharma under the able guidance of Prof. Seema Jalan, Head of the Department coordinated the programme. Ms. Java Singh, Chief Learning Officer at TTB and Ms. Sharma selected 08 extraordinary scholars and students to develop the E-content in Geography. All the interns submitted their lecture videos by the end of the internship and were given honorarium payments from the NGO. The work done by interns were highly appreciated by Ms. Singh and were made available on the YouTube channel of the NGO. The team comprised of the following members:

1. Mr. Rajesh Kumar Yadav (PhD scholar)
2. Ms. Priyanka Rao (PhD scholar)
3. Mr. Anubhav Singh (PhD scholar)
4. Ms. Aditi Rathore (PhD scholar)
5. Ms. Ankita Pandey (PG student Batch – 2020)
6. Ms. Jayshree Nandwana (PG student Batch – 2019)
7. Mr. Rajesh Kumar (PG student Batch – 2020)
8. Ms. Yaminee Sharma (PG student Batch – 2020)

The YouTube link of the E-content developed during the internship is as follows

Report

जैसा की हम सब को विदित है, COVID-19 अभी भी स्पष्ट और निष्पक्ष रूप से एक महामारी है, जिससे लगातार जीवन हानि और भयानक तबाही हो रही है।

इस समय पूरी दुनिया कोरोना वायरस के खिलाफ अपने जीवन की लड़ाई लड़ रही है। इसने दुनिया भर के सभी लोगों को सामाजिक, राजनीतिक और आर्थिक सभी पहलुओं पर प्रभावित किया है। हम सभी अपने जीवन के लिए लगातार संघर्ष कर रहे हैं, हालांकि, एक बड़ा मुद्दा यह है कि अब भी हमारे परिवार के कई सदस्य और प्रियजन सावधानी नहीं बरत रहे हैं और कोविड के उचित व्यवहार का पालन नहीं कर रहे हैं।

इन्हीं समस्याओं के समाधान हेतु आज दिनांक: 30 मई, 2021 रविवार, समय: दोपहर 12:00 बजे से 2:00 बजे तक "कोविड 19 और कोविड उपयुक्त व्यवहार" विषय पर एक दिवसीय वेबिनार का आयोजन किया गया। यह आयोजन नेहरू हॉस्टल, मोहनलाल सुखाड़िया विश्वविद्यालय के वार्डन डॉ. भँवर विश्वेन्द्र राज सिंह द्वारा करवाया गया।

मुख्य संरक्षक के रूप में मोहनलाल सुखाड़िया विश्वविद्यालय के कुलपति प्रो. अमरीका सिंह एवं उपसंरक्षक के रूप में प्रो. मंजू बाघमार, मुख्य वार्डन, मोहनलाल सुखाड़िया विश्वविद्यालय शामिल हुए।

मुख्य प्रवक्ता के रूप में डॉ. देवेंद्र राजावती ने अपने विचार प्रस्तुत किए। वे सार्वजनिक स्वास्थ्य केंद्र, एसडीए अस्पताल, दक्षिणी अफ्रीका में कार्यरत हैं,

सभी हॉस्टल के सभी छात्र, उनके रिश्तेदार और कॉलेज के सदस्यों ने इस वेबिनार में भाग लिया।

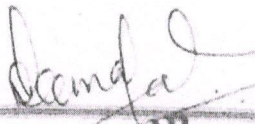

वक्ता डॉ. देवेंद्र राजावती ने कहा जैसा कि हम सभी जानते हैं, कोविड-19 महामारी ने अभूतपूर्व और अप्रत्याशित चुनौतियों को जन्म दिया है जिसके लिए सामूहिक कार्रवाई और सभी के समर्थन की आवश्यकता है।

नोवेल कोरोना वायरस (कोविड 19) का प्रसार रोकने के लिए केंद्र सरकार और राज्य सरकारों द्वारा सभी प्रयास प्रभावी ढंग से किया जा रहा है, परन्तु लंबे समय तक इस बीमारी से निपटने के लिए निवारक उपायों और प्रथाओं के महत्व को निरंतर रूप से सुदृढ़ करने की आवश्यकता है।

उन्होंने घातक वायरस के खिलाफ 15 निवारक कोविड उपयुक्त व्यवहार प्रथाओं बारे में विस्तृत व्याख्या दी। जिनमें 2 गज की दूरी, नाक, आँख और मुँह को बार बार छूने से बचने, हमेशा सफाई बनाये रखना, पुनः प्रयोज्य हाथ से बना फेस-कवर प्रयोग करना, भीड़भाड़ ना करने जैसे उपयुक्त व्यवहार भी शामिल थे। जिनका पूर्णतः पालन करने से हम स्वयं को भी तथा दूसरों को भी सुरक्षित कर सकते हैं।

डॉ. देवेंद्र राजावती ने बताया की सरकार के दिशा निर्देशों का पालन करना एवं टीकाकरण जागरूकता फैलाना बहुत ही प्रसंसनीय एवं उचित व्यवहार है। हम सभी को टीकाकरण करवाना चाहिए और इन सभी दिशा निर्देशों को पालन खुद भी तथा अपने साथियों से भी करवाना चाहिए।

वेबिनार के अंत में नेहरू हॉस्टल के वार्डन डॉ. भँवर विश्वेन्द्र राज सिंह ने सभी आगंतुकों का आभार व्यक्त किया तथा मुख्य प्रवक्ता के शब्दों की प्रसंसा की एवं कोरोना के दौरान हुए व्यक्तिगत विचारों को भी सबके समक्ष रखा।

After the presentation the keynote address was given by **Prof. Kaushal Kumar Sharma** which has immense contributions in the field of Rural Development and Planning. He shared his research work and talked about Smart Village Initiative. He highlighted several important points from the research and asked us to refine it. He also took into account some important points for good research output.

He pointed to examining the village historically, as each village has its own stories of development and reason of their present condition. He also talked about developing a wasteland management plan and micro watershed management plan for the villages. Villages need more and more awareness programs for socio-economic development. He said that Indian villages are already very smart in history, we have destroyed that term and now we have to fix that issue again.

Dr. Arun Kumar Tripathi has also pointed out some of the salient aspects of the project and asked about future planning, and capacity building programme. He also asked to link the information of villages with the base line survey data collection and appreciate the efforts and work already done.

Dr. Manjit Singh highlighted some of the important points from the work done so far and guided us towards rural development and awareness programmes. He also praised us for the initiative of Smart Village instead of Smart City.

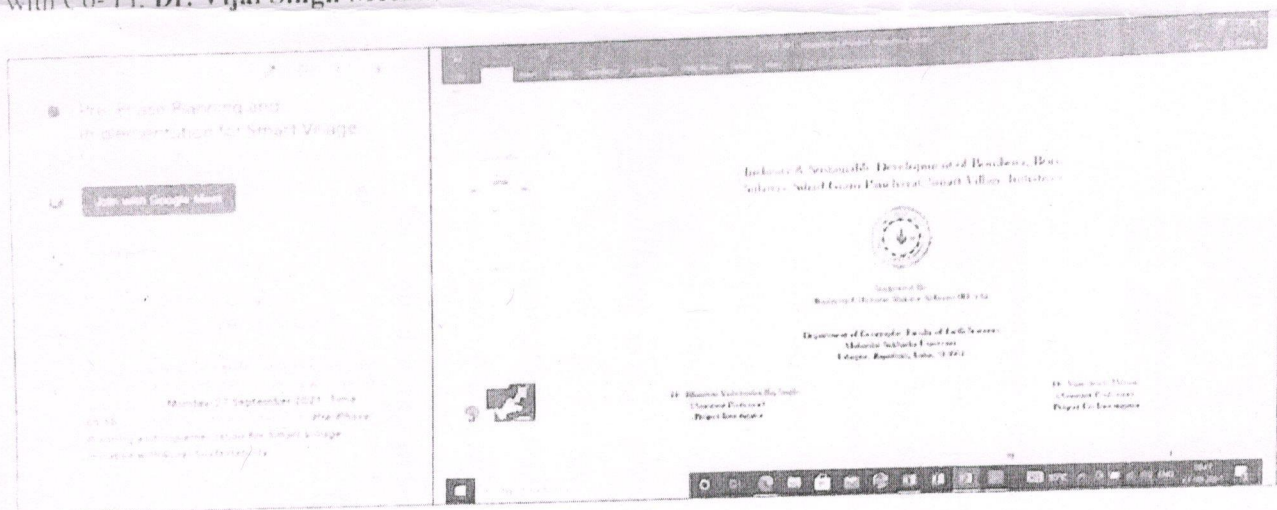

The entire session was an interactive session and it was a great learning experience for us. After the vote of thanks given by **Dr. Bhanwar Vishvendra Raj Singh**, the program ended at around 01:00 pm.

Report of Workshop on

"Discussion on Pre-Phase Planning and Implementations for Smart Village Initiatives"

On 27th September 2021, a one-day workshop on "Discussions on Pre-Phase Planning and Implementation for Smart Village Initiative" by RUSA 2.0, MHRD sponsored project "Inclusive & Sustainable Development of Bombora, Bori, Sulawas, Sihad: Smart Village Initiatives" was organized in DEPARTMENT OF GEOGRAPHY, MOHANLAL SUKHADIA UNIVERSITY, UDAIPUR (RAJ.) - 31300. The Programme was organized and coordinated by Project PI, **Dr Bhanwar Vishvendra Raj Singh**, Convenor with Co- PI, **Dr. Vijai Singh Meena**, Co- Convenor.

The workshop was originally focused on pre-phase planning and implementation for the development of smart villages and due to the COVID situation the program was online through Google Meet platform. The program started at 09:30 am with the welcome address of **Dr. Bhanwar Vishvendra Raj Singh**. The dignitaries present were **Prof. Kaushal Kumar Sharma**, (School of Social Sciences, SRD, Jawaharlal Nehru University, Delhi), **Dr. Arun Kumar Tripathy** (Asst. Prof., Department of Geography, Kirori Mal College, University of Delhi), **Dr. Manjit Singh** (Asst. Prof., Department of Geography, Miranda House College, University of Delhi), **Dr. Krishna Kumar** (Asst. Prof., Department of Geography, Indira Gandhi National Open University, Delhi).

Dr. Bhanwar Vishvendra Raj Singh gave the inaugural address and introduction of the programme, he highlighted the aims and objectives of the project. He mentioned that we have already done some work in the project basically in the framework of geospatial mapping in multilayer sector and Resource Mapping. He emphasized the research gaps in the field, approach to smart village initiatives, research methodology and future activity plans in the ground.

He also welcomed all the research experts/dignitaries to comment on the work done so far and guide us on the right path towards good research.

GIS Day Celebration

12.11.2021

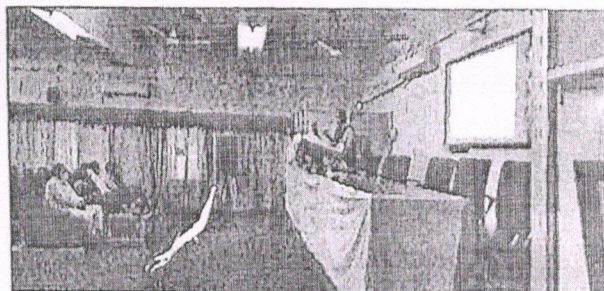

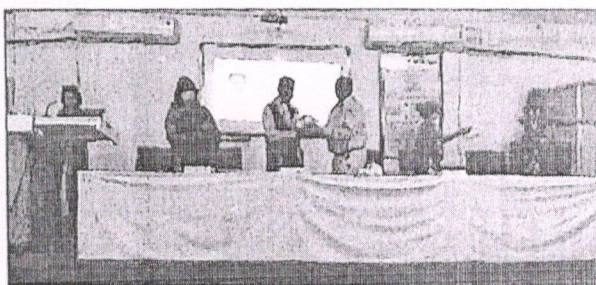

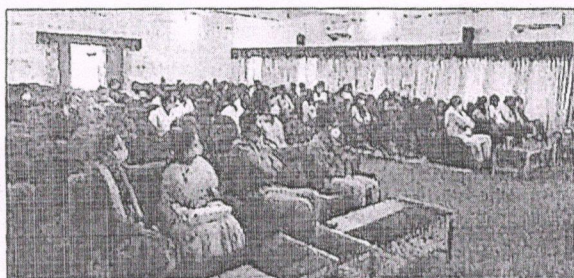

Resource Person: Dr. Rakesh Paliwal

Scientist 'SG', RRSC-West, NRSC, ISRO, Jodhpur

No. of Participants - 36

On the occasion of celebration of GIS Day Celebration 2021 on 17.11.2021 a lecture cum interactive session was organized by Geospatial Skill Development Centre and Entrepreneurship Cell (GSDEC) funded by RUSA 2.0 MHRD, Department of Geography, MLSU. The resource person of the session Dr. Rakesh Paliwal, Scientist 'SG', RRSC-West, NRSC, ISRO, Jodhpur delivered his talk on "Applications of Geospatial Technology". He discussed various case studies being conducted by him at RRSC including environmental modelling, site suitability analysis, Locusts movement across India, and crop discrimination using Hyperspectral data, for different areas of Rajasthan. There were 36 participants including faculty members, students and scholars of various departments from Geography, Geology and Environment Sciences. The session was presided by Prof. C. R. Suthar, Dean, UCSSH, MLSU. Prof. Seema Jalan, Head of the Department and Coordinator of GSDEC delivered the Welcome Address. Ms. Urmi Sharma conducted the event and Dr. Sabiha Khan presented the formal vote of thanks.

Resource Person: Mr. Rathod Baswaraj, Technical Person from Future Media

Organizer: Prof. Seema Jalan, Coordinator

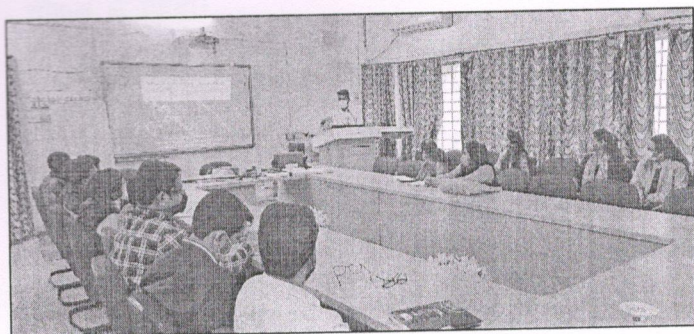

Under RUSA 2.0 project (Career Hub)

Geospatial Skill Development Centre & Entrepreneurship Cell

No. of Participants = 17

A one-day training programme on GPS instruments was organized by Department of Geography, MLSU, Udaipur under Geospatial Skill Development Centre & Entrepreneurship Cell developed under RUSA 2.0 on 22nd November, 2021.

The training was organized for project fellows, researchers and faculty members to have working knowledge of various GPS instruments offered by Future Media. The expert demonstrated detailed working of Sub Meter Accuracy GPS Receiver and NAVIC based GPS Receiver to the participants. The demonstration was followed by hands-on session for the participants in the field. There were 17 participants in the programme. Ms. Urmi Sharma, Assistant Professor, conducted the session under the supervision of Prof. Seema Jalan.

अधिष्ठापन कार्यक्रम

दिनांक 5-6 जनवरी 2022 को भूगोल विभाग में नवप्रवेशित स्नातकोत्तर विद्यार्थियों हेतु अधिष्ठापन कार्यक्रम का आयोजन किया गया। इस दो दिवसीय कार्यक्रम के प्रथम दिन पूर्व छात्रों, वर्तमान विद्यार्थियों एवं शोधार्थियों हेतु पाठ्यचर्या से संबंधित गतिविधियों के संचालन हेतु 'अरावली जियो क्लब' का गठन किया गया। इस क्लब का उद्घाटन विभाग के 4 पूर्व विभागाध्यक्षों प्रो. आर.एस. राठौड़, प्रो. आर.एम. लोढ़ा, प्रो. पी.आर. व्यास, प्रो. साधना कोठारी एवं वर्तमान विभागाध्यक्ष प्रो. सीमा जालान द्वारा किया गया। इस अवसर पर कई विभाग के पूर्व विद्यार्थी भी उपस्थित थे। अरावली जियो क्लब का गठन विभाग के पूर्व विद्यार्थियों, वर्तमान विद्यार्थियों, शोधार्थियों एवं शिक्षकों को एक मंच पर लाकर पाठ्यचर्या से संबंधित विभिन्न कार्यक्रमों का संचालन करने हेतु किया गया है। इस क्लब के अन्तर्गत किये जाने वाले कार्यक्रमों के संचालन के लिए एक कार्यकारिणी का गठन शोधार्थियों एवं स्नातकोत्तर विद्यार्थियों से किया गया। अरावली जियो क्लब के उद्घाटन के बाद विभाग के शोधार्थियों एवं स्नातकोत्तर विद्यार्थियों ने द्वारा एक मैत्री क्रिकेट मैच का आयोजन किया गया।

दूसरे दिन विद्यार्थियों को विश्वविद्यालय, महाविद्यालय एवं विभागीय स्तर पर संपूर्ण प्रशासनिक एवं शैक्षणिक व्यवस्था से जुड़ी सभी जानकारी देने हेतु व्याख्यानों का आयोजन किया गया। इस क्रम में विभागाध्यक्ष प्रो. सीमा जालान द्वारा विभागीय प्रशासनिक व्यवस्था, ब्ढै प्रणाली एवं पाठ्यचर्या के बारे में विस्तार से जानकारी दी गई। विश्वविद्यालय प्लेसमेंट सेल के उप-समन्वयक डॉ. सचिन गुप्ता, सहायक आचार्य द्वारा केन्द्र की गतिविधियों एवं भूगोल के विद्यार्थियों के प्लेसमेंट के अवसरों पर व्याख्यान दिया गया। विश्वविद्यालय रोवर एवं स्काउट्स के समन्वयक डॉ. खुशपाल गर्ग, सहायक आचार्य ने रोवर एवं स्काउट गतिविधियों के महत्व, उससे जुड़े अवसरों एवं व्यक्तित्व विकास में भूमिका के बारे में बताते हुए छात्रों को अधिकाधिक संख्या में भाग लेने हेतु प्रेरित किया। रेड रिबन क्लब के संयोजक एवं पुस्तकालय विज्ञान में सहायक आचार्य डॉ. पी.एस. राजपुत ने विश्वविद्यालय एवं महाविद्यालय में उपलब्ध पुस्तकालय से संबंधित सभी सुविधाओं के बारे में विस्तार से अवगत करवाया। डॉ. डी.एस. चौहान, सहायक आचार्य ने विद्यार्थियों को विभिन्न प्रतियोगी परीक्षाओं में भूगोल के महत्व एवं उपयोगिता पर व्याख्यान दिया। सुश्री ऊर्मि शर्मा, सहायक आचार्य ने भारतीय सुदूर संवेदन संस्थान, देहरादुन से ऑनलाइन प्रसारित होने वाले सर्टिफिकेट कार्यक्रमों के बारे में जानकारी दी।

इस कार्यक्रम में 20 नवप्रवेशित विद्यार्थियों ने भाग लिया एवं अधिष्ठापन कार्यक्रम की भूरी-भूरी प्रशंसा कर बताया कि यह कार्यक्रम उनके लिए बहुत उपयोगी रहा।

Training on Handheld GPS/ GNSS Receiver having GAGAN constellation
support and Robotic Total Station
19 – 21 January, 2022

Resource Person: Mr. Ambrish Kumar Shukla
Organizer: Prof. Seema Jalan, Coordinator
Under RUSA 2.0 projects (Career Hub and R & I)
Geospatial Skill Development Centre & Entrepreneurship Cell

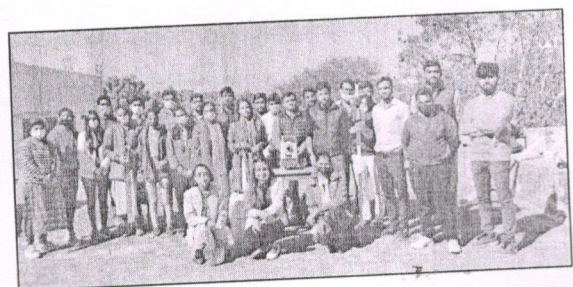

&
RUSA 2.0 funded project titled 'Electoral Information System for Governance and
Developmental Planning: A G-Governance Initiative'

No. of Participants = 32

A two-day training on Handheld GPS/ GNSS Receiver having GAGAN constellation support and Robotic Total Station was organized under RUSA 2.0 R & I and Career Hub Projects in Department of Geography, MLSU, Udaipur on 19 – 21 January, 2022. The resource person of the workshop was Mr. Ambrish Shukla, Assistant Manager Application from AllTerra Solutions LLP, Haryana. He conducted a lec-dem session and discussed the working of the instruments. Post lunch the hands-on sessions were conducted for the participants where they were divided into small groups and performed small survey using instruments. The workshop was aimed to learn the latest surveying equipment and GPS. The total number of participants were 32 including faculty members from Geography and Geology departments of MLSU, scholars, PG students of Geography and staff members from Estate Office. The workshop was open for all the faculty members, scholars and PG students for one day and project fellows attended the workshop for all three days.

Training Programme on ArcGIS Pro Software, 2 to 4 February, 2022

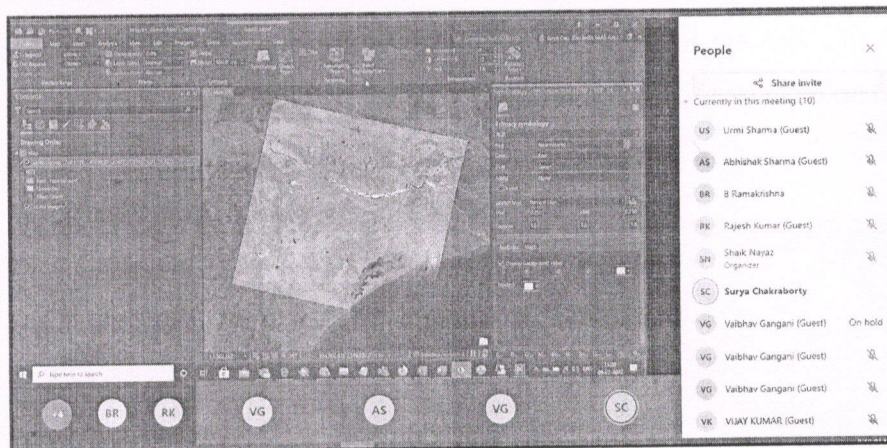

Resource Person: Shaik Nayaz, ESRI-India

Organizer: Prof. Seema Jalan, PI

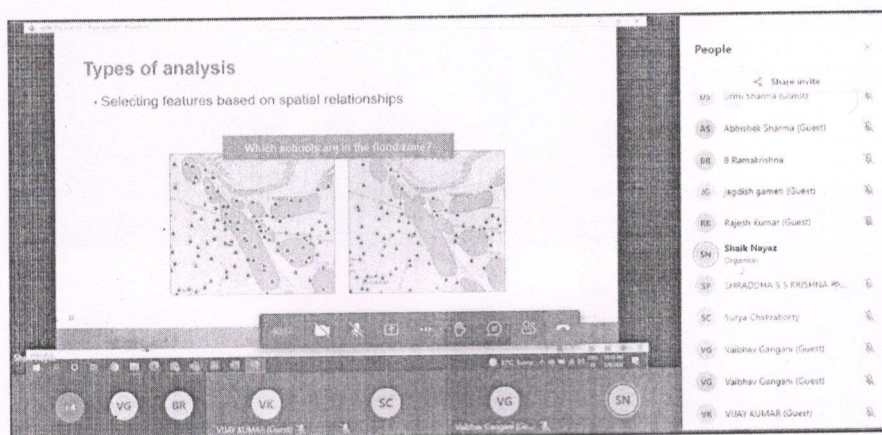

Under RUSA 2.0 project

No. of Participants = 05

A three-day training programme on ArcGIS Pro was organized by Department of Geography under the RUSA 2.0 funded project titled '*Electoral Information System for Governance and Developmental Planning: A G-Governance Initiative*' sanctioned to Prof. Seema Jalan, PI and Head of the Department from 2 – 4 February, 2022. The training was organized for project fellows, and faculty members to have working knowledge of ArcGIS Pro software offered by ESRI. The workshop was held in online mode through based on a systematic schedule designed by ESRI. It covered various the basic and advanced features of the software. Intensive hands-on sessions on each topic were covered which benefitted participants to a great extent.

Hand Held GNSS/GPS receiver (Phablet) Training, 21st February, 2022

Resource Person: Mr. Mustafa

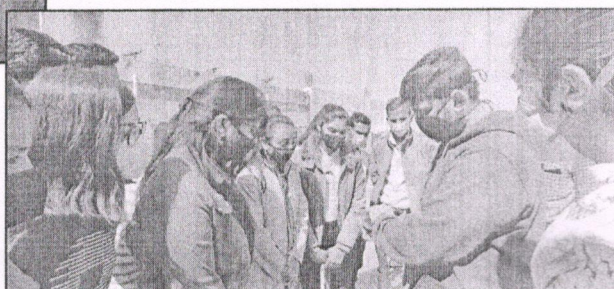

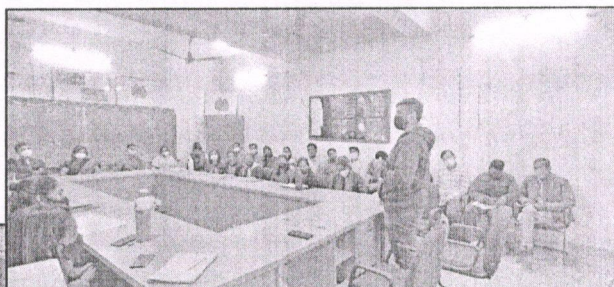

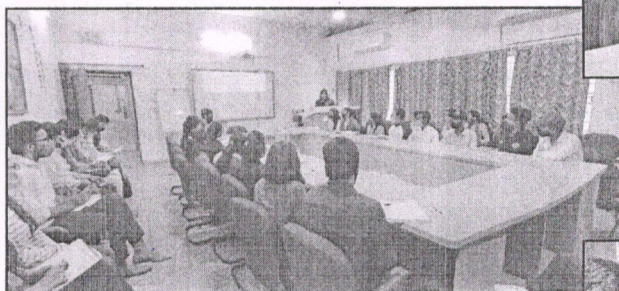

Organizer: Prof. Seema Jalan, PI & Coordinator

Under RUSA 2.0 project

No. of Participants = 42

A one-day training on Hand Held GNSS/GPS receiver (Phablet) was conducted by Department of Geography, MLSU, Udaipur under the RUSA 2.0 R & I and Career Hub Projects awarded to Prof. Seema Jalan on 21st February, 2022. The resource person of the training was Mr. Mustafa, technical expert from M/s. K.K. Sales, Ahmedabad. The objective of this workshop was to train participants with the cutting-edge technology of GPS instruments and their functioning for various applications. The training was organized for faculty members, scholars and post graduate students of Geography and Geology departments. The workshop was divided into two sessions of demonstration followed by hands-on. During the hands-on session participants learned to establish connection in GPS instrument and collected locational information of point, line and polygon features. All the participants were provided certificate of participation by the organizers.

