Mohanlal Sukhadia University

मोहनलाल सुखाड़िया विश्वविद्यालय, उदयपुर, 313001

NAAC-SSR (Assessment Year: 2017-22)

Criterion- 1
Curricular Aspects

Key Indicator 1.1:

Curriculum Design and Development

Metric 1.1.2: Annexure

### *Programmes Focusing on Employability/ Skill Development/ Entrepreneurship*

List of Programmes having focus on Employability/ Skill Development/ Entrepreneurship during Last Five Years (2017-18 to 2021-22)

Programme Name	Programme Code	Type of Programme
Bachelor of Architecture-CBCS	BArch_CBCS	Professional Degree Programme
Bachelor of Arts & Bachelor of Education	BABEd	Professional Degree Programme
Bachelor of Arts & Bachelor of Laws-Semester	BALLB_Sem	Professional Degree Programme
Bachelor of Business Administration (Entrepreneurship Development)-Semester	BBAEd_Sem	Professional Degree Programme
Bachelor of Business Administration (Hotel Management)-Semester	BBA_HM_Sem	Professional Degree Programme
Bachelor of Business Administration (Tourism and Travel Management)-Semester	BBA_TTM_Sem	Professional Degree Programme
Bachelor of Business Administration-Semester	BBA_Sem	Professional Degree Programme
Bachelor of Commerce & Bachelor of Laws-Semester	BComLLB_Sem	Professional Degree Programme
Bachelor of Computer Application-CBCS	BCA_CBCS	Professional Degree Programme
Bachelor of Education	BEd	Professional Degree Programme
Bachelor of Laws	LLB	Professional Degree Programme
Bachelor of Library and Information Science-CBCS	BLibISc_CBCS	Professional Degree Programme
Bachelor of Pharmacy-CBCS	Bpharma_CBCS	Professional Degree Programme
Bachelor of Science & Bachelor of Education	BScBEd	Professional Degree Programme
Bachelor of Science (Bio-Technology)-CBCS	BScBT_CBCS	Professional Degree Programme
Bachelor of Science (Yoga)-Semester	BScYoga_Sem	Skill Development Degree Programme
Bachelor of Technology-CBCS	BTech_CBCS	Professional Degree Programme
Bachelor of Vocation (Accounting, Taxation and Auditing)-Semester	BVocATA_Sem	Vocational Degree Programme
Master of Arts (Drawing & Painting)-CBCS	MAD&P_CBCS	Skill Development Degree Programme

Programme Name	Programme Code	Type of Programme
Master of Arts (Journalism & Mass Communication)-CBCS	MAJ&MC_CBCS	Professional Programme
Master of Arts (Music Vocal)-CBCS	MAMusicVocal_CBCS	Skill Development Degree Programme
Master of Arts (Yoga)-Semester	MAYoga_Sem	Skill Development Degree Programme
Master of Banking and Insurance-Semester	MBI_Sem	Professional Degree Programme
Master of Business Administration (E-Business)-Semester	MBA_Ebus_Sem	Professional Degree Programme
Master of Business Administration (E-Commerce)-Semester	MBA_ECom_Sem	Professional Degree Programme
Master of Business Administration (Executive)	MBA_Exe	Professional Degree Programme
Master of Business Administration (Financial Services Management) - Semester	MBA_FSM_Sem	Professional Degree Programme
Master of Business Administration-Semester	MBA_Sem	Professional Degree Programme
Master of Computer Application-CBCS	MCA_CBCS	Professional Degree Programme
Master of Education	MEd	Professional Degree Programme
Master of Finance & Control-Semester	MFC_Sem	Professional Degree Programme
Master of Human Resource Management-CBCS	MHRM_CBCS	Professional Degree Programme
Master of International Business-Semester	MIB_Sem	Professional Degree Programme
Master of Laws-Semester	LLM_Sem	Professional Degree Programme
Master of Library and Information Science	MlibISc	Professional Degree Programme
Master of Science & Technology (Applied Geology)-CBCS	MScTechAppGeo_CBCS	Professional Degree Programme
Master of Science (Bio-Technology)-CBCS	MScBioTech_CBCS	Professional Degree Programme
Master of Science (Industrial Chemistry)-CBCS	MScIndChem_CBCS	Professional Degree Programme
Master of Science (Information Technology)-CBCS	MScIT_CBCS	Professional Degree Programme

Programme Name	Programme Code	Type of Programme
Master of Science (Micro-Biology)-CBCS	MScMicroBio_CBCS	Professional Degree Programme
Master of Science (Polymer Science)-CBCS	MScPolySc_CBCS	Professional Degree Programme
Master of Social Work-CBCS	MSW_CBCS	Professional Degree Programme
Master of Tourism Management-Semester	MTM_Sem	Professional Degree Programme
Master of Vocation (Accounting, Taxation and Auditing)-CBCS	MVocATA_CBCS	Vocational Degree Programme
Master of Vocation (Fashion Technology and Designing)-CBCS	MVocFTD_CBCS	Vocational Degree Programme
Post Graduate Diploma in Cyber Laws	PGDCL	Value Added Programme
Post Graduate Diploma in Journalism	PGDJourn	Value Added Programme
Post Graduate Diploma in Labour Law, Labour Welfare & Personal Management	PGDLLWM	Value Added Programme
Post Graduate Diploma in Public Health Entomology-CBCS	PGDPHE_CBCS	Value Added Programme
Post Graduate Diploma in Taxation	PGDT	Value Added Programme
Post Graduate Diploma in Yog Education	PGDYogEd	Value Added Programme
Diploma in Digital Marketing	DMD	Value Added Programme
Diploma in Fashion Design and Technology	DFDT	Value Added Programme
Diploma in Fashion Merchandising and Readymade Garments	DFMRG	Value Added Programme
Diploma in Library and Information Science	DLIS	Value Added Programme
Diploma in Textile & Fashion Designing	DTFD	Value Added Programme
Certificate Course in Digital Marketing	DMC	Value Added Programme
Certificate Course in English	CCE	Value Added Programme
Certificate Course in French	CCF	Value Added Programme
Certificate Course in German	CCG	Value Added Programme

