ACKNOWLEDGEMENT

The successful completion of the internship would not have been possible without the guidance and support of many people. I express my sincere gratitude to Mr. Omprakash Somani, Partner, P K Chhapparwal & Associates, Chartered Accountants, for allowing to do my internship at P K Chhapparwal & Associates.

I thank the staff of P K Chhapparwal & Associates, Bengaluru for their support and guidance and helping me in completion of the report.

I am thankful to my internal guide Dr. Shilpa Vardia, for her constant support and inspiration throughout the project and invaluable suggestions, guidance and also for providing valuable information.

Finally, I express my gratitude towards my parents and family for their continuous support during the study.

Keshav Soni

MFC III Semester

PREFACE

The training report is an outcome of training programme done at P K Chhapparwal & Associates. The objective of the internship is to find the problems face by Registrants under GST in filing returns in time. An attempt has been made to finds the reasons, grievances and issues resulting in non-filing as returns under GST by tax payers. The major problem I faced in my internship is improper management in GST system. As the people who registered under GST are technically poor it became hard for them to file return by themselves. There may be few drawbacks occurred due to time limits and limited secondary data available as the GST is introduced newly in India. Though I have tried my best to keep the report from errors, I apologise if any mistakes were found which were not made deliberately. If the report has can help tax department, I will be happy to acknowledge. I feel that the purpose of report has been fulfilled. Please feel free to contact me if any queries arise.

ORGANISATION PROFILE

About P K Chhapparwal & Associates

P K Chhapparwal & Associates is a professionally managed firm the team consists of distinguished Chartered Accountants, Corporate financial advisor in tax consultants the firm represents a combination of specialized skills which are geared to offer sound financial advice and personalized proactive services. Those associated with the firm have regular interaction with the industry and other professionals which enables the firm to keep pace with contemporary developments and to meet the needs of its clients.

INTRODUCTION TO WORK OF ORGANISATION

Chartered Accountants work in a wide range of business sectors and in a broad spectrum of roles, from Chief Executives to Financial Controllers. Below are a few examples of the type of positions that Chartered Accountants occupy.

- Tax Accountant
- Management Accountants
- Financial Accountants
- Budget Analysts
- Auditor
- Project Consultancy

VISION AND MISSION OF ORGANIZATION

Vision Statement

We will become the Tax advisor of choice through the creation of an environment where we want to give of our best and to enable our client to realize and reach their potential by optimal leverage of resources and constantly strive to better them.

Mission Statement

Prime objective the provision of an integrated range of client focused services that will exceed our client's expectations and assist them to improve the and reduce and maintain Tax Liability. We are committed to creating a client focused culture and supporting our staff to achieve the prime objective. Our professional and local communities are an integral part of our ability to deliver on this mission.

Our Help

To establish Trust, Comfort and Convenience as a one stop business solutions provider.

Our Supports

To provide simple, effective and progressive solutions for business.

SERVICES

Taxation

Enhancing a stakeholder value is a fundamental concept, which drives every management effort in the modern business environment. Progressive and bottom – line focused managements have realized that taxes should be viewed as a dynamic item of cost, rather than a passive charge on the profits. Indeed, an effective tax – cost management provides a distinct competitive advantage, which requires the application of appropriate tax strategies, proactively identified and meticulously implemented. In the modern-day world all businesses are engaged in multinational transactions and operations, they are continually challenged to manage the impact of multiple and ever-changing tax -jurisprudence. In order to meet requirements of the business, we provide following services:

1. Tax Advisory
2. Goods and service tax
3. Representation & Litigation Support
4. Income tax planning and management

Assurance

Our assurance services include Statutory audit, Tax audit and Special audits. We carry out audit of financial statements prepared in accordance with various GAAP's

(IGAAP/US GAAP / IFRS / other international GAAP) under applicable auditing standards. Our audit methodology is compliant with international auditing standards and provide our client with highest level of assurance on their financial statements. With the wider access to **P K Chhparwal & Associates** Technical teams and experienced professionals, we bring the benefits of Global standards and practices to our clients.

Advisory Service

Managing Risk to enhance performance to truly manage risk, it is vital to enable the right frameworks. We help enhance your business performance by building strong risk management frameworks into the very core of your business processes.

Accounting & Book Keeping

Keeping and maintaining all the documents related to books of accounts of the company and doing the workflow of recording, summarising, analysing all the financial transactions of the client.

Project Consultancy

A project management consultancy provides expert project management advice to external businesses. A company may hire a project management consultancy if it lacks project management expertise. Or if it wants project management advice from an external, impartial party.

SWOT ANALYSIS OF CA PROFESSION

For CA profession there are three broad internal factors: -

- 1. Self**
- 2. Clients**
- 3. Staff**

Similarly, there are 3 broad external factors: -

- 1. Everchanging laws**
- 2. Infrastructure**
- 3. Authorities**

Proper balance between all the variables is needed.

STRENGTHS

1. Low Cost of Education
2. Performance in typical situations
3. High Speed
4. Capacity to handle various types of tasks simultaneously
5. Knowledge of everchanging different types of laws
6. Accuracy guaranteed in Government & in Other Departmental work
7. Goodwill in Public Mind

8. World Class Journal and Publications
9. Sound Vision: System Analysis and Data Processing subject introduced more than 20 years back.
10. Sound examination pattern all over India.
11. Tactful analysis of Subject Material
12. Influence

WEAKNESS

1. Unmatched Training Programme
2. Unmatched Coaching
3. Unmatched CPE Hours for Members
4. Non-Standardization of Faculties
5. Lack of Communication Skills
6. Lack of Day to Day Time Management
7. Overloaded Work
8. Poor Charging of Services Rendered
9. Poor Co-ordination between the members
10. Poor Concentration

OPPURTUNITIES

1. Grow indirect tax practice

Since the government implemented GST in India, many businesses have looked to CA firms for financial advice and compliance related to GST. Thus, they can cash on the GST market to strengthen their indirect tax practice.

2. Improve Quality of Audit

The emergence of technology such as big data and analytics provides opportunities for CA firms to improve audit quality by reducing error and improving the risk assessment process. The cost of learning big data and analytics can go as high as Rs. 4 lakh.

3. Expand to new markets

In India, the number of CAs is far less than required. The 72nd annual report of The Institute of Chartered Accountants of India 2020-21 states that CAs in the country are a little over 3.2 lakh. Thus, it's a perfect platform for those in business to expand to newer markets and offer their services. Expansion incurs cost in the form of: Office space Market research Setting up infrastructure Hiring staff Regulatory compliance with many CA firms crowding metro cities and making the market increasingly competitive, you can reach out to clients in developing areas and take the first-mover advantage.

THREATS

1. Lacking time management

2. Lacking advance learning of Computers
3. Lack of coordination with Top Authorities
4. Lack of trained people
5. Increasing complexity in the tax laws, auditing etc.
6. increase in number of firms comparatively number of clients no increasing.

COMPETITORS OVERVIEW

TOP 10 CA FIRMS IN INDIA

1. **DELOITTE**
2. **PRICE WATER COOPERS (PWC)**
3. **KPMG**
4. **ERNST & YOUNG (E&Y)**
5. **BDO INTERNATIONAL LTD**
6. **GRANT THRONTON INTERNATIONAL**
7. **RSM INTERNATIONAL**
8. **SS. KOTHARI MEHTA & CO.**
9. **LODHA & CO.**
10. **SAHNI NATRAJAN & BAHL**

CONCEPTUAL STUDY

JOB DESCRIPTION

I have Tried my best to enhance my abilities and apply the knowledge that I gained during the studies. On my first day at firm, firm in-charge gave me a training session about GST returns, computerized accounting in tally software and also shared his practical experience with me and gave me some techniques of this process. He also guided me that how to prepare GST return and filling data in income tax return preparation software.

Different tasks performed by me during my internship:

- Vouching
- Preparing books of Accounts in Tally
- Voucher Entry
- Preparing data in Excel Sheet
- Intangible Assets Management
- Preparation of Projected P&L Account and Balance Sheet
- Auditing and Assurance
- Direct Taxation
- Indirect Taxation

GOODS AND SERVICE TAX

TAX

Tax in general is the imposition of financial charges upon an individual or a company by the Government of India or their respective state or similar other functional equivalents in a state. The computation and imposition of the varied taxes prevalent in the country are carried on by the Ministry of Finance's Department of Revenue. According to the data, in the financial year 2021-22, the direct tax collection reached Rs 14.10 lakh crore with a sharp increase of 49%. Whereas there has been a 30% increase in indirect tax collection and it stood at **Rs 12.90 lakh crore**.

GST – Goods and Service Tax

GST is considered as an indirect tax for the whole nation that would make India one unified common market. It is a tax which is imposed on the sale, manufacturing and the usage of the goods and services. It is a single tax that is imposed on the supply of the goods and services, right from the manufacturer to the customer. The credits of the input taxes that are paid at each stage will be available in the subsequent stage of value addition which makes GST essentially a tax only on the value addition on each stage. The final consumers will bear only the tax charged by the last dealer in the supply chain with the set of benefits that are at all the previous stages.

It is charged at the national and state level at similar rates for the same products and it also replaces almost all the current indirect taxes that are imposed separately by

the Centre and the States. Goods & Services Tax is a destination based tax which means that the tax is paid at the place of supply.