शैक्षणिक भ्रमण-प्रादेशिक सूदूर संवेदन केन्द्र (इसरो), कायलाना झील मेहरानगढ़ दुर्ग एवं उम्मेदभवन, जोधपुर

दिनांक 14-15 मार्च 2022 को भूगोल विभाग में एम. ए. प्रथम एवं तृतीय सेमेस्टर के विद्यार्थियों तथा शोधार्थियों के लिए जोधपुर जिले में स्थित प्रादेशिक सूदूर संवेदन केन्द्र (इसरो), कायलामा झील (जल (संरक्षण), मेहरानगढ़ दुर्ग एवं उम्मेदभवन (ऐतिहासिक), भूगोल विभाग, जयनारायण व्यास विश्वविद्यालय (शैक्षणिक) आदि स्थानों पर दो दिवसीय शैक्षणिक भ्रमण का आयोजन किया गया। प्रादेशिक सूदूर संवेदन केन्द्र, राजस्थान में इसरो का सबसे बड़ा क्षेत्रीय संस्थान है जो सुदूर संवेदन क्षेत्र में कार्य कर रहा है। भ्रमण के दौरान दिनांक 14.03.2022 को संस्थान में कार्यरत वैज्ञानिकों द्वारा भारत में सुदूर संवेदन कार्यक्रम के विकास, सुदूर संवेदन की वर्तमान में उपयोगिता एवं भूवन पोर्टल की उपयोगिता आदि विषयों पर दृश्य-श्रव्य तरीकों से विद्यार्थियों को व्याख्यान दिया गया। साथ ही संस्थान में लगी प्रदर्शनियों के माध्यम से विद्यार्थियों को उपग्रहों की बनावट, कार्यप्रणाली एवं इसरो की आगामी परियोजना के बारे में कई सूचनाएं दी गयीं जो विद्यार्थियों के लिए सुदूर संवेदन तकनीक सीखने के लिए अत्यंत महत्वपूर्ण साबित हुआ। दिनांक 15.03.2022 विद्यार्थियों द्वारा मेहरानगढ़ एवं जसवतथड़ा जैसे ऐतिहासिक स्थलों का भ्रमण कर उनके इतिहास को एवं ऐतिहासिक तथ्यों को समझने का सफल प्रयास किया। उसके उपरांत विद्यार्थियों ने जयनारायण व्यास विश्वविद्यालय के भूगोल एवं भूगर्भ विज्ञान विभाग का भ्रमण किया। भूगर्भ विज्ञान विभाग में डायनासोर के पैरों के अवशेष देखकर विद्यार्थी अभिभूत थे। अंत में ऐतिहासिक उम्मेद भवन का भ्रमण किया।

इसके अतिरिक्त भ्रमण के दौरान विद्यार्थियों ने थार मरुस्थल के पर्यावरण एवं उसके पारिस्थितिक तंत्र वनस्पति एवं वन्यजीव, मृदा, कृषि, स्थलाकृति आदि का प्रत्यक्ष अवलोकन कर उन्हें समझने की सुनहरा अवसर प्राप्त हुआ। यह भ्रमण भूगोल के विद्यार्थियों के लिए अत्यंत उपयोगी साबित हुआ। इस भ्रमण में भ्रमण समन्वयक डॉ देवेन्द्र सिंह चौहान एवं सुश्री ऊर्मि शर्मा एवं विभाग के शोधार्थी तथा एम.ए. प्रथम एवं तृतीय सेमेस्टर के कुल 33 विद्यार्थियों ने भाग लिया।

विश्व जल दिवस, 22 मार्च 2022

दिनांक 22 मार्च 2022 को भूगोल विभाग, मोहनलाल सुखाडिया विश्वविद्यालय तथा रुसा के तत्वावधान् में 'विश्व जल दिवस' मनाया गया जिसमें क्विज, वाद-विवाद, पोस्टर प्रतियोगिताओं तथा एक विस्तार व्याख्यान का आयोजन किया गया। सभी प्रतियोगिताओं में 50 से अधिक प्रतिभागियों ने हिस्सा लिया। विस्तार व्याख्यान के मुख्य वक्ता डॉ. अगिल मेहता, सदस्य झील संरक्षण समिति उदयपुर, ने 'जल की समझ' नामक विषय पर व्याख्यान देते हुए बताया कि जल संरक्षण के लिए व्यक्तिगत स्तर पर किए जाने वाले प्रयास अधिक सार्थक होते हैं। उनके अनुसार एक सामान्य व्यक्ति अपने घर पर गितव्ययता से साथ जल प्रयोग करके प्रतिवर्ष लाखों लीटर जल बचा सकता है। इसके अतिरिक्त उन्होंने जल संबंधी अनेक तथ्यों को सरल भाषा में विद्यार्थियों के समक्ष रखा। कार्यक्रम की अध्यक्षता कर रहे कला महाविद्यालय के अधिष्ठाता प्रो. सी.आर. सुथार ने पश्चिमी राजस्थान का उदाहरण देते हुए जल संरक्षण के महत्व पर बल दिया। विभागाध्यक्ष प्रो. सीमा जालान ने जीव मात्र के जीवन में जल के महत्व पर अपने विचार प्रस्तुत किए।

इसके अतिरिक्त जल दिवस में एक क्विज प्रतियोगिता, परंपरागत एवं आधुनिक जल संरक्षण विषय पर वाद-विवाद प्रतियोगिता एवं 'जल है तो भविष्य है' विषय पर पोस्टर प्रतियोगिता का आयोजन किया गया। सभी कार्यक्रमों में महाविद्यालय के विद्यार्थियों ने पूर्ण उत्साह के साथ भाग लिया। इस कार्यक्रम के माध्यम से विद्यार्थियों ने जल से जुड़े हुए कई आयामों पर ज्ञान प्राप्त किया। साथ ही विद्यार्थियों में जल के प्रति सकारात्मक सोच एवं जागरूकता का विकास हुआ। विभिन्न प्रतियोगिताओं में प्रथम, द्वितीय एवं तृतीय स्थान प्राप्त करने वाले विद्यार्थियों को प्रमाण-पत्र प्रदान किए गए। यह कार्यक्रम विद्यार्थियों के लिए उत्कृष्ट उपयोगी साबित हुआ। कार्यक्रम का संयोजन डॉ. डी.एस. चौहान, सहायक आचार्य ने किया। इस उपलक्ष्य पर डॉ. भंवर विश्वेन्द्रराज सिंह, सुश्री उर्मि शर्मा, डॉ. सबिहा खान, डॉ. विजयी सिंह भीष्ण एवं विभाग के शोधार्थी भी उपस्थित रहे।

3- day offline training programme on ArcGIS software
16 – 18.05.2022

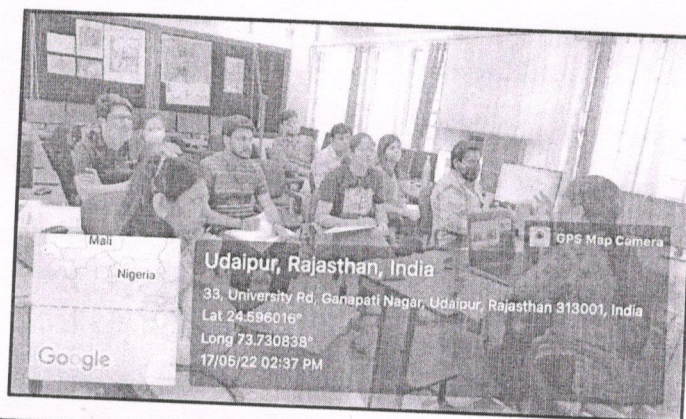

Ms. Niranjana, Consultant, ESRI India Technologies Limited

Coordinator - Prof. Seema Jalan (PI)

No. of Participants = 10

A 3- day offline training programme on ArcGIS software has been conducted under R & I project “Electoral Information System for Governance and Developmental Planning: A G-Governance Initiative” funded by Ministry of Human Resource Development, Government of India under RUSA 2.0 at Department of Geography. The resource person of the event was Ms. Niranjana from ESRI India Technologies Limited. The workshop has been divided into two sessions pre and post lunch wherein the pre-lunch sessions covered demonstrations by the expert followed by hands on sessions in post-lunch period. The objective of the workshop has been successfully achieved to acquaint participants to the functionalities of the latest version of the software. The total number of participants benefitted by the workshop are ten which includes faculty members, project fellows, cartographer, research scholars and post-graduate students in the department of Geography, MLSU.

Training Programme on Geospatial Sciences & Technologies – GEOTECH 2022 L1

6-26 June, 2022

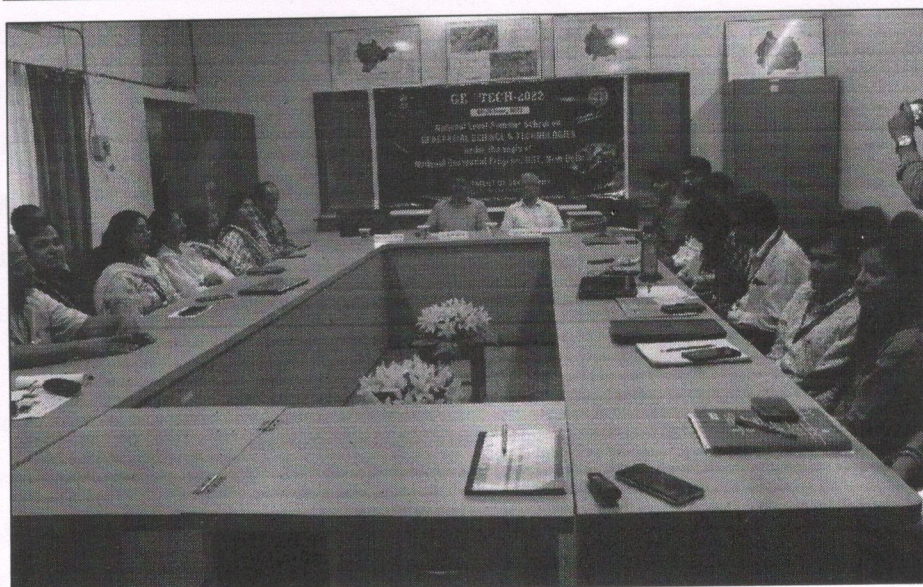

PI: Prof. Seema Jalan, Coordinator

No. of Participants = 19

A 21 days summer school training programme on 'Geospatial Sciences & Technologies – GEOTECH 2022' Level 1 (L1) has been conducted by Department of geography, MLSU, Udaipur under the aegis of National Geospatial Programme Division (NGP), Department of Science & Technology, Government of India from 6-26 June, 2022. The mandate of the programme was capacity building in the field of geospatial technology and strengthening its use in planning, monitoring, management & implementation of policies for natural resource management and development at grass root level. There were 19 participants including research scholars, teachers from universities, colleges and schools, government officials from forest department, scientist, and other academicians. The inaugural session was graced by Dr. Prithvish Nag, Former Surveyor General of India, Former Director, NATMO & Former Vice-Chancellor, Mahatma Gandhi Kashi Vidyapeeth, Varanasi as Chief Guest, Dr. A.K. Bera, Scientist/ Er. SG & General Manager, RRSC-W, NRSC, ISRO, Jodhpur as Guest of Honor. Dr. Nag delivered his talk on 'Geospatial Road to SDGs: The UNGGIM Framework. Experts from ISRO units of SAC Ahmedabad, IIRS Dehradun, RRSC-W Jodhpur, industry experts from Google and Trimble who are authorities in respective specialized fields of Geospatial technology were invited as resource persons. The training programme was divided into three-week time period covering the major concepts of Cartography & GIS, Remote Sensing & Image Processing and Applications of Geospatial Technology in various fields. The technical sessions were divided as pre and post lunch sessions. The former included theory lectures by the experts and latter comprises hand on session conducted by the internal team of faculty members and scholars. A one-day local trip of Udaipur city was also organized for field survey where participants collected GPS points under the guidance of technical experts. Towards the end of the programme participants presented a small project targeting atleast one of the SDGs for their area through the use of geospatial technology. The project work and overall feedback of the programme was evaluated by DST observer Dr. P.S. Acharya and Dr. K.M. Reddy from NRSC-ISRO. The valedictory session was chaired by Dr. Acharya and Dr. Reddy where they presented participants with a certificate of completion of the programme.

PhD Induction Programme 2022

14.07.2022

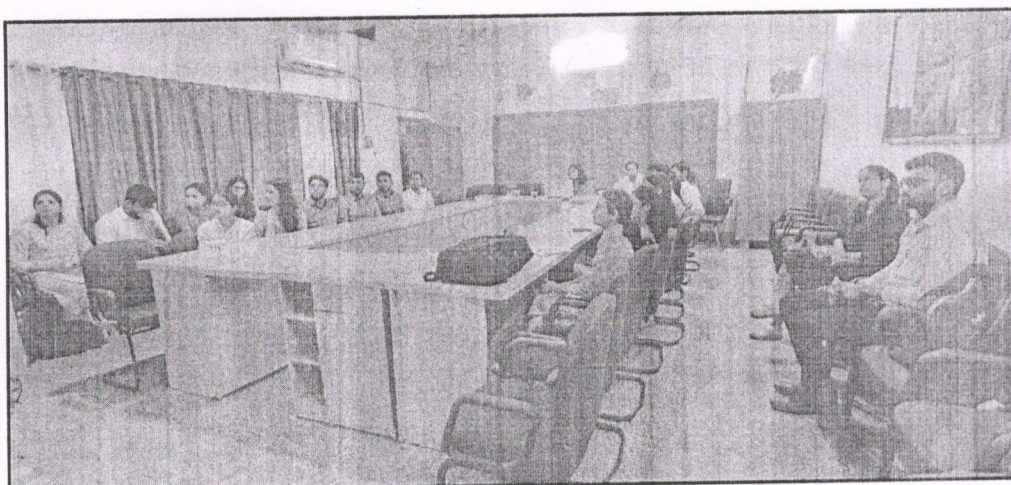

No. of Participants = 11

A one-day PhD Induction programme for newly enrolled PhD scholars of batch of 2022 has been organized by Department of Geography, MLSU, Udaipur. The programme was aimed to introduce scholars to various administrative, academic facilities and PhD regulations to help them during their stay in the University.

At the very outset Dr. D.S. Chouhan, Assistant Professor, welcomed all the guests and scholars. Prof. M.S. Rathore, Dean, Post Graduate Studies, MLSU talked on 'About the office of the DPGS, relevant provisions, requirements and expectations from the scholars', followed by Prof. S.K. Kataria, Chairman, Faculty of Social Sciences, MLSU who discussed on 'Research ethics & significance of ethical research in academic career'. Dr. Bhanwar Vishvendra Raj Singh introduced scholars to the various research opportunities in Earth Sciences. Prof. Seema Jalan, Head of the Department addressed the scholars on 'About the Department, PhD regulations and Aravali Geo-club'.

The scholars were also introduced to the various kinds of research facilities available at the University by Dr. D.S. Chouhan and exclusively about the library facilities for research scholars, by Dr. P.S. Rajput, Assistant Professor, Department of Library and Information Science, MLSU. Dr. Urmi Sharma, Assistant Professor and convener of the programme guided scholars about various rules, procedures & requirements with special reference to JRF. Sh. Narendra Kumawat and Sh. Ashok Dangi, Office staff, Department of Geography, MLSU discussed on the process for claiming HRA and contingency by the scholar. The programme concluded with a formal vote of thanks by Ms. Aditi Rathore, JRF.

The Times of Pandemic: Challenges and State Duties

30th June, 2021

Organized By

UNIVERSITY COLLEGE OF LAW,

MOHANLAL SUKHADIA UNIVERSITY, UDAIPUR

THEMES OF TECHNICAL SESSIONS

- Right to livelihood, Equality of Opportunities and Healthy Working Conditions during Pandemic.
- Issues Related to Equal Medical and Health Facilities Without Discrimination in the Wake of Pandemic.

INTRODUCTION

Mohanlal Sukhadia University (ERSTWHILE UDAIPUR UNIVERSITY) at Udaipur is a State University established by an Act in the year 1962 to cater the needs of higher education in Southern Rajasthan with more than 2.25 Lakh Students. The University is located in Aravalli Hill Area largely dominated by tribal populations. Endowed with rich cultural heritage, natural resources and beautiful landscape, Udaipur is a world renowned tourist attraction.

Ever since its inception university has been striving to maintain excellence in teaching, research and community service. Great emphasis has been laid in creating scientific temper, maintaining high ethical values and in keeping pace with emerging areas of higher learning.

University has ensured overall socio-economic growth of all the sections of society by encouraging greater access and inclusive approach making it most preferred institution for higher education, learning and research.

Conscious about its social responsibilities, the university has played significant role in socio-economic development of backward, under-privileged and socially challenged people through its various extension activities.

The University College of Law, Mohanlal Sukhadia University, Udaipur is the oldest College in the State running since 1946. At the initial stage, LL.B. courses were started. Later on in the year 1970, P.G. Diploma in Labour Laws, Labour Welfare and Personnel Management (DLL) was initiated in 1971, P.G. Course - LL.M. was started in 1979-80, PG Diploma in Company Law & Secretarial Practice was started from 1995, P.G. Diploma in Criminology and Socio-Economic Crimes was started. B.A. LL.B. Five Years Integrated Course was started from the Session 2006-07 and B.Com. LL.B. Five Years Integrated Course was started from the Session 2017-18. The College is registered with the Bar Council of India and LL.B., B.A. LL.B. Five Years Integrated Course and B.Com. LL.B. Five Years Integrated Course has been given affiliation by the B.C.I.

SUB THEMES

- Blackmarketing of Essential Medicines, Injections and Hospital Beds and Government crackdown
- Mishandling of Covid succumbed dead bodies: State's Role in preserving Right to Dignity
- National Education Policy Challenges in the Wake of Covid 19 Crisis
- Right to Education and Digital Education: Renovating Existing Education System for Addressing the Tragic State of Students.
- Challenges before the international law in the wake of Covid 19 Crisis.: A Legal Study
- Life vs Livelihood in the times of Pandemic
- Combating Economic and Livelihood crises in the times of Pandemic: need of appropriate Policy responses
- Responsibility and Impact of Mass and Social Media in the times of Covid-19 Pandemic
- Coviscams: Rise in Medical related scams and cyber crimes during the Pandemic and how to combat them
- Any other topic falling within the theme of the Webinar.

OVERVIEW OF THE PROGRAM

Number of Sessions - 4 (Inaugural, 2 Technical Sessions, Valedictory)	Inaugural Session - Welcome, Kulgeet, Speech by Chief Guest and Guest of Honour
	Technical Session 1 - Right to livelihood, Equality of Opportunities and Healthy Working Conditions during Pandemic
	Technical Session 2 - Issues Related to Equal Medical and Health Facilities Without Discrimination in the Wake of Pandemic
	Valedictory Session - Final Report submission, Concluding remarks by the Guest of Honour, Vote of Thanks

GUIDELINES FOR MANUSCRIPT PREPARATION

Academics, Scholars, Practitioners, Executives and Students are invited to participate in the Webinar by contributing research papers and enrich the deliberations during technical sessions. The following Guidelines are to be followed:

- Only original and unpublished work is sought.
- Papers must be based on themes and sub-themes of the conference.
- Papers must be between 3,000 to 5,000 words in length. A title of not more than 15 words should be provided.
- Technical session, as applicable must be indicated.
- An abstract of not more than 300 words should be accompanied. It must indicate study period, sample, research questions, methodology, findings and conclusions/implications.
- Text should be printed in Times New Roman with font size 12 typed in 1.5 spaces, A4 paper layout with standard margins (2.54 cm on all four sides).

A full-length paper should follow the structure given below:

1. **Title Page:** Title of the paper, Name/s of Author/s, Affiliation, Email, Technical Session
2. **Introduction:** Introduction should contain statement of problem or research questions and how paper is organized.
3. **Review of Literature:** Enough relevant, past and recent studies should be provided and research gaps must be identified.
4. **Methodology:** Data and study period must be recent and justifications for selecting study periods sample size, tools and techniques used should be given.
5. **Results/Analysis:** Results and analysis should be convincing and also state whether analysis/ results/findings support/reject the hypothesis.
6. **Conclusion:** Should emanate from findings.
7. **Reference:** The paper should contain full bibliographical details and journal titles should not be abbreviated. For within text citations, author's last name should be followed by comma and year of publications, all in round brackets, e.g., (Fox, 1994). At the end of the paper, there should be a reference list in alphabetical order in APA (6th ed.) format.

How to Submit Paper

The soft copy of the paper has to be attached with Google Registration form. Last date of submission is June 22, 2021.

Best Paper Awards

All submitted papers are subject to a blind review by a technical committee and based on their report, three Best Papers will be awarded.

How to Register

Registration Fee: ₹ 100 (Non-refundable)

1. Make an online payment of ₹ 100 and save the screenshot of generated payment receipt
2. Fill the registration form using the link <https://forms.gle/zT172A75sDEyJYuaA>
3. Upload screenshot of receipt on given icon in the form
4. Upload your research paper in the google form
5. Click on the given link at the end of form to join WhatsApp group
6. Last date for submission of paper and registration: June 22, 2021.

Report on a Webinar on Healing with Meditation

Meditation relaxes the body and rejuvenates the soul. With this thought, a webinar was organized at Institute of Engineering and Technology, MLSU by the faculty Dr. Jyoti Tripathi on 4th June 2022.

The event aimed to educate and provide meditation session that will alleviate stress and enhance thought process, and further influence the productivity of life. All the students along with the faculties attended the event with full interest and enthusiasm.

The meditation session was taken by yoga instructor Ms. Monica Daga. She briefly explained the necessity of good health and also conveyed the importance of making yoga an integral part of daily life by extending the practice of yoga beyond the mat. She also made the students aware about breathing techniques and forgiveness sadhana practices.

The session was full of positivity and great knowledge. Er. Prafull Kothari ended the session by proposing vote of thanks.

A REPORT ON THE SEMINAR ON “TECH TALK WITH TECHNOCRATS”

A One-day workshop in association with The Institution of Engineers (IEI) was organized by Institute of Engineering and Technology (IET). Er. C.P. Jain, Honorary Secretary, IEI, Udaipur, Er. Y.K. Bolia, Chairman, IEI, Udaipur and Er. R.C. Kumawat, Member, IEI, Udaipur were the prominent speakers. They talked about Engineer's role in today's world and its future.

They also interacted with students and asked them to always be curious for asking the technical innovations. The workshop was focused on technical enhancement to meet the today industrial exposure and the demand of the industries. The members of IEI were given the Vote of Thanks by Dr. Hemani Paliwal.

ORGANIZED BY
DEPARTMENT OF CHEMISTRY
MOHANLAL SUKHADIA UNIVERSITY,
UDAIPUR-313001, INDIA

The Department of Chemistry, MLSU, Udaipur invites you to join us for the International Virtual Conference on Frontiers in Chemical Sciences-2021 (IVCFCS-2021) on 25 June, 2021 (online).

About Mohanlal Sukhadia University

Mohanlal Sukhadia University, a State University in Udaipur, Rajasthan was established by an Act in year 1962. The University aims to nurture excellence in education and research. It is ranked under the band of 151-200 in India Ranking 2020 by NIRF, MHRD. The University is located in **Acropolis** Hill area largely dominated by tribal populations.

About the Department of Chemistry

The Department was established in 1964 with a mission to nurture post graduate and research students in chemical sciences. The Department offers post graduate degree to students with four specializations (Organic, Inorganic, Physical, Industrial) along with research in different thrust areas viz, Organic, Inorganic, Nanotechnology, Natural Products, Electrochemistry, Photochemistry, Solar Cells, etc.

Scope of The conference

The conference aims to bring together the eminent scientists and researchers across the globe to provide a common platform for discussing vibrant research areas in the field of Chemical Sciences.

Invited Speakers

Dr. Anandharaju Basudra
 Academician
 Taiwan

Prof. Dinesh Kumar
 Central University
 of Gujarat, India

Dr. Nisar Ahmed
 Cardiff University
 UK

Topics of interests include

✓ Catalysis and Advanced Synthesis	✓ Polymer Chemistry
✓ Green and Sustainable Chemistry	✓ Heterocyclic Chemistry
✓ Supramolecular Chemistry	✓ Kinetics
✓ Photochemistry	✓ Coordination Chemistry
✓ Nanotechnology	✓ Solar Cells
✓ Natural Products	✓ Medicinal Chemistry
✓ Electrochemistry	✓ Water Purification

Registration fee

No Registration fee
Online Platform and link for the conference will be shared soon.
Only selected papers will be presented as Oral/Poster in the conference.