Programme Name	Programme Code	Type of Programme
Certificate Course in Mushroom Cultivation	CCMC	Value Added Programme
Certificate Course in Organic Farming and Solid Waste Management through Vermitechnology	CCVT	Value Added Programme
Certificate Course in Tools and Techniques in Biosciences	CTTB	Value Added Programme
Certificate Course in Yoga	CCY	Value Added Programme
Certificate Course on Women and Legal Rights	CCWLR	Value Added Programme
Certification Programme in GST	CCGST	Value Added Programme

Prof. Pradeep Trikha
Director IQAC
Department of English
MLSU, Udaipur

NAAC-SSR (Assessment Year: 2017-22)

Criterion- 1

Curricular Aspects

Key Indicator 1.1:

Curriculum Design and Development

Metric 1.1.2: Annexure

List of Courses Focusing on Employability/ Entrepreneurship/Skill Development

Name of Programme	Name of the Course	Course Code	Activities/Content related to Employability/ Entrepreneurship/ Skill Development
Bachelor of Architecture-CBCS	Architectural Structures-I	B1AR01-CT01	Concepts and Knowledge to build architectural structures by introducing simple structural concepts and behaviour of structural elements.
Bachelor of Architecture-CBCS	Human Settlement & Vernacular Architecture	B1AR03-CT03	Concepts and Knowledge of Architecture by introducing traditions of building structures for habitation, made without the intervention of professional architects
Bachelor of Architecture-CBCS	Architectural Drawing & Graphics	B1AR04-CP01	Ability to assemble simple spatial elements in articulated constructs and visually represent them through hand-made 2D drawings and models.
Bachelor of Architecture-CBCS	Visual Arts & Basic Design- I	B1AR05-CP02	Skill enhancement of Visual Arts and Ability to draw in various media and materials, to develop the power of drawing as a means of coordinating eye and hand in studio and field observation, to judge proportion, scale, and spatial relationships, understand principles of visual composition and experiment with them
Bachelor of Architecture-CBCS	Computer Applications- I	B1AR06-CP03	Ability to do word and image processing to make short reports and seminar presentations and make 2D orthographic projections in CAD
Bachelor of Architecture-CBCS	Building Material & Construction- I	B1AR07-CP04	Concepts and Knowledge of Architecture. To introduce students to primary building materials and simple construction techniques as applicable to a low-rise building- three to four storied contemporary building.
Bachelor of Architecture-CBCS	Model Making & Workshop	B1AR08-CP05	Practical application of Architecture Knowledge. Ability to make true scale models of architectural designs, manually and mechanically and familiarity with carpentry, joinery, smithy and moulding with different materials and techniques.

Name of Programme	Name of the Course	Course Code	Activities/Content related to Employability/ Entrepreneurship/ Skill Development
Bachelor of Architecture-CBCS	Professional Communications	B1AR09-CP06	Professional communication skills. Students should be able to speak and understand spoken English to carry out a meaningful conversation on topics related to Architecture, particularly in the Studio
Bachelor of Architecture-CBCS	Surveying & Leveling	B2AR01-CT04	Working knowledge of manual and digital surveying techniques, ability of demarcating features and setting out a simple building on site.
Bachelor of Architecture-CBCS	Climatology	B2AR02-CT05	Ability to interpret climatic data for design, understanding sun path diagrams, shadow angles, daylight factors, read wind charts and assess volume of natural ventilation
Bachelor of Architecture-CBCS	Architectural Structures II	B2AR03-CT06	Concepts and Knowledge of Architecture. To demonstrate and understanding of concepts taught during the semester through simple calculations and models.
Bachelor of Architecture-CBCS	Architectural Design- I	B2AR04-CP07	Ability to assimilate learning from Basic Design and Visual Arts, Building Construction and Structures and apply to an Architectural Design by weighing design choices, to draw insights from personal experience of surrounding environment, extract programmatic requirements there from and translate into a Design Concept to be expressed through hand-made 3D drawings and models.
Bachelor of Architecture-CBCS	Visual Arts & Basic Design- II	B2AR05-CP08	Ability to identify and analyse the elements, principles and vocabulary of three-dimensional design; Identify and apply colour properties and concepts
Bachelor of Architecture-CBCS	Computer Applications- II	B2AR06-CP09	Empowering students to use computers as 2D drafting and 3D modelling tool and to familiarise realistic rendering and architectural presentation techniques using computers
Bachelor of Architecture-CBCS	Building Material & Construction-II	B2AR07-CP10	Understanding construction materials and techniques for simple building elements.

Name of Programme	Name of the Course	Course Code	Activities/Content related to Employability/ Entrepreneurship/ Skill Development
Bachelor of Architecture-CBCS	Surveying Lab	B2AR08-CP11	Practical Aspects of Surveying
Bachelor of Architecture-CBCS	Guided Study & Field Trip	B2AR09-CP12	Empirical study and practical knowledge through field trips
Master of Science (Botany)-CBCS	English Communication	M2-BOT-SP-01	The course will enhance reading and writing skills in English of students, which will further help them to overcome the personal, social and business barriers and will develop the Strategies at any work place.
Master of Science (Botany)-CBCS	Collection, Processing, Preservation & Sale of Plant Materials	M2-BOT-SP-02	The course will help students to get absorb in various industries for example Pharmaceuticals, Cosmetics, Nutraceuticals based on herbal plant products.
Master of Science (Botany)-CBCS	Biofertilizers	M2-BOT-SP-03	The course will help the students to opt career option in Organic farming – Green manuring and organic fertilizers, Recycling of biodegradable municipal, agricultural and Industrial wastes – bio compost making methods, types and method of vermicomposting – field Application.
Master of Science (Botany)-CBCS	Bioinformatics	M2-BOT-SP-04	The Course will help students to opt the carrier in various plant forms which are engaged in management of biological databases such as sequence alignment and databases searching. The Course will give in depth knowledge of computer words coding (ASCII and EBCDIC), Numeric data, C++ Perl. conceptual understanding of assemblers, Compilers, Operating System.