There are 3 types of GST

- **CGST- Central Goods and service tax**
- **SGST- State Goods and service tax**
- **IGST- Integrated Goods and service tax**

Why GST has been proposed?

Our Constitution empowers the Central Government to levy excise duty on manufacturing and service tax on the supply of services. Further, it empowers the State Governments to levy sales tax or value added tax (VAT) on the sale of goods. This exclusive division of fiscal powers has led to a multiplicity of indirect taxes in the country. In addition, central sales tax (CST) is levied on inter- State sale of goods by the Central Government, but collected and retained by the exporting States. Further, many States levy an entry tax on the entry of goods in local areas.

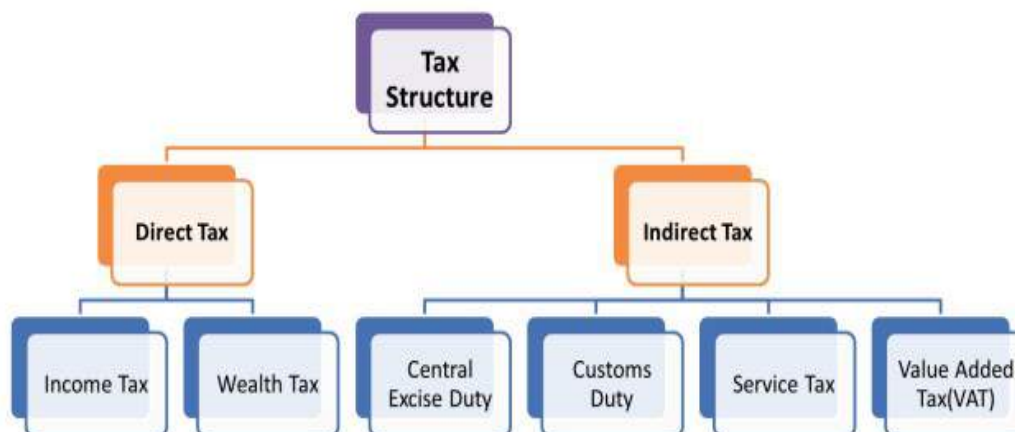

This multiplicity of taxes at the State and Central levels has resulted in a complex indirect tax structure in the country that is ridden with hidden costs for the trade and industry. In order to simplify and rationalize indirect tax structures, Government of India attempted various tax policy reforms at different points of time. A system of VAT on services at the central government level was introduced in 2002. The states collect taxes through state sales tax VAT, introduced in 2005, levied on intra-state

trade and the CST on inter-state trade. Despite all the various changes the overall taxation system continues to be complex and has various exemptions.

This led to the idea of "One nation One Tax" and introduction of GST in Indian financial system. This is simply very similar to VAT which is at present applicable in most of the states and can be termed as National level VAT on Goods and Services with only one difference that in this system not only goods but also services are involved and the rate of tax on goods and services are generally the same.

Different types of taxes

Prevalence of various kinds of taxes is found in India. Taxes in India can be either direct or indirect. However, the types of taxes even depend on whether a particular tax is being levied by the central or the state government or any other municipalities.

In the earlier indirect tax rule, there were many indirect taxes levied by both state and centre. States mainly collected taxes in the form of Value Added Tax (VAT). Every state had a different set of rules and regulations. Interstate sale of goods was taxed by the Centre. CST (Central State Tax) was applicable in case of interstate sale of goods. Other than above there were many indirect taxes like entertainment tax, octroi and local tax that was levied by state and centre. This led to a lot of overlapping of taxes levied by both state and centre.

For example, when goods were manufactured and sold, excise duty was charged by the centre. Over and above Excise Duty, VAT was also charged by the State. This leads to a tax on tax also known as the cascading effect of taxes.

The following is the list of indirect taxes in the pre-GST rule:

- Central Excise Duty
- Duties of Excise
- Additional Duties of Excise
- Additional Duties of Customs
- Special Additional Duty of Customs
- Cess
- State VAT
- Central Sales Tax
- Purchase Tax
- Luxury Tax
- Entertainment Tax
- Entry Tax Taxes on advertisements

- Taxes on lotteries, betting, and gambling

CGST, SGST, and IGST has replaced all the above taxes. However, the chargeability of CST for Inter-state purchase at a concessional rate of 2%, by issue and utilization of cForm is still prevalent for certain non-GST goods such as:

- (i) Petroleum crude
- (ii) High-speed diesel;
- (iii) Motor spirit (commonly known as petrol)
- (iv) Natural gas
- (v) Aviation turbine fuel
- (vi) Alcoholic liquor for human consumption. in respect of following transactions only:
 - Resale
 - Use in manufacturing or processing
 - Use in the telecommunication network or in mining or in the generation or distribution of electricity or any other power.

Objectives of GST

- To concentrate and conform One Country – One Tax.
- To ensure consumption based tax instead of Manufacturing.
- To ensure Uniform GST Registration, payment and Input tax Credit.
- To eliminate the cascading effect of Indirect taxes on single transaction.
- To ensure the subsume all indirect taxes at Centre and State Level under.
- To reduce tax evasion and corruption.
- To increase productivity.

- To increase Tax to GDP Ratio and Revenue surplus.
- To increase Compliance.
- To reduce economic distortions.
- Boost to exports: If Indian market will be competitive in pricing, then more and more foreign players will try to enter the market, which results in more numbers of exporters and benefits to Indian Market. As far there is no tax rate is finalized, but yes GST is much needed in the countries where, it lacks transparency and complex taxation system. GST will take away cascading effect of various taxes that are charged on sale/ production/ purchase and so. Products reaches to customers at very high rate as compared to manufacturing, so with GST there will be only one tax and it will reduce burden to pay off

Types of Goods and Service Tax (GST)

1. Central Goods and Services Tax (CGST):

Under GST, CGST is a tax levied on Intra State supplies of both goods and services by the Central Government and will be governed by the CGST Act. SGST will also be levied on the same Intra State supply but will be governed by the State Government. This implies that both the Central and the State governments will agree on combining their levies with an appropriate proportion for revenue sharing between them. However, it is clearly mentioned in Section 8 of the GST Act that the taxes be levied on all Intra-State supplies of goods and/or services but the rate of tax shall not be exceeding 14%, each.

2. **State Goods and Services Tax (SGST):**

Under GST, SGST is a tax levied on Intra State supplies of both goods and services by the State Government and will be governed by the SGST Act. As explained above, CGST will also be levied on the same Intra State supply but will be governed by the Central Government.

An example for CGST and SGST:

Let's suppose Ram is a dealer in Karnataka who sold goods to Sham in Karnataka worth Rs. 10,000. The GST rate is 18% comprising of CGST rate of 9% and SGST rate of 9%. In such case, the dealer collects Rs. 1800 of which Rs. 900 will go to the Central Government and Rs. 900 will go to the Karnataka Government.

3. **Integrated Goods and Services Tax (IGST):**

Under GST, IGST is a tax levied on all Inter-State supplies of goods and/or services and will be governed by the IGST Act. IGST will be applicable on any supply of goods and/or services in both cases of import into India and export from India.

An example for IGST:

Consider that a businessman Ramesh from Karnataka had sold goods to Anil from Kerala worth Rs. 1,00,000. The GST rate is 18% comprised of 18% IGST. In such case, the dealer has to charge Rs. 18,000 as IGST. This IGST will go to the Centre.

Why the split into SGST, CGST, and IGST?

India is a federal country where both the Centre and the States have been assigned the powers to levy and collect taxes. Both the Governments have distinct responsibilities to perform, as per the Constitution, for which they need to raise tax revenue.

The Centre and States are simultaneously levying GST.

The three types tax structure is implemented to help taxpayers take the credit against each other, thus ensuring “One Nation, One Tax”.

Transaction	New System	Old System	Description
Domestic	SGST + CGST	SERVICE TAX/CENTRAL EXCISE + VAT	CENTRAL & STATE WILL SHARE REVENUE EQUALLY
International	IGST	CENTRAL SALES TAX + EXCISE/SERVICE TAX	BASED ON DESTINATION, CENTRE WILL SHARE REVENUE

For example:

Interstate sale in this dual tax system is involved. One is the CGST and another SGST is to be levied. Within the state deal is to be payable to incorporate Goods and service.

As I said before the meaning of GST – “GST is a comprehensive, multi-stage, destination-based tax that will be levied on every value addition.”

Let we try to understand that means.

BENEFITS OF GST

To Trade:

1. Reduction in multiplicity of taxes.
2. Mitigation of cascading / double taxation.
3. More efficient neutralization of taxes especially for exports.
4. Development of common national market.
5. Simple tax regime –
 1. Fewer rates and exemptions.
 2. Distinction between Goods and Services no longer required.

To Consumers:

1. Simpler Tax system
2. Reduction in prices of goods and services due to elimination of cascading.
3. Uniform prices throughout the country.
4. Transparency in taxation system. Increase in employment opportunities.