Important Dates

Last date for Registration: **June 10, 2021**
Last date for abstract submission: **June 10, 2021**

Abstract Submission

All interested participants are requested to submit the abstract in the given format.
Title of Paper: TNR, font 12, bold, Author name: TNR, font 12
Affiliation: TNR, font 10, Abstract: 200-300 words, TNR, font 12, line spacing 1.5
Keywords: 3 to 5.
The abstract may be sent directly to: ivcfcsmlsu2021@gmail.com on or before 10 June, 2021.
Registration can be done through the provided link: <https://forms.gle/QWP1aHVAhZvxtvMK88>

Conference Tentative Schedule

June 25, 2021

10:30-11:15: Opening Ceremony	11:15-12:00: Invited Talk 1
12:00-12:45: Invited Talk 2	12:45-1:45: Lunch Break
1:45-2:30: Invited Talk 3	2:30-4:00: Oral Presentation
4:00-5:00: Poster Presentation	5:00-5:15: Closing Ceremony

Highlights of the conference:

The Department of Chemistry, MLSU, organized one day International Virtual Conference on Frontiers in Chemical Sciences (IVCFCS-2021) on Jun 25, 2021. The conference aimed to bring together the eminent scientists and researchers across the globe to provide a common platform for discussing vibrant research areas in the field of Chemical Sciences. The main

themes of conference are nanocatalysis, water purification, green chemistry, coordination chemistry, natural products, and organic synthesis. The invited speakers were Prof. Dinesh Kumar from Central University of Gujarat, Dr. Nisar Ahmed from Cardiff University, UK and Dr. Anandaraju Bandaru from Genomic Research Center, Taiwan. Prof. Dinesh Kumar discussed about removal of toxic pollutants from water using nanosensors. Dr. Anandaraju explained the role of heparin sulphate biopolymers in different physiological processes. Dr. Nisar highlighted the new dimensions of supramolecular chemistry in sciences. Around 700 participants got registered in the conference. Researchers from all around the world presented their research as oral and poster presentations in Technical sessions. Around 100 poster presentations were presented by researchers on Departmental Twitter handle. More than 30 oral presentations were presented in 3 technical sessions. Five best posters were judged by the organizing committee in the conference. The conference was really valuable and knowledgeable for researchers, scientists and faculties all around the world. Abstract book was also released during the conference. E-certificates were provided to all the participants of the conference. The international conference was organized by Dr. Shikha Agarwal, Assistant Professor, Department of Chemistry, MLSU, Udaipur, Rajasthan under the convenership of Dr. Jyoti Chaudhary, Head, Department of Chemistry, MLSU, Udaipur.

Report on workshop “Intellectual Property Rights-Patent, Design, Trademark, Copyright & Geographical Indication” (IPR-2022)

ONE DAY WORKSHOP on “Intellectual Property Rights-Patent, Design, Trademark, Copyright & Geographical Indication” (IPR-2022) was organized by Department of Chemistry, University College of Science, Mohanlal Sukhadia University Udaipur-313001, Rajasthan, India in association with CGPD TM, Ministry of Commerce & Industry, Government of India on February 22, 2022.

Resource persons were Dr. Jitender Sharma Assistant Controller of Patents and Designs, Ministry of Commerce & Industry, Government of India and Dr. Rohit Jain, Patent & Trademark Attorney at LEXIPR, Jaipur, Rajasthan, India. They created awareness about the legal rights granted to the inventor or manufacturer to protect their invention. They also discussed how to accelerate commercialization of Intellectual Property Rights.

Dr. Poonam Khandelwal and Dr. Tarun Kumar, Assistant Professor, Dept. of Chemistry, MLSU were the Organizing Secretary and Dr. Jyoti Chaudhary, Head, Dept. of Chemistry, MLSU, was the Convener of the workshop. The Inaugural Session was chaired by Prof. G.S. Rathore, Dean, Ucos MLSU Udaipur.

About 200 delegates from different Universities participated in the event. The workshop produced lively discussions during the session.

In conclusion, the workshop has provided a platform to capitalize the potential and creative innovation of the youth to create a better and secure IP regime.

The Asia-Pacific Malaria Elimination Network (APMEN) is mandated to provide support for the malaria elimination objectives of its 21 Member States across the Asia-Pacific Region. APMEN does so by way of close collaboration with the Asia-Pacific Leaders Malaria Alliance (APLMA) for higher-level advocacy, promoting networking and country interaction, facilitating meetings and exchanges, while APMEN also provides technical support via its three Working Groups, these being the APMEN Surveillance & Response WG, APMEN Vector Control WG, and APMEN Vivax WG. Two previous MVSE courses have been held, the first one in 2018 in Kuala Lumpur hosted by the Institute for Medical Research, the second one in Bangkok hosted by Kasetsart University, and the two courses were attended by between 20-32 participants invited from across the Asia-Pacific Region.

For the 3rd MVSE course, APMEN decided to adopt a more Regional approach, starting with South Asia, with the intent to rotate the course to other regions in subsequent years. Because India has the highest malaria burden in South Asia, contributing 83% of all malaria cases in the WHO SEAsia Region, APMEN recommended that this would be an appropriate country to host the course within the South Asia target area. The APMEN selected, Mohanlal Sukhadia University in Udaipur, Rajasthan for hosting the training. Department of Zoology, MLSU were selected based on the presence of appropriate infrastructure such as lecture theatres, Insectaries with multiple mosquito colonies, laboratories equipped with enough stereo and compound microscopes for at least 20 students, nearby accommodation for participants, experience in hosting groups of visiting students, plus the availability of a core of skilled entomologists with strong experience in vector surveillance.

The number of available slots was limited to 20 participants, and a selection process was based on prioritizing younger-generation field-level entomologists, with regard to gender equality. Countries eligible were Afghanistan, Bangladesh, Bhutan, India, Nepal, Pakistan and Sri Lanka. The preferential opportunity was granted to India because of its disproportionate burden of malaria, and it was allocated 10 slots out of the 20. In the end, Afghanistan and Pakistan applicants were not able to obtain visas for India, despite significant efforts to support their applications. The training was provided by a mix of 14 national and international expert and covered a broad range of topics under the umbrella of Vector Surveillance.

The course was held from 3 to 15 July 2022, hosted within the Laboratory of Public Health Entomology in the Department of Zoology, Mohanlal Sukhadia University, Udaipur, Rajasthan, India. The Head of Department is Professor Arti Prasad, who administered and led the course with competence and kind hospitality. Professor Prasad made available her entire post-graduate complement of 18 students to provide logistical and general support in ensuring all facilities and arrangements were timeously available and ensured that accommodation, meals, and transport were professionally provided. The course included a two-day Field Trip for exposure to different trapping techniques and vector surveys, which was done in the Banswara region. The course is considered to have been a success and provided valuable training and practical experience to 20 participants from the South Asia region.

The course covered a broad range of topics under the umbrella of Vector Surveillance, including the following:

Initial introductory presentations on global malaria situation (Dr Elkhani Gasimov), the malaria elimination programme in India (Dr Roop Kumari and Dr Rinku Sharma), global arbovirus situation (Dr Rajpal Yadav), malaria vectors, species complexes and groups in Asia-Pacific (Dr Sylvie Manguin), how Sri Lanka achieved malaria elimination and is dealing with potential re-invasion (Dr Rishantha Premaratne)

Design and development of a malaria vector surveillance programme (one whole day) (Prof Neil Lobo)

Developing a Work-Plan for vector surveillance (Dr RS Sharma)

Mosquito morphology and systematics (Mr PT Joshi)

Dengue vectors and vector biology (Dr RS Sharma)

Mosquito sample collection, processing, data recording and storage (Mr PT Joshi)

Use of dichotomous keys for mosquito identification (two days) (Dr Asokan)

WHO Insecticide Resistance Monitoring assay procedures (Dr Rajpal Yadav, Dr Ashok Kumar, Mr Pradeep Jangir)

Insectary maintenance and procedures (Mr PT Joshi, Dr Ashok Kumar)

Insecticide modes of action and efficacy testing (Dr Manas Sarkar)

PCR and ELISA techniques (Dr Himmat Singh)

Survey and awareness programme for Vector borne diseases in tribal areas

3 days Visit of Prof. (Dr.) Leo Braack of Laboratory of Public Health Entomology for 15 Days APMEN's Hands-on training

Prof. Leo Braack has visited the laboratory of Public Health Entomology, Department of Zoology, MLSU, Udaipur for 15 Days of International APMEN training. Prof. Braack is a senior vector control specialist: Malaria Consortium Asia and technical lead of the APMEN Vector Control Working Group. He visited the laboratory to take stock of the preparations for the 15-day International Training Program on Malaria Carrier Survey and Elimination to be organized jointly under the auspices of the APMEN Thailand, Malaria Consortium, London, and the Laboratory of Public Health Entomology, Department of Zoology, Mohanlal Sukhadia University. During the visit, he inquired about the techniques being used in the laboratory and available facilities i.e., types of equipment, digital classrooms, and library. Prof. Barak inspected the Public Health Kits for vector control and the Science Laboratory of the department and various equipment of international standards being used in the laboratory. He also inspected the insect rearing rooms developed for the rearing of mosquitoes and Learn about their utility. The Vice-Chancellor of the University, Prof. America Singh, sent his best wishes to the team of the department for this program and said that such programs would help the university to make its mark at the international level. During the visit of Prof. Leo Barak, Dr. RS Sharma, former Scientific Advisor of the World Health Organization apprised Prof. Leo Barak about the training programs organized by the department in the past. Dr. PT Joshi, former State entomologist of Gujarat informed Prof. Leo Barak about the programs organized by the department from time to time and described the facilities of the department as satisfactory. The coordinator of the training program and Head of the Department, Prof. Aarti Prasad said that this training program is being organized for the first time in India. In this training program, a total of 20 selected scientists from 10 countries of India and Asia Pacific countries (Bangladesh, Afghanistan, Bhutan, Nepal, Pakistan, and Sri Lanka) will be provided training. For this training program, Scientists working in the field of vector control have been selected after receiving applications from various institutes and by screening their resumes. In the training program, Dr. RS Sharma, former Scientific Adviser to the World Health Organization, Dr. Leo Barak, Senior Carrier Control Specialist from APMEN, Thailand, and Dr. Nil Lobo of Nortdam University USA will provide training to the trainees. The training program will be organized from July 3 to July 17 in the Public Health Entomology Laboratory of the Department of the University.

Training Report

“Two Days Hands on Training Programme on Capacity Building and Entrepreneurship on Vermiculture and Mushroom Cultivation”

The training program is conducted in the Department of Zoology, university College of Science, Mohanlal Sukhadia University on 26th February and 28th February 2022. The training was started on 26th February 2022 with hands on training to school and College students of Udaipur. About 100 participants have participated in the programme where school and college students got training about solid waste management through Vermiculture and mushroom cultivation.

Day 1: (26th February 2022)

On 1st day, hands on training to school and college students of Udaipur was conducted. A Total 45 students have participated in this training from **Govt. Fateh Sr. Sec. School, Govt. Sec. School, Police line, Udaipur, Govt. Girls Sr. Sec. School, Tekri, Udaipur, St. Teresa Vidyadeep Sr. Sec. School, Sector 12, Udaipur**. 6 Students of **Indo-American Institute Balicha, Udaipur (Teachers Training Institute)** were trained on 27th February 2022 for both solid waste management through Vermiculture and mushroom cultivation.

Day 2: (28th February 2022)

On 2nd day of the programme, the training program was inaugurated by Hon'ble Vice Chancellor Prof. Amarika Singh. Hon'ble Vice Chancellor Sir also inaugurated the health camp conducted by the Department of Zoology and Devyanshi Ayurveda & Panchkarma Hospital, Udaipur. Hon'ble Vice Chancellor Sir interacted with students and give their blessings to the successful conduction of the programme.

Immunity booster decoction was served to the participants in the health camp and Blood Pressure, Hemoglobin and Blood Sugar level were checked. Dr. R S Sharma (Former Additional Director, NCVBDC, New Delhi & Member, Malaria Vector Control Expert Group WHO, Geneva) talked about sustainable use of resources in public health sector and support to reduce the use of insecticides for vector control. Dr Sharma also throw light on the national

science day and importance of science daily life. Dr P T Joshi, former state entomologist of Gujarat, threw light on techniques of disease diagnosis and scientific approaches in earlier time.

During the session Four multinational companies have given their consent to start 1st round placement interaction for public health and entomology students. Dr. Subrata Sarkar (Director, Ajay Biotech (I) Ltd., Pune, Maharashtra) Dr. Gagan Malhotra (Manager, Syngenta, New Delhi, India) Dr. Rajendra Thapar (Manager (Public Health and Exports), Hindustan Insecticides Limited, New Delhi, India) Dr. Shyamal Majumdar (Country manager, Clarke, USA) have interacted with students and talked about career opportunities in MNCs and public health sectors. Dr. Rajendra Thapar talked about insecticide resistance in mosquitoes which is an emerging threat to public health sector and vector control.

At the end, the coordinator of the program, Prof. Aarti Prasad, while thanking all the expert speakers, thanked Hon'ble Vice Chancellor Prof. Amarika Singh for his cooperation and guidance

Training at a Glance

Training Report

The Two weeks training programme started under the supervision of Prof. Arti Prasad, Head of the Department, Department of Zoology and Coordinator RUSA 2.0 funded Career Hub completed following valedictory program. Giving a brief description of the program, Program Coordinator Prof. Aarti Prasad said that on the first day of the training program, the training program was inaugurated by Hon'ble Vice Chancellor Prof. Amerika Singh.

On the first day, the trainees were told about the outline of the training program and the techniques to be taught during the training program and their usefulness. On the second day, RS Sharma, a vector-borne disease specialist of the World Health Organization and former scientific advisor of the World Health Organization, in the first session, informed the trainees about the vectors, pathogens, their identification and breeding sites of all vector-borne diseases occurring in the country.

Along with this, Dr. Sharma talked about the eradication of malaria from India by the year 2030 and the difficulties faced by it. Sharma drew special attention to the current spread of dengue and zika diseases. In the second session of the training, experimentally classify the major vectors and explain their effects on human health. In the same session, Dr PT Joshi, former state entomologist of Gujarat state, threw light on the techniques used for vector borne disease control and the contribution of society in this.

Dr. PT Joshi delivered his lectures on Scrub Typhus, Cerebral Congo Hemorrhagic Fever and Plague. On the third day of the training program, Dr. PT Joshi told the trainees about the method of survey of disease vectors and gave a lecture on the identification of the immature and adult stage of the vectors and the method of their survey. On the fourth day, Dr. PT Joshi told the trainees about the data to be collected during the survey and the method of their collection and its technical nuances.

On the fifth day of the training program, the trainees visited Veerpura village near Jaisamand Lake and Palaghati village located near KevadaNal and conducted survey and got training in technical nuances of survey. The coordinator of the training program and the head of the department, Prof. Aarti Prasad, told that these two villages were surveyed along with the trainees for training to work in the field.

During the survey, Dr. PT Joshi, former state entomologist and vector disease specialist of the state of Gujarat, told about the method of survey of disease vector mosquitoes and other insects and the method of identifying them and protecting them by collecting them in the field. During this, the method of collecting mosquitoes by pyrethrum space spray sheet method was explained experimentally.

Prof Arti Prasad told that apart from going to the field and telling the method of collection and identification of mosquitoes carrying malaria, dengue and chikungunya diseases, the trainees should interact with the people of the village and the methods of making people aware and collect the data on the prevalence of these diseases. Was made aware of the methods of storage experimentally so that in the near future there is an increase of such vector borne diseases these

trainees can become an important resource for the country and help the country to overcome these diseases. Prof Prasad said that during the survey, mosquitoes carrying malaria disease *Anopheles culicifacies* and suspected carrier *Anopheles annularis* were found in abundance, which indicates the danger of spreading malaria in these villages.

During the survey it was found that insecticide treated mosquito nets were distributed to the villagers, but due to lack of awareness among the people about their use, people were found using them to fill the face of the house. On the sixth day of the training program, Dr PT Joshi told the trainees about the method of organizing the data collected from the field and drawing results and conclusions from it.

On the eighth day of the training program, keynote speaker Dr. Kaushal Kumar, insect expert of the National Vector Borne Disease Control Program, told the participants about the benefits of reading entomology, the usefulness of entomologist and employment opportunities in entomology and the method and technology of vector survey. During his lecture, Dr. Kaushal Kumar told that today the whole country is caught in the clutches of mosquito-borne diseases.

And in the last years and even recently, in big states like Delhi, Uttar Pradesh, Rajasthan, hundreds of people have lost their lives due to dengue and zika and mosquito-borne diseases like dengue, malaria, zika are spread by female mosquitoes, so these diseases Control of these carrier mosquitoes is the only way for prevention and control. Prof. Aarti Prasad said that the only way to eliminate these mosquito-borne diseases is to eliminate mosquitoes, which is a very cheap method.

On the ninth day of the training program, Dr. Kaushal Kumar apprised the trainees about Scrub Typhus, Caynaro Forest Disease's vectors, pathogens, symptoms of the disease, prevention and prevention. On the tenth day of the training programme, Dr. Pradeep Srivastava, former director of the National Vector Borne Disease Control Program, told the trainees about the symptoms and prevention and prevention of disease caused by filarial disease.

During this, Dr. Pradeep Srivastava, while talking about the National Filariasis Eradication Program, told about the importance of training them by pointing out the need of young scientists in it. In the second session, Dr. Kaushal Kumar told about the causative symptoms and prevention and prevention of Kala-azar disease. On the last day of the training program, Dr. Kaushal Kumar explained its usefulness by telling the method of knowing the age of the mosquito by dissection of the mosquito and the method of knowing the infection of the mosquito.

Prof. Aarti Prasad said that after the first session, the feedback of the training program was taken from the trainees and after the completion of the training, an examination was conducted for the trainees so that the knowledge acquired by the trainees could be tested during the training. In the last session of the last day, there was an interaction program of the trainees with both the expert scientists Dr. Pradeep Srivastava and Dr. Kaushal Kumar, in which the curiosities arising in the mind of the trainees were pacified.

After that Dr. Kaushal Kumar told about the importance of such training programs in future while explaining the usefulness of the training program. Dr. Pradeep Srivastava motivated the trainees to never get disappointed in life by moving forward with positivity and always motivated them to move forward in life.

In the end, the coordinator of the program, Prof. Aarti Prasad, while thanking all the expert speakers, thanked Hon'ble Vice Chancellor Prof. America Singh for his cooperation and guidance.

BRAINSTORMING WORKSHOP FOR THE UPGRADATION OF SKILL, RESEARCH AND ENTREPRENEURSHIP UNDER THE AEGIS OF NATIONAL EDUCATION POLICY (NEP)-2020

Organized by
DEPARTMENT OF ZOOLOGY
University College of Science,
Mohanlal Sukhadia University, Udaipur (Raj.) India.

Date: 28-29 March, 2022

PATRON

Prof. AMARIKA SINGH
Hon'ble Vice Chancellor,
Mohanlal Sukhadia University, Udaipur

CO-PATRON

Prof. G. S. RATHORE
Dean, University College of Science,
Mohanlal Sukhadia University, Udaipur

CONVENOR

Prof. ARTI PRASAD
Head, Dept. of Zoology,
UCOS, MLSU, Udaipur

ORGANIZING SECRETARIES

Dr. VIJAY KUMAR KOLI
Asst. Prof., Dept. of Zoology,
UCOS, MLSU, Udaipur

Dr. DEVENDRA KUMAR
Asst. Prof., Dept. of Zoology,
UCOS, MLSU, Udaipur

EMINENT SPEAKERS

Prof. MEWA SINGH
Distinguished Professor (for Life)
Department of Psychology and Institute of
Excellence, University of Mysore, Mysuru.

Prof. VINOD KUMAR SINGH
Department of Zoology
University of Delhi
Delhi, India.

Prof. N.P. SINGH
Emeritus Scientist,
Department of Zoology
University of Rajasthan, Jaipur.

ABOUT THE WORKSHOP:

Education is a public service; access to quality education must be considered a basic right of every child. National Education Policy 2020 envisions an education system rooted in Indian ethos that contributes directly to transforming India, that is Bharat, sustainably into an equitable and vibrant knowledge society, by providing high-quality education to all, and thereby making India a global knowledge superpower. In this connection proposed workshop will open the ideas to enrich the knowledge of students and give direction to reform the syllabus in context to NEP 2020. Brainstorming session will introduce the inputs in terms of curriculum up-gradation and pedagogy of our department for the development of our students in a deep sense of respect towards the fundamental duties, ethics and constitutional values.

ABOUT THE UNIVERSITY AND DEPARTMENT:

Mohanlal Sukhadia University (erstwhile Udaipur University) at Udaipur is a state University established by an Act in the year 1962 to cater the needs of higher education in southern Rajasthan with more than 2.25 lakh students. The university is located in Aravalli Hill area largely dominated by tribal populations endowed with rich cultural heritage, natural resources and beautiful landscape. Udaipur city is a world renowned tourist attraction point.

Since its foundation, the university has strived for excellence in teaching, research and community service. Great emphasis has been laid on developing scientific temperament, maintaining high ethical values, and in keeping up with expanding areas of higher study. By fostering broader access and an inclusive approach, the university has ensured general socioeconomic progress for all segments of society, making it the most favoured institution for higher education, learning, and research.

One of the primary goals of higher education is the generation of new knowledge through research. Recognizing its role in the generation of new knowledge, the university has not only made a visible influence at the national and international levels, but has also piqued the attention of other institutions in collaborative research. The Department of Zoology has been recognized by the UGC for its "Special Assistance Programme (SAP)" and has received support from the DST through the FIST program. Departments provide as evidence of scientific achievements produced by academic members.

FOCAL THEMES:

- National education Policy implementation in Indian Universities
- Syllabus reforms in context to NEP- 2020
- Skill development amongst Students
- Development of research Infrastructure
- Designing of Research Proposals
- Recent development in Scientific research

REGISTRATION FEE:

Rs. 500/- for all Participants

Kindly deposit your registration fee in the below mentioned details:

Account Number: 603301214013

IFS Code: ICIC0006933

Bank Name: ICICI Bank

Branch: Bapu Bazar Udaipur

Account Name: Head, Department of Zoology

ORGANIZING COMMITTEE:

Dr. Asharam Meena, Dr. Deepak Rawal, Dr. Girima Nagda

Contact for any inquiry: 92522 39657(Dr. Vijay Kumar Koli) & 94131 90540 (Dr. Devendra Kumar)

Activity Report of World Mosquito Day 20 Aug. 2021

On the occasion of World Mosquito Day, RUSA 2.0 sponsored a one-day national webinar was organized by the Laboratory of Public Health, Department of Zoology on the topic of **“FIGHT AGAINST MOSQUITOES: COLLECTIVE ACTIONS FOR GREATER IMPACT”**.

The organizing team of the webinar were as:

Chief-Patron	- Prof. Amarika Singh (Hon. Vice-Chancellor)
Co-Patron	- Prof. G.S. Rathore (Dean)
Convenor	- Prof. Arti Prasad (PI & Head)
Organizing Secretary	- Dr. Devendra Kumar (CO-PI)

Prof Arti Prasad welcomed the delegates and participants. The Eminent speakers of the webinar were Dr. Himmat Singh, Scientist of National Institute of Malaria Research and Dr. Anil Verma, Chief Medical Officer of Kolayat, Bikaner. Dr Himmat Singh delivered a lecture about the types of mosquito vectors, their life cycle and various diseases spread by them. Dr. Anil Verma delivered a lecture about malaria free Kolayat, Bikaner. He gave information about the techniques of destroying the breeding sites of mosquitoes by the methods of indigenous jugaad. About 100 participants were present during webinar. Dr. Devendra Kumar proposed vote of thanks to all the speakers and participants and also concluded the highlights of webinar.

RUSA 2.0 Sponsored
A VIRTUAL SCIENTIFIC SESSION
on
FIGHT AGAINST MOSQUITOES:
COLLECTIVE ACTIONS FOR GREATER IMPACT
on the occasion of
WORLD MOSQUITO DAY 2021
("Reaching the zero malaria target ")

Date: 20 August 2021, (Friday)

Time: 12:00 PM to 1:30 PM

Likewise preceding year's 2020, this time also World Mosquito Day falls when COVID-19 pandemic has engulfed the world again, straining health systems and speedily increasing demand on health facilities and health care workers, threatening to leave health systems overstretched and unable to operate effectively.

The WHO's World Malaria Report 2020 highlighted India's gains in the path to elimination. India recorded impressive 60% reduction in reported cases compared with 2017, and a 46% reduction in cases compared with 2018, which built momentum to reach the goal of zero indigenous malaria cases by 2027. This Virtual session will address the precautions and the various strategies in the form of collective actions in order to fight against malaria.

As a citizen of an Independent India our collective responsibility is to fight against mosquito borne diseases i.e. Malaria, Dengue, Chikungunya, Japanese encephalitis, Filariasis, Zika and to spread a concept of malaria-free world.

Chief-Parton

Prof. Amarika Singh

Online National Seminar
on
**Understanding Women and Gender Questions:
An Interdisciplinary Approach**

Date: 15.06.2021
Time: 10:30 AM – 04:00 PM

Seminar Schedule

Inaugural Session (10:30 AM- 11:30 AM)

<u>TIMINGS</u>	<u>PARTICULARS</u>	
10:30 - 10:32 am	Log in and welcome of the Dignitaries	
10:32 – 10:34 am	Kulgeet	
10:35 – 10:39 am	Reading of the Preamble, Constitution of India by the Hon'ble Vice Chancellor	
10:40 – 10:43 am	Welcome Address & About the seminar	Dr. Garima Mishra Seminar Organising Secretary, Asst. Prof. UGC Centre for Women's Studies, MLS University
10:44– 10:49 am	Address by Chief Guest	Prof. Amarika Singh Hon'ble Vice Chancellor Mohanlal Sukhadia University, Udaipur
10:50– 11:05 am	Address by Principal Speaker	Prof. Rekha Pande Former Director Department of Women's Studies University of Hyderabad, Hyderabad
11:06– 11: 21am	Address by Principal Speaker	Prof. Rakesh Chandra Dean Academics, Head Department of Philosophy Former Director, Institute of Women's Studies, Lucknow University, Lucknow

11:22– 11:25 am	Address by Chairperson	Prof. Seema Malik Dean University College of Social Sciences & Humanities Mohanlal Sukhadia University, Udaipur
11:26 – 11:28 am	Release of e-bibliography	
11:28 – 11:30 am	Vote of Thanks	Prof. Pratibha Director UGC Centre for Women's Studies Mohanlal Sukhadia University, Udaipur
Session Coordinator: Ms. Tanushri Vijay (Research Scholar) Mohanlal Sukhadia University		

Technical Session I (11:35 AM- 01:05 PM)
(Women and Gender questions: socio-cultural aspects)

Chair: Prof. Manuka Khanna

Professor, Department of Political Science, University of Lucknow, Lucknow

Presentations (7 minutes each)

Event Report

Name of the Event: PCOD & PCOS in Adolescent Girls: Causes and Cure

Date: 10 July 2021

Time: 04:00 -05:00 PM

Venue/ online platform: Google Meet

Speaker/s: Dr. Aishwarya Parthasarathy

Organising secretary: Dr. Garima Mishra, Assistant Professor, UGC Centre for Women's Studies, MLSU

No. of participants: 69

Introduction: UGC Centre for Women's Studies & The Office of Chief Warden, Mohanlal Sukhadia University, Udaipur organised an interactive session on 'PCOD & PCOS in Adolescent Girls: Causes and Cure' on 10th July, 2021. Resource Person of this session, Dr. Aishwarya Parthasarathy M.D. (OG) AIIMS, New Delhi, DNB (OG), FNB (Reproductive Medicine) started her presentation by quoting the example of Harnaam Kaur, a model, and activist who has a full beard as a result of PCOS.