Name of Programme	Name of the Course	Course Code	Activities/Content related to Employability/ Entrepreneurship/ Skill Development
Master of Science (Botany)-CBCS	Forest Ecology	M2-BOT-SP-05	The course will help the students to opt one of the career option in different forest types seed collection of important species, nursery techniques to raise seedlings of important forest species. Ornamental plant nursery, scope and opportunities, layering, gutty, bonsai, pooktre, basket trees plant lattice, ornamental plant raising techniques, tree fusion, medicinal plant nursery, fruit plant raising techniques, lawn development and management. Advertising and management, pasture land management, grass seed collection, grass nurseries, garden waste management, fencing methods, tree guards, topiary, tall plants; planting methods, roof top gardens, wall gardens, water economy methods in plantations, gardens, nurseries, pot plants lawns etc.
Master of Science (Botany)-CBCS	Intellectual Property Right	M4-BOT-SP-06	The course will help the students to opt career option in Intellectual Property in the Indian Context with special reference to various laws in India Licensing and technology transfer.
Master of Science (Botany)-CBCS	Nursery, Gardening & Green House Practices	M4-BOT-SP-07	The course will help the students to opt career option in raising their own nursery and landscaping firms.
Master of Science (Botany)-CBCS	Environmental Monitoring, Management and Restoration	M4-BOT-SP-08	The course will help the students to opt career option in various State and National level bodies which are engaged in development of various environmental monitoring and restoration technologies.
Master of Science (Botany)-CBCS	Scientific Writing	M4-BOT-SP-09	The Course will help students to opt the Scientific Journalism as one of their carrier options.
Master of Science (Botany)-CBCS	Techniques of Molecular Biology	M3BT07-SEC01	Practical skills along with the fundamental knowledge are being imparted related to Molecular Biology.
Master of Science (Botany)-CBCS	Techniques of Plant Biotechnology	M3BT08-SEC02	Practical skills along with the fundamental knowledge are being imparted related to Plant Biotechnology.

Name of Programme	Name of the Course	Course Code	Activities/Content related to Employability/ Entrepreneurship/ Skill Development
Master of Science (Bio-Technology)-CBCS	Probiotic Technology	B5SEC03	Practical skills along with the fundamental knowledge are being imparted related to Probiotic Technology.
Master of Science (Bio-Technology)-CBCS	Techniques In Biotechnology	B3SEC01	Practical skills along with the fundamental knowledge are being imparted related to techniques in Biotechnology.
Master of Science (Bio-Technology)-CBCS	Techniques In Plant Tissue Culture	B3SEC01	Practical skills along with the fundamental knowledge are being imparted related to techniques in Plant Tissue Culture
Master of Science (Micro-Biology)-CBCS	Techniques of Microbiology	M3MB07SEC01	Practical skills along with the fundamental knowledge are being imparted related to techniques of Microbiology.
Master of Science (Chemistry)-CBCS	Specialty Polymer	M3CHE03-ET01E	This paper mainly focuses on industrial training.
Master of Science (Chemistry)-CBCS	Industrial Aspects of Chemistry	M3CHE04-ET02E	This paper mainly focuses on industrial training.
Master of Science (Chemistry)-CBCS	Agro-based Chemicals	M4CHE03-ET03E	This paper mainly focuses on industrial training.
Master of Science (Chemistry)-CBCS	Textile Chemistry	M4CHE04-ET04E	This paper mainly focuses on industrial training.

Name of Programme	Name of the Course	Course Code	Activities/Content related to Employability/ Entrepreneurship/ Skill Development
Master of Science (Chemistry)-CBCS	Industrial Chemistry Practical-I	M3CHE06- EP01E	This paper mainly focuses on industrial training.
Master of Science (Chemistry)-CBCS	Industrial Chemistry Practical-II	M4CHE06- EP02E	This paper mainly focuses on industrial training.
Master of Science (Chemistry)-CBCS	Green methods in chemistry	CHE-SP01	This paper mainly focuses on the skill development about environment friendly use of chemistry
Master of Science (Chemistry)-CBCS	Basic analytical chemistry	CHE-SP02	This paper mainly focuses on the skill development in basic analytical chemistry
Master of Science (Chemistry)-CBCS	Basics in pharmaceutical chemistry	CHE-SP03	This paper mainly focuses on the skill development in pharmaceutical chemistry
Master of Science (Polymer Science)-CBCS	Project Work	M 4 POLY 11-CT 11	This course makes students to do the research work at Research Laboratory or Industry or Institute of repute for 60 DAYS
Master of Science (Polymer Science)-CBCS	Polymer Processing Management	M 2 POLY 01-SE 01	This paper mainly focuses on the skill development in Polymer Processing Management
Master of Science (Polymer Science)-CBCS	Paint Technology	M 4 POLY 02-SE 02	This paper mainly focuses on the skill development in Paint Technology