Taxes which are not to be subsumed

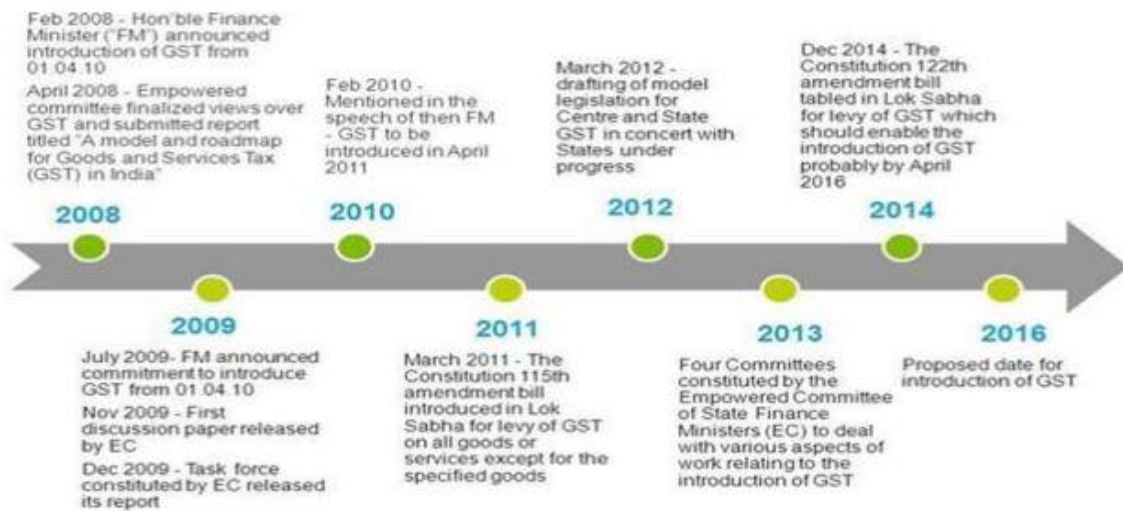

GST may not subsume the following taxes within its ambit:

1. **Basic Custom Duty:** These are protective duties levied at the time of Import of goods into India.
2. **Export Duty:** This duty is imposed at the time of export of certain goods which are not available in India in abundance.
3. **Road and Passenger Tax:** These are in the nature of fees and not in the nature of taxes on goods and services.
4. **Toll tax:** these are in the nature of user fees and not in the nature of taxes on goods and services.

HISTORY & BACKGROUND OF GST

The GST journey began in the year 2000 when a committee was set up to draft law. It took 17 years from then for the Law to evolve. In 2017 the GST Bill was passed in the Lok Sabha and Rajya Sabha. On 1st July 2017 the GST Law came into force. Bringing together 35 diverse stakeholders to nurture and roll out an indirect tax transformation is the hallmark of Goods and Services Tax (GST) introduction. It has had its share of relentless efforts over several years, to bring all states and union territories in sync. As we complete one year of the GST, it would be worthwhile to look back to see how the journey has been so far. The key principles adopted for designing GST were - Widening of the tax base, elimination of the cascading effect, transparency and simplicity, and automation of compliance. It has taken over six decades to build the existing tax base, and only six months to amplify it. This is a significant feat, enabling wider coverage, more transparency and robust tax collections. As a matter of fact, it is also improving direct tax collections as a consequence. Mitigation of the cascading impact has resulted in an increase of Indian competitiveness in the global market. Businesses now recover much larger tax credits than before. Additionally, the anti-profiteering provisions served as a check on any potential inflationary impact. With the exception of petroleum products, the government seems to have firmly held the reins on the inflation rates post GST. This marks an exception from the general global experience of price rise post VAT/GST.

GST Journey in India

Bills Passed For The Implementation Of GST Regime:

1. The Central Goods and Services Tax Bill 2017 (The CGST Bill)
 2. The Integrated Goods and Services Tax Bill 2017 (The IGST Bill)
 3. The Union Territory Goods and Services Tax Bill 2017 (The UTGST Bill)
 4. The Goods and Services Tax (Compensation to the States) Bill 2017 (The Compensation Bill)
- The CGST Bill makes provisions for levy and collection of tax on intra-state supply of goods or services or both by the Central Government.
 - IGST Bill makes provisions for levy and collection of tax on inter-state supply of goods or services or both by the Central Government.
 - The UTGST Bill makes provisions for levy on collection of tax on intra-UT supply of goods and services in the Union Territories without legislature.
- Union Territory GST is akin to States Goods and Services Tax (SGST) which

shall be levied and collected by the States/Union Territories on intra- state supply of goods or services or both.

- The Compensation Bill provides for compensation to the states for loss of revenue arising on account of implementation of the goods and services tax for a period of five years as per section 18 of the Constitution (One Hundred and First Amendment) Act, 2016.

Various Tax Rates imposed by GST

Some industries and products were exempted by the government and remain untaxed under GST, such as dairy products, products of milling industries, fresh vegetables & fruits, meat products, and other groceries and necessities. Checkposts across the country were abolished ensuring free and fast movement of goods. The Central Government had proposed to insulate the revenues of the States from the impact of GST, with the expectation that in due course, GST will be levied on petroleum and petroleum products. The central government had assured states of

compensation for any revenue loss incurred by them from the date of GST for a period of five years.

Registration under GST

Background

Model GST law provides for registration of various persons in different situations.

This article aims at enlightening readers about the persons who are required to take registration and other provisions related to registrations.

Threshold Limit

In order to provide relaxation to small supplies it is provided that every supply shall be liable to be registered under this act in the State form where it makes a taxable supply of goods and services if its aggregate turnover in a financial year exceeds Rs. 20 lakhs. However, this limit is Rs. 10 lakhs for the persons conducting business in NE states including Sikkim.

Here, aggregate turnover means the aggregate value of all taxable and non-taxable supplies, exempt supplies and exports of goods and/ or services of a person having the same PAN, to be computed on all India basis and excludes taxes, if any, charged under the CGST Act, SGST Act and the IGST Act, as the case may be. But aggregate turnover does not include the value of supplies on which tax is levied on reverse charge basis and the value of inward supplies.

Person requiring Registration:-

Following are the persons required to take registrations under this act –

- i. Persons making inter-state supply, irrespective of any threshold limit.
- ii. Casual taxable persons, irrespective of the threshold specified.
- iii. Persons who are required to pay tax under reverse charge
- iv. Non- resident taxable persons
- v. Persons who are required to deduct tax under section 37 (TDS)
- vi. Agents
- vii. Input service distributors
- viii. Supply of goods or services through electronic commerce operator, other than branded

Services

- a. Every electronic commerce operator
- b. Aggregators who supplies service under his brand name or his trade name
- c. transferee in case where business is transferred.
- d. Businesses with turnover above the threshold limit of Rs. 20 lakhs* (Rs. 10 Lakhs for North-Eastern States, J&K, Himachal Pradesh and Uttarakhand)

Documents Required for GST Registration

- PAN of the Applicant.
- Aadhaar Card.
- Proof of business registration or Incorporation certificate.
- Identify and Address proof of Promoter.
- Address proof of the place of business.

- Bank Account statement/ Cancelled cheque
- Digital Signature.
- Letter of Authorization/ Board Resolution of Authorized signatory.

GST Composition Scheme

Composition Scheme is a simple and easy scheme under GST for taxpayers. Small taxpayers can get rid of tedious GST formalities and pay GST at a fixed rate of turnover.

This scheme can be opted by any taxpayer whose turnover is less than Rs. 75 Lakhs*.

Who can opt for Composition Scheme

A taxpayer whose turnover is below Rs 75 Lakhs* can opt for Composition Scheme.

In case of North-Eastern states and Himachal Pradesh, the limit is now Rs 50* lakh.

As per the CGST (Amendment) Act, 2018, a composition dealer can also supply services to an extent of ten percent of turnover, or Rs.5 lakhs, whichever is higher.

This amendment will be applicable from the 1st of Feb, 2019. Further, GST Council in its 32nd meeting proposed an increase to this limit for service providers on 10th Jan 2019*.

Turnover of all businesses registered with the same PAN should be taken into consideration to calculate turnover.

Who cannot opt for Composition Scheme

The following people cannot opt for the scheme-

- Manufacturer of ice cream, pan masala, or tobacco
- A person making inter-state supplies
- A casual taxable person or a non-resident taxable person
- Businesses which supply goods through an e-commerce operator

What are the conditions for availing Composition Scheme?

The following conditions must be satisfied in order to opt for composition scheme:

- No Input Tax Credit can be claimed by a dealer opting for composition scheme
- The dealer cannot supply GST exempted goods
- The taxpayer has to pay tax at normal rates for transactions under the Reverse Charge Mechanism
- If a taxable person has different segments of businesses (such as textile, electronic accessories, groceries, etc.) under the same PAN, they must register all such businesses under the scheme collectively or opt out of the scheme.
- The taxpayer has to mention the words 'composition taxable person' on every notice or signboard displayed prominently at their place of business.
- The taxpayer has to mention the words 'composition taxable person' on every bill of supply issued by him.

As per the CGST (Amendment) Act, 2018, a manufacturer or trader can now also supply services to an extent of ten percent of turnover, or Rs.5 lakhs, whichever is higher. This amendment will be applicable from the 1st of Feb, 2019.

How can a taxpayer opt for composition scheme?

To opt for composition scheme a taxpayer has to file GST CMP-02 with the government. This can be done online by logging into the GST Portal.

This intimation should be given at the beginning of every Financial Year by a dealer wanting to opt for Composition Scheme.

How Should a Composition Dealer raise bill?

A composition dealer cannot issue a tax invoice. This is because a composition dealer cannot charge tax from their customers. They need to pay tax out of their own pocket.

Hence, the dealer has to issue a Bill of Supply.