Major highlights:

- ✚ She discussed what is PCOS, what happens in it, differences between PCOD & PCOS, its symptoms, causes, types, PCOS & its relationship with insulin, health risks, treatment, natural remedies, diet plans, exercise, intermittent fasting, its types and discuss the remedies of the various symptoms of PCOS
- ✚ Dr. Aishwarya emphasized 'Diet & Lifestyle modification' & quotes that it's the first-line treatment for any age. Follow any diet practice which has fewer carbohydrates & fats, less caffeine, more whole grains, vegetables, fruits.
- ✚ She recommended 3 meals and 3 snacks rule.
- ✚ She advised any form of physical exercise regularly, it can be 30 min cardio, yoga, swimming, or simply 10,000 steps of walking. Losing weight may also increase the effectiveness of medications and other benefits are on the way.
- ✚ More than 60 participants benefited from this program. Participants asked queries related to hormonal pills, remedies for PCOS symptoms, comorbidities with PCOS, and things like that.

यू. जी. सी. महिला अध्ययन केंद्र और चीफ वार्डन कार्यालय, मोहनलाल सुखाड़िया विश्वविद्यालय, उदयपुर के तत्वाधान में 'पी. सी. ओ. डी एंड पी. सी. ओ. एस. इन एडोलसेंट गर्ल्स: काउसेस एंड क्योर' (PCOD & PCOS in Adolescent Girls: Causes and Cure) का आयोजन दिनांक १० जुलाई २०२१ को ऑनलाइन प्लेटफार्म पर किया गया। डाटा के अनुसार, ५ में से १ महिला इस समस्या का झूझ रही है। साइंसडेली में छपी खबर के अनुसार पी. सी. ओ. एस. से प्रभावित महिला कोविड-19 से संक्रमित ज्यादा हुई है। यह स्थिति शारीरिक ही नहीं मानसिक और भावनात्मक स्तर पर भी असर करती हैं। इन्हीं से उत्पन्न चुनौतियों के संदर्भ में एक दिवसीय वार्ता का आयोजन किया गया।

आयोजन सचिव सहायक आचार्य (महिला केंद्र) डॉ गरिमा मिश्रा द्वारा कार्यक्रम का संचालन करते हुए कुलपति महोदय डॉ अमरीका सिंह को छात्र-छात्राओं, शिक्षकों और अभिभावकों की जागरूकता हेतु इन वेबिनारों की श्रृंखला की प्रेरणा देने हेतु अभिनन्दन देते हुए वक्ताओं का परिचय दिया गया। कार्यक्रम का आगाज मोहनलाल सुखाड़िया विश्वविद्यालय के छात्रावासों की मुख्य अधीक्षिका एवं प्रोफेसर (एच. ओ. डी.) वाणिज्य डॉ मंजू बाघमार के आशीर्वचनों के द्वारा हुआ। मैडम ने अपने उद्बोधन में सबसे पहले विश्वविद्यालय के कुलपति महोदय डॉ अमरीका सिंह को उनके कुशल मार्गदर्शन हेतु आभार ज्ञापित करते हुए इस वार्ता के माध्यम से इस विद्यालय के विद्यार्थियों, शिक्षकों और अभिभावकों के इस बीमारी के चलते बिगड़ते हुए शारीरिक एवं मानसिक स्वास्थ्य पर पड़ रहे प्रभाव, उसके लक्षण और उपाय पर वार्ता हेतु वक्ता डॉ ऐश्वर्या पार्थसारथी को उनके अनुभवों को साझा करने के लिए आमंत्रित किया।

वार्ता की वक्ता एम्स, दिल्ली शिक्षा प्राप्त, वर्तमान में चेन्नई में कार्यरत डॉ ऐश्वर्या पार्थसारथी (एम्. डी. (ओ जी) एम्स थी। उन्होंने छात्रों को पी. सी. ओ. एस. के संबंध में महत्वपूर्ण जानकारियां प्रदान की तथा बताया कि यह प्रजनन आयु में हार्मोंस की गड़बड़ी के कारण होता है, तथा इनके लक्षण जैसे अनियमित महाबारी, चेहरे पर मुहासे, ज्यादा बाल का उगना आदि के विषय में विस्तृत जानकारी प्रदान की। उन्होंने बताया कि जीवन शैली में सुधार, कसरत, टहलना, कार्यशील जीवन दिनचर्या और समझदारी के साथ भोजन ग्रहण करना ही इसका प्रथम इलाज है। दवाइयां सिर्फ लक्षण का इलाज करती हैं।

सहायक आचार्य (महिला अध्ययन) डॉ गरिमा मिश्रा और अनमोल के मार्गदर्शन में छात्र-छात्राओं के प्रश्न उत्तर के माध्यम से विषय संबंध में उत्पन्न जिज्ञासाओं को शांत किया। कार्यक्रम के समापन पर केंद्र डायरेक्टर प्रो प्रतिभा ने विश्वविद्यालय के कुलपति महोदय डॉ अमरीका सिंह को तथा वक्ता द्वारा दी गई जानकारी के लिए उनको धन्यवाद ज्ञापित किया एवं वक्ता से

जुड़े हुए समस्त संकाय सदस्यों एवं अतिथियों का आभार व्यक्तकरते हुए इस कार्यक्रम की सफलता के लिए सभी को धन्यवाद दिया ।

महिला अध्ययन केंद्र द्वारा स्तनपान सप्ताह का बहुआयामी दृष्टिकोण से आयोजन

महिला अध्ययन केंद्र का सरोकार समाज से, युवाओं को जागरूक करना अहम् कार्य: प्रो अमरीका सिंह

महिला अध्ययन केंद्र ने स्तनपान सप्ताह पर जागरूकता अभियान का आयोजन किया, यू. जी. सी. महिला अध्ययन केंद्र, मोहनलाल सुखाडिया विश्वविद्यालय के तत्वाधान में १ से ७ अगस्त २०२१ स्तनपान सप्ताह का आयोजन किया गया। इस अवसर पर केंद्र द्वारा विभिन्न कार्यक्रमों का आयोजन किया गया- जागरूकता अभियान, पोस्टर प्रतियोगिता, विश्वविद्यालय द्वारा गोद लिए गांव में जागरूकता शिविर, सेंटर के इन्फर्मेशन एंड डिसेमिनेशन इनिशियेटिव के तहत ई- पोस्टर का सोशल मीडिया पर प्रसारण और संयुक्त राष्ट्र द्वारा स्तनपान विषय पर समय समय पर बने पोस्टर्स को हिंदी में अनुवाद किया गया जिससे शहर और गांव के लोगों तक जानकारी आसानी से पहुँच सके। इस साप्ताहिक कार्यक्रम में प्रो अमरीका सिंह, कुलपति मोहनलाल सुखाडिया विश्वविद्यालय द्वारा हिंदी अनुवादित पोस्टर्स का विमोचन किया गया. प्रो अमरीका सिंह ने समाज में लैंगिक समानता, समुच्चय विकास और संस्थानों में महिलाओं के लिए उचित व्यवस्था बनाने पर ज़ोर दिया. और साथ ही कहा कि महिला अध्ययन केंद्र को शोध के साथ ही साथ समाज में ऐसे कार्यक्रमों द्वारा समाज में जागरूकता बढ़ाने के उद्देश्य से कार्य करते रहना चाहिए.

प्रो. सी. आर. सुथार, अधिष्ठाता, सामाजिक विज्ञान एवं मानविकी महाविद्यालय ने भी इन पोस्टर्स का विमोचन किया और केंद्र को बधाई दी. उन्होंने कहा कि केंद्र भविष्य में एन.एस.एस. के साथ मिलकर कार्यक्रम कर सकता है. जागरूकता अभियान के तहत अंग्रेज़ी और हिंदी अनुवादित पोस्टर्स को विश्वविद्यालय के सभी महाविद्यालयों में लगाया गया। विज्ञान महाविद्यालय, वाडिज्य महाविद्यालय, विधि महाविद्यालय के डीन और विभागाध्यक्ष ने अपने महाविद्यालय में पोस्टर्स लगवा कर विद्यार्थियों का उत्साहवर्धन किया. विश्वविद्यालय के गर्ल्स हॉस्टल में भी पोस्टर्स लगाए गए और एम डी एस गर्ल्स हॉस्टल में बालिकाओं से डॉक्टर गरिमा मिश्रा सहायक आचार्य महिला अध्ययन केंद्र ने बात चीत की और स्तनपान से सम्बंधित बिंदुओं को उजागर किया।

इसके साथ ही जागरूकता अभियान के तरह गाँव के आंगनवाड़ी और प्राथमिक चिकित्सा केंद्र, विद्यालय, बाज़ार में पोस्टर्स चिपकाए और गाँववासियों को जागरूक किया गया। विद्यार्थियों ने स्तनपान से जुड़ी जानकारियों और इनसे होने वाले लाभ, महामारी के समय से जुड़े सवालों पर केंद्रित पोस्टर बनाए। पोस्टर प्रतियोगिता का आयोजन किया गया जिसने महिला अध्ययन केंद्र के छात्रा छात्राओं ने भाग लिया। विद्यार्थी अपने घरों पर पोस्टर बना के वट्सऐप ग्रुप पर साझा किए। केंद्र ने ई पोस्टर्स को सोशल मीडिया की सहायता से लोगों तक पहुँचाया जिसने करीब ९ तरह के पोस्टर्स थे जो माँ पिता, परिवार, दोस्त, विधिनिर्माता, कार्यस्थल और नियोक्ता की भूमिकाओं पर बात करते हैं और कोविड १९ से संक्रमित माँ के लिए स्तनपान से सम्बंधित जानकारी प्रदान करते हैं। केंद्र ने इन पोस्टर्स को अपने इन्स्टाग्राम पेज भी अपलोड किया। जिससे अधिकतर विश्वविद्यालय के छात्र छात्राएँ तक बात को पहुँचाया जा सके।

इस साप्ताहिक कार्यक्रम में महिला केंद्र के निदेशक प्रो प्रतिभा पाण्डेय के दिशानिर्देश में डॉ गरिमा मिश्रा सहायक आचार्य महिला अध्ययन ने बी ए (जेंडर स्टडीज) के विद्यार्थियों के साथ मिलकर इसे सफल बनाया. वर्तमान में, महिला अध्ययन केंद्र में पी.एच.डी., बी. ए. (वीमेन'स स्टडीज), सर्टिफिकेट कोर्स (वीमेन एंड लीगल राइट्स) पढाया जा रहा है.

आज़ादी का अमृत महोत्सव

महिला अध्ययन केंद्र ने विद्यार्थियों के साथ आज़ादी का अमृत महोत्सव मनाया विश्वविद्यालय द्वारा गोद लिए गांव में आंगनवाड़ी केंद्र में महिलाओं और बच्चों संग की चर्चा और साथ किया राष्ट्रगान स्वतंत्रता की ७५वीं वर्षगांठ के उपलक्ष्य में भारत सरकार द्वारा पूरे राष्ट्र में 'आज़ादी का अमृत महोत्सव' मनाया जा रहा है। यू जी सी के निर्देशानुसार महिला अध्ययन केंद्र, मोहनलाल सुखाडिया विश्वविद्यालय में कार्यरत डॉ गरिमा मिश्रा सहायक आचार्य ने प्रो प्रतिभा डाइरेक्टर के नेतृत्व में विद्यार्थियों के साथ मिल कर आदिवासी दिवस के दिन इस उत्सव को मनाया । कार्यक्रम का प्रारम्भ प्रातः ८ बजे से हुआ। भारत सरकार के 'फिटनेस की डोस आधे घंटे रोज' इनिशीयतिव के तहत एम डी एस महिला छात्रावास में छात्राओं के साथ योगा, प्राणायाम और ध्यान के गुर सिखाए गए। वर्तमान में, विश्वविद्यालय में परीक्षा के कारण छात्रावास में रह रही छात्राओं के मानसिक स्वास्थ्य और महामारी के दुष्परिणाम से स्वयं को संतुलित बनाए रखने के लिए यह एक दिवसीय कार्यक्रम का आयोजन किया गया। मिस रिमी, योगा प्रशिक्षक, ने विद्यार्थियों को ध्यान के तरीके व संतुलित खान पान के बारे में बताया। ११ बजे डॉक्टर गरिमा मिश्रा और सभी विद्यार्थी रघुनाथपुरा गांव में आंगनवाड़ी केंद्र में गांव की महिलाओं और बच्चों के साथ स्वतंत्रता की मूल अवधारणा पर बातचीत की और जानकारी साझा की। कार्यक्रम का समापन विद्यार्थियों ने विश्वविद्यालय प्रांगण में एक साथ राष्ट्रगान का गायन करके किया और राष्ट्रगान डॉट इन पर अपनी व्यक्तिगत रिकॉर्डिंग भी अपलोड की। महिला अध्ययन केंद्र ने विद्यार्थियों के साथ आज़ादी का अमृत महोत्सव मनाया विश्वविद्यालय द्वारा गोद लिए गांव में आंगनवाड़ी केंद्र में महिलाओं और बच्चों संग की चर्चा और साथ किया राष्ट्रगान स्वतंत्रता की ७५वीं वर्षगांठ के उपलक्ष्य में भारत सरकार द्वारा पूरे राष्ट्र में 'आज़ादी का अमृत महोत्सव' मनाया जा रहा है। यू जी सी के निर्देशानुसार महिला अध्ययन केंद्र, मोहनलाल सुखाडिया विश्वविद्यालय में कार्यरत डॉ गरिमा मिश्रा सहायक आचार्य ने प्रो प्रतिभा डाइरेक्टर के नेतृत्व में विद्यार्थियों के साथ मिल कर आदिवासी दिवस के दिन इस उत्सव को मनाया । कार्यक्रम का प्रारम्भ प्रातः ८ बजे से हुआ। भारत सरकार के 'फिटनेस की डोस आधे घंटे रोज' इनिशीयतिव के तहत एम डी एस महिला छात्रावास में छात्राओं के साथ योगा, प्राणायाम और ध्यान के गुर सिखाए गए। वर्तमान में, विश्वविद्यालय में परीक्षा के कारण छात्रावास में रह रही छात्राओं के मानसिक स्वास्थ्य और महामारी के दुष्परिणाम से स्वयं को संतुलित बनाए रखने के लिए यह एक दिवसीय कार्यक्रम का आयोजन किया गया। मिस रिमी, योगा प्रशिक्षक, ने विद्यार्थियों को ध्यान के तरीके व संतुलित खान पान के बारे में बताया। ११ बजे डॉक्टर गरिमा मिश्रा और सभी विद्यार्थी रघुनाथपुरा गांव में आंगनवाड़ी केंद्र में गांव की महिलाओं और बच्चों के साथ स्वतंत्रता की मूल अवधारणा पर बातचीत की और जानकारी साझा की। कार्यक्रम का समापन विद्यार्थियों ने विश्वविद्यालय प्रांगण में एक साथ राष्ट्रगान का गायन करके किया और राष्ट्रगान डॉट इन पर अपनी व्यक्तिगत रिकॉर्डिंग भी अपलोड की।

विश्व मानसिक स्वास्थ्य दिवस और अंतराष्ट्रीय बालिका दिवस

यू. जी. सी. महिला अध्ययन केंद्र एवं चीफ वॉर्डन ऑफिस, यूनिवर्सिटी हास्टल्ज़, मोहनलाल सुखाडिया विश्वविद्यालय के तत्वावधान में विश्व मानसिक स्वास्थ्य दिवस (१० अक्टूबर २०२१) और अंतराष्ट्रीय बालिका दिवस (११ अक्टूबर २०२१) के उपलक्ष्य पर मानसिक स्वास्थ्य विषय के प्रति जागरूकता बढ़ाने के लिए १० अक्टूबर को एम डी एस गर्ल्ज़ हॉस्टल में मानसिक स्वास्थ्य पर एक व्याख्यान का आयोजन किया गया और १० अक्टूबर से १७ अक्टूबर तक एक सप्ताह का योग शिविर का आयोजन किया गया।

डॉक्टर गरिमा मिश्रा, सहायक आचार्य, यू जी सी महिला अध्ययन केंद्र एवं वॉर्डन, एम डी एस गर्ल्ज़ हॉस्टल ने कुलपति प्रो. अमेरिका सिंह को विभाग की तरफ से धन्यवाद देते हुए केंद्र निदेशक प्रो प्रतिभा एवं चीफ वॉर्डन प्रो मंजु बागमार का संदेश छात्राओं तक पहुँचाया। बालिका शिक्षा के महत्व और पूर्व गर्भाधान और प्रसव पूर्व निदान तकनीक (PCPNDT) अधिनियम, 1994 के विषय पर छात्राओं को जागरूक किया।

मानसिक स्वास्थ्य पर चर्चा करते हुए डॉक्टर हेमा मेहर, सहायक आचार्य, मनोविज्ञान विभाग ने छात्राओं से बातचीत की और उन्हें शारीरिक स्वास्थ्य के साथ मानसिक स्वास्थ्य को बेहतर रखने के उपाय साझा किए। और यह भी बताया की छात्राएँ कैसे समझे कि वे किसी मानसिक समस्या से गुज़र रही हैं।

योग एक्सपर्ट श्रीमती मीना जैन छात्राओं को एक सप्ताह के योग शिविर में सुबह एक घंटा योग के गुरु सिखाने के साथ इनसे होने वाले लाभ की जानकारी भी दी। यह सात दिवसीय शिविर में ३० से अधिक छात्राओं को लाभ प्राप्त हुआ। इस शिविर में योग एक्सपर्ट मीना जैन द्वारा प्रत्येक दिन विभिन्न योग आसन और प्राणायाम छात्राओं को सिखाया गया। जिसमें क्रमशः शरीर को मजबूत करने, लचक बढ़ाने, ब्लड सर्कुलेशन बेहतर करने, मोटापा कम लेने, माहवारी की समस्या, मानसिक स्वास्थ्य को बेहतर बनाने के लिए उपयोगी व उचित योगासन व प्राणायाम बताए गए तथा आखिरी दिन छात्राओं ने अपनी समस्याओं को एक्सपर्ट के साथ साझा किया और योगा की टेक्नीक से सम्बंधित प्रश्नोत्तर किए। छात्राओं ने इन सात दिनों के अपने अनुभव साझा किए और आग्रह किया कि योगा शिविर लम्बे समय के लिए आयोजित किए जाए जिससे वे इसे बेहतर तरीके से सीख सकें।

डॉ गरिमा मिश्रा और मीना जैन ने छात्राओं के सभी सवालों का जवाब दिया और कार्यक्रम का समापन ध्यान की क्रिया के साथ किया गया। इस मौके पर डॉ मिश्रा ने कुलपति अमेरिका सिंह के मार्गदर्शन एवं प्रोत्साहन के लिए धन्यवाद ज्ञापित किया। और छात्रावास की वॉर्डन स्नेहा सिंह, सहायक आचार्य, विधि महाविद्यालय ने श्रीमती मीना जैन को छात्राओं को अपना समय देने के लिए आभार व्यक्त किया और सभी को धन्यवाद दिया।

छात्राओं में उत्साह देखा गया और उन्होंने एक्सपर्ट्स से खुल कर बात की और प्रश्न भी पूछे। छात्रावास में छात्राओं के मानसिक स्वास्थ्य को बेहतर बनाने के लिए प्रत्येक सप्ताह काउन्सलिंग की व्यवस्था की जाएगी।

SHE: The Changemaker

Date: 31/01/2022

Venue: Deen Dayal Upadhyay Sabhagar, University College of Social Sciences & Humanities, MLS University

Number of Participants: 72

Organizing Secretary: Dr. Garima Mishra

After the PM address to the nation, Participants presented their views on women's issues, rights, present status of women in society, Gender representations in social media.

Report

International Women's Day Festive Week

UGC Center for Women's Studies organized "the International Women's Day Festive Week" from 2nd March, 2022 to 8th March, 2022. The theme of the festive week was **"Break the Bias"**. The activities started with a screening of the movie **"Pink"** by Aniruddha Roy Chowdhary. This movie depicts three girls who bravely fought against men with a powerful politician background who molested them. Total thirty-five students from different streams watched the movie along with the faculty members. The students discussed this topic and suggested several measures to prevent this type of attitude prevailing in the society.

Second day, 03.03.2022, commenced with the motto **"Cleanliness is next to godliness"**. Activity for the day was cleanliness and plantation. The activity started around 11 a.m. The two spots which were peripheral to the Centre for Women's Studies, rooms (159 and 165) of the centre were selected. The Rovers, NSS, NCC and the students of Centre for Women's Studies, University College of Social Sciences & Humanities (UCSSH), MLSU took active participation in the pursuit. Prof. C.R. Suthar (Dean, UCSH), Prof. Pratibha (Director, CWS), Dr. Khushpal Garg (Rover Scout Leader), Dr. Manish Shrimali (NSS, Co-Coordinator, UCSH), Dr. Garima Mishra (Assistant Professor, CWS) planted blossomy saplings like rose, jasmine, tulsi and other ornamental plants which can survive in the climate of Udaipur. We hope that soon the aroma of the bloom will spread all over the campus. This was our little contribution towards the vision of a green campus. The program ended at 2 p.m. and participants were served with high tea.

In the series, on the third day, a lecture was scheduled on **'Prevention of Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013'** by Dr. Garima Mishra, Assistant Professor, UGC Center for Women's Studies, MLSU. The lecture started at 11 a.m. Students and Faculty members were invited to attend the lecture. After the lecture, students discussed & deliberated on the subject. Dr. Vijay Dixit (Assistant Professor, department of Political Science) also expressed her views. Some students recommended spreading awareness among students, adaption of non-conventional ideas & tools will bring out behavioral changes in students and society at large. They also suggested gender sensitization should be made compulsory subject like general English, Hindi, Computer & Environment science and such topics should be part of curriculum.

Proceeding next day, 05.03.2022, Poster Making Competition was organized. Themes of the competition were 'Gender Equality', 'Women Empowerment' and 'Gender Rights'. Nineteen students from different departments submitted their posters and displayed their artistic skills. It was great learning experience for all the members who attended the program. All the posters were displayed in room no. 165. Dr. Rajkumar Vyas, Assistant Professor, Department of Hindi and Dr. Bhanupriya Rohila, Assistant professor, Department of English were the designated judges. Neha Verma, Research Scholar, Department of English, UCSSH, Bhavya Chundawat and Meenakshi Kamad, students of Women's Studies, received first, second and third positions, respectively.

On the fifth day, a session was organized on the theme **"We: The Changemakers"**. The program was commenced by lighting the lamp in front of Goddess Saraswati by the Keynote speaker Ms. Laad Lohar (the Pad-women of Udaipur), Guest of Honor, Prof. Seema Malik, Dept. of English (former Head of Department & former Dean, UCSSH) Prof. C.R. Suthar, Dean, UCSSH, Prof Dr. Pratibha, Director, CWS, Dr. Garima Mishra, Assistant Professor, CWS, The guests were greeted with Uparana and a Tulsi plant as a souvenir. Continuing the program, a puppet show was presented by Hitendra, Yashpal Singh, Pooja Kunwar, Bhawana Kunwar, Dimple Kumawat, Komal Suthar, Sunayana, Bhavya Chundawat, Sejal Gayari, Jaya Sharma, Saba and Firoz Ahamad, students of Women's Studies, under the guidance of Dr. Shweta Dodeja, Guest Faculty, CWS. The hand puppet show aptly portrayed the life of a girl and discrimination faced by a female in her entire life. The act comprised different stages of life and the challenges faced by her. The show concluded with a message urging the audience to bring about a change in their perception for a better, just and gender equal society. Following the act, the Keynote speaker was invited to the dais to share her words of wisdom. Next, Ms. Laad Lohar accompanied by Ms. Urvashi were presented with a memento. Later all the guests and esteemed Professors proceeded for a light refreshment organized in the Women's Studies Center.

Meanwhile, the debate competition conducted by Ms. Tanushri Vijay, Guest Faculty, CWS started. The esteemed judges were Dr. Rajkumar Vyas, Assistant Professor, Department of Hindi and Dr. Bhanupriya Rohila, Assistant Professor, Department of English. The topics for debate were 'Role of women in fighting pandemic' and 'Women and Men are equal'. Twenty- one students presented their views on the motion. Sarita Bagoti student of MSW, Surendra Dan Charan, student of MA Hindi, Jyotsana Uniyal student of MA Psychology, Kesar Vashistha, student of English literature, Dheeraj Chaubisa student of BSc, Himanshu Paliwal student of BSc were awarded with top three positions. The day concluded with a prize distribution ceremony.

Now the final and the most awaited day of this grand festive week arrived, International Women's Day. The theme for this session was **"Break the Bias"**. The program was lined with cultural events and felicitation of fourteen women achievers of

Mewar. These remarkable women have broken the stereotypes and biases of society. These ladies have made extraordinary contributions, despite their backgrounds, status and regions.

The program began with a welcome note by Dr. Pratibha, Director, CWS. Hon'ble Vice Chancellor, Prof. Amarika Singh Guest of Honor of the event. He awarded mementos to the achievers from different fields Education, Politics, Tourism, Construction, Media, Social Work etc. The dignitaries were - Prof. Kalawati Munent, DSP Chetna Bhati, Nandita Bhatt, Ruchi Singh, Jigisha Joshi, Rekha Sisodiya, Uma Ratnu, Miti Godawat, Sarla Gupta, Kusum Paliwaal, Anuradha Rai, Laad Lohar, Bhavna Jat, Priyambara Jhilmili.