Name of Programme	Name of the Course	Course Code	Activities/Content related to Employability/ Entrepreneurship/ Skill Development
Bachelor of Technology-CBCS	Engineering Mathematics-I	BT1FY01-CT01	Theoretical Aspects for Engineering
Bachelor of Technology-CBCS	Engineering Physics	BT1FY02-CT02	Theoretical Aspects for Engineering
Bachelor of Technology-CBCS	Engineering Chemistry	BT1FY03-CT03	Theoretical Aspects for Engineering
Bachelor of Technology-CBCS	Communication Skills	BT1FY04-CT04	Theoretical Aspects for Engineering
Bachelor of Technology-CBCS	Human Values	BT1FY05-CT05	Theoretical Aspects for Engineering
Bachelor of Technology-CBCS	Programming for Problem Solving	BT1FY06-CT06	Theoretical Aspects for Engineering
Bachelor of Technology-CBCS	Basic Mechanical Engineering	BT1FY07-CT07	Theoretical Aspects for Engineering
Bachelor of Technology-CBCS	Basic Electrical Engineering	BT1FY08-CT08	Theoretical Aspects for Engineering
Bachelor of Technology-CBCS	Basic Civil Engineering	BT1FY09-CT09	Theoretical Aspects for Engineering
Bachelor of Technology-CBCS	Engineering Physics Lab	BT1FY10-CP01	Practical based learning
Bachelor of Technology-CBCS	Engineering Chemistry Lab	BT1FY11-CP02	Practical based learning

Name of Programme	Name of the Course	Course Code	Activities/Content related to Employability/ Entrepreneurship/ Skill Development
Bachelor of Technology-CBCS	Language Lab	BT1FY12-CP03	Practical based learning
Bachelor of Technology-CBCS	Human Values Activities and Sports	BT1FY13-CP04	Practical based learning
Bachelor of Technology-CBCS	Computer Programming Lab	BT1FY14-CP05	Practical based learning
Bachelor of Technology-CBCS	Manufacturing Practices Workshop	BT1FY15-CP06	Practical based learning
Bachelor of Technology-CBCS	Basic Electrical Engineering Lab	BT1FY16-CP07	Practical based learning
Bachelor of Technology-CBCS	Basic Civil Engineering Lab	BT1FY17-CP08	Practical based learning
Bachelor of Technology-CBCS	Computer Aided Engineering Graphics/	BT1FY18-CP09	Practical based learning
Bachelor of Technology-CBCS	Computer Aided Engineering Graphics	BT1FY19-CP10	Practical based learning
Bachelor of Technology-CBCS	Engineering Mathematics-II	BT2FY01-CT01	Theoretical Aspects for Engineering
Bachelor of Technology-CBCS	Engineering Chemistry/	BT2FY03-CT03	Theoretical Aspects for Engineering
Bachelor of Technology-CBCS	Engineering Physics	BT2FY02-CT02	Theoretical Aspects for Engineering

Name of Programme	Name of the Course	Course Code	Activities/Content related to Employability/ Entrepreneurship/ Skill Development
Bachelor of Technology-CBCS	Human Values/	BT2FY05-CT05/	Theoretical Aspects for Engineering
Bachelor of Technology-CBCS	Communication Skills	BT2FY04-CT04	Theoretical Aspects for Engineering
Bachelor of Technology-CBCS	Basic Mechanical Engineering	BT2FY07-CT07/	Theoretical Aspects for Engineering
Bachelor of Technology-CBCS	Programming for Problem Solving	BT2FY06-CT06	Theoretical Aspects for Engineering
Bachelor of Technology-CBCS	Basic Civil Engineering	BT2FY09-CT09	Theoretical Aspects for Engineering
Bachelor of Technology-CBCS	Basic Electrical Engineering/	BT2FY08-CT08	Theoretical Aspects for Engineering
Bachelor of Technology-CBCS	Engineering Chemistry Lab	BT2FY11-CP02	Theoretical Aspects for Engineering
Bachelor of Technology-CBCS	Engineering Physics Lab/	BT2FY10-CP01/	Theoretical Aspects for Engineering
Bachelor of Technology-CBCS	Human Values Activities and Sports	BT2FY13-CP04	Practical based learning
Bachelor of Technology-CBCS	Language Lab/	BT2FY12-CP03/	Practical based learning
Bachelor of Technology-CBCS	Manufacturing Practices Workshop	BT2FY15-CP06	Practical based learning

Name of Programme	Name of the Course	Course Code	Activities/Content related to Employability/ Entrepreneurship/ Skill Development
Bachelor of Technology-CBCS	Computer Programming Lab/	BT2FY14-CP05/	Practical based learning
Bachelor of Technology-CBCS	Basic Civil Engineering Lab	BT2FY17-CP08	Practical based learning
Bachelor of Technology-CBCS	Basic Electrical Engineering Lab/	BT2FY16-CP07/	Practical based learning
Bachelor of Technology-CBCS	Computer Aided Machine Drawing	BT2FY19-CP10	Practical based learning
Bachelor of Technology-CBCS	Computer Aided Engineering Graphics/	BT2FY18-CP09	Practical based learning
Master of Arts (Geography)-CBCS	Application of GIS	M2GEO07-SE01	The course is designed in such a way that it will impart practical skill of GIS software and its application in preparation of maps. Person with this skill has a huge demand in Remote sensing data acquisition and processing companies
Master of Arts (Geography)-CBCS	Scientific Writing	M4GEO07-SE02	This course is designed for students to develop scientific language and make them able to write research paper and also aware them from the professional morals and ethics (Plagiarism). This skill has a huge demand in research institute.
Master of Arts (Geography)-CBCS	English language communication and presentation	MT2GEO07-SE01	This course is designed for students to develop communication and presentation skill in English language. This skill is very much needed in all industries.
Master of Science (Mathematics)-CBCS	English Communication and Presentation Skill	M2 MAT 06-SP01A	This course is designed to enhance ability of students of English communication and presentation through various activities like group discussion etc.