The dealer should also mention “composition taxable person, not eligible to collect tax on supplies” at the top of the Bill of Supply.

What are the GST rates for a composition dealer?

Following chart explains the rate of tax on turnover applicable for composition dealers:

Composition Scheme - Applicable GST Rates			
Type of Business	CGST	SGST	Total
Manufacturer and Traders (Goods)	0.5%	0.5%	1.0%
Restaurants not serving alcohol	2.5%	2.5%	5.0%
Other service Providers*	3.0%	3.0%	6.0%

How should GST payment be made by a composition dealer?

GST Payment has to be made out of pocket for the supplies made.

The GST payment to be made by a composition dealer comprises of the following:

- GST on supplies made.
- Tax on reverse charge
- Tax on purchase from an unregistered dealer*

*Only on the specified categories of goods and services and well as the notified class of registered persons with effect from 1st Feb 2019 but is yet to be notified.

Hence, not applicable until then.

What are the returns to be filed by a composition dealer?

A dealer is required to file a quarterly return GSTR-4 by 18th of the month after the end of the quarter. Also, an annual return GSTR-9A has to be filed by 31st

December of next financial year*.

What are the advantages of Composition Scheme?

The following are the advantages of registering under composition scheme:

- Lesser compliance (returns, maintaining books of record, issuance of invoices)
- Limited tax liability
- High liquidity as taxes are at a lower rate.

What are the disadvantages of Composition Scheme?

Let us now see the disadvantages of registering under GST composition scheme:

- A limited territory of business. The dealer is barred from carrying out inter-state transactions
- No Input Tax Credit available to composition dealers
- The taxpayer will not be eligible to supply exempt goods or goods through an ecommerce portal.

Input Tax Credit

Input credit means at the time of paying tax on output, you can reduce the tax you have already paid on inputs and pay the balance amount.

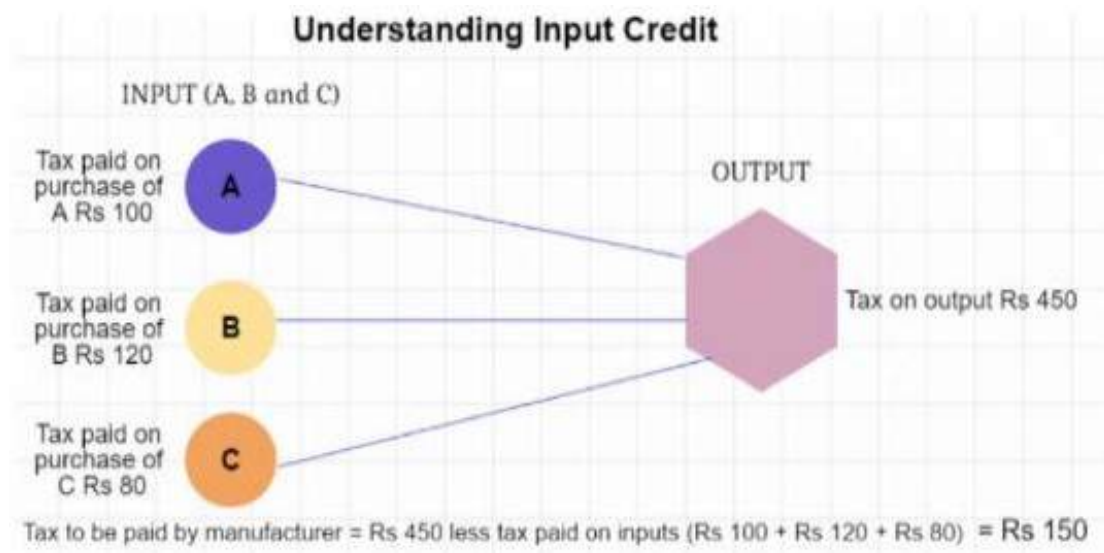

Here's how-

When you buy a product/service from a registered dealer you pay taxes on the purchase. On selling, you collect the tax. You adjust the taxes paid at the time of purchase with the amount of output tax (tax on sales) and balance liability of tax (tax

on sales minus tax on purchase) has to be paid to the government. This mechanism is called utilization of input tax credit.

For example- you are a manufacturer:

- a. Tax payable on output (FINAL PRODUCT) is Rs 450
- b. Tax paid on input (PURCHASES) is Rs 300
- c. You can claim INPUT CREDIT of Rs 300 and you only need to deposit Rs 150 in taxes.

Who can claim ITC?

ITC can be claimed by a person registered under GST only if he fulfils all the conditions as prescribed.

- a) The dealer should be in possession of tax invoice
- b) The said goods/services have been received
- c) Returns have been filed.

- d) The tax charged has been paid to the government by the supplier.
- e) When goods are received in installments ITC can be claimed only when the last lot is received.
- f) No ITC will be allowed if depreciation has been claimed on tax component of a capital good

What can be claimed as ITC?

ITC can be claimed only for business purposes. ITC will not be available for goods or services exclusively used for: a. Personal use b. Exempt supplies c. Supplies for which ITC is specifically not available.

How to claim ITC?

All regular taxpayers must report the amount of input tax credit (ITC) in their monthly GST returns of Form GSTR-3B. The table 4 requires the summary figure of eligible ITC, Ineligible ITC and ITC reversed during the tax period. The format of the Table 4 is given below:

Details	Integrated Tax	Central Tax	State/UT Tax	Cess
1	2	3	4	5
(A) ITC Available (whether in full or part)				
(1) Import of goods				
(2) Import of services				
(3) Inward supplies liable to reverse charge (other than 1 & 2 above)				
(4) Inward supplies from ISD				
(5) All other ITC				
(B) ITC Reversed				
(1) As per rules 42 & 43 of CGST Rules				
(2) Others				
(C) Net ITC Available (A) – (B)				
(D) Ineligible ITC				
(1) As per section 17(5)				
(2) Others				

Reversal of Input Tax Credit

ITC can be availed only on goods and services for business purposes. If they are used for non-business (personal) purposes, or for making exempt supplies ITC cannot be claimed.

Apart from these, there are certain other situations where ITC will be reversed.

ITC will be reversed in the following cases

- 1) Non-payment of invoices in 180 days– ITC will be reversed for invoices which were not paid within 180 days of issue.
- 2) Credit note issued to ISD by seller– This is for ISD. If a credit note was issued by the seller to the HO then the ITC subsequently reduced will be reversed.
- 3) Inputs partly for business purpose and partly for exempted supplies or for personal use – This is for businesses which use inputs for both business and non-business (personal) purpose. ITC used in the portion of input goods/services used for the personal purpose must be reversed proportionately.
- 4) Capital goods partly for business and partly for exempted supplies or for personal use – This is similar to above except that it concerns capital goods.
- 5) ITC reversed is less than required- This is calculated after the annual return is furnished. If total ITC on inputs of exempted/non-business purpose is more than the ITC actually reversed during the year then the difference amount will be added to output liability. Interest will be applicable.

Special cases of ITC

- ITC for Capital Goods.
- ITC on Job work.
- ITC provided by Input service distributor.
- ITC on Transfer of Business.