Rovers were awarded with a certificate identifying their contributions. The recognized rovers were Govind Lal Mewara, Ankit Kumar Dhakad, Dinesh Parmer, Kushal Pahadiya, Vipul Pahadiya, Hari Singh Chundawat, Bhura Ram Tailor, Dakshesh Paliwal, Gopal Banjara and Bharat Koted.

Following the felicitation, the culture dance program was started performed by the students of MDS Girl's Hostel. Neetu Rathore, Anukriti Sharma, Hulash Rajvi, Shivani Rathore, Pooja Sharma, Shrishti Rathore put up a beautiful performance.

Next, a solo dance was performed by Sunayana Jain, a student of MSW followed by a solo song performance by a little girl. Continuing the course, the students of MLSU performed a play "kissa Maujpur ki" by Jayavardhan, directed by Jatin Bharwani. Actors were Divya adiwai, Aanchal Jain, Neetu Rathore, Payal Kumavat, Priyanka Sharma, Shreya Gur, TanshiraBano, Tina Sharma, Divya Soni, Shivani Rathore, Pooja Sharma, Ajay, Hulash Rajvi, Khushbu, Ritika Singh Choudhary, DikshaBairwa, TamannaPruthiviraj, Bhawana Sharma, Raj Panchal, KajalBunkar, Anukriti Sharma, Priyanka Kalawant, Rekha kumari Dholi, and Rahul Joshi. The show highlighted female feticide prevailing in our nation,

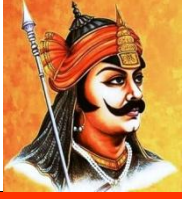

Meanwhile all the dignitaries along with the audience were served with light refreshments.

Moving onwards in the evening, a video was displayed prepared by Bhavya Chundawat, Dimple Kumawat, Sahiba Pathan and Hitendra, B.A. students of Women's Studies Center under the supervision of Dr. Shweta Dodeja and Tanushri Vijaywargiya, Guest Faculty, CWS. It consisted of opinions of the general public regarding common taboos like menstruation, ghoomghat pratha and malpractices like dowry, feticide.

Then, the Honorable VC Dr. Amrika Singh was invited to the dais to share a few words. He highlighted the equality in the gender ratio in Mohanlal Sukhadia University not only amongst the students but also in the staff members. He extended his appreciation to the organizers and the participants for a successful week. He also encouraged and granted

permission for Master's in Women's Studies to be included as a course offered by the institution.

The evening ended with a vote of thanks to the audience by Dr. Garima Mishra extended gratitude towards all the dignitaries and the Vice Chancellor who blessed the program with their presence. She especially thanked the performers and director of the play. She mentioned that the centre is at its nascent stage and working towards to achieve its goals and objectives with the support of everyone and it's an achievement that students have shown interest and raised their concerns throughout the programs. She shared that more than 400 students participated in the one-week Celebration of Women's Day festive week. She also acknowledged the contributions by the staff and the participants in turning this Women Festive Week a successful event.

महाराणा प्रताप जयन्ती राष्ट्रीय समारोह : ऑनलाइन संगोष्ठी

संस्कृत साहित्य एवं महाराणा प्रताप

Google Meet link: <https://meet.google.com/gar-tqgo-sjf>

14 जून, 2021 सोमवार, 12.30 बजे मध्याह्न

विश्वविद्यालय के बारे में - राजस्थान के दक्षिणी भाग में शक्ति भक्ति, शौर्य एवं कीर्ति की पुण्यभूमि मेवाड़धरा उदयपुर में 1962 में स्थापित मोहनलाल सुखाड़िया विश्वविद्यालय प्रदेश में उच्चशिक्षा और अनुसंधान के क्षेत्र में योजनाबद्ध विकास और विस्तार के लिए अनवरत संकल्पित तथा गतिमान है। बहुसंकायात्मक इस राज्य विश्वविद्यालय में 08 फैकल्टी तथा 34 विभाग कार्यरत हैं। आदिवासी जनजातीय बहुल इस क्षेत्र के चार जिलों के 190000 विद्यार्थी इस विश्वविद्यालय के विभिन्न पाठ्यक्रमों में अध्ययनरत हैं। अरावली की गोद में स्थापित यह विश्वविद्यालय मानविकी, सामाजिक विज्ञान, विज्ञान, प्रबन्ध, वाणिज्य, विधि, शिक्षा आदि अनेक विषय अनुशासनों में अद्यतन पाठ्यक्रम एवं उच्चस्तरीय आधारभूत सुविधाओं से सुसज्जित है। यहाँ के विद्यार्थियों और शिक्षकों ने समाज और देश के बहुआयामी विकास की दिशा में अनुकरणीय योगदान दिया है।

विभाग के बारे में- मोहनलाल सुखाड़िया विश्वविद्यालय की स्थापना के साथ ही भारतीय संस्कृति की प्रतिष्ठास्वरूपा संस्कृत भाषा के संरक्षण एवं संवर्धन हेतु संस्कृत विभाग की स्थापना की गई। सन् 1966 में स्नातकोत्तर पाठ्यक्रम प्रारंभ किया गया। वर्तमान में विभाग में स्नातक, स्नातक ऑनर्स, स्नातकोत्तर एवं पीएचडी पाठ्यक्रम संचालित हैं। आचार्य विष्णुराम नागर, आचार्य मूलचन्द पाठक, आचार्य रामचन्द्र द्विवेदी, आचार्य राधावल्लभ त्रिपाठी जैसे कई लब्धप्रतिष्ठ आचार्यों ने विभाग में अपनी सारस्वत सेवाएँ दी हैं। संस्कृत भाषा के संरक्षण, संवर्धन एवं विद्यार्थियों में मानवीय मूल्यों की प्रतिष्ठापना हेतु विभाग सर्वात्मना प्रयत्नशील है।

संगोष्ठी के बारे में - शूरता-वीरता के सर्वोच्च प्रतिमान महाराणा प्रताप से कौन परिचित नहीं है? महाराणा प्रताप का जन्म ज्येष्ठ शुक्ला तृतीया विक्रम संवत् 1597, रविवार तदनुसार 9 मई 1540 ई. को हुआ था। मातृभूमि की रक्षा हेतु इन्होंने जीवन भर संघर्ष एवं कई युद्धों को किया। अपने अदम्य साहस के बल पर इन्होंने सर्वदा मातृभूमि की स्वाधीनता के प्रण को निभाया। ऐसे उदात्त चरित्र एवं वीरता के धनी इस नायक पर संस्कृत साहित्य में अनेक रचनाएँ की गई हैं।

महाराणा प्रताप पर केंद्रित संस्कृत साहित्य के समग्र अनुशीलन के लिए यह राष्ट्रीय संगोष्ठी आयोजित की जा रही है। महाराणा प्रताप के व्यक्तित्व और कृतित्व को विलंबित करके संस्कृत में विगत शताब्दियों में तथा वर्तमान समय में जो कुछ लिखा गया है उसके समेकित अनुशीलन के लिए यह आयोजन हो रहा है। इस आयोजन में निम्नलिखित बिंदुओं पर शिक्षकों, शोधार्थियों एवं अध्येताओं के शोध पत्र आमंत्रित हैं –

- | | |
|---|---|
| 1. महाराणा प्रताप पर आश्रित संस्कृत महाकाव्य | 2. महाराणा प्रताप पर केंद्रित संस्कृत गद्य काव्य |
| 3. संस्कृत की नाटक परम्परा में महाराणा प्रताप | 4. महाराणा प्रताप के शासनकाल में संस्कृत की स्थिति |
| 5. प्रताप कालीन संस्कृत सृजन के विविध आयाम | 6. महाराणा प्रताप के राज्याश्रित संस्कृत कवि एवं विद्वान् |
| 7. राजस्थानीय संस्कृत रचनाधर्मी और महाराणा प्रताप | 8. राजस्थानेतर संस्कृत रचनाकर्म और महाराणा प्रताप |
| 9. संस्कृत पाठ्यक्रम एवं महाराणा प्रताप | 10. मेवाड़ की संस्कृत परम्परा और महाराणा प्रताप |
| 11. संस्कृत साहित्य में मेदपाट तथा महाराणा प्रताप | 12. महाराणा प्रताप एवं संस्कृत अभिलेख तथा पाण्डुलिपियाँ |
| 13. संस्कृत प्रशस्तिकाव्य एवं महाराणा प्रताप | 14. संस्कृत शोधपरम्परा एवं महाराणा प्रताप |

संगोष्ठी में ऑनलाइन पत्र वाचन करने हेतु उपर्युक्त विषयों में से किसी एक विषय पर अपना मौलिक शोधपत्र दिनांक 12 जून 2021 तक निम्नलिखित ईमेल आईडी पर प्रेषित करें- sanskrit@mlsu.ac.in सभी पंजीकृत प्रतिभागियों को ई-प्रमाणपत्र प्रेषित किये जायेंगे।

"भारत की राष्ट्रीय एकता और संस्कृत" विषय पर राष्ट्रीय संगोष्ठी एवं वेबीनार का आयोजन

संस्कृत विभाग, मोहनलाल सुखाड़िया विश्वविद्यालय, उदयपुर एवं राजस्थान संस्कृत अकादमी, जयपुर के संयुक्त तत्वावधान में 18 नवम्बर 2021, गुरुवार को राष्ट्रीय संगोष्ठी एवं वेबीनार का आयोजन किया गया। भारत की राष्ट्रीय एकता एवं संस्कृत विषय पर भारत की चारों दिशाओं के सारस्वत वक्ताओं ने भारत की राष्ट्रीय एकता में संस्कृत के योगदान एवं महत्त्व को प्रतिपादित किया। विश्वविद्यालय के माननीय कुलपति प्रो. अमेरिका सिंह ने अपने सन्देश में संस्कृत को भारत की पहचान एवं भारत का गौरव बताया। उन्होंने कहा कि संस्कृत से ही भारतीय संस्कृति एवं राष्ट्रीय एकता जैसे राष्ट्रभावना के मूल्य सुरक्षित हैं। जयपुर से जुड़े हुए वरिष्ठ साहित्यकार एवं शिक्षाविद् श्री राजेन्द्र मोहन शर्मा ने आर्टिफिशियल इंटेलिजेंस एवं कम्प्यूटर के लिए सर्वाधिक उपयोगी एवं विज्ञानसम्मत भाषा संस्कृत को बताया। गुजरात विश्वविद्यालय, अहमदाबाद से जुड़े हुए प्रो. कमलेश चौकसी ने संस्कृत को संस्कारों की भाषा बताया। उन्होंने कहा कि आधुनिक युग में आई संस्कारों की कमी को दूर करने का उपाय संस्कृत वाङ्मय में ही निहित है। केन्द्रीय संस्कृत विश्वविद्यालय, जयपुर परिसर से जुड़े हुए प्रो. रमाकान्त पाण्डेय ने बताया कि अंग्रेजों ने स्वार्थवश मैकाले की शिक्षापद्धति को भारत में थोपा था। अंग्रेजों ने संस्कृतशिक्षा के विकास को छद्मरूप से रोकने का प्रयास किया। भारत की पराधीनता के समय देशवासियों को एकसूत्र में पिरोने में संस्कृत की महती भूमिका रही। भारतीयों में स्वतन्त्रता की भावना जगाने वाले संस्कृत नाटकों, कविताओं को भी अंग्रेजी शासन द्वारा प्रतिबन्धित किया गया एवं कवियों पर मुकदमे चलाए गए क्योंकि संस्कृत काव्यरचना की यमक एवं श्लेष अलंकार वाली पद्धति द्रव्यार्थक भाषा में ब्रिटिश शासन की विषमताओं को उजागर करती थी। त्रिपुरा विश्वविद्यालय, अगरतला से जुड़ी हुई प्रो. शिप्रा रॉय ने संस्कृत को विश्वबन्धुता एवं राष्ट्र भावना को बढ़ाने वाली भाषा बताया। उन्होंने कहा कि भारत के प्रतिष्ठास्वरूप दो ही मूल्य हैं- संस्कृत और संस्कृति। कश्मीर विश्वविद्यालय से जुड़े हुए डॉ. करतार चन्द शर्मा ने बताया कि अधिकांश भारतीयों के संस्कृत नाम उन्हें भारतवर्ष की विविधताओं के मध्य एकता से जोड़ते हैं। उन्होंने कश्मीर की आचार्य परम्परा एवं संस्कृत साहित्य को उसकी देन का महत्त्व बताया। उन्होंने बताया कि भारत की एकता और अखण्डता के सूत्र इतिहास में भी उपलब्ध होते हैं और वहाँ तक पहुंचने का सुगम माध्यम संस्कृत एवं संस्कृत साहित्य हैं। केरल विश्वविद्यालय, तिरुवनन्तपुरम से जुड़ी हुई डॉ. सी. एन. विजयाकुमारी ने बताया कि संस्कृत भाषा सभी भारतीय भाषाओं के साथ भारतवासियों को एकत्वभाव से युक्त करती है। मलयालम भाषा के तो 80 प्रतिशत शब्द संस्कृत के हैं। सभी भारतीय भाषाओं में संस्कृत शब्दों की बहुलता है। महाविद्यालय के अधिष्ठाता प्रो. सी. आर. सुथार ने भारत को कश्मीर से कन्याकुमारी एवं पश्चिम से पूर्व तक जोड़ने वाला माध्यम संस्कृत को बताया। उन्होंने संस्कृतयज्ञ में सदैव आहुति देने हेतु तत्पर यजमान बने रहने की अभीप्सा व्यक्त की। मानविकी संकायाध्यक्ष प्रो. हेमन्त द्विवेदी ने भारत को जानने के लिए संस्कृत को जानने की आवश्यकता पर बल दिया। स्वागत भाषण संस्कृत विभागाध्यक्ष प्रो. नीरज शर्मा ने दिया। उन्होंने अपनी ओजपूर्ण वाणी से संस्कृत वाङ्मय में की गई राष्ट्र आराधना पर प्रकाश डाला। धन्यवाद ज्ञापन संगोष्ठी समन्वयक डॉ. जी.एल. पाटीदार ने किया। संचालन संगोष्ठी संयोजक डॉ. मुरलीधर पालीवाल द्वारा किया गया। कार्यक्रम में 115 शिक्षकों, शोधार्थियों, विद्यार्थियों एवं संस्कृतानुरागियों की प्रत्यक्ष एवं अन्तर्जालीय उपस्थिति रही।

देश के प्रसिद्ध वैदिक विद्वानों ने किया चारों वेदों की ग्यारह शाखाओं का सस्वर पाठ

प्रदेश में पहली बार प्रस्तुत हुआ ऋग्वेद का मुद्रापाठ ।

उदयपुर, उज्जवल इण्डिया संवाददाता। सुखाड़िया विश्व विद्यालय संस्कृत विभाग और राजस्थान संस्कृत अकादमी, कला एवं संस्कृति विभाग तथा श्री कल्लाजी वैदिक विश्वविद्यालय निंबाहेड़ा के संयुक्त तत्वाधान में शुक्रवार को राष्ट्रीय वेद सम्मेलन का आयोजन किया गया। आजादी के अमृत महोत्सव और माघ महोत्सव के अन्तर्गत आयोजित इस वर्चुअल कार्यक्रम में चारों वेदों की 11 दुर्लभ शाखाओं का सस्वर परम्परागत पाठ देश के विभिन्न भागों के वेद पण्डितों द्वारा किया गया। अध्यक्षीय उद्बोधन में कुलपति प्रो. अमेरिका सिंह ने विश्वविद्यालय में शीघ्र ही अपने वैदिक शिक्षा के संकल्प को मूर्तरूप देने का निश्चय प्रकट किया। उन्होंने कहा कि इस वैदिक ज्ञान की आवश्यकता न सिर्फ भारत को है अपितु सम्पूर्ण विश्व को है। कुलपति प्रोफेसर सिंह ने कहा कि जल्दी ही राष्ट्रीय वेद सम्मेलन का आयोजन फिजीकल मोड में विश्वविद्यालय द्वारा किया जाएगा।

मुख्य अतिथि के तौर पर जुड़े हुए जीजीटीयू के कुलपति प्रो. इन्द्रवर्धन त्रिवेदी थे जिन्होंने दक्षिणी

राजस्थान में वैदिक ज्ञान के विकास और विस्तार की संभावनाओं के साथ बांसवाड़ा में बनने वाले वैदिक गुरुकुल की योजना से अवगत कराया। श्री कल्लाजी वैदिक विश्वविद्यालय की प्रेसिटेण्ड प्रो. लक्ष्मी शर्मा ने वेद सम्मेलन को आजादी के अमृत महोत्सव के अमृत के समान बताया और चेयरपर्सन श्री कैलाश मूदड़ा ने वेदविद्या के संरक्षण के लिए अपनी प्रतिबद्धता प्रकट की। सम्मेलन के संयोजक प्रो. नीरज शर्मा ने बताया कि हैदराबाद के पं. नरेन्द्र कापरे ने ऋग्वेद की शाकल शाखा से सौभाग्य - आरोग्य और माधुर्य में वृद्धि करने वाले मंत्रों का सस्वर पाठ किया।

ऋग्वेद की ही शांखायन शाखा का पाठ करते हुए बांसवाड़ा के हर्षद लाल नागर ने पवमान सोम

की स्तुति की। केरल के नम्बूदरी समुदाय में प्रचलित ऋग्वेद की शाकल शाखा का मुद्रापाठ करते हुए एम.एन.एन. आर्यनन् ने वेद मंत्र का संहिता, पद एवं क्रमपाठ प्रस्तुत किया गया। शुक्ल यजुर्वेद की माध्यन्दिन शाखा का पाठ वाराणसी के प्रो. गोपाल प्रसाद शर्मा ने शिवसंकल्पसूक्त से शुभ संकल्पों विस्तारित किया। शुक्ल यजुर्वेद की ही काण्वशाखा का पाठ हैदराबाद के श्रीकृष्ण पुराणिक ने परमेश्वर के प्रति अपना सखा भाव प्रकट करने वाले मंत्रों का पाठ किया। इसी तरह कृष्ण यजुर्वेद की तैत्तिरीय शाखा का सस्वर पाठ करते हुए आन्ध्रप्रदेश के गुल्लपल्लि सीतारामचन्द्र ने दैवीय प्रकृति की समस्त आधिदैविक, आध्यात्मिक और आधिभौतिक शक्तियों के द्वारा लोक कल्याण की कामना की

गई। मैत्रायणी शाखा का पाठ करते हुए तेलंगाना के के. वरप्रसाद आचार्य ने भगवान् सूर्य से प्रचुर जल, खाद्यान्न और उत्तम आरोग्य की प्रार्थना की।

संगीतात्मक सामवेद की कौथुम शाखा का गान तिरुपति के डॉ. गणेशन् वैद्यनाथन अय्यर तथा राणायनी शाखा का गान महाराष्ट्र के तुकाराम मुळे ने किया जिनमें क्रमशः सम्पत्ति लाभ का विनियोग एवं पंच महाभूतों का वर्णन किया गया। सामवेद की ही जैमिनीय शाखा के प्रारम्भिक मन्त्रों का गान तिरुपति के केदारनाथ जोशी ने किया, जिनमें अग्नि देवता की स्तुति एवं आवाहन का भाव निहित था। अथर्ववेद की शौनक शाखा से लिए गए अग्नि उपासक मन्त्रों का सस्वर पाठ गोकर्ण - कर्नाटक के श्रीधर अडी ने तथा पैप्पलाद शाखा के जल की उपासना के मन्त्रों का पाठ झारखण्ड के अशोक मिश्रा ने किया।

चार वेदों की सस्वर पाठ परम्परा की कुल 1131 शाखाओं में से आज शेष बची सभी दुर्लभ ग्यारह शाखाओं के लोक - कल्याणकारी मन्त्रों का सस्वर परम्परागत पाठ इस सम्मेलन में किया गया।

विश्वविद्यालय के बारे में -

राजस्थान के दक्षिणी भाग में शक्ति, भक्ति, शौर्य एवं कीर्ति की पुण्यभूमि मेवाड़धरा उदयपुर में 1962 में स्थापित मोहनलाल सुखाड़िया विश्वविद्यालय प्रदेश में उच्चशिक्षा और अनुसंधान के क्षेत्र में योजनाबद्ध विकास और विस्तार के लिए अनवरत संकल्पित तथा गतिमान है। बहुसंकायात्मक इस राज्यीय विश्वविद्यालय में 08 संकाय तथा 34 विभाग संचालित हैं। आदिवासी जनजातीय बहुल इस क्षेत्र के चार जिलों के लगभग 2 लाख विद्यार्थी इस विश्वविद्यालय के विभिन्न पाठ्यक्रमों में अध्ययनरत हैं। अरावली की गोद में स्थापित यह विश्वविद्यालय मानविकी, सामाजिक विज्ञान, विज्ञान, प्रबन्ध, वाणिज्य, विधि, शिक्षा आदि अनेक विषय अनुशासनों में अद्यतन पाठ्यक्रम एवं उच्चस्तरीय आधारभूत सुविधाओं से सुसज्जित है। यहाँ के विद्यार्थियों और शिक्षकों ने समाज और देश के बहुआयामी विकास की दिशा में अनुकरणीय योगदान दिया है।

विभाग के बारे में: मोहनलाल सुखाड़िया विश्वविद्यालय की स्थापना के साथ ही भारतीय संस्कृति की प्रतिष्ठास्वरूपा संस्कृत भाषा के संरक्षण एवं संवर्धन हेतु संस्कृत विभाग की स्थापना की गई। सन् 1966 में स्नातकोत्तर पाठ्यक्रम प्रारंभ किया गया। वर्तमान में विभाग में स्नातक, स्नातक ऑनर्स, स्नातकोत्तर एवं पीएचडी पाठ्यक्रम संचालित हैं। आचार्य विष्णुराम नागर, आचार्य मूलचन्द पाठक, आचार्य रामचन्द्र द्विवेदी, आचार्य राधावल्लभ त्रिपाठी जैसे कई लब्धप्रतिष्ठ आचार्यों ने विभाग में अपनी सारस्वत सेवाएँ दी हैं। माननीय कुलपति प्रो. आई. वी. त्रिवेदी के संरक्षकत्व में विभाग उत्तरोत्तर अकादमिक उन्नति कर रहा है। संस्कृत भाषा के संरक्षण, संवर्धन एवं विद्यार्थियों में मानवीय मूल्यों की प्रतिष्ठापना हेतु विभाग सर्वात्मना प्रयत्नशील है।

संगोष्ठी के बारे में:

किसी भी राष्ट्र की अखण्डता, स्थिरता, सुरक्षा और समृद्धि के लिए सुव्यवस्थित प्रशासन एवं राजनैतिक शुचिता परम आवश्यक है। राष्ट्र के कल्याण के लिए राजनय एवं प्रशासन विषय पर पर्याप्त चिन्तन संस्कृत शास्त्र परम्परा में हुआ है। ऋग्वेद से लेकर अद्यतन संस्कृत साहित्य में यह चिन्तनपरम्परा नवोन्मेषिता को प्राप्त होती रही है। इस शास्त्र परम्परा में भगवान् श्रीकृष्ण, महर्षि मनु, महर्षि वेदव्यास, आचार्य कौटिल्य, आचार्य शुक्र, आचार्य कामन्दक, आचार्य सोमेश्वर प्रभृति कई राजनीतिविशारद् एवं प्रशासनिक चिन्तक हुए हैं। यह संगोष्ठी संस्कृत शास्त्र परम्परा में विद्यमान राजनय एवं प्रशासन सम्बन्धी चिन्तन की समीक्षा और व्यापक विश्लेषण के लिए आयोजित की जा रही है। यह आयोजन निम्नलिखित विषयों पर शिक्षकों, शोधकर्ताओं और छात्रों से शोधपत्र आमंत्रित करता है:

1. वैदिक साहित्य में राजनय एवं प्रशासन
2. धर्मसूत्रों में प्रतिपादित राजनीति एवं प्रशासन के सूत्र
3. स्मृतिसाहित्य में राजनय एवं प्रशासन
4. आर्षकाव्यों में राजनय एवं प्रशासन
5. महाभारत में प्रतिपादित राजधर्म
6. पुराण साहित्य में राजनय एवं प्रशासन
7. संस्कृत महाकाव्यों में राजनय एवं प्रशासन
8. संस्कृत ललित साहित्य में राजनय एवं प्रशासन
9. संस्कृत सुभाषित साहित्य में राजनय एवं प्रशासन
10. कौटिल्य अर्थशास्त्र एवं आदर्श राजनैतिक और प्रशासनिक व्यवस्था
11. नीतिवाक्यामृतम् में राजनय एवं प्रशासन
12. आधुनिक संस्कृत साहित्य में राजनय एवं प्रशासन
13. प्राचीन राजनीतिक एवं प्रशासनिक चिन्तन की वर्तमान प्रासङ्गिकता
14. प्राच्य एवं पाश्चात्य प्रशासनिक चिन्तन परम्परा में भेद

निर्देश -

1. शोधपत्र का माध्यम संस्कृत, हिन्दी अथवा अंग्रेजी भाषा हो सकती है।
2. शोधपत्र के लिए MS Word, Unicode Font का प्रयोग किया जाए।

शहीद भगत सिंह नाटक का मंचन रविवार को

उदयपुर। पश्चिम क्षेत्र सांस्कृतिक केन्द्र, उदयपुर द्वारा 7 अगस्त रविवार को सांय 7.00 बजे शिल्पग्राम में स्थिति दर्पण सभागार में नाटक शहीद भगत सिंह का मंचन होगा। नाट्य प्रेमियों के लिए प्रवेश निःशुल्क रहेगा। केन्द्र निदेशक श्रीमती किरण सोनी गुप्ता ने नाटक के बारे में जानकारी देते हुए बताया कि नाटक शहीद भगत सिंह के निर्देशक सुन्दरलाल मालविया हैं, नाटक को यशस्विनी एवं सुन्दरलाल द्वारा लिखा गया है।