Name of Programme	Name of the Course	Course Code	Activities/Content related to Employability/ Entrepreneurship/ Skill Development
Master of Science (Mathematics)-CBCS	Basic Statistical Techniques	M4MAT-SC01	It will develop skill of application of basic statistical techniques
Master of Science (Mathematics)-CBCS	Numerical Analysis	M4MAT07-SC01	It will develop skill of doing numerical analysis.
Bachelor of Pharmacy-CBCS	Human Anatomy Physiology I Theory	BP101	Details of Human Anatomy and Physiology
Bachelor of Pharmacy-CBCS	Pharmaceutical Analysis I- Theory	BP102	Analytical Techniques
Bachelor of Pharmacy-CBCS	Pharmaceutics I- Theory	BP103	Compounding and dispensing of Medicines
Bachelor of Pharmacy-CBCS	Pharmaceutical Inorganic Chemistry-Theory	BP104T	Chemistry and application of Inorganic Pharmaceuticals
Bachelor of Pharmacy-CBCS	Communication skills Theory	BP105T	Language skills
Bachelor of Pharmacy-CBCS	Remedial Biology/ Remedial Maths- Theory	RBP106T	basics of Biology/Maths
Bachelor of Pharmacy-CBCS	Human Anatomy Physiology I - Practical	BP107P	Diagnostic tests
Bachelor of Pharmacy-CBCS	Pharmaceutical Analysis-Practical	BP108P	Assay of Drugs
Bachelor of Pharmacy-CBCS	Pharmaceutics I- Practical	BP109P	Compounding and dispensing of Medicines

Name of Programme	Name of the Course	Course Code	Activities/Content related to Employability/ Entrepreneurship/ Skill Development
Bachelor of Pharmacy-CBCS	Pharmaceutical Inorganic Chemistry-Practical	BP110P	Qualitative and quantitative identification of drugs
Bachelor of Pharmacy-CBCS	Communication Skills Practical	BP111P	Communication skills
Bachelor of Pharmacy-CBCS	Remedial Biology-Practical	RBP112P	Biology of crude drugs
Bachelor of Pharmacy-CBCS	Human anatomy Physiology II Theory	BP201T	Details of Human Anatomy and Physiology
Bachelor of Pharmacy-CBCS	Pharmaceutical Organic Chemistry I Theory	BP 202 T	Chemistry and applications of Inorganic Pharmaceuticals
Bachelor of Pharmacy-CBCS	Biochemistry	BP203T	Biochemical aspects of Diseases
Bachelor of Pharmacy-CBCS	Pathophysiology Theory	BP 204T	Pathophysiology of Diseases
Bachelor of Pharmacy-CBCS	Computer Applications in pharmacy	BP205T	Applications of Computers in Pharmacy
Bachelor of Pharmacy-CBCS	Environmental Sciences Theory	BP206T	Environmental aspects related to Pharmaceuticals
Bachelor of Pharmacy-CBCS	Human Anatomy Physiology II Practical	BP207P	Diagnostic tests
Bachelor of Pharmacy-CBCS	Pharmaceutical organic Chemistry	BP208P	Structure of Medicinal compounds
Bachelor of Pharmacy-CBCS	Biochemistry Practical	BP209P	Biochemical tests
Bachelor of Pharmacy-CBCS	Computer Applications in pharmacy Practical	BP210 P	Data Handling

Name of Programme	Name of the Course	Course Code	Activities/Content related to Employability/ Entrepreneurship/ Skill Development
Bachelor of Pharmacy-CBCS	Pharmaceutical Organic Chemistry II Theory	BP301T	Functional group analysis etc.
Bachelor of Pharmacy-CBCS	Physical Pharmaceutics I	BP302T	Material handling and Physical properties of drugs and excipients
Bachelor of Pharmacy-CBCS	Pharmaceutical Microbiology-Theory	BP303T	Study of microbes responsible for diseases
Bachelor of Pharmacy-CBCS	Pharmaceutical Engineering-Theory	BP304T	Working and principles of pharmaceutical machinery
Bachelor of Pharmacy-CBCS	Pharmaceutical Organic Chemistry II Practical	BP305P	Synthesis of basic heterocycles
Bachelor of Pharmacy-CBCS	Physical Pharmaceutics I Practical	BP306P	Experiments on Physical properties of drugs and excipients
Bachelor of Pharmacy-CBCS	Pharmaceutical Microbiology-Practical	BP307P	Bacterial tests and cultures
Bachelor of Pharmacy-CBCS	Pharmaceutical Engineering-Practical	BP308P	Operation of Pharmaceutical Machinery
Bachelor of Pharmacy-CBCS	Pharmaceutical Organic Chemistry III theory	BP401T	Chemistry of drugs as Organic chemicals
Bachelor of Pharmacy-CBCS	Medicinal Chemistry I Theory	BP402T	Structure activity relationships of drugs and synthesis
Bachelor of Pharmacy-CBCS	Physical Pharmaceutics II theory	BP403T	Material handling and Physical properties of drugs and excipients
Bachelor of Pharmacy-CBCS	Pharmacology I Theory	BP404T	Pharmacological profile, ADME of Drugs