VARIOUS RETURNS INVOLVED

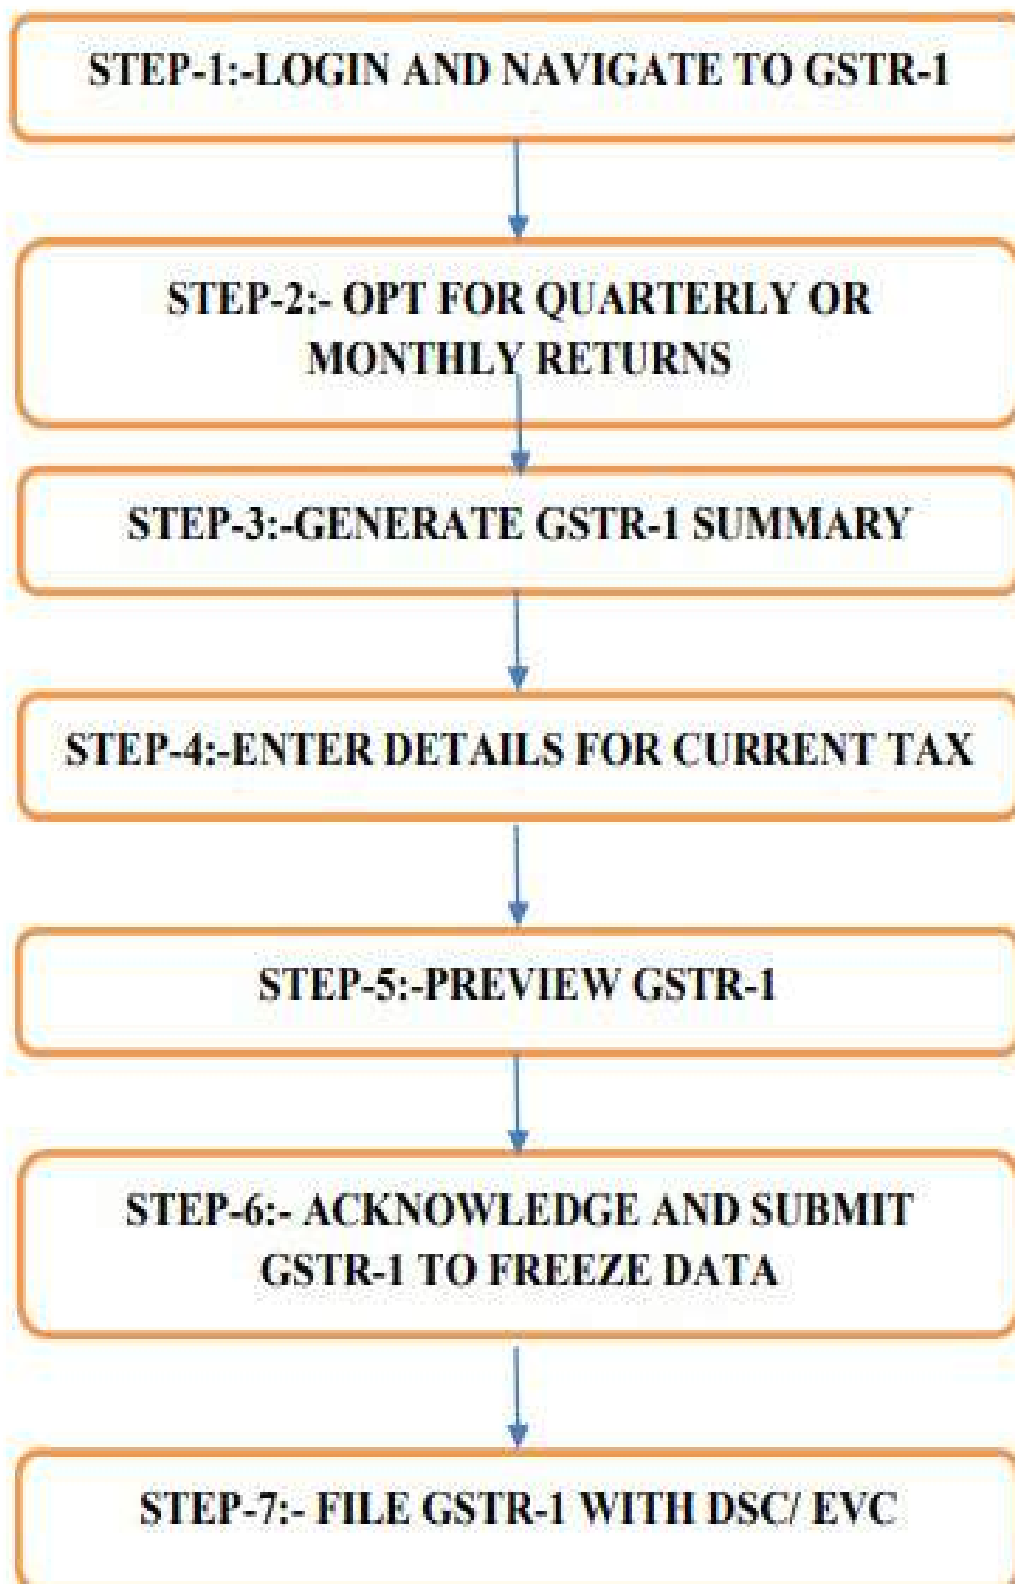

Types of GST returns	What is reported in this return?	Who needs to file this?	When is it to be filed?¹
GSTR-1	Details of all outward supplies of goods and services during the specified period (Invoices, debit, and credit notes)	All taxpayers registered under GST including casual taxable persons	<ul style="list-style-type: none"> • Monthly, by 11th of every month - If the taxpayer has an annual aggregate turnover over ₹5 Crore or has not opted into the QRMP Scheme² • Quarterly, by 13th of the month following every quarter - If the taxpayer has opted into the QRMP Scheme
GSTR-2A	View-only return containing details of purchases from GST registered suppliers. Data is auto-populated based on GSTR-1 returns filed by suppliers and is updated as and when such details are filed	Not applicable	No action required but can be used to check completeness of Input Tax Credit to be availed (on purchases made during a period)
GSTR-2B	View-only return containing details of Input Tax Credit available for a specified period. Data is auto-populated for the period based on returns filed by suppliers	Not applicable	No action required but provides details on eligible and ineligible Input Tax Credit
GSTR-3B	Self-declaration of all outward supplies made, Input Tax Credit claimed, GST payable, and GST paid for a month	All taxpayers registered under GST	<ul style="list-style-type: none"> • Monthly, by 20th of every month - If the taxpayer has an annual aggregate turnover over ₹5 Crore or has not opted into the QRMP Scheme • If the taxpayer has opted into the QRMP Scheme: <ol style="list-style-type: none"> 1. Quarterly, by 22nd of the month following the quarter for 'X' Category States³ 2. Quarterly, by 24th of the month following the quarter for 'Y' Category States⁴

GSTR-4	Annual return consolidating details of all the filings for a financial year	Taxpayers registered under the Composition Scheme of GST	Annually, by 30 th April of the year following the financial year
GSTR-5	Details of all outward supplies made, inward supplies received, credit or debit notes, GST payable and paid	Non-resident foreign taxpayers registered under GST carrying out business transactions in India	Monthly, by 20 th of every month
GSTR-5A	Details of outward taxable supplies and GST payable	Online Information and Database Access or Retrieval Services (OIDAR) providers under GST	Monthly, by 20 th of every month
GSTR-6	Details of Input Tax Credit received and distributed, documents issued for such distribution and the manner of distribution	Input Service Distributors	Monthly, by 13 th of every month
GSTR-7	Details of Tax Deducted at Source (TDS), TDS payable and paid, TDS refund claimed if any	Persons required to deduct tax at source (TDS) under GST	Monthly, by 10 th of every month
GSTR-8	Details of supplies made through an e-Commerce platform, and the Tax Collected at Source (TCS) on the same	e-Commerce operators required to collect Tax Collected at Source (TCS) under GST	Monthly, by 10 th of every month
GSTR-9	Details of all outward supplies made, inward supplies received, and summary of supplies reported under every HSN code, along with details of taxes payable and paid. It is a consolidation of all monthly or quarterly returns filed during a financial year	<ul style="list-style-type: none"> • All taxpayers, except: Taxpayers who have opted for the Composition Scheme • Casual taxable persons • Input Service Distributors • Non-resident taxable persons • Persons paying TDS under Section 51 of the CGST Act As with previous years, this annual return is also expected to be optional for taxpayers with aggregate turnover of up to ₹ 2 Crore	Annually, by 31 st December of the year following the relevant financial year
GSTR-10	Filed on cancellation or surrender of GST registration	Person whose GST registration has been cancelled or surrendered	Three months from the date of cancellation or surrender
GSTR-11	Details of inward supplies received, and refund claimed	Persons who have been issued a Unique Identity Number (UIN). UIN is given to foreign diplomatic missions and embassies not liable to tax in India, for the purpose of getting tax refund	By 28 th of the month following the month in which inward supplies are received

- Out Of all these returns mainly GSTR-1 & GSTR-3B are involved in businesses daily work cycle

GST E-Filing system in India:

GST has been introduced in India completely in digital form registering for GST and filing of returns, paying tax liability etc., everything has been completely introduced in online digital platform which has become the big task for Traders to automate themselves to use the digital form of filing returns and paying tax. As it is compulsory that GST returns filing has to be done online, many of the Traders depend upon consultants, auditors and third parties for such filing services. This is again badly affecting on Traders' perception as it results in high expenses. The government of India has designed the GST portal in such a way that even a layman, with minimum computer knowledge, can file the returns on his own. These are the following steps which makes the filing of returns simple. The below shown steps were explained in detail along with the screen prints of respective GST portal pages for better understanding of GST e-filing of returns system: -

STEP-1:-LOGIN AND NAVIGATE TO GSTR-1 PAGE

1. Access the www.gst.gov.in URL. The GST Home page is displayed.
2. Login to the GST Portal with valid credentials i.e. your USERID and PASSWORD
3. Click the Services > Returns > Returns Dashboard command.

4. The File Returns page is displayed. Select the Financial Year & Return Filing Period (Month) for which you want to file the return from the drop-down list.
5. Click the SEARCH button.

Dashboard : Returns English

File Returns * Indicates Mandatory Fields

Financial Year* Return Filing Period*

Note: If the composition scheme is not applicable to you, please ignore the below message.
 Dashboard for filing returns in Form GSTR-4 for the second quarter (July to Sep) is available to:

- The migrated taxpayers who have opted to pay tax under composition scheme by filing intimation in Form GST CMP-01 before 16 August 2017.
- The taxpayers who have obtained new registration in GST regime and opted to pay tax under composition scheme while filing application in Form GST REG-01

The dashboard will be made available shortly to:

- The taxpayers who have opted out from the composition scheme by filing intimation in Form GST CMP-04 stating the effective date of withdrawal between 1st July to 30th Sep 2017.

STEP-2:- OPT FOR QUARTERLY OR MONTHLY RETURNS:

The "Option Form for Quarterly Return filing by Normal Taxpayer" page is displayed. (A) Select Yes or No for "Whether your aggregate turnover during the Previous Financial Year was up to Rs.1.5 Crores or Do you expect your aggregate turnover during the Current Financial Year to be Upto Rs. 1.5 Crores?"

1. Select Yes or No for would you like to opt for quarterly filing of tax return:

STEP-3:-GENERATE GSTR-1 SUMMARY

1. Scroll down to the bottom of the GSTR-1 – Details of outward supplies of goods or services page and click the GENERATE GSTR1 SUMMARY button to include the auto drafted details pending for action from recipients. The

invoices that were missed to be included by you may have been added in the Uploaded by Receiver while filing his GSTR-2.