संस्कृत दिवस पर राष्ट्रीय संगोष्ठी

उदयपुर (वि.)। संस्कृत विभाग सुखाड़िया विश्वविद्यालय एवं राजस्थान संस्कृत अकादमी जयपुर के साझे में संस्कृत दिवस पर संभागस्तरीय संस्कृत भाषण, संस्कृत निबंध लेखन एवं श्लोकपाठ प्रतियोगिताओं का आयोजन किया गया, जिसमें सम्भागभर के विद्यार्थियों ने भाग लिया। श्लोकपाठ में कई प्रतिभागियों ने संस्कृत श्लोकों के लयबद्ध उच्चारण द्वारा श्रोताओं का दिल जीत लिया। उद्घाटन सत्र में कुलपति प्रो. आई.बी. त्रिवेदी ने आशीर्वचन प्रदान किए। अध्यक्षीय उद्घोषण में अभिषेक प्रो. सी.आर. सुथार ने कहा कि संस्कृत शास्त्र परंपरा की राजनीति एवं प्रशासन को देन है। 'वसुधैव कुटुम्बकम्' एवं प्रजासुखे सुखं राजः (प्रजा के सुख में ही राजा का सुख है) जैसे कई नीतिपूर्ण एवं आदर्शपूर्ण शास्त्रवचन। सारस्वत वक्ता प्रो. एस.के. कटारिया ने अपने उद्घोषण में कहा कि लोककल्याणकारी राज्य के प्राचीनतम लिखित प्रमाण संस्कृत शास्त्रपरंपरा में उपलब्ध होते हैं। स्वतंत्रता दिवस एवं गणतंत्र दिवस के महत्त्व को बताते हुए उन्होंने वैदिक गणतन्त्रात्मक व्यवस्था पर प्रकाश डाला। भारतीय राजनीति के प्राचीन कौटिल्य आदि आचार्यों एवं संसद् राज्य आदि सिद्धान्तों की

वर्तमान प्रासंगिकता भी उन्होंने रेखांकित की। विशिष्टातिथि प्रो. प्रदीप त्रिखा ने वैश्वीकरण युग की चुनौतियों के समाधान संस्कृत शास्त्रपरम्परा में खोजने हेतु प्रेरित किया। स्वागत उद्घोषण एवं विषय प्रवर्तन करते हुए विभागाध्यक्ष प्रो. नीरज शर्मा ने राजनय एवं प्रशासन की भारतीय आचार्य परम्परा की महत्ता को उजागर किया। संगोष्ठी समन्वयक डॉ. जी. एल. पाटीदार ने राजनय एवं प्रशासन से सम्बन्धित शुरुआती आदि ग्रन्थों के महत्त्वपूर्ण श्लोकों को स्पष्ट किया। संगोष्ठी संयोजक डॉ. मुरलीधर पालीवाल ने धन्यवाद ज्ञापित किया। संगोष्ठी में देशभर के 150 से अधिक प्रतिभागियों की प्रत्यक्ष एवं अन्तर्जालीय उपस्थिति रही।

संस्कृत शास्त्र परंपरा में राजनय एवं प्रशासन पर वेबिनार

ब्यूरो/नवज्योति, उदयपुर। सुविधि के संस्कृत विभाग एवं राजस्थान संस्कृत अकादमी के संयुक्त तत्वावधान में संस्कृत दिवस के उपलक्ष्य में संभागस्तरीय संस्कृत भाषण, संस्कृत निबंध लेखन एवं श्लोकपाठ प्रतियोगिताओं का आयोजन किया गया, जिसमें संभागभर के विद्यार्थियों ने भाग लिया। श्लोकपाठ प्रतियोगिता में कई प्रतिभागियों ने संस्कृत श्लोकों के लयबद्ध उच्चारण द्वारा श्रोताओं का मन मोह लिया। संस्कृत शास्त्र परंपरा में राजनय एवं प्रशासन विषयाधारित राष्ट्रीय संगोष्ठी एवं वेबिनार का आयोजन अतिथिगृह में किया गया। डॉन प्रो. सी.आर. सुथार ने कहा कि संस्कृत शास्त्र परंपरा की राजनीति एवं प्रशासन को देन है। सारस्वत वक्ता प्रो. एस.के. कटारिया ने कहा कि लोक कल्याणकारी राज्य के प्राचीनतम लिखित प्रमाण संस्कृत शास्त्र परंपरा में उपलब्ध होते हैं।

Department of Physics Mohanal Sukhadia University, Udaipur (Rajasthan) Organizes INTERNATIONAL CONFERENCE ON RECENT TRENDS IN ADVANCED MATERIALS On July 15, 2021 (Online Mode)

ABOUT CONFERENCE
The Department of Physics, University College of Science, Mohanal Sukhadia University, Udaipur (Rajasthan) is organizing an *International Conference on "Recent Trends in Advanced Materials" (ICRTAM)* on July 15, 2021. The conference shall provide a forum to disseminate and share the emerging knowledge, trends and results in theory, computation, synthesis, and characterization of advanced materials. With the advent of state-of-art experimental techniques and theoretical methods, properties of advanced materials have drawn attention of scientific and engineering fields. The development of advanced materials over various length scales has grown rapidly due to growing demands in energy sector, thermal reactors, microelectronics, infrastructure, defense and medical sectors. Further progress requires interaction, exchange and sharing of cutting edge research, new knowledge and emerging technological spin offs with scientists, academicians, researchers and students working in similar areas. The objectives of the conference is to bring such researchers under a forum and to give exposure and acquaintance to budding researchers willing to do research on advanced materials. It will enable to exchange ideas and forge collaborative research work. The program of the conference will comprise of Invited talks and a few Oral presentations.

ABOUT MOHANAL SUKHADIA UNIVERSITY
Mohanal Sukhadia University (erstwhile Udaipur University) at Udaipur, Rajasthan is a UGC recognized multi-faculty affiliating state University established by an act in the year 1962 to cater the needs of higher education in Southern Rajasthan. As a mark of respect to the memory of late Shri Mohanal Sukhadia, the architect of modern Rajasthan, the University was renamed as Mohanal Sukhadia University. The University has 48 Departments under four constituent colleges and more than 100 affiliated colleges from Chittorgarh, Rajsamand, Sirohi and Udaipur districts with an enrolment of about 2 lakh students.

ABOUT THE DEPARTMENT
Department of Physics, Mohanal Sukhadia University, Udaipur was established in 1965. The department offers undergraduate, postgraduate and Ph.D. degree courses in Physics. The major areas of research conducted in the department include Atomic and Molecular Physics, Solid State Physics, Computation and Materials Science. The department has been supported by various programs such as DSA by UGC, FIST by DST and RUSA by MHRD. Most of the faculty members also have individual research projects from central agencies like UGC, DST, DRDO, SERB, BRNS, state DST etc. Faculty members also have active collaborations with other universities and institutions within and outside the country.

CALL FOR PAPERS

Research papers are invited from the faculty members, Scientists, research scholars and students on 'Recent Trends in Advanced Materials'. Those interested in participation may submit copy of the abstract in the specified format. The last date of paper submission is June 30, 2021. The invited talks shall be of 35 minutes and the Oral presentation shall be of 15 minutes.

CONFERENCE THEMES

The conference is interdisciplinary and computational studies to explore Physics and Chemistry of:

- ☐ Composites and Biomaterials
- ☐ Ferromagnetic and Multiferric Materials
- ☐ Photovoltaic and Thin Films
- ☐ Modelling and Simulation of Advanced Materials
- ☐ Energy Storage Materials
- ☐ Electronic and Functional Materials
- ☐ Superconducting Materials
- ☐ Polymer Nanocomposites and Hybrid Materials
- ☐ Nanomaterials
- ☐ Magnetic Materials
- ☐ Metals and Alloys

REGISTRATION and ABSTRACT SUBMISSION

1. No registration fee
2. Fill the registration form using the link <https://forms.gle/NpeLaxAflU2z6Cdn9>
3. Upload your abstract in the google form or email to icrtam21@gmail.com
4. Last date for registration and submission of abstract (not exceeding 300 words): June 30, 2021. Title should be in bold letter, upper case, centered, Times New Roman with 14 font size and 1.5 spacing followed underneath by author including affiliation, complete postal address and email of corresponding author.
5. Intimation of the acceptance of the abstract: July, 5 2021.
6. Declaration of technical program: July 10, 2021

आजादी के 75 साल पूरे होने पर देश आजादी का अमृत महोत्सव मना रहा है। 22 से 28 फरवरी तक का सप्ताह "विज्ञान सर्वत्र पूज्यते" ध्येय वाक्य को साकार करने के उपलक्ष में मनाया जा रहा है। मोहनलाल सुखाड़िया विश्वविद्यालय के भौतिकी विभाग में राष्ट्रीय विज्ञान दिवस और इस विशेष सप्ताह का समापन उत्साहपूर्वक मनाया गया। इस विशेष दिवस पर कुलपति प्रो. अमरिका सिंह के संरक्षण, डीन प्रो. जी.एस. राठौर के सहयोग एवं विभागाध्यक्ष प्रो. के.बी. जोशी के निर्देशन में "निर्बाध भविष्य के लिए विज्ञान और प्रौद्योगिकी" पर व्याख्यान का आयोजन किया गया।

नैनोसाइंस एंड टेक्नोलॉजी विभाग, भारथियार विश्वविद्यालय, कोयंबटूर के मुख्य वक्ता प्रो. राजेंद्रकुमार ने नैनोसाइंस के तकनीकी पहलुओं पर भाषण दिया। उन्होंने विभिन्न क्षेत्रों जैसे रक्षा, फार्मास्यूटिकल्स, सर्जरी, स्वच्छ ऊर्जा, CO₂-उत्सर्जन, जलवायु और पारिस्थितिकी तंत्र आदि में नैनो तकनीक के आधार पर निर्मित उपकरणों के उपयोग के बारे में बताया। उन्होंने स्वच्छ पेयजल, उच्च ऊर्जा घनत्व की बैटरी, ई-अपशिष्ट प्रबंधन के क्षेत्रों में पिछले 10 वर्षों में उभरी प्रौद्योगिकी की उपयोगिता पर विस्तार से बताया।

राष्ट्रीय विज्ञान दिवस के अवसर पर आयोजित समारोह में प्रो. एस. कुमार, प्रो. एम.एस. ढाका, प्रो. एम.के. जैन, प्रो. अतुल त्यागी, डॉ. गुंजन अरोड़ा और श्री लेखराज मीणा ने भाग लिया। कार्यक्रम का संचालन डॉ. घनश्याम पुरोहित ने किया और सचिवीय सहयोग डॉ. डी. पाटीदार ने दिया।

विज्ञान दिवस पर शिक्षण संस्थानों में हुई प्रतियोगिताएं, गोष्ठियां

सुविधि शिक्षा संकाय

ब्यूरोनवज्योति/उदयपुर। महाराणा प्रताप कृषि एवं प्रौद्योगिकी विश्वविद्यालय के कुलपति प्रो. नरेंद्र सिंह राठी के निर्देशन में सात दिवसीय विज्ञान सर्वत्र पूज्यते महोत्सव का आज समापन हुआ। मुख्य अतिथि डायरेक्टर रिसर्च प्रो. एसके शर्मा ने कहा कि विज्ञान दिवस के बारे में बताया। उन्होंने बताया कि भौतिक ज्ञान के अलावा वे अपने भीतर की शुद्धता पर भी ध्यान दें, ताकि वे एक सुदृढ़ युवा वैज्ञानिक बन सकें। अधिष्ठाता महोदय प्रो. पीके सिंह ने बताया कि विद्यार्थियों को 75 वैज्ञानिक वीडियोस, 75 वैज्ञानिक पोस्टर 75 रेडियो टॉक्स, 75 वैज्ञानिक पुस्तकें दिखाई गईं तथा उन्हें मुफ्त में वितरित की गई। आयोजन सचिव एवं विद्युत अभियांत्रिकी विभागाध्यक्ष डॉ. विक्रमादित्य दवे ने बताया कि महोत्सव में विश्वविद्यालय द्वारा गोद लिए गांव मदार के विद्यालय के करीब 100 छात्र-छात्राओं ने भाग लिया। निबंध, कविता पाठ प्रतियोगिता, स्तौगन प्रतियोगिता स्कूल एवं जिला स्तर पर आयोजित की गई।

सुविधि के प्राणी शास्त्र विभाग द्वारा राष्ट्रीय विज्ञान दिवस के अवसर पर आयोजित तीन दिवसीय कार्यशाला का समापन हुआ। कार्यशाला समन्वयक एवं विभागाध्यक्ष प्रो. आरती प्रसाद ने बताया कि अध्ययन कुलपति प्रो. अमेरिका सिंह ने की। मुख्य अतिथि विश्व स्वास्थ्य संगठन के पूर्ण वैज्ञानिक सलाहकार डॉ. आरएस शर्मा, विशिष्ट अतिथि विज्ञान महाविद्यालय अधिष्ठाता प्रो. जीएस राठी थे। कुलपति प्रो. अमेरिका सिंह ने स्वास्थ्य कैम्प का उद्घाटन किया। शिक्षा संकाय मोहनलाल सुखाड़िया विश्वविद्यालय द्वारा विज्ञान दिवस पर शिक्षण अधिगम सहायक सामग्री तीन दिवसीय कार्यशाला का समापन हुआ। शिक्षा संकाय अध्यक्ष प्रो. एन लक्ष्मी ने विज्ञान दिवस की महत्ता को प्रतिपादित किया। सुविधि के कुलपति प्रो. अमेरिका सिंह ने शुभकामना सदेश प्रेषित किया।

सुखाड़िया विश्वविद्यालय के भौतिकी विभाग में विज्ञान सर्वत्र पूज्यते सप्ताह में निर्वाचन भविष्य के लिए विज्ञान एवं प्रौद्योगिकी विषय पर व्याख्यान हुआ। डॉन प्रो. जीएस राठी के सानिध्य में आयोजित सेमीनार में विभिन्न विशेषज्ञों ने अपने विचार रखे। प्रतिवार विश्वविद्यालय कोयंबटूर के नैनो विज्ञान एवं प्रौद्योगिकी विभाग के प्रो. राजेंद्र कुमार ने नैनो प्रौद्योगिकी से बनने वाली विभिन्न युक्तियों आदि के प्रयोगों को रेखांकित किया। समारोह में प्रो. सुधीश कुमार, प्रो. एमएस ढाका, प्रो. एमके जैन, प्रो. अनुज त्वाणी व अन्य आचार्य ने भाग लिया।

पेरिसफिक विश्वविद्यालय के विज्ञान महाविद्यालय एवं विज्ञान भारती के संयुक्त तत्वावधान में राष्ट्रीय विज्ञान दिवस मनाया गया।

विज्ञान एवं प्रौद्योगिकी विषय पर व्याख्यान

उदयपुर | 'विज्ञान सर्वत्र पूज्यते
सप्ताह के तहत सोमवार को
सुखाड़िया विवि के भौतिकी
विभाग में निर्बाध भविष्य के लिए
विज्ञान एवं प्रौद्योगिकी विषय पर
व्याख्यान हुआ। भरतियार विवि
कोयंबटूर के नैनो विज्ञान एवं
प्रौद्योगिकी विभाग के प्रो. राजेंद्र
कुमार ने नैनो प्रौद्योगिकी से बनने
वाली विभिन्न युक्तियों व विभिन्न
क्षेत्रों यथा रक्षा, दवाइयां, शल्य
चिकित्सा, स्वच्छ ऊर्जा, पर्यावरण
व जलवायु शुद्धिकरण आदि के
प्रयोगों को रेखांकित किया।

RUSA 2.0
Report of Workshop on Helping people with Addiction

1. Project Name: Workshop
2. Entrepreneurship and Career Hub/ R and I: Career Hub
3. Date of Seminar/ Conference/workshop etc.: 17 to 19 June 2021
4. Type of Event (Regional/National/International): National
5. Mode of Organization (Online/Offline/Hybrid): Online
6. No of Participants (Attach proof of attendance) : Approx 150 participants
7. Details of Resource persons: Prof. Pradeep Kumar Khatri, Retired Professor, Head, Department of Psychology, National P.G. College, Lucknow. He is Trained Clinical Psychologist /Counselor and Running his 20 bedded hospital named “SAMBAL Drug De-Addiction and Psychiatric Hospital”
8. Brief Report of Technical Sessions :

Day	Topic covered in session	Time
17.06.2021	<ul style="list-style-type: none">• overview of addiction• What is a drug?• use, abuse and dependency• What is addiction?• What are the types of drugs?• What are the causes of addiction?	10.00 a.m. to 11.30 a.m.
18.06.2021	<ul style="list-style-type: none">• components of case history taking• role of family in handling the addict• management of addicts- how to detoxify	10.00a.m. to 11.30 a.m.
19.06.2021	<ul style="list-style-type: none">• psycho-social management• principles to follow in addiction counseling• how to rehabilitate addicts.	10.0 a.m. to 11.30 a.m.

- Outcome of Event: students, research scholars & faculties were trained about the counseling skills to help addicted patients and learn more about the psychological interventions used in counseling of addicts.
9. Recommendation (if any):
 10. Total Expenditure (Head wise) : 3,000/-
 11. Any Other Information:
 12. Attach brochure/ Program Schedule /Geo-tagged pictures/ any other relevant documents

Department of Psychology
(Under the RUSA 2.0 Project)

Report of Workshop
on
Understanding PTSD & its Management

1. Project Name: Workshop (Understanding PTSD & its Management)
2. Entrepreneurship and Career Hub/ R and I: Career Hub
3. Date of Seminar/ Conference/workshop etc.: 28th June, 2021
4. Type of Event (Regional/National/International): National Workshop
5. Mode of Organization (Online/Offline/Hybrid): Online
6. No of Participants (Attach proof of attendance) : 280
7. Details of Resource persons: Dr. Shalini Purohit
Chartered psychologist, British Psychological Society, London
Practitioner of Ericksonian Hypnosis

8. Brief Report of Technical Sessions :

A happy healthy life is goal of all of us. We always strive to reach the goal of 'good health'. Covid pandemic has created a lot of stress and challenges for mental health for all of us. Sometimes it is difficult to find out the severity of the problem without having its proper knowledge. With a vision to make everyone understand that mental health matters and it is as important as the physical health itself. Department of Psychology, Mohanlal Sukhadia University, organized one day online national workshop on Understanding PTSD and its management under RUSA 2.0 project. Major objective of the workshop were as follows:-To understand symptoms of stress, To understand the difference between stress and trauma, To understand the symptoms and causes of Post traumatic stress disorder, To understand the treatment and management of PTSD, To understand the effective psychotherapies for the treatment of PTSD. There were more than 430 registrations and online workshop meeting was attended by more than 280 participants in the workshop including various academicians and mental health professionals from various parts of the country like Rajasthan, Gujarat, Maharashtra, Karnataka, Kerala, Tamil Nadu, Andhra Pradesh, Odisha, Chhattisgarh, West Bengal, Assam, Tripura, Bihar, Uttar Pradesh, Madhya Pradesh, Uttarakhand, Haryana, Punjab, Delhi, Jammu and Kashmir and a participant also joined us from Pakistan. Resource person was Dr. Shalini Purohit, Chartered psychologist, British Psychological Society, London; She explained the concepts in detail. She clarified the difference between Trauma and PTSD. With the help of a case presentation, she beautifully explained the symptoms of PTSD. Concepts like how memory works in PTSD, risk factors, differential diagnosis were also covered. She also shared a mnemonic (DREAMS) for the screening criteria of PTSD. Various assessment tools and management techniques were also shared by her.

9. Outcome of Event:

- Better understanding of symptoms of stress
 - Better understanding the difference between stress and trauma
 - Better understanding the symptoms and causes of Post traumatic stress disorder
 - Better understanding the treatment and management of PTSD
 - Better understanding the effective psychotherapies for the treatment of PTSD
10. Recommendation (if any): Early diagnosis and treatment of PTSD is essential
 11. Total Expenditure (Head wise) : Honorarium to Experts 1,000/-

 - 4.KANCHAN GOEL
 - 5.INDERBIR SIDHU.
 - 6.JAISMEEN KAUR
 - 7.SIIVAMBIGA ATHIANNA
 - 8.MEGHNA HARIYANI

9. **Brief Report of Technical Sessions:**

The workshop was conducted in **2 batches**. The first batch was from **3rd - 8th August, 2021** and the second batch was from **9th - 14th August, 2021**. There were overall **27 participants** in both the batches of the workshop. The timing was from **9 am to 2 pm**. In both the batches, the same content was shared with the participants.

The sessions were very interactive with various activities, discussions in breakout rooms, role plays etc.

Day 1: On the first day, Dr. Farida ma'am introduced the participants with the basics of choice theory. Ma'am emphasised the importance of choice in the person's life. Choice theory believes that every individual has a choice to behave in a certain way i.e. they are in control of their behavior. This shifts the external locus of control to internal locus of control. The power to choose the behavior gives the participants power to change their behavior and act the way they wish to. 5 basic needs were explained and participants were encouraged to understand their needs and analyse their behaviors in its

accordance. Topics such as Introduction to Choice theory, Brief introduction about William Glasser, External Psychology, Old Brain, New Brain, Needs - Survival, Love and Belonging, Power and Recognition, Freedom and Fun and Characteristics of need were covered in the session.

Day 2: The day 2 session started with the revision of previous day's learning and question answers. Then the session moved ahead with the explanation of a brain map given by Dr. Glasser and its various components were explained like Real world, Perceived world (Sensory receptor, low level filter(knowledge), high level filter (values)), Quality world, Balancing scale, Total Behavior - Actions, Thoughts, feeling and Physiology, Ten Axioms of Choice theory. Seven Toxic and Seven Tonic Behaviors were also explained to the participants and their impact on the person and relationships was explored.

Day 3: Participants were introduced with the Reality Therapy, Qualities of Good Counsellor, Do's and Don'ts of Creating Counselling Environment and the WDEPs i.e. Wants, Direction and Doing, Evaluation and Planning.

Day 4: The session started with clearing all the doubts of the previous day's sessions and then the Tenets of Reality Therapy were discussed. After that the participants were introduced with round robin and as a demo, the mentors did a role play where one played the role of the clients and the others as the counsellor. Each counsellor counselled the client for 10 mins. All the participants were the observers. Through the demonstrations participants learned how to set the environment, the type of questions to ask to the client, use techniques like summarising and paraphrasing and then how to self evaluate in the end.

Day 5: In this session, Lead management was explained to the participants and then a round robin activity was done where all the participants got an opportunity to be the counselor for 3 minutes and the mentor played the role of the client. Each participant learned about their areas of improvement from the observers. External mentors were also invited during these last two day to help the participants in their journey of learning. After this round, the participants were divided into groups and did the role play in their respective breakout rooms. Here also the role of the client was played by the mentors and the participants played the role of a counsellors. This activity gave the participants practical knowledge of counselling.

Day 6: On the last day, the round robin and role play was again conducted. This time the participants also got the opportunity to play the role of the client. So, each participant played all the three roles i.e. the counsellor, the client and the observer. Playing the role of the client helped the participants

to get a better understanding of the feelings and thought processes of the client. It also helped them to observe the reaction to the questions of the counsellor which in turn enhanced their questioning skills. In the end, all the mentors and the externals shared their observations and all the participants shared their learnings. The workshop ended on a very positive note where each participant went home with a lot more confidence in their counselling skills along with a better understanding of themselves.

Report of Workshop
on
Hypnotherapy (Level 1)

1. Project Name: Workshop (Hypnotherapy level 1)
2. Entrepreneurship and Career Hub/ R and I: Career Hub
3. Date of Seminar/ Conference/workshop etc.: 17 to 19 November 2021
4. Type of Event (Regional/National/International): National Workshop
5. Mode of Organization (Online/Offline/Hybrid): Offline at University Guest House, Mohanlal Sukhadia University, Udaipur
6. No of Participants (Attach proof of attendance) : 38 participants (list given in the end)
7. Details of Resource persons: Prof. Urmi Nanda Biswas, Professor, Department of Psychology, M.S. University, Baroda & Ms. Parisha Jijina, Asstt. Prof. Department of Psychology, M.S University, Baroda
8. Brief Report of Technical Sessions: The Psychology Department of Mohanlal Sukhadia University hosted a Hypnotherapy course in the university campus on November 17th as part of RUSA 2.0. On the first day inaugural ceremony took place in which Firstly, the Resource persons and other guests were welcomed. Following that, Prof. Kalpana Jain, the Head of the Department of Psychology, explained how hypnotherapy relieves stress and how it may be used in various fields. Professor Urmi Nanda Biswas, the program's resource person, stated that while a comprehensive case study of the client is not required, disorders such as Migraine can be treated. This is an approach that is based on science. Profs. G. S. Rathore and S. K. Kataria also voiced their opinions. The thanks giving ceremony was performed by Dr. Rashmi Singh, the program's Organising Secretary. Professor Urmi Nanda Biswas and Dr. Prisha Jijina delivered the speech on mind body connection and introduced to hypnotherapy, physiological understanding of the relaxation state, myths of hypnotherapy. After tea break they told the participants about history of hypnosis, case history taking in hypnotherapy, hypnotic susceptibility and suggestibility. Then after the lunch break they explained steps involved in

hypnotherapy - Preparing the patient for hypnotherapy, Hypnotic induction, Deepening of hypnosis: counting technique and downward staircase, Ego strengthening, Utilization of hypnotic state, Post hypnotic suggestion, Re-orientation.

On Second Day, the program started at 9:30 by Prof. Urmi Nanda Biswas. She delivered the introduction of trance - theory and demo. She also introduced and gave practical demonstration of PMR, Breadth watching, Eye fixation technique. After tea break she taught the participants about the deepening of hypnotic state: theory and demonstration Counting technique, Staircase technique, Ego strengthening: theory and demonstration. After lunch she told the participants type of suggestions, principles of framing suggestions. Then she enlightened about phenomenon of hypnosis.

Last day of the workshop resource persons taught about applications of hypnotherapy in -Stress management, Anxiety disorder(phobia, OCD) Somatoform, Pain management, Lifestyle related disorders (obesity, sleep disorder, etc.), Chronic health problems (cancer, asthma, etc.), Paediatrics : thumb sucking, nail biting and enuresis, stammering. After tea break they explained the applications of hypnotherapy in Attention, Concentration, Academic performance, Self development, and in Sports. Then after lunch they cleared the doubts and took the question answers with practice cases. At the end certificates for participation were distributed and the Head of the Psychology Department Prof. Kalpana Jain announced that there may be workshop on next level of hypnotherapy.