Name of Programme	Name of the Course	Course Code	Activities/Content related to Employability/ Entrepreneurship/ Skill Development
Bachelor of Pharmacy-CBCS	Pharmacognosy and Phytochemistry I Theory	BP405T	Study of Herbal Drugs
Bachelor of Pharmacy-CBCS	Medicinal Chemistry I Practical	BP406P	Synthesis of Medicinal agents
Bachelor of Pharmacy-CBCS	Physical Pharmaceutics II Practical	BP407P	Experiments on Physical properties of drugs and excipients
Bachelor of Pharmacy-CBCS	Pharmacology I Practical	BP408P	Bioassay of drugs
Bachelor of Pharmacy-CBCS	Pharmacognosy and Phytochemistry I Practical	BP409P	Identification and Characterisation of Herbal Drugs
Bachelor of Pharmacy-CBCS	Medicinal Chemistry II Theory	BP501T	Synthesis and Structure activity relationships of drugs
Bachelor of Pharmacy-CBCS	Industrial Pharmacy I Theory	BP502T	Industrial aspects of drug design
Bachelor of Pharmacy-CBCS	Pharmacology II Theory	BP503T	Pharmacological profile of Drugs
Bachelor of Pharmacy-CBCS	Pharmacognosy and Phytochemistry II theory	BP504T	Study of Herbal Drugs
Bachelor of Pharmacy-CBCS	Pharmaceutical Jurisprudence theory	BP505T	Acts and Schedules of governing practice of Pharmacy
Bachelor of Pharmacy-CBCS	Industrial Pharmacy I Practical	BP506P	Formulation development
Bachelor of Pharmacy-CBCS	Pharmacology II Practical	BP507P	Bioassay of drugs

Name of Programme	Name of the Course	Course Code	Activities/Content related to Employability/ Entrepreneurship/ Skill Development
Bachelor of Pharmacy-CBCS	Pharmacognosy and Phytochemistry II Practical	BP508P	Identification and Characterisation of Herbal Drugs
Bachelor of Pharmacy-CBCS	Medicinal Chemistry III Theory	BP601T	Synthesis, SAR and Drug Design
Bachelor of Pharmacy-CBCS	Pharmacology III Theory	BP602T	Pharmacological profile of drugs
Bachelor of Pharmacy-CBCS	Herbal Drug Technology Theory	BP603T	Extraction methods of crude drugs
Bachelor of Pharmacy-CBCS	Biopharmaceutics and Pharmacokinetics- Theory	BP604T	ADME concept of drugs
Bachelor of Pharmacy-CBCS	Pharmaceutical Biotechnology theory	BP605T	Production of drugs by biological techniques
Bachelor of Pharmacy-CBCS	Quality Assurance theory	BP606T	Assays and methods to check and improve the quality of Pharmaceuticals
Bachelor of Pharmacy-CBCS	Medicinal Chemistry III Practical	BP607P	Synthesis of Drugs and intermediated
Bachelor of Pharmacy-CBCS	Pharmacology III Practical	BP608P	Bioassay of drugs
Bachelor of Pharmacy-CBCS	Herbal Drug Technology Practical	BP609P	Extraction and standardization of crude drugs
Bachelor of Pharmacy-CBCS	Instrumental methods of Analysis	BP701T	Instrumental methods of Analysis
Bachelor of Pharmacy-CBCS	Industrial Pharmacy II	BP702T	Industrial aspects of dosage form design
Bachelor of Pharmacy-CBCS	Pharmacy Practice	BP703T	Pharmaceutical Jurisprudence
Bachelor of Pharmacy-CBCS	Novel drug delivery system- theory	BP704T	Newer developments of drug delivery

Name of Programme	Name of the Course	Course Code	Activities/Content related to Employability/ Entrepreneurship/ Skill Development
Bachelor of Pharmacy-CBCS	Instrumental methods of Analysis Practical	BP705P	spectrophotometric analysis of Drugs
Bachelor of Pharmacy-CBCS	Practice school	BP706PS	Training
Bachelor of Pharmacy-CBCS	Biostatistics and Research Methodology	BP801T	Biostatistics and Research Methodology
Bachelor of Pharmacy-CBCS	Social and Preventive Pharmacy	BP802T	Social aspects Pharmacy
Bachelor of Pharmacy-CBCS	Pharma Marketing Management	BP803ET	Aspects of Pharma Marketing Management
Bachelor of Pharmacy-CBCS	Pharmaceutical regulatory science	BP804ET	Pharmaceutical regulatory aspects
Bachelor of Pharmacy-CBCS	Pharmacovigilance	BP805ET	Pharmacovigilance
Bachelor of Pharmacy-CBCS	Quality control and standardization of Herbals	BP806ET	Quality control and standardization of Herbals
Bachelor of Pharmacy-CBCS	Computer Aided Drug Design	BP807ET	tools and techniques of Computer Aided Drug Design
Bachelor of Pharmacy-CBCS	Cell and Molecular Biology	BP808ET	Theoretical aspects of Cell and Molecular Biology
Bachelor of Pharmacy-CBCS	Cosmetic Science	BP809ET	Design and development of Cosmetics
Bachelor of Pharmacy-CBCS	Experimental Pharmacology	BP810ET	Bioassay of drugs
Bachelor of Pharmacy-CBCS	Advanced Instrumentation techniques	BP811ET	Advanced Instrumentation for drug analysis
Bachelor of Pharmacy-CBCS	Dietary supplements and Nutraceuticals	BP812ET	Theoretical aspects of Dietary supplements and Nutraceuticals

Name of Programme	Name of the Course	Course Code	Activities/Content related to Employability/ Entrepreneurship/ Skill Development
Bachelor of Pharmacy-CBCS	Project Work	BP813ET	Dissertation
Master of Science (Zoology)-CBCS	Biosystematics, Structure and Function of Invertebrates	MI ZOO 01CT-01	This Course helps to Scientifically classify new species, which is required in Research Institutes
Master of Science (Zoology)-CBCS	Ethology and Evolution	MI ZOO02CT-02	This course helps to study Behaviour of Animals required in Research Institutes
Master of Science (Zoology)-CBCS	Paper III -Instrumentation and Techniques in Biology	MI ZOO03 CT03	This Course helps to learn New Techniques required in Research Institutes
Master of Science (Zoology)-CBCS	Paper IV -Cell and Molecular Biology	MI ZOO 04 CT-04	This course helps to learn Molecular Techniques required in Research Institutes
Master of Science (Zoology)-CBCS	Practical – I (Paper I and II)	MI ZOO 05 CP 01	This course helps to learn practically classification of new animals, required in Research Institutes
Master of Science (Zoology)-CBCS	Practical- II (Paper –III and IV)	MI ZOO 06CP-02	This course helps to learn practically molecular techniques, required in Research Institutes
Master of Science (Zoology)-CBCS	Paper I: Biodiversity and Conservation Biology	M2 ZOO 01CT-05	This course helps to learn Wild life Conservation, required for Forest Department
Master of Science (Zoology)-CBCS	Paper II Environmental Toxicology	M2 ZOO 02 CT06	This course helps to learn Environment, required for Forest and climate Department
Master of Science (Zoology)-CBCS	Paper III -Developmental Biology	M2ZOO03CT-07	This Course helps to learn human embryology, required in IVF Centres