The screenshot shows a button labeled "GENERATE GSTR1 SUMMARY" in a blue box. Below it is a checkbox with the text: "I acknowledge that I have reviewed the details of the preview and the information is correct and would like to submit the details. I am aware that no changes can be made after submit." At the bottom right, there are three buttons: "BACK", "SUBMIT", and "FILE RETURN".

2. After the summary generation is initiated, you will notice the message to check after one minute.

The screenshot shows the "GSTR-1 - Details of outward supplies of goods or services" page. It includes fields for GSTIN (23ALYPD6528P1ZD), Legal Name (Gyanendra Prakash Dwivedi), Trade Name, FY (2017-18), Return Period (July), Status (Not Filed), and Due Date (05/09/2017). There are input fields for "Aggregate Turnover in the preceding financial year" and "Aggregate Turnover - April to June, 2017", both with "Enter Gross Turnover" buttons. A green success message is highlighted with a red box: "Generate GSTR1 Summary process is initiated, Please recheck after one minute". Below the message is the "GSTR-1 - Invoice Details" section with an important notice: "** Important Notice: If the invoices are more than 500 . Please check here".

3. After the summary is generated, you will notice a success message on top of the page.

This screenshot is similar to the previous one, showing the same GSTR-1 details page. The success message, highlighted with a red box, now includes a timestamp: "The summary displayed as on 21/09/2017 12:47:12.For update click on Generate GSTR1 summary".

4. The summary is generated by the GST Portal automatically at an interval of every .
5. In case you want to see the summary instantly, after you have added the invoices, you can also generate the summary by clicking the GENERATE

GSTR1 SUMMARY button. However, summary can be generated only at an interval of 10 minutes.

6. In case you attempt to generate summary, earlier than 10 minutes, you will notice an error message on top of the page.

STEP-4:- ENTER DETAILS FOR CURRENT TAX PERIOD, INCLUDING AMENDMENTS OF PREVIOUS

1. There are a number of tiles representing Tables to enter relevant details. Click on the tile names to know and enter related details:
2. GSTR-1 – Invoice Details
 1. 4A, 4B, 4C, 6B, 6C - B2B Invoices:
 - To add an invoice for taxable outwards supplies to a registered person
 2. 5A, 5B - B2C (Large) Invoices:
 - To add an invoice for taxable outwards supplies to a consumer, where place of supply is other than the State where supplier is located (Inter-state supplies) and invoice value is more than Rs. 2.5 lakhs.
 3. 9B –Credit / Debit Notes (Registered):
 - To add details of credit or debit notes issued to the registered recipients
 - To add details of credit, debit notes or refund voucher issued to the unregistered recipients
 4. 6A –Exports Invoices:
 - To add an invoice for supplies exported
 5. 9A – Amended Invoice:

- Amended B2B Invoice: To make amendments to details of outward supplies to a registered person of earlier tax periods
- Amended B2C (Large) Invoice: To make amendments to taxable outward supplies to an unregistered person of earlier tax periods
- Amended Exports Invoices: To make amendments to supplies exported

6. 9C – Amended Credit/ Debit Notes:

- Registered: To make amendments to details of credit or debit notes issued to the registered recipients of earlier tax periods
- Unregistered: To make amendments to details of credit or debit notes issued to the unregistered recipients of earlier tax periods

3. Select the respective portal, whichever is applicable, to you and you will be directed to the page where the entry of invoices has to be made as shown below.
4. After entering all the invoices in respective portals according to the tax rate applicable to it as shown above CLICK the SAVE option in the bottom.

Stages of GST

There are multiple change-of-hands an item goes through along its supply chain: from manufacture to final sale to the consumer.

Let us consider the following case:

- 1) Purchase of raw materials.
- 2) Production or manufacture.
- 3) Warehousing of finished goods.
- 4) Sale to wholesaler.
- 5) Sale of the product to the retailer.
- 6) Sale to the end consumer.

Goods and Service Tax is levied on each of these stages which makes it is multi stage tax.

Important Aspects of GST

- 1. Levy of GST:** The center will levy Central GST (CGST) and the states will levy State GST (SGST) on the supply of goods and services within a state. The center will levy IGST in the case of (i) inter- state supply of goods and services, (ii) imports and exports, and (iii) supplies to and from special economic zones.
- 2. Exemptions from GST:** The Centre Exempt certain goods and services from the purview of GST through a notification. This will be based on recommendations of the GST Council.
- 3. Turnover limit under GST and tax right over low turnover entities:** GST is applied when turnover of the business exceeds Rs 20 lakhs per year (Limit is Rs 10lakhs for the North-Eastern States). Traders who would like to get input tax credit should make a voluntary registration even if their sales are below Rs 20 lakh per year. Traders supplying goods to other states have to register under GST, even if their sale is less than Rs 40 lakh. There is a composition scheme for selected group of tax payers whose turnover is up to Rs 75 Lakh a year. (Rs. 50 Lakhs for North eastern States)
- 4. The four-tier rate structure:** The GST proposes a four-tier rate structure. The tax slabs are fixed at 5%, 12%, 18% and 28% besides the 0% tax on essentials. Gold is taxed at 3%. The centre has strictly demanded and got an additional cess on demerit luxury goods that comes under the high 28% tax. Essential commodities like food items are exempted from taxes under GST. Other consumer goods which are common items will be taxed at 5%. GST seems to have two standard rates – 12% and 18%. GST rate structure for the goods and

services are fixed by considering different factors including luxury/necessity nature.

- 5. Tax revenue appropriation between the center and states:** The center and states will share GST tax revenues at 50:50 ratio(except the IGST). This means that if a service is taxed at 18%, 9% will go to the center and 9% will go to the concerned state.
- 6. Taxable amount (value of supply):** The GST levied on the supply of goods and services, whose value will include: (i) price paid on the supply, (ii) taxes and duties levied under other tax laws, (iii) interest, late fee, penalties for delayed payments, among others.
- 7. Refunds and welfare fund:** Any taxpayer may apply for refund of taxes in cases including: (i) payment of excess taxes, or (ii) unutilised input tax credit. The refund may be credited to the taxpayer, or to a Consumer Welfare Fund under certain circumstances.
- 8. Returns:** Every taxpayer should self-assess and file tax returns on a monthly basis by submitting: (i) details of supplies provided, (ii) details of supplies received, and (iii) payment of tax. In addition to the monthly returns, an annual return will have to be filed by each taxpayer.
- 9. Apportionment of IGST revenue:** The IGST collected will be apportioned between the center and the state where the goods or services are consumed. The revenue will be apportioned to the center at the CGST rate, and the remaining amount will be apportioned to the consuming state.

10. Dual Tax Structure: Centre and State both will levy tax on every transaction related to supply of goods/ services. Tax to be levied by Centre and States to be called Centre GST ('CGST') and State GST ('SGST').

11. Supply without consideration:

- Supply between two distinct establishments of same legal entity taxable even without consideration.
- Supply of goods between agent and principal taxable
- 'Gifts' by employer and employee for an amount exceeding INR 50,000 taxable

12. Imports/Exports:

- Imports will be treated as inter - state supplies and would attract IGST, apart from BCD on goods.
- Exports to be zero rated.

13. Exemptions / Concessions:

- Exemption to various goods and services.
- Existing incentive schemes to be converted to 'reimbursement route'.
- Certain petroleum products though in GST, would continue to attract present taxes. GST to be activated at a later date.

DRAWBACKS OF GST

1. According to the experts, terms such as GST which includes CGST, SGST, and IGST is nothing but just a new name in accordance with the existing tax systems. Kind of old wine in a new bottle.
2. The Service Tax which stood at 15% in the previous regime has now been replaced with GST at 18%. As such many services have become costlier with telecom, airline and banking affected majorly. In fact, insurance and petroleum are also said to be majorly affected by the enactment of GST Tax.
3. The GST Act has given the control of businesses to Central and State Governments with businessmen binding by-laws. This has given rise to complexity for many businessmen across the nation.
4. Post GST implementation, the first few instances of application have resulted in high tax outgo for businesses. Businesses are trying to claim the credit of input tax but several cases of mismatch of data are coming up. As a result, there is chaos among the tax filers.
5. The opposition has called it as a Disability Tax as many of the things related to disabled people which were earlier tax-free are now included in GST taxation. Prior to implementation of GST, brail paper, typewriter, hearing aid and motorised wheelchair were tax-free whereas these things are being taxed now. The opposition has made pleas to roll back the tax on such items.
6. On one end, the government is trying to give a push to banking services and insurance in India and on the other end, the government has decided to tax

banking and insurance service at higher rates when compared to the previous rates.

7. GST has also had an impact on discount and reward programs as well. The product is being taxed on the rates pre-discount whereas the products were earlier taxed at post discount prices. Most of the companies have also suspended reward programs for temporary basis because of complexities of GST.
8. The government has chosen a mid-year launch for GST and this will lead to problems in taxation and reporting during the end of the financial year. Ideally, the government should have launched GST at end of financial year as this would have avoided a lot of confusion during taxation and reporting.
9. As per GST, the seller requires registering in all the states that it does business in and it has increased the complexity for the seller. The government should have created a provision for centralised registration of State GST as this would have helped many sellers during the rollout.