9. Outcome of Event: Students, research scholars & faculties were trained about the hypnotherapy. Participants also wanted next level of Hypnotherapy program.

8. **Details of Resource person:**
Prof. M.P. Sharma, Former Head, Department of Clinical Psychology, National Institute of Mental Health and Neuro Sciences, Bangalore.

9. **Brief Report of Technical Sessions:**

Day 1

The workshop started with the welcoming of participants by Nimisha Khandelwal. Then, all the dignitaries garlanded Maa Saraswati and lightened the lamp which was followed by the kulgeet. Then, the memento and uparna were presented to the guests by the faculty members of psychology department.

Then, the convenor and head of Psychology Department, Prof. Kalpana Jain was invited to formally welcome all the guest and introduce the theme of the workshop.

Prof. Kalpana Jain welcomed the Patron and Vice Chancellor Prof. Amarika Singh ji, Mohanlal Sukhadia University, Udaipur; Dean Prof. C. R. Suthar, University College of Social Sciences and Humanities, Mohanlal Sukhadia University, Udaipur; Resource person, Prof. M.P. Sharma, Former Head, Department of Clinical Psychology, National Institute of Mental Health and Neuro Sciences, Bangalore; Organizing secretary, Dr. Tarun Kumar Sharma, Assistant Professor, Mohanlal Sukhadia University, Udaipur, all the faculty members of Psychology Department, Dr. Varsha Sharma, Dr. Rashmi Singh, Dr. Hema Kumari Mehar, Dr. Ramesh Bagri and all the senior faculties present from other institutions and universities, academicians, researchers, scholars and students.

She briefly talked about Mindfulness and its importance and then introduced the resource person, Prof. M.P. Sharma Sir.

Then Prof. M. P. Sharma sir expressed his gratitude and shared his experience of being a student at MLSU. He also familiarised the students with the content to be covered in the

workshop and practical experience that participants are going to have in the duration of two days.

Then Prof. C.R. Suthar sir, Dean UCSSH was invited to say a few words. He welcomed the resource person and showered his blessings and support for all the future endeavours of the department of psychology.

Then, Dr. Tarun Kumar Sharma presented the vote of thanks which was followed by the national anthem.

After a tea break, the first session of Prof. M.P. Sharma started. During this session, M.P. Sharma sir introduced mindfulness, meditation, vipassana or mindfulness meditation, components of mindfulness, basic principles and practice, mindlessness, effects of mindfulness meditation, various interventions incorporating mindfulness, functions of mindfulness, mechanism of mindfulness like acceptance, exposure and minimization of experiential avoidance, cognitive change, self-management, relaxation and precautions.

Then, there was a lunch break. After that sir demonstrated a sitting mindfulness meditation session. And the participants learned about the effect of mindfulness through experience and also assessed it using Toronto Mindfulness Scale.

After the second tea break, the questions of all the participants were answered by the resource person. Day one ended with the vote of thanks by Yash Dadhich.

Day 2

On the second day, M.P. Sharma sir explained about various assessment methods of mindfulness and instruments used for measuring mindfulness.

He demonstrated the body scan mindfulness meditation and the raisin eating mindfulness meditation.

After tea break, he elaborated on the mindfulness cognitive behavior therapy and its various stages, how it can be used with patients having various disorders.

The feedback was taken from the participants and certificates were distributed.

The vote of thanks was given by Ankur Sharma at the end of the workshop.

10. Outcome of Event: Around 90% of the participants were satisfied with the overall workshop including the content taught, activities conducted by the resource person. Around 90.6% of the participants found that the workshop was really helpful and informative. The two-day learning in the workshop truly enhanced their skills and knowledge of mindfulness and its practice.

After that, questions from the participants were answered by both the resource person.

The session was concluded with the vote of thanks presented by Vritti Johar.

Objective

Career development is a lifelong process that starts from the birth. There are a number of factors that influence the career development, including interests, abilities, values, personality, background, and circumstances. Career Counseling is a process that helps to know and understand oneself and the world of work in order to make career, educational, and life decisions.

Career counselling is more than just deciding on a major and what job you want to get when you graduate. It really has a lifelong effect, meaning that it is beneficial throughout life by helping in making career as well as life decisions. The goal of Career Counseling is to not only help you make the decisions you need to make now, but to give you the knowledge and skills you need to make future career and life decisions.

This workshop was organized with the objective to provide an opportunity to the participants to gain an in-depth knowledge and enhance their skill of the practical applications of career counselling.

A Report
On
One Day Workshop on
"Therapeutic Intervention of Conduct Disorders Among Adolescents"

organised by Department of Psychology
under the RUSA 2.0 Project
Mohanlal Sukhadia University, Udaipur, Rajasthan

Venue:- Psychology Department, Mohanlal Sukhadia University & Google Meet

Date:- 14th May 2022

Time:- 12:30 PM - 03:00 PM

Introduction

Conduct Disorders are a type of group of repetitive and persistent behavioral and emotional problems in youngsters. Children and adolescents suffering from the disorder show behaviour which are harmful for others and socially unacceptable. They have difficulty in following rules, respecting the rights of others, lack of empathy etc.

Participants

Along with Dr. Kalpana Jain (Head & Convener), Dr. Varsha Sharma (Organizing Secretary of Workshop), Dr. Tarun Kumar Sharma, Dr. Rashmi Singh, Dr. Hema Kumari Mehar more than **60 participants** attended the workshop which included 17 offline and others online. The workshop was followed by a lunch and later feedback forms were circulated through Google Forms and participants were given certificates of participation.

Schedule of the Day

The Psychology Department of Mohanlal Sukhadia University hosted a hybrid workshop on Therapeutic Intervention of Conduct Disorders among Adolescents through Google Meet on 14th May 2022 as a part of RUSA 2.0. At the outset Master's student Vritti welcomed all the participants and invited Dr. Kalpana Jain, Head Department of Psychology to welcome speakers and guests of honor and ma'am greeted the guests with aparna. Followed by welcoming Vritti invited Dr. Kalpana to share her words of wisdom on the topic Conduct disorders among adolescents and to give the participants an insight into the academic journey of Dr. Vandana Shriharsh, the keynote speaker of the workshop.

Succeeding this Vritti invited Dr. Sunil Kumar Agarhari, Assistant Professor DISHA(A resource center for the Disabled) , resource person and he put forth the idea that like a child who has both positive and negative aspects but still he is perceived as a child the same way one should consider a person or child with disabilities as an individual. He even told us how we can categorize the individuals into normal and special and these special or specially abled have some special needs which should be kept in mind while dealing with them. He also told how the daily domestic chaos like doing dishes, cleaning can be helpful for fine motor movement among children. He also communicated how nature and exposure can be the development of children and also how important it is to focus on positive aspects of special ability.

After such a value adding address by Dr. Sunil Kumar, Vritti thanked Dr. Sunil Kumar Agarhari and invited Dr. Vandana Shriharsh (Clinical and Rehabilitation Psychologist) the keynote speaker for the day to enlighten the audience with her words of wisdom on the topic 'Therapeutic Interventions of Conduct Disorders among Adolescents'.

इंडियन स्कूल ऑफ बिज़नेस के तत्वावधान में मीडिया कार्यशाला का आयोजन

मोहनलाल सुखाड़िया विश्वविद्यालय के पत्रकारिता एवं जनसंचार विभाग एवम देश के टॉप रैंकिंग संस्थान इंडियन स्कूल ऑफ बिज़नेस (आईएसबी) के संयुक्त तत्वावधान में “खबरों के डिजिटल प्रस्तुतीकरण में डाटा और ग्राफिक की भूमिका” विषय पर एक दिवसीय कार्यशाला का आयोजन किया गया।

आईएसबी में इंडिया डेटा पोर्टल की सीनियर कंसल्टेंट एवं वरिष्ठ पत्रकार दीप्ति सोनी ने कहा- “डाटा-संचालित समाचार, न्यूज स्टोरीज के प्रस्तुतीकरण को एक अलग एंगल प्रदान कर सकते हैं। इसके साथ ही पत्रकारिता में नए आयाम जोड़ कर समाचार और शोध कार्यों की विश्वसनीयता को बढ़ा सकते हैं। उन्होंने कहा कि इस दिशा में इंडिया डेटा पोर्टल विश्वसनीय आंकड़ा आधारित पत्रकारिता के लिए न केवल डाटा प्रदान करता है जिससे प्रिंट और इलेक्ट्रॉनिक मीडिया का रिपोर्टर अपनी स्टोरी को उपयुक्त विज़ुअलाइज़ेशन देकर इसे पाठकों और दर्शकों के लिए और अधिक आकर्षक बना सकता है। इसके साथ ही यह गलत सूचनाओं और फेक न्यूज की के अंकुश में मददगार साबित हो सकता है। उन्होंने बताया कि हिंदी, बंगाली, अंग्रेजी, मराठी, ओड़िया और तेलुगु जैसी छह भारतीय भाषाओं में उपलब्ध आईडीपी के उपयोग से पत्रकारों, शोधकर्ताओं, सार्वजनिक नीति निर्माताओं और शिक्षाविदों को केंद्रीय बजट, चुनाव, कृषि, वित्तीय समावेशन और ग्रामीण विकास से संबंधित डाटा तक पहुंचने, चर्चा करने और आंकड़ों को विज़ुअलाइज़ करने में मदद मिलती है। दीप्ति सोनी ने कहा कि आईडीपी शासकीय व्यवस्था में पारदर्शिता बढ़ाने और नीति निर्माण के महत्वपूर्ण पहलुओं से संबंधित सार्वजनिक डाटा तक पहुंचने और उनका उपयोग करने के नागरिकों के अधिकार से जुड़ी एक बड़ी पहल है।

आईएसबी के कंसल्टेंट एवम वरिष्ठ पत्रकार उपेंद्र सिंह ने कहा कि इंडिया डेटा पोर्टल की ओर से कार्यरत पत्रकारों के साथ ही पत्रकारिता में अध्ययनरत विद्यार्थियों के लिए देश भर में ऐसी 120 कार्यशालाएं की जा चुकी हैं। कार्यक्रम के उद्घाटन सत्र में सामाजिक विज्ञान एवं मानविकी महाविद्यालय के अधिष्ठाता प्रो सी आर सुथार एवम एसोसिएट डीन प्रदीप त्रिखा ने कहा कि इस तरह की कार्यशाला विश्वविद्यालय में पत्रकारिता के विद्यार्थियों को प्रायोगिक अनुभव उपलब्ध कराती है साथ ही नवाचारों के तहत सीखने के नए द्वार भी खोलती है।

कोविड टीके के प्रति जन जागरण में मीडिया की भूमिका विषय पर यूनिसेफ के साथ मीडिया कार्यशाला का आयोजन

मोहनलाल सुखाड़िया विश्वविद्यालय के पत्रकारिता एवं जनसंचार विभाग एवं लोक संवाद संस्थान के संयुक्त तत्वावधान में यूनिसेफ एवं इंफॉर्मेशन प्रेस इनफार्मेशन ब्यूरो के सहयोग से 'कोविड टीकाकरण में मीडिया की भूमिका' विषयक मीडिया वर्कशॉप का आयोजन किया गया। कार्यशाला में स्वास्थ्य विशेषज्ञों और मीडियाकर्मियों ने कोविड टीकाकरण को लेकर किए गए प्रयासों में मीडिया की भूमिका को रेखांकित किया साथ ही टीकाकरण से वंचित इलाकों में जन जागरण की आवश्यकता बताई।

कार्यक्रम की अध्यक्षता करते हुए कुलपति प्रोफेसर आईवी त्रिवेदी ने आभासी माध्यम से अपने उद्बोधन में कहा कि कोविड टीकाकरण के प्रति जागरूकता फैलाने की दिशा में मीडिया ने अहम भूमिका का निर्वाह किया था लेकिन आदिवासी अंचल में आज भी जागरूकता का अभाव है। इस कारण कई क्षेत्र टीके की पहली, दूसरी या बूस्टर डोज से वंचित रहे हैं। प्रो त्रिवेदी ने कहा कि सरकारी प्रयासों के साथ यदि मीडिया सकारात्मक भूमिका निभाता है तो शत-प्रतिशत परिणाम प्राप्त होते हैं। राजस्थान यूनिसेफ के कम्यूनिकेशन प्रमुख अंकुश सिंह ने कहा कि यूनिसेफ ने विभिन्न प्रकार के टीकाकरण की दिशा में प्रदेश में महत्वपूर्ण कार्य किए हैं लेकिन बिना मीडिया के सहयोग के लक्ष्य तक पहुंचना बहुत मुश्किल कार्य होता है इसीलिए इस तरह की कार्यशालाएं आयोजित करके मीडिया कर्मियों के साथ संवाद स्थापित किया जाता है। राजस्थान यूनिसेफ के हेल्थ कम्यूनिकेशन एक्सपर्ट कमलेश बंसल ने कहा कि यूनिसेफ के आंकड़ों के अनुसार 20 प्रतिशत बच्चे आमतौर पर टीकों से वंचित रह जाते हैं। इनमें 12 से 14 वर्ष के बच्चे शामिल होते हैं लेकिन कोविड टीकाकरण में राजस्थान ने 11 करोड़ 15 लाख टीके लगाकर महत्वपूर्ण रिकॉर्ड दर्ज किया। इसके पहले रूबेला मीजल्स के टीके ने एक करोड़ 51 लाख क्या कढ़ी के साथ रिकॉर्ड बनाया था। उन्होंने कहा कि उदयपुर संभाग ने टीकाकरण की दिशा में बेहद मुस्तैदी और जागरूकता दिखाई और अन्य जिलों के मुकाबले उदयपुर में 30 प्रतिशत अधिक गति से टीकाकरण किया गया जो कि एक अहम उपलब्धि है। बंसल ने पूरे राजस्थान के आंकड़े प्रस्तुत करते हुए बताया कि कोविड की तीसरी डोज लगवाने के लिए और जन जागरूकता फैलाने की जरूरत है क्योंकि कोविड के मामले बढ़ रहे हैं और हमें यह समझना होगा कि करुणा अभी गया नहीं है, इसके प्रति लापरवाही ठीक नहीं है।

इस अवसर पर शिशु स्वास्थ्य एवं प्रजनन अधिकारी (आर सी एच ओ) डॉ अशोक आदित्य ने कहा कि उदयपुर का टीकाकरण पूरे राजस्थान के लिए एक मिसाल बन गया। सामाजिक संगठनों, शिक्षण संस्थाओं एवं अन्य इकाइयों द्वारा बड़े पैमाने पर कोविड टीकाकरण के शिविर आयोजित किए गए। ऐसा उदाहरण आमतौर पर देखने को नहीं मिलता है। डॉ आदित्य ने कहा कि टीके के प्रति शुरू में लोगों के बीच संशय का माहौल था और सोशल मीडिया पर फेक न्यूज और फेक तथ्यों के कारण भी लोगों में असमंजस का वातावरण बना। इस कारण सबसे पहले शासन, प्रशासन और चिकित्सा कर्मियों ने को टीका लगाने की पहल की गई ताकि आम जनता में कोविड टीके के प्रति भरोसा जागृत हो सके। उन्होंने कहा कि यह भरोसा जगाने में उदयपुर की

मीडिया ने बेहद सराहनीय और उल्लेखनीय कार्य किया और उसी का परिणाम यह रहा कि हम प्रदेश के टीकाकरण में ऊंचे पायदान पर दिखाई दिए।

लेक्सिटी प्रेस क्लब के अध्यक्ष और वरिष्ठ पत्रकार कपिल श्रीमाली ने इस अवसर पर कहा कि कोविड की दूसरी लहर में बेहद खतरनाक हालात थे लेकिन मीडिया कर्मियों ने जान की परवाह किए बिना मुस्तैदी के साथ अस्पतालों और कोविड सेंटर्स से विश्वसनीय खबरों को लोगों तक पहुंचाया। श्रीमाली ने कहा कि मीडिया खासकर प्रिंट और इलेक्ट्रॉनिक में छपी और प्रसारित हुई खबरों को लोग बेहद भरोसे की नजर से देखते हैं।

इस लिहाज से भी पत्रकारों के कंधों पर विशेष जिम्मेदारी होती है, जिसका निर्वहन मीडिया कर्मी बखूबी करते हैं और लोगों में जो भ्रांतियां थी उसको दूर करने की दिशा में मीडिया ने बेहद महत्वपूर्ण भूमिका निभाई।

कार्यक्रम के मुख्य अतिथि सामाजिक विज्ञान एवं मानविकी महाविद्यालय के अधिष्ठाता प्रोफेसर सीआर सुथार ने कहा कि डेल्टा वेरीएंट का दौर सबसे घातक सिद्ध हुआ जिसने कई लोगों को हमसे अलग कर दिया। वे खुद भी डेल्टा से ग्रसित होकर दहशत में रहे थे। इस दौर में लोगों के बीच रोग और भय दोनों ही साथ साथ चल रहे थे लेकिन वैज्ञानिक तथ्य और उस दौर में शुरू हुआ टीकाकरण को मीडिया की जागरूकता की वजह से ही जन जन तक पहुंचाया जा सका। उन्होंने कहा कि अभी शेष रह गए लोगों में टीकाकरण के प्रति जागरूकता बढ़ाई जानी चाहिए।

कार्यक्रम के विशिष्ट अतिथि सामाजिक विज्ञान एवं मानविकी महाविद्यालय के सह अधिष्ठाता प्रोफेसर प्रदीप त्रिखा ने टीकाकरण में कुछ तकनीकी समस्याओं की ओर ध्यान आकर्षित किया। उन्होंने अपना जर्मनी यात्रा का अनुभव साझा करते हुए बताया कि टीकाकरण के दौर में जिन लोगों ने विदेश यात्राएं की उनको भारतीय और यूरोपियन देशों के बीच क्यू आर कोड स्कैनिंग में समस्याओं का सामना करना पड़ा, हालांकि बाद में इस समस्या का समाधान कर लिया गया था।

जयपुर से आये वरिष्ठ पत्रकार विनोद भारद्वाज ने कहा कि कोविड-19 की दोनों लहर के दौरान लोगों में अखबारों के प्रति भी संशय का वातावरण बनाया गया। लोगों ने वायरस के प्रसार की आशंका के चलते अखबारों को खरीदना भी बंद कर दिया। यह सब फेक न्यूज के कारण हुआ जबकि कोविड जन जागरण में प्रिंट मीडिया ने बेहद महत्वपूर्ण भूमिका निभाई थी। उन्होंने कहा कि ऐसी महामारी के दौरान जब वैज्ञानिक अनुसंधान नहीं हुआ था, दवाइयों और टीके के प्रति लोगों में संशय का वातावरण था, ऐसे में मीडिया कर्मियों ने प्रिंट और इलेक्ट्रॉनिक माध्यमों के जरिए तथ्यपरक सूचनाओं का प्रसार करके अपनी जिम्मेदारी का निर्वहन किया।

उदयपुर, 5 जुलाई, मोहनलाल सुखाड़िया विश्वविद्यालय के संगीत विभाग द्वारा एक दिवसीय राष्ट्रीय सम्मेलन “विश्व शांति में भारतीय संगीत का योगदान” विषयक वर्चुअल सम्मेलन का आयोजन किया गया। उद्घाटन सत्र में अधिष्ठाता प्रो. सीमा मलिक ने सभी अतिथियों का स्वागत किया एवं संविधान वाचन भी किया। कुलगीत के पश्चात संगीत विभाग के छात्र-छात्राओं द्वारा सरस्वती वंदना की प्रस्तुति दी गई। इस अवसर पर कार्यक्रम के मुख्य अतिथि पद्मभूषण पंडित विश्व मोहन भट्ट, मोहन वीणा वादक ने कहा कि संगीत में जो शक्ति है वही आपको सम्मोहित करता है। और आपको हर प्रकार के तनाव से मुक्त कर देता है। भगवान ने संगीत को ही भाषा माना है और मानव कल्याण के लिए ही इसे अवतरित भी किया है। कार्यक्रम में उपस्थित सभी विद्यार्थियों और शोधार्थियों से पंडित विश्व मोहन भट्ट ने कहा कि संगीत के विद्यार्थियों को यह तपस्या निरंतर करते रहनी चाहिए और हिंदुस्तानी शास्त्रीय संगीत में राग और राग की गहराई को समझना चाहिए। राग की गहराई ही राग का असली चमत्कार है और उस चमत्कार को हमें कायम रखना चाहिए। एक दिवसीय नेशनल कांफ्रेंस में राजा मानसिंह तोमर विश्वविद्यालय ग्वालियर के कुलपति प्रो. पंडित साहित्य कुमार नाहर ने विशिष्ट अतिथि के रूप में शिरकत की। उन्होंने सभी संगीत प्रेमियों से कहा कि नाद ब्रह्म, शब्द ब्रह्म, परं ब्रह्म का जो सुंदर मेल होता है वही संगीत की अद्भुत आनंद की अनुभूति कराता है। विश्व में शांति का प्रतीक संगीत है और यही हमारे मन में सुकून और सुख का अनुभव भी कराता है। उद्घाटन सत्र में कार्यक्रम के अंत में डॉ. निधि शर्मा ने सभी उपस्थित अतिथिगणों और गणमान्य सदस्यों को धन्यवाद ज्ञापित किया। कार्यक्रम का संचालन डिंपी सुहालका ने किया। कार्यक्रम के दूसरे चरण में 3 तकनीकी सत्र का आयोजन किया गया इस एक दिवसीय राष्ट्रीय सम्मेलन में करीब 50 प्रतिभागियों ने पत्र वाचन किया। प्रो. गुरप्रीत कौर, गुरु नानक देव विश्वविद्यालय (अमृतसर), प्रो. शुचिस्मिता शर्मा, कुरुक्षेत्र विश्वविद्यालय (हरियाणा) और प्रो. संगीता पंडित, बनारस हिंदू विश्वविद्यालय (वाराणसी) ने इन सत्र में अध्यक्षता की और सभी प्रतिभागियों के पत्र वाचन की समीक्षा भी की। तकनीकी सत्र के समन्वयक डॉ. निधि शर्मा, डॉ. मंदाकिनी लाहिरी, डॉ. हर्षिता वेयर थे। तीनों सत्र का

सफल संचालन बिंदु जोशी, राकेश पालीवाल, मनीष आदिवाल, श्याम सुंदर नागर व यशस्वी चौहान ने किया। तकनीकी सत्र के मुख्य वक्ता डॉ. निर्मल सनाढ्य, डॉ. उषा सनाढ्य एवं डॉ. प्रेम भंडारी ने अपने विचार प्रस्तुत किए। तत्पश्चात अंतिम सत्र समापन समारोह में कार्यक्रम की मुख्य अतिथि प्रो. अनुपम महाजन, दिल्ली विश्वविद्यालय ने भारतीय संगीत की विशिष्टता और अंतरराष्ट्रीय स्तर पर शास्त्रीय संगीत की एक विशेष पहचान है, पर अपने विचार व्यक्त किए। भावी पीढ़ी को शास्त्रीय संगीत सीखने व समझने के लिए प्रेरित किया क्योंकि आज का युवा वर्ग अत्यधिक तनाव ग्रस्त है और संगीत के माध्यम से वह अपने मन को शांति प्रदान कर सकता है। कार्यक्रम में विशिष्ट अतिथि राजस्थान विश्वविद्यालय (जयपुर) की पूर्व अधिष्ठाता प्रो. मधु भट्ट तैलंग ने कहा की सृष्टि से व्यक्ति की ओर, मानव से यांत्रिक की ओर, आत्मिकता से भौतिकता की ओर जाने से ही अशांति पैदा हुई है और योगसाधना, आध्यात्मिक साधना और संगीत साधना से ही इस अशांति को मिटाया जा सकता है। संगीत विभाग के छात्र-छात्राओं द्वारा संगीत प्रस्तुति दी गई। डॉ. पामिल मोदी ने सभी अतिथियों का परिचय दिया एवं डॉ. हर्षिता वेयर ने कार्यक्रम में उपस्थित श्रोताओं का अभिनंदन किया। कार्यक्रम के अंतिम चरण में डिंपी सुहालका ने एक दिवसीय राष्ट्रीय सम्मेलन की रिपोर्ट प्रस्तुत की और विधि शर्मा ने कार्यक्रम का संचालन किया। तकनीकी सत्र में डॉ. अनाया थट्टे, अनुभूति गुप्ता एवं तारा कानन को सर्वश्रेष्ठ पत्र वाचन के लिए सम्मानित किया गया। कार्यक्रम के अंत में संगीत विभाग की प्रभारी अध्यक्ष डॉ. पामिल मोदी द्वारा एक दिवसीय राष्ट्रीय सम्मेलन से जुड़े प्रत्येक व्यक्ति के सहयोग के लिए आभार व्यक्त किया।

मोहनलाल सुखाड़िया विश्वविद्यालय के कुलपति प्रो. अमेरिका सिंह के निर्देशन में इस एक दिवसीय नेशनल कॉन्फ्रेंस "विश्व शांति में भारतीय संगीत का योगदान" कार्यक्रम का सफल आयोजन किया गया जिसके लिए संगीत विभाग माननीय कुलपति महोदय का आभार व्यक्त करता है।

DEPARTMENT OF COMPUTER SCIENCE MOHANLAL SUKHADIA UNIVERSITY

Report on 1st International Conference on ICT- Innovations, Application, Trends and Research (ICT- IATR-2021)

16 JULY, 2021 (Friday)

Introduction

The First International Conference on ICT-Innovations, Application, Trends and Research was organized in Virtual mode by Department of Computer Science, MLSU, Udaipur on July 16 2021. The delegates across the countries participated in the conference. Around 16 participants presented their research findings in form of paper in the conference. The theme of the conference was Innovations, Application, Trends and Research in information and communication technology covering broad areas like Internet of Things, Big Data, Machine Learning, cloud computing, database, security, networking programming, embedded systems and high-performance computing.

Around 100 people participated in the conference including keynote speakers, faculties, and Students of MCA, M. Sc(IT) and BCA Programme, and other representatives from the other eminent organizations.