Name of Programme	Name of the Course	Course Code	Activities/Content related to Employability/ Entrepreneurship/ Skill Development
Master of Science (Zoology)-CBCS	Paper IV--Animal Physiology and Immunology	M2ZOO 04CT08	This course helps to learn Immune System, required in Medical Department for disease control
Master of Science (Zoology)-CBCS	Practical – I (Paper I and II)	M2 ZOO05- CP03	This course helps to learn practically Wild life Conservation, required for Forest Department
Master of Science (Zoology)-CBCS	Practical- II (Paper III and IV)	M2 ZOO6CP-04	This course helps to learn practically Immune System, required in Medical Department for disease control
Master of Science (Zoology)-CBCS	Skill Development Course: Mushroom Culture	M2ZOO-SE-01D	This course will develop skill for mushroom culture.
Master of Science (Zoology)-CBCS	Paper-I Vertebrates	M3ZOO01CT-09	This Course helps to Scientifically classify new species, which is required in Research Institutes
Master of Science (Zoology)-CBCS	Paper II - Computational biology, Biostatistics and Bioinformatics	M3 ZOO 02 CT-10	This Course helps to learn computational biology, which is required in Research Institutes
Master of Science (Zoology)-CBCS	Entomology and Insect Toxicology Paper- I Systematic Entomology, Insect Organization and Ecology	M3ZOO 03 ET-01A	This course helps to learn about insects, required for insect borne disease control
Master of Science (Zoology)-CBCS	Wildlife Biology-I: Biodiversity and Wildlife Ecology	M3ZOO-03 ET01B	This course helps to learn Wild life Conservation, required for Forest Department
Master of Science (Zoology)-CBCS	Limnology and Fisheries- I: Limnology	M3ZOO 03ET01C	This course helps to learn about fish, required for fisheries Department

Name of Programme	Name of the Course	Course Code	Activities/Content related to Employability/ Entrepreneurship/ Skill Development
Master of Science (Zoology)-CBCS	Entomology and Insect Toxicology Paper-II Insect Physiology and Toxicology	M3ZOO04 ET02A	This course helps to learn about insects, required for insect borne disease control
Master of Science (Zoology)-CBCS	Wildlife Biology-II: Conservation Biology	M3ZOO 04ET02B	This course helps to learn Wild life Conservation, required for Forest Department
Master of Science (Zoology)-CBCS	Limnology and Fisheries- II: Fresh Water Aquaculture and its Management	M3ZOO04 ET02C	This course helps to learn about fish, required for fisheries Department
Master of Science (Zoology)-CBCS	Practical- I (Paper I & II)	M3ZOO05CP05	This Course helps to Scientifically classify New species, which is required in Research Institutes
Master of Science (Zoology)-CBCS	Practical-II Entomology and Insect Toxicology	M3ZOO 05 EP01A	This course helps to learn practically about insects, required for insect borne disease control in medical department
Master of Science (Zoology)-CBCS	PRACTICAL-II Biodiversity, Wildlife Ecology and Conservation Biology	M3ZOO05 EP01B	This course helps to learn practically Wild life Conservation, required for Forest Department
Master of Science (Zoology)-CBCS	Practical-II Limnology and Fisheries	M3ZOO05EP01C	This course helps to learn practically about fish, required for fisheries Department
Master of Science (Zoology)-CBCS	Applied Zoology	M4ZOO01CT11	This course helps to learn about economically important animals, required for industries
Master of Science (Zoology)-CBCS	Animal Biotechnology	M4ZOO02CT-12	This course helps to learn about animal RDT, required in Research Institutes

Name of Programme	Name of the Course	Course Code	Activities/Content related to Employability/ Entrepreneurship/ Skill Development
Master of Science (Zoology)-CBCS	Paper-I Economic, Medical, Forensic and Commercial Entomology	M4ZOO03 ET -01A	This course helps to learn about insects, required for insect borne disease control in medical department
Master of Science (Zoology)-CBCS	PAPER I Wildlife Biology: Indian Wildlife	M4ZOO 03ET -01B	This course helps to learn Wild life Conservation, required for Forest Department
Master of Science (Zoology)-CBCS	Paper I Limnology and Fisheries: Fish Taxonomy and Physiology	M4ZOO03ET -01C	This course helps to learn about fish, required for fisheries Department
Master of Science (Zoology)-CBCS	Practical- II Entomology and Insect toxicology (Paper III and IV)	M4ZOO06-EP02A	This course helps to learn practically about insects, required for insect borne disease control in medical department
Master of Science (Zoology)-CBCS	Practical- II (Paper III and IV) Indian Wildlife and Wildlife Management	M4ZOO06-EP02B	This course helps to learn practically Wild life Conservation, required for Forest Department
Master of Science (Zoology)-CBCS	Practical- II (Paper III and IV) Practical- II: Limnology and Fisheries	M4ZOO06-EP02C	This course helps to learn practically about fish, required for fisheries Department
Master of Science (Zoology)-CBCS	Skill Development Course: Mushroom Culture	M4ZOO-SE-01D	This course will develop skill for mushroom culture.
Master of Science (Zoology)-CBCS	Dissertation	M4ZOO04ET -02A	This course helps to learn about insects, required for insect borne disease control in medical department