Impacts of GST on

Common Man

The GST transition has been smooth. The big question is how GST will impact a common man's budget. GST is stated to be one of the biggest tax reforms in India, which would not only impact the business but also common man. The primary impact to be felt by the consumers would change in prices of goods and services on

account of GST rates. In terms of impact in prices, while services would mostly be more expensive in the initial phases, impact on prices of goods could be a mixed bag. In the long run, once the benefits of GST are expected to kick in in terms of higher input credits and reduction in cascading effect, it is anticipated that the inflationary effect will come down and prices, in general, would come down and stabilize.

In services, the tax rate has increased from 15% to 18%. The 3% increase could potentially mean an increase in the price of services by 3% for the common man, in the short run.

EXPENSES	EXAMPLES
 <p>RESTAURANT BILLS</p>	<ul style="list-style-type: none"> ▶ A customer visits a restaurant & purchases a meal for ₹1,000 in Delhi ▶ Under earlier regime, VAT @ 12.5% and service tax @ 6% was charged. Thus, the customer used to pay ₹185 as tax ▶ Under GST, a meal at an air-conditioned restaurant shall attract 18%. Thus, the customer pays ₹180 as tax ▶ Effectively, no substantial impact on restaurant bills
 <p>AIR TRAVEL</p>	<ul style="list-style-type: none"> ▶ A customer travels in domestic economy class on a ticket of ₹1,000 ▶ Under earlier regime, service tax at 6% was levied – amounting to ₹60 ▶ Under GST, economy class is taxable at 5%. Thus, there would be minor savings in economy class ▶ In case the customer travelled business class, GST rate has increased to 12% from 9% under service tax. ▶ Thus, business class would be expensive.
 <p>HOLIDAYS</p>	<ul style="list-style-type: none"> ▶ A customer stays in a hotel which has tariff of ₹8,000 a night ▶ In pre-GST regime, the gross indirect tax rates (Service tax + luxury tax) ranged from 19% to 25%, depending on rate of luxury tax in a state. Thus, total tax could be between ₹1,520 and ₹2,000 ▶ Under GST, for tariff above ₹7,500, tax would be applicable at 28%, resulting in tax incidence of ₹2,100. Thus, higher tier hotels are going to be more expensive under GST ▶ The lower tier hotels could be cheaper under GST, since tariffs between ₹1,000 and ₹2,500 would have GST of 12%, and between ₹2,500 and ₹7,500 would have GST of 18%
 <p>CAB EXPENSES</p>	<ul style="list-style-type: none"> ▶ A customer takes an Ola or Uber and the ride costs ₹100 ▶ There is a marginal saving since cab facilities would attract GST at 5% as compared to 6% service tax
<p>BANKING AND INSURANCE</p>	<ul style="list-style-type: none"> ▶ These services will primarily have a 3% increase in rate (from 15% service tax to 18% GST). Thus, these services will be more expensive
 <p>OTHER HOUSEHOLD EXPENSES</p>	<ul style="list-style-type: none"> ▶ Food items have been kept in the range of 0-5% under the GST regime. Food prices are unlikely to go up ▶ FMCG products like packaged food, shampoos, soaps, tissue papers, toothpaste, pharma products, electronic items like TV and coolers etc. to become cheaper ▶ Services like salon, dry cleaning and telecommunications to become more expensive due to 3% increase in tax rate
 <p>REAL ESTATE</p>	<ul style="list-style-type: none"> ▶ A customer buys under-construction property for ₹1 crore. ▶ Under earlier regime, rate of around 5.5% was levied (both VAT and service tax), but varied from state to state. Under GST, a rate of 12% will be levied resulting in inflation in initial period ▶ Prices of ready-to-move-in apartments with completion certificates would remain steady as these are out of GST ambit

LEARNING EXPERIENCE

- Performed Taxable Turnover by calculating GST of the respective client companies.
- Understanding the GST scheme i.e. regular and composite based on which the GST filing needs to be done.
- Filing various GSTR forms based on monthly transactions made by the client companies.
- Computing taxable income from various sources.
- Learning the various tax deductions and how individuals can avail them to reduce the tax burden.
- Understanding the functioning of Tally and its importance for compliance purpose.
- Bank statements, Bills of Sales and Purchases entered into Tally for the respective client companies.

CONCLUSION

From the foregoing description, it is evident that GST is essentially an indirect tax that unifies the majority of national taxes levied on the production, sale, and consumption of goods and services. Currently, taxes are assessed separately for goods and services. The GST is a combined tax that is due at the point of final consumption and is based on a consistent rate of tax imposed for both goods and services. Every phase of the selling or purchase Through a tax credit structure, this tax is collected along the supply chain on value-added products and services.

The adoption of the Value Added Tax (VAT) at the Central and State levels has been hailed as a significant step forward in India's indirect tax reform efforts. The Goods and Services Tax (GST) will be a further significant improvement and the logical next step towards a comprehensive indirect tax reform in the country if the VAT is a significant improvement over the pre-existing Central Excise Duty at the National Level and the Sales Tax System at the State Level. Most of the existing difficulties with this change will be history once GST is implemented. There would be fewer regulatory requirements for firms to cope with when India unifies into a single market where commodities may flow freely. There is little doubt that the advantages of GST will exceed the drawbacks. In conclusion, this internship has been a fantastic and fulfilling experience. I hope that the connections I have made will allow me to assist others find opportunities in the future. My internship has helped me develop my time management and motivational abilities, among other things. I didn't believe I would be able to force myself to work in an office for eight hours a day, five days a week when I initially started. I planned my day and work when I became aware of what I needed to do to avoid duplicating or wasting time. I discovered that I needed to plan ahead and have questions prepared for when it was appropriate to get feedback. I had to learn how to motivate myself via my internship and time management because I had to spend so much time at the workplace.

INTERNSHIP CERTIFICATE

Monday, 1st May 2023

Dear Vratika Soni,

Following a thorough review of your resume and a successful interview, we are delighted to extend an offer for the position of Trainee Software Developer. We are pleased to inform you that you have been appointed under the mutually agreed-upon terms and conditions. Your official start date will be May 1st, 2023.

During your training period, which will continue until the completion of your M.C.A., you will receive a stipend of Rs. 4000/- (Four Thousand) per month. Upon the successful completion of your training and based on your performance, you may be designated as a Software Engineer. At this point, your monthly remuneration will be adjusted to Rs. 8,000/- (Eight Thousand).

It is a condition of your appointment that you commit to working with our organization for a minimum of one year from your initial date of joining as a Software Engineer. Your monthly payments will be processed through online transfers, and you can expect to receive them on the 7th day of each month.

We look forward to your positive contribution to our team and wish you a successful and rewarding tenure with Idea2Reality.

Congratulations once again, and welcome aboard!

Subject: CONFIRMATION OF FOUR MONTHS INTERNSHIP.

Dear Sir,

It is our pleasure to confirm you that Miss. Agrima Khanna, student of MCA in your college will work with our company as an "Academic Internship" for the period of four months from 1 May 2023 To 30 September 2023.

The management will view his performance continuously during the period of his training and if his performance will be found satisfactory and outstanding, management can decide to retain him as a permanent employee of the organization.

As per the company policy, this is a paid academic internship according to her skill during which you will be expected to provide 8 hours per day. During the candidate internship period she will be given access to client's live projects. The company will not provide the source code to the candidate at the time of her University Practical Examination. We hope the same co-operation in future.

Dear Divya Daryani,

I am pleased to confirm our verbal offer of service contract to you for a **Contract-to-hire as Trainee Software Engineer with Kadel Labs** effective **April 15th, 2023**. As discussed, this offer is conditional upon completion of satisfactory references that could include, but is not necessarily limited to, a review of past education records.

The details of our offer, including the terms and conditions of your services, are attached as Schedule "A."

Please take the time to carefully review our offer. This letter, along with the enclosed schedule, outlines the obligations of both **Kadel Labs** and yourself with respect to your **contractual** conditions, and is governed by the laws of the country where the company is registered. It details the terms and conditions of your contract with **Kadel Labs**, and will form our agreed upon **services contract** with you once signed.

Accepting the contract will be conditional upon agreeing to and signing the attached copy of this letter and the attached Schedule, initialing each page in the right-hand corner, and returning it to me upon your earliest convenience, but prior to your first day of joining.

Divya, we look forward to welcoming you to **Kadel labs** team and wish you a successful and rewarding association with us.

Sincerely,

Girish Kumar Ameta

Authorized Signatory,

Kadel Labs Pvt Ltd

.....

I, **Divya**, acknowledge that I have read, understood and accept this offer and the terms and conditions contained in the attached Schedule, and agree to be bound by the terms and conditions of contract as outlined therein.