Proceeding Session

The proceeding was started with Saraswati Vandana and welcome speech was delivered by Dr. M. K. Jain, Professor of Computer Science Department, MLSU. First technical session was presided by Mrs. Deepti Shrimal, Assistant Professor, Computer Science, MLSU. The keynote was delivered by Prof. Dharm Singh Jat, Namibia University of Science and Technology, Namibia. He focused on new technologies and trends in computer science and their importance in the upcoming decade.

One Day International Conference

(Online Mode)

On

**ICT-INNOVATIONS, APPLICATION, TRENDS AND RESEARCH
(ICT-IATR-2021)**

16 JULY, 2021 (Friday)

CONFERENCE SCHEDULE

Inaugural Programme: 11:00 AM to 12:00 Noon

Saraswati Vandana	11:00 AM – 11:05 AM	
Welcome address & About the Conference	Prof. M. K. Jain (Dept. of Computer Science)	11:05 AM – 11:10 AM
Address by Honorable Dean	Prof. G.S. Rathore (Dean, UCoS & Faculty Chairman)	11:10 AM – 11:15 AM
Presidential Address	Prof. Amarika Singh (Honorable Vice Chancellor, MLSU, Udaipur)	11:15 AM – 11:20 AM
Lecture by Keynote Speaker-I	Prof. Dharm Singh Jat (Dept. of Computer Science, Namibia University of Science and Technology, Namibia)	11:20 AM – 12:00 Noon

Technical Session I: 12:00 Noon to 1:00PM

Technical Session II 12:00 Noon to 1:00 PM			
Event Name	Evaluators	Sr. No.	Time
Paper Presentation	1. Prof. M.K. Jain	PP1-PP6 Time Limit : 10 Minutes	12: 00 noon –1:00 PM
	2. Mrs. Deepti Shrimal		
Lunch Break: 1:00 PM - 2:00 PM			

After the keynote Ms. A. SONYA, Assistant Professor from B.S.Abdur Rahman Crescent Institute of Science and Technology, presented the paper on the topic "To Ensure the Multilevel Encryption in Cloud Computing". After that there were many other papers were presented on different areas like IOT, Text mining, data security, application specific instruction set processor, face recognition and machine learning at the conference.

The second session started by welcoming Dr. Munesh Chandra Trivedi, Associate Professor, Department of CSE, National Institute of Technology, and Agartala by Mohit Kumar Gokhroo, Assistant Professor, Computer Science, MLSU. Dr. Munesh talked about latest research trends in the area of security i.e. Metamorphic Cryptography. He stressed upon the importance and emphasised all the participants to work in this field. The remaining papers were presented in this session. After all the presentations, Prof. M. K. Jain as a session chair announced the best paper award.

Conclusion

The comperes of the conference were Mr. Mohit Gokhroo and Mrs. Deepti Shrimal, Assistant Professors, Department of the Computer Science, MLSU, Udaipur. A brief summary report is presented by Mrs. Deepti Shrimal and Concluding statement made by Mr. Mohit Gokhroo. He thanked everyone presented and those who contributed to the success of the conference especially technical team members. Officially, the conference ended with National Anthem.

Prepared on: July 16, 2021

Technical Session II: 2:00 PM to 2:30 PM

Lecture	Name of the Keynote Speaker-II	Time
2	Dr. Munesh Chandra Trivedi (Associate Professor, Department of CSE, National Institute of Technology, Agartala)	2:00 PM to 2:30 PM

Technical Session III: 2:30 PM to 3:50 PM

Event Name	Evaluators	Sr. No.	Time
Paper Presentation	1. Prof. M.K. Jain 2. Mr. Mohit Gokhroo	PP7-PP15 Time Limit : 8 Minutes	2:30 PM – 3:50PM

Valedictory Programme: 3:50 PM to 4:20 PM

Conference Report	Mrs. Deepti Shrimal	3:50 PM – 4:00 PM
Award announcement for the best Paper Presentation		4:00 PM – 4:05 PM
Vote of Thanks	Mr. Mohit Gokhroo	4:05PM – 4:15PM
National Anthem	4:15 PM – 4:20PM	

Google Meet Joining Link- <https://meet.google.com/tjb-fjqk-iac>

Points to be noted:

1. Registered Participants are required to be present in all the sessions to get the conference certificate.
2. Attendance sheet (Google form/feedback form) will be provided in the different sessions.

विज्ञान भवन - ब्लॉक 'ए'

ABOUT MLS UNIVERSITY

Mohanlal Sukhadia University, Udaipur (Rajasthan) is a UGC recognized multi-faculty affiliating state university established by an act in the year 1962 to cater the needs of the higher education in southern Rajasthan. As a mark of respect to the memory of Late Shri Mohanlal Sukhadia, the architect of modern Rajasthan, the University was renamed as Mohanlal Sukhadia University. The University has 48 departments under four constituent colleges. The university has more than 186 affiliated colleges from Udaipur, Rajsamand, Chittorgarh and Sirohi, with an enrollment of about 2 lakh students.

ABOUT DEPARTMENT OF COMPUTER SCIENCE

The Department of Computer Science at MLSU obtained its autonomous state very recently in the year 2016. It has more than 600 students enrolled in various UG and PG courses. It aims at imparting contemporary and quality education in the field of Computer Science and IT. Department has state of art infrastructure for teaching, learning and research, including advance servers, well equipped labs, a dedicated Apple Certified Training Centre along with first recording and broadcasting studio of the University. The Department offers a wide array of programmes and research opportunities at undergraduate, postgraduate and doctorate level. The Department started 3-year Master of Computer Applications (MCA) programme in the year 1997 which was among the first such programmes in India. The Department started 2-year M.Sc. (I.T.) programme in the year 2002 with the aim to develop core competence in Computer Science and prepare the students to carry out development work, as well as take up challenges in research. Besides these, the Department offers Doctor of Philosophy (Ph.D.) in Computer Science aimed at producing quality researchers and high-impact interdisciplinary research. Undergraduate CBCS programmes —BCA and B.Sc. (Computer Science) are also offered by the Department.

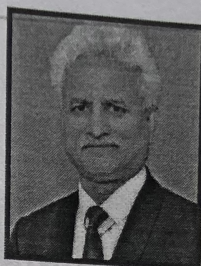

ABOUT THE CONFERENCE

The conference aims to bring together experts from broad areas of ICT and computer science domain to discuss the innovations, applications, trends and research in the areas pertinent to information communication and technology for the betterment of the community. This will provide a forum for sharing insights, experiences and interaction on various aspects of evolving technologies and patterns related to Computer Science and Information Communication Technology. The conference provides a platform to not only the researchers from India but also from other continents across the globe, making this conference more international and attractive for participants. The conference will include a peer reviewed program of technical sessions. This conference provides a forum for leading experts from the various domains related to all broad areas like internet of things, big data, machine learning, cloud computing, database, security, networking programming, embedded systems and high-performance computing to present their latest research, exchange ideas, and conduct brainstorming session

CONFERENCE TRACKS

Original research/ review papers by the academicians, researchers, students, industry persons in the fields related to but not limited to the following domains:

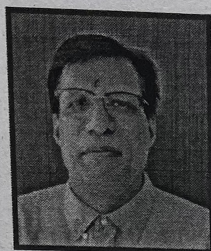

- Advancements in Computing, Modelling & Algorithm
- Big Data and Smart Computing
- Advancements in Security and Cryptography of Networks

Schedule for the Paper Presentation, Date: 16 July 2021

Note:

1. Participants please Note their allotted Time slot and the S.No. for the Conference
2. In the given order only, the participants are allowed to present their ppt of the paper.
3. Ten minutes are allotted for each presentation.
4. Prepare your presentation and share your google meet screen at the time of presentation.

S. No.	Name of the Participant	Title of the Paper	Time
1	Sonya. A, Pradhiksha. G, Kishore Kumar, Preethi. H, Priyadarshan. S	To Ensure the Multilevel Encryption in Cloud Computing	12:00-1:00 pm
2	SHIV KUMAR	DATA MINING BASED PORTABLE EXECUTABLE MALWARE DETECTION SYSTEM FOR WINDOWS OS	
3	Jwngma Basumatary	A Study of Blockchain Technology and Ethereum Smart Contract	
4	Ms. Jyoti Moondra, Dr. Avinash Panwar , Dr. Arun Vaishnav	An Early AN EARLY DETECTION OF OSTEOARTHRITIS IN WOMEN: A REVIEW	
5	MAHITHA B, SHOBIGAA SRI R K , MANISHA M	RISE OF AI IN HEALTHCARE STARUPS IN INDIA	
6	Nayna Birla, Prof. Manoj Kumar Jain and Dr. Avinash Panwar	A Systematic Review of Text Mining Approaches in Automated Assessment	
	LUNCH BREAK (1:00 pm-2:00 pm)		
7	SHIV KUMAR, DIVYA KUMARI	MACHINE LEARNING USING IOT	

8	Loganishanth E, Gokul J, Sukirdha Priya T, Divyabharathi S	Face Recognition using Eigen Faces	2:30-3:50pm
9	SHRAWAN KUMAR SHARMA, SHIV KUMAR	ROLE OF CLOUD COMPUTING WITH IOT	
10	NEHA SONGARA, PROF. MANOJ KUMAR JAIN	Exploring Cloud Computing for E-Learning	
11	Deepti Shrimal, Prof. M. K. Jain	A Study of Design Space Exploration Approaches for Application Specific Processors	
12	Dr. ARUN VAISHNAV and Mrs. ANJU VYAS	A Reliable and Versatile Digital Machine and its Applications for Research work	
13	NAMITA JAIN	Security Issues in the Internet of Things (IoT)	
14	KOMAL MEENA	A Taxonomy of Studies for Improving Security using IoT System for Smart City	
15	Mr. Ankur Bhatnagar	Research on Network Security Intrusion Detection System Based on Machine Learning	
16	Megha Purohit	A Survey of Trends and Emerging Technologies Architecture applications and approaches	

HEAD
Department of Computer Science
M. L. Sukhadia University
UDAPIUR (Raj.)

- Digital India and E-Governance
- Database Management and Technology
- Development in Health Care System
- Applications of Artificial Intelligence
- Applications of IoT
- Image Processing and Analysis
- Software Engineering and Testing
- Advancements in Embedded System
- Advancements for development in Education System

GUIDELINES FOR MANUSCRIPT PUBLICATION

- Only original and unpublished work is sought.
- Papers must be based on themes and sub-themes of the conference.
- Text should be in 2 Column format with Title Size 24pt, Heading Size 14pt Bold, Text 12 pt (All in Times New Roman font)
- Selected papers will be published in e-proceedings

HOW TO REGISTER

1. Registration Fee:

For Staff/Scholars of MLSU:

Free

For Academicians, Industry Persons and Others:

Rs. 500/-

2. Make an online payment of Rs. 500 via. IMPS/NEFT/BANK TRANSFER and save the payment reference no. (UTR) and payment date. Mention the Payment Reference No. in the Registration Form.
3. Fill the Registration form and submit the Paper using Link: <https://forms.gle/tih322Xub4tFykQX7>
4. Last date of registration : 12 July, 2021

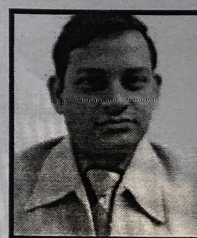

PAYMENT DETAILS

Account Name : Director, Univ. Computer Centre, M.L.Sukhadia University, Udaipur (Raj.)
 Saving Bank A/C : 693301191416
 Name of the Bank : ICICI BANK, Bapu Bazar, Udaipur
 IFSC Code : ICIC0006933

KEYNOTE SPEAKERS

Prof. Dharm Singh Jat

“ The call For Civilizational Change in the Era of the Covid-19 Crisis, May 5, 2021

A webinar on “*The call For Civilizational Change in the Era of the Covid-19 Crisis*” was held at Mohan Lal Sukhadia University, Udaipur by the department of philosophy during covid-19 on may 5, 2021. 2 resource persons were invited as subject experts. 120 participants attended and actively engaged in discussion during the webinar under two contributory sessions.

The session began with the welcome address by pro. Sudha Choudhary, Head of dept. . In her welcome address she highlighted the relevance of the theme in contemporary intellectual world. After the presentation of the thematic introduction of the webinar by convener, Resource person as a subject expert noted philosopher Prof. Ambika data, Dept. of Philosophy, Hari sing Gaur University, Sagar (M P) Sagar addressed the participants. In his opening remarks traced the nature of the disease and the preventive methods from this ongoing pandemic. He focused that this is the call of resetting civilization in post-Covid-19 world. COVID-19's threat to our global civilization and the need for collective responsibility. Ongoing pandemic may alter not only the way we live and work but also deeply impact our interpersonal relationships, our core values and the nature of state and governance.

During and in the aftermath of catastrophes, crises and wars, the collective way of the life of citizens is impacted hugely. In today's interconnected world, Covid-19 is not just a health, an economic or a humanitarian crisis. It's also a crisis of civilisation. Civilisations evolve as a result of a collective response to historical events and changes in human ecology, and despite differences, have some elements universal in nature. During the last few decades, globalisation and unprecedented advancements in communication and technology have further increased the commonalities of human civilisation. Ninety years ago in 1930, the father of modern psychiatry Sigmund Freud published a famous essay called “Civilisation and its Discontents”.

He pointed out that writing in the aftermath of the First World War, amid radical scientific and medical breakthroughs in the field of psychology, Freud explored the tensions between the impulses driving human behaviour and the constraints imposed by the structures of civilization. Today, our global civilisation faces the profound challenge of the COVID-19 pandemic, which has thrown up a wide range of “discontents” and poses a complex dilemma of how to balance individual impulses and freedoms with collective responsibility. Lockdowns, border closures, travel restrictions and mandatory face-coverings have all impacted the personal lives of women and men across the world on an unprecedented scale. At the same time, the corona virus has shone a harsh light on existing inequalities in our civilization, from the distribution of economic resources to access to health and justice services.

The Secretary-General of the United Nations, António Guterres, starkly articulated this injustice in a recent speech:

“COVID-19 has been likened to an x-ray, revealing fractures in the fragile skeleton of the societies we have built. It is exposing fallacies and falsehoods everywhere... while we are all floating on the same sea, it's clear that some are in superyachts while others are clinging to drifting debris.” If we are to successfully overcome the pandemic, then we need to recommit to the values of solidarity, cooperation and equality that underpin the Charter of the United Nations and the Universal Declaration of Human Rights. Our civilisation and common human heritage is shaped by war, devastation and loss just as much as by idealism, ingenuity and liberty. Only an honest reckoning with the complexities and ambiguities of our past can enable us to meet the challenges of the present and future. This is particularly relevant to the current crisis, and how nation states and international institutions like the World Health Organization have responded. COVID-19 has laid bare the interconnected nature of global risks, and the extent to which even well-resourced health systems can be rapidly overwhelmed when crises hit. The response to COVID-19 and the challenges of ensuring a rapid, equitable and sustainable economic recovery from the pandemic is straining the limits of international solidarity. It has brought into question the interconnected global systems of trade and international travel that have been taken for granted in recent decades. In addition, we continue to face the longer-term existential threats to human existence posed by climate change **and** nuclear weapons, both of which are headed in an increasingly dangerous and unpredictable direction, due to neglect – or in some cases, willful destructiveness. Our concepts of civilization, responsibility and solidarity have been sorely tested by COVID-19 and its economic and social fallout. Future generations will judge us on how we respond, not only to save lives now but to “build back better” and be more thoroughly prepared for future shocks. For their sakes and for the future of our shared planet, we must not let them down.

Guest of Honor prof. R K Deswal, Head, Dept. of Philosophy, Kurukshetra University, (Harayana) in his enlightened lecture hightlightend his remedies vy introducing Yoga's Health methodologies. He awared and said don't delay! Treatment must be started within a few days after you first develop symptoms to be effective. You can get tested, receive a prescription from a healthcare provider. Avoiding Contact with People Who Have Suspected or Confirmed COVID-19. Prevention Actions to Add as Needed. There are some additional prevention actions that may be done at any level, but CDC especially recommends considering in certain circumstances or at medium or high COVID-19 Community Levels. Wearing Masks or Respirators . Increasing Space and Distance. Small particles that people breathe out can contain virus particles. The closer you are to a greater number of people, the more likely you are to be exposed to the virus that causes COVID-19. To avoid this possible exposure, you may want to avoid crowded areas, or keep distance between yourself and others. These actions also protect people who are at high risk for getting very sick from COVID-19 in settings where there are multiple risks for exposure.

Participant Alok Tandon suggests some health tips regarding lifestyle. The webinar ended with a significance discussion. Thanks to the participants given by Hemendra Purbiya, research scholar of the department.

“Preventive Strategies against Covid-19” on May 16, 2021

A webinar on “*Preventive Strategies against Covid-19*” was held at Mohan Lal Sukhadia University, Udaipur by the department of philosophy during covid-19 on May 5, 2021. 2 invited resource person and subject experts addressed the webinar, 100 participants attend and present their views, under two contributory sessions. While each speaker gave a half an hour presentation, at the end of each session, 35 minutes to 45 minutes was reserved for detailed discussions.

The webinar began with the welcome address of Prof. Sudha Choudhary, Head of dept. . In her welcome address she highlighted the relevance of the theme in contemporary intellectual world. After the presentation of the thematic introduction of the webinar by convener, Resource person as a subject expert Dr. Ritu Choudhary, Gynecologist, RNT, Medical college, Udaipur addressed the participants. In her opening remarks traced the nature of the disease and the preventive methods from this ongoing pandemic. She said that effective treatments are now widely available and free, and you may be eligible, contact your healthcare provider, health department, Community Health Center. Don't delay! Treatment must be started within a few days after you first develop symptoms to be effective. You can get tested, receive a prescription from a healthcare provider. Avoiding Contact with People Who Have Suspected or Confirmed COVID-19. Prevention Actions to Add as Needed. There are some additional prevention actions that may be done at any level, but CDC especially recommends considering in certain circumstances or at medium or high COVID-19 Community Levels. Wearing Masks or Respirators . Increasing Space and Distance. Small particles that people breathe out can contain virus particles. “Discourse on Science, Culture and Public Consciousness, July 14, 2021

A webinar on “*Discourse on Science, Culture and Public Consciousness, July 14, 2021*” was held at Mohan Lal Sukhadia University, Udaipur by the department of philosophy during covid-19 on may 5, 2021. 3 resource persons were invited as subject experts. 130 participants attended and actively engaged in discussion during the webinar under two contributory sessions.

The session began with the welcome address by pro. Sudha Choudhary, Head of dept. . In her welcome address she highlighted the relevance of the theme in contemporary intellectual world. After the presentation of the thematic introduction of the webinar by convener, Resource person as a subject expert noted scientist Dr. Ravi Sinha, Delhi addressed the participants. In his opening remarks traced the nature scientific studies and insights. He said that unfortunately on the thought level, we are living in a ironical world. On the one hand, we are enjoying the fruits of scientific advancements and on the other hand, we are also not allow to growth the scientific temper as introduced in our constitution.

Philosophers always tries this phenomenon of human destiny. In this regard, it is very important to know that philosophy of science and its role in public consciousness, is the crucial question for philosophers. In a 2005 letter to D. P. Chattopadhyaya, Daya Krishna (DK) talks of the postmodern situation which has made philosophical thinking suspect. He aspires that philosophers should take the challenge and make their thinking “relevant for the incoming generation.” Though there may be different ways of bringing relevance back to the philosophical domain, DK felt a need for an interlacement between action and knowledge. For him philosophical inquiry is incomplete if it excludes the aspects of social and political, cultural and contextual, physical and metaphysical, moral and ethical.

DK’s comment becomes important as most of the philosophical thinking about the social and political of/in India has been mainly influenced by the west and a western-centric Indian discourse about its contextual differences. While scholars like Partha Chatterji emphasize on the derivative nature of discourses in India, Bhiku Parekh laments on the poverty of Indian political philosophy which has neither evolved as a critique of or as an alternative to the western theoretical paradigms. The predicament demands that philosophers, political theorists and social scientists interrogate the western discourses on the notions of equality, justice, liberty-autonomy, Gender and body, rights, civil disobedience, legitimacy crisis, identity problems in a supra-national world, public discourse and debate to analyze their adequacy for the Indian lived reality.

In order to overcome this predicament thinkers such as Ashish Nandy on one hand emphasize on the need to recognize the traditionalist discourse of Gandhi. On the other hand Radhakrishnan and K.C. Bhattacharya engage in the nostalgia of nativity. Such engagement might be helpful in problematizing the intersections of past and present. But one can still question the feasibility of these debates from the vantage point of political experiences in our everyday life. Recently Gopal Guru and Sundar Sarukkai in their *The Cracked Mirror* developed a model for reengagement by making experience central to the claims of any theorization. While engaging with the debate of caste, emancipatory potential of (western/Habermasian) theory, and the future of current engagement they try to view the narratives of past and an emancipated future from ontology of the present. Their emphasis on the need to look into the relation between theory and experience reinforces DK’s aspiration for a philosophy which is relevant for understanding the spaces of social, political, cultural one inhabits. The Philosophical and Social Science academia needs to further this attempt by (a) engaging with the debates it has initiated and (b) seeking for alternative paradigms of an engagement for an emancipated future where the Dalit and non-Dalit, Man and woman, Northern and North-eastern share the humanistic values of tolerance, dialogue and recognition of difference. Issues like racism, caste stereotyping, Gender equality, identity politics need to revisited from an Indian perspective and deserve a normative theorization. Philosophy needs to open up new epistemological and theoretical foundations upon which new analytical engagements may be developed and anchored.

Such philosophies can only be developed by maintain a critical distance vis-a vis the hegemonic western discourse. Maintaining such distance does not mean bracketing off West altogether, but “placing oneself simultaneously inside and outside” the questions of our critique and inquiry.

While maintaining such distance we need to draw from the contemporary Western thinkers such as John Rawls, Jürgen Habermas, Seyla Benhabib, Charles Taylor, Nancy Fraser Judith Butler, Anthony Appiah, Mahmood Mamdani, Axel Honneth and others to problematize and theorize the issues of Gender Justice, Phenomenology of body, Ethics of care, Cosmopolitanism, Justice, and religious freedom.

It shows that Quintessentially, Public philosophy has at least two separate philosophical projects. One project often called "public philosophy" is to address issues of public importance through philosophy, especially in the areas of public epistemology, morality and social issues. In this conception, public philosophy is a matter of content, not style. It must concern certain philosophical issues, but may be undertaken in any venue. The second project often called public philosophy is to engage in philosophy in public venues. which defined public philosophy as "doing philosophy with general audiences in a non-academic setting". According to one of the founders of the Public Philosophy Network, Sharon Meagher, “public philosophy' is not simply a matter of doing philosophy in public. A truly public philosophy is one that demands that the philosopher both become a student of community knowledge and reflect on his or her public engagement, recognizing that philosophy can benefit at as much from public contact as can the public benefit from contact with philosophy. The publicly engaged philosopher does not assume that he or she knows the questions in advance, but draws on his or her experiences in the community to develop and frame questions. Further, publicly engaged philosophy demands accountability on the part of the philosopher to his or her publics—understanding that philosophers are themselves members of those publics."

Philosophers who hold the alternative view, that public philosophy is simply philosophy undertaken in public venues, are engaged in two projects. One of these is to educate the public and the other to engage with the public collaboratively to identify and address public problems. The second approach is often inspired by John Dewey's work on democracy and the need to reconstruct philosophy. The two approaches are not exclusive. For instance, philosopher Michael J. Sandel describes public philosophy as having two aspects. The first is to "find in the political and legal controversies of our day an occasion for philosophy". The second is "to bring moral and political philosophy to bear on contemporary public discourse. James Tully says, "The role of a public philosophy is to address public affairs", but this "can be done in many different ways." Tully's approach emphasize *practice* through the contestable concepts of citizenship, civic freedom, and nonviolence. Public philosophy, in some conceptions, is a matter of content rather than style. Public philosophy, in this sense, need not be undertaken in a public venue but must deal with a particular subset of philosophical problems.

It is commonplace to argue that public philosophy promotes democracy, but Jack Russell Weinstein, director of The Institute for Philosophy In Public Life argues that this argument assumes philosophers are better citizens than non-philosophers. It also assumes, he writes, "that rational argumentation plays an essential part in democratic participation," but that "citizens consistently act on false information, skewed attitudes, gut reactions, prejudices, and malicious motives."

Often, it is said what distinguishes academic from public philosophy is the intended target. Public philosophy is philosophy undertaken in public venues, addressed to a nonprofessional audience. However, this definition in terms of its audience is still too general and says too little about the nature of this practice. Introductions to a philosopher or a philosophical issue are also meant for a non -professional audience, and yet they are not examples of public philosophy in the strict sense I'm outlining here. They differ regarding the educational purpose they want to achieve.

Public philosophy is best understood as an activity that aims to promote rational thinking in anyone it can reach. Public philosophy is a catalyst to thought. Its goal is not to disclose the results of the philosophical tradition or research. At least not exclusively, and not primarily. Its main aim is to introduce the audience to the *philosophical practice of thinking critically*: that is, to the problematisation of the given, the critique and analysis of a question, and to a dialectical confrontation. The purpose of a public philosophy initiative is to show thinking and dialectical strategies, along with the results they produce. As the philosopher Jack Russell Weinstein put in 2014: ‘My first rule of public philosophy then, is “let them see you think”.’

If we understand and conceive of public philosophy in this didactical function, we can also better understand its relationship with academic philosophy.

One of the main objections to public philosophy is that it makes philosophical theories and concepts banal and simplified, and thereby betrays the professional and scientific status of the discipline. Every scientific discipline – it is argued – has its degree of necessary specialisation and complexity. No one pretends to make virology or molecular biology perfectly accessible to everybody (at least that was true before COVID-19 in the social media era); why insist on doing the same with philosophy?

Guest of Honor Prof. Apurvanand, Dept. of Hindi, Delhi, University, Delhi, in his enlightened speech he said the our constitution, says that it is the duty of every citizen of India, to develop scientific temper. In this direction our first prime minister Jawahar lal Neharu's endeavours are remarkable.

Participant Alok Tandon suggests that it is time for rethink about science and its role in society. The webinar ended with a significance discussion. Thanks to the participants given by Hemendra Purbiya, research scholar of the department.