भूगोल विभाग

पृथ्वी विज्ञान संकाय

मोहनलाल सुखाडिया विश्वविद्यालय, उदयपुर

शैक्षणिक भ्रमण—मुकुन्दरा हिल्स टाइगर रिजर्व, गराड़िया महादेव, गागरोन दूर्ग, राजस्थान परमाणु बिजली सयंत्र, राणाप्रताप सागर बांध एवं चुलिया जल प्रपात

दिनांक 13-14 मार्च 2023 को भूगोल विभाग में एम. ए. प्रथम एवं तृतीय सेमेस्टर के लिए चित्तौडगढ़ जिले में स्थित राजस्थान परमाणु बिजली सयंत्र (विद्युत उत्पादन), राणाप्रताप सागर बांध (जल संरक्षण) एवं चुलिया जल प्रपात (भौगोलिक स्थलाकृति), कोटा जिले में स्थित गराड़िया महादेव मंदिर (धार्मिक स्थल) एवं मुकुन्दरा हिल्स टाइगर रिजर्व (वन्यजीव संरक्षण) तथा झालावाड़ जिले में स्थित गागरोन दूर्ग (ऐतिहासिक स्थल), आदि स्थानों पर दो दिवसीय शैक्षणिक भ्रमण का आयोजन किया गया।

चित्तौडगढ़ जिले के रावतभाटा में स्थित राजस्थान परमाणु बिजली सयंत्र वर्तमान में भारत का सबसे बड़ा परमाणु बिजली घर है। सयंत्र के वैज्ञानिकों द्वारा कच्चे माल (यूरेनियम) से लेकर बिजली उत्पादन तक सयंत्र की संपूर्ण कार्यप्रणाली को विद्यार्थियों के समक्ष मॉडल एवं प्रत्यक्ष अवलोकन द्वारा रोचक ढंग से समझाया गया। राणाप्रताप सागर बांध का विद्यार्थियों ने प्रत्यक्ष अवलोकन किया जो कि चंबल नदी पर स्थित राजस्थान में सबसे बड़ा बांध है। सन् 1968 में निर्मित इसी बांध से राजस्थान परमाणु बिजली सयंत्र को जल आपूर्ति होती है तथा स्वयं बांध द्वारा जल विद्युत का उत्पादन (172 मेगावाट) किया जाता है। इस बांध के पास ही राजस्थान का सबसे बड़ा एवं प्रसिद्ध चुलिया जल प्रपात स्थित है जो कि नदी अपरदन द्वारा स्थलाकृतियों का अनुपम उदाहरण है। 12वीं सदी में महाराज बीजलदेव द्वारा कालीसिंध एवं आहू नदियों के संगम पर निर्मित गागरोन दूर्ग यूनेस्को द्वारा विश्व धरोहर का दर्जा प्राप्त है। 14 युद्धों एवं 2 जोहर का गवाह रहा यह दूर्ग 'जलदूर्ग' का विश्वविख्यात उदाहरण है। वर्ष 2013 में घोषित मुकुन्दरा हिल्स टाइगर रिजर्व राजस्थान की चौथी बाघ परियोजना है जो कोटा एवं समीपवर्ती जिलों में स्थित है। इसी रिजर्व क्षेत्र में चंबल नदी के तट पर प्रसिद्ध गराड़िया महादेव मंदिर है। यहां चंबल नदी ग्रेट बाउंड्री फाल्ट से होकर बहती है जो मनोहर दृश्य प्रस्तुत करती है।

इस भ्रमण में विद्यार्थियों ने पर्यावरण, पारिस्थितिक तंत्र, वनस्पति एवं वन्यजीव जीव संरक्षण, बाघ परियोजना, राष्ट्रीय उद्यान, जल प्रपात, नदी की अपरदनात्मक कार्यप्रणाली एवं उससे निर्मित स्थलाकृतियां, दूर्ग एवं उनकी महत्ता, परमाणु संयंत्र की कार्यप्रणाली, बांध एवं जल संरक्षण आदि का प्रत्यक्ष अवलोकन कर उन्हें समझने का सुनहरा अवसर प्राप्त हुआ। यह भ्रमण भूगोल के विद्यार्थियों के लिए अत्यंत उपयोगी साबित हुआ एवं सभी विद्यार्थियों ने इस भ्रमण की भूरी-भूरी प्रशंसा कर भविष्य में इसी प्रकार के अन्य भ्रमण आयोजित करने की इच्छा जाहिर की। विभागाध्यक्ष प्रो. सीमा जालान के निर्देशन में आयोजित इस भ्रमण में असिस्टेंट प्रो. डॉ. देवेन्द्र सिंह चौहान (संयोजक) एवं डॉ. उर्मि शर्मा (सदस्य) तथा 17 विद्यार्थियों ने भाग लिया।

यह प्रमाणित किया जाता है कि सुश्री आशिता पारीक [Enrollment No: 207456796] M.Sc. (Hons.), बायोटेक्नोलॉजी, मोहनलाल सुखाडिया विश्वविद्यालय, उदयपुर, राजस्थान 313001 में अध्ययन कर रहे हैं। इन्होंने विषय "Biodegradation of Plasticizers by Two Isolated Bacteria and Verification for the Presence of Degradative Genes for their Metabolism" विषय पर दिनांक 27/07/2022 से 31/01/2023 तक शोधकार्य का प्रशिक्षण Dr. Natesan Manickam, मुख्य वैज्ञानिक, सीएसआईआर-आईआईटीआर लखनऊ, उत्तर प्रदेश के पर्यवेक्षण में प्राप्त किया है। अपोहस्ताक्षरी की पूर्व लिखित अनुमति के बिना काम को प्रकाशित या किसी भी रूप में यहां तक कि आंशिक रूप से भी प्रस्तुत नहीं किया जाना चाहिए।

हम सभी सुश्री आशिता पारीक के उज्ज्वल भविष्य की कामना करते हैं।

To Whomsoever it May Concern

This is to certify that Ms Ashita Pareek [Enrollment No: 207456796] student of M.Sc. (Hons.) Biotechnology, Mohanlal Sukhadia University, Udaipur, Rajasthan, 313001 has undergone dissertation training on "Biodegradation of Plasticizers by Two Isolated Bacteria and Verification for the Presence of Degradative Genes for their Metabolism" during 27/07/2022 to 31/01/2023 under Dr. Natesan Manickam, Chief Scientist CSIR - Indian Institute of Toxicology Research, Lucknow, Uttar Pradesh.

The work should not be published and or presented in any form even in part without the prior written permission of the undersigned.

We wish Ms Ashita Pareek success in his future endeavours.

V P Sharma

यह प्रमाणित किया जाता है कि सुश्री संध्या सोमपुरा [Enrollment No:1792902] M.Sc. (Hons.), बायोटेक्नोलॉजी, मोहनलाल सुखाडिया विश्वविद्यालय, उदयपुर, राजस्थान 313001 में अध्ययन कर रहे हैं। इन्होंने विषय "Biodegradation of Polycyclic aromatic hydrocarbon (PAHs) by *Achromobacter xylosoxidans* bacterium strain and its genetic investigation" विषय पर दिनांक 25/07/2022 से 31/01/2023 तक शोधकार्य का प्रशिक्षण Dr. Natesan Manickam, मुख्य वैज्ञानिक, सीएसआईआर-आईआईटीआर लखनऊ, उत्तर प्रदेश के पर्यवेक्षण में प्राप्त किया है। अधोहस्ताक्षरी की पूर्व लिखित अनुमति के बिना काम को प्रकाशित या किसी भी रूप में यहाँ तक कि आंशिक रूप से भी प्रस्तुत नहीं किया जाना चाहिए।

हम सभी सुश्री संध्या सोमपुरा के उज्ज्वल भविष्य की कामना करते हैं।

To Whomsoever it May Concern

This is to certify that Miss Sandhya Sompura [Enrollment No:1792902] student of M.Sc.(Hons.)Biotechnology, Mohanlal Sukhadia University, Udaipur, Rajasthan, 313001 has undergone dissertation training on "Biodegradation "Biodegradation of Polycyclic aromatic hydrocarbon (PAHs) by *Achromobacter xylosoxidans* bacterium strain and its genetic investigation" during 25/07/2022 to 31/01/2023 under Dr. Natesan Manickam, Chief Scientist CSIR - Indian Institute of Toxicology Research, Lucknow, Uttar Pradesh.

The work should not be published and or presented in any form even in part without the prior written permission of the undersigned.

We wish Miss Sandhya Sompura success in his future endeavours.

V P Sharma
Head, Human Resource Development

CERTIFICATE

This is to certify that Ms. Meenal Rathore, a student of M. Sc. Microbiology, Mohan Lal Sukhadia University (MLSU), Udaipur has carried out her dissertation entitled "**Study on bacteriological quality of street food and antimicrobial resistance of isolates**" under my guidance at Pacific Medical College and Hospital Bhilon ka Bedla, N.H. 27, Pratap Pura, Girwa, Udaipur, Rajasthan 313001. The research work is novel and has been conducted in department of microbiology. The research work carried out as a part of student research training program trainee has stayed at PMCH Udaipur (Rajasthan) for a duration of 6 months (20 July. 2022 to 20" January, 2023).

Subject: Regarding Departmental academic tour

Sir

This is to inform you that Department of Library and Information Science is running Bachelor and Master of Library and Information Science programs as a regular degree courses. The Second Semester of these courses have provision of educational tour. In the same regard Department is planning to visit the academic institutional libraries of Gandhinagar, Gujarat during December 07-09, 2022.

In this connection all the students will travel via Bus on 07.12.2022 at 07.00am from Udaipur to Gandhinagar, Gujarat and will return on 09.12.2022 at 08.00 pm.

Therefore, you are requested to please allow Mr. Narayan Lal Salvi with students and find enclosed herewith my duty leave also.

Thanking you

Yours faithfully

(Dr. P.S. Rajput)