Name of Programme	Name of the Course	Course Code	Activities/Content related to Employability/ Entrepreneurship/ Skill Development
Master of Science (Zoology)-CBCS	Dissertation	M4ZOO 04ET -02B	This course helps to learn Wild life Conservation, required for Forest Department
Master of Science (Zoology)-CBCS	Dissertation	M4ZOO 04ET -02C	This course helps to learn about fish, required for fisheries Department
Master of Science (Zoology)-CBCS	Practical- I (Paper I & II)	M4ZOO06-CP06	This course helps to learn practically about economically important animals, required for industries
Master of Science (Zoology)-CBCS	Practical- II Entomology and Insect toxicology (Paper III and IV)	M4ZOO06-EP02A	This course helps to learn practically about insects, required for insect borne disease control in medical department
Master of Science (Zoology)-CBCS	Practical- II (Paper III and IV) Indian Wildlife and Wildlife Management	M4ZOO06-EP02B	This course helps to learn practically Wild life Conservation, required for Forest Department
Master of Science (Zoology)-CBCS	Practical- II (Paper III and IV) Practical- II: Limnology and Fisheries	M4ZOO06-EP02C	This course helps to learn practically about fish, required for fisheries Department
Master of Science (Zoology)-CBCS	Skill Development Course: Mushroom Culture	M4ZOO-SE-01D	This course will develop skill for mushroom culture.
Post Graduate Diploma in Public Health Entomology-CBCS	Anophelines, Culicines and their medical importance	DPHE 1- CT-01A	This course helps to learn about medically important insects and their control Therefore required to control Vector Borne Diseases by Medical department

Name of Programme	Name of the Course	Course Code	Activities/Content related to Employability/ Entrepreneurship/ Skill Development
Post Graduate Diploma in Public Health Entomology-CBCS	Sand flies, Black flies, Mucoid flies and their medical Importance	DPHE 1- CT-02A	This course helps to learn about medically important insects and their control Therefore required to control Vector Borne Diseases by Medical department
Post Graduate Diploma in Public Health Entomology-CBCS	Other Arthropods of Medical and Veterinary Importance	DPHE 1 -CT-03A	This course helps to learn about medically important insects and their control Therefore required to control Vector Borne Diseases by Medical department
Post Graduate Diploma in Public Health Entomology-CBCS	Integrated Methods of Vector Management	DPHE 1- CT-04A	This course helps to learn about medically important insects and their control Therefore required to control Vector Borne Diseases by Medical department
Post Graduate Diploma in Public Health Entomology-CBCS	Practical IA -Anophelines, Culicines and their medical importance	DPHE 1 -CP-01A	This course helps to learn about medically important insects and their control Therefore required to control Vector Borne Diseases by Medical department
Post Graduate Diploma in Public Health Entomology-CBCS	practical II A -Sand flies, Black flies, Mucoid flies and their medical Importance	DPHE 1-CP-02A	This course helps to learn about medically important insects and their control Therefore required to control Vector Borne Diseases by Medical department
Post Graduate Diploma in Public Health Entomology-CBCS	Anopheline and Culicine Diagnosis, treatment and prognosis	DPHE 2-CT-05B	This course helps to learn about medically important insects and their control Therefore required to control Vector Borne Diseases by Medical department

Name of Programme	Name of the Course	Course Code	Activities/Content related to Employability/ Entrepreneurship/ Skill Development
Post Graduate Diploma in Public Health Entomology-CBCS	Sand flies, Black flies, Mucoid flies and their medical Importance	DPHE 2-CT-06B	This course helps to learn about medically important insects and their control Therefore required to control Vector Borne Diseases by Medical department
Post Graduate Diploma in Public Health Entomology-CBCS	Other Arthropods of Medical and Veterinary Importance	DPHE 2-CT-07B	This course helps to learn about medically important insects and their control Therefore required to control Vector Borne Diseases by Medical department
Post Graduate Diploma in Public Health Entomology-CBCS	Biological & Environmental Methods for the Control of Vectors	DPHE 2-CT-08B	This course helps to learn about medically important insects and their control Therefore required to control Vector Borne Diseases by Medical department
Post Graduate Diploma in Public Health Entomology-CBCS	Practical I B-Anopheline and Culicine Diagnosis, treatment and prognosis	DPHE 2-CP-03B	This course helps to learn about medically important insects and their control Therefore required to control Vector Borne Diseases by Medical department
Post Graduate Diploma in Public Health Entomology-CBCS	Practical II B -Sand flies, Black flies, Mucoid flies and their medical Importance	DPHE 2-CP-04B	This course helps to learn about medically important insects and their control Therefore required to control Vector Borne Diseases by Medical department
Master of Finance & Control-Semester	Business Communication and Soft Skills	MFC106	The course apprises the students of business communication practices and develop effective skills in them. For this purpose, not only pronunciation and vocabulary but practical exercises for listening speaking reading and writing also have been included.

Name of Programme	Name of the Course	Course Code	Activities/Content related to Employability/ Entrepreneurship/ Skill Development
Master of Finance & Control-Semester	Computer Applications in Accounting	MFC202	This course aims at imparting knowledge of implementing accounting procedure with the use of computers. For this purpose, students are taught the uses of electronic spreadsheet and software based accounting. They are also taught preparing accounting vouchers trial balance profit and loss account balance sheet on accounting software and doing inventory management and generating various kinds of reports like MIS report, budget, GST, TDS, TCS etc.
Master of Finance & Control-Semester	Training Report and Presentation	MFC307	Each student shall undergo summer training for 6 weeks at the end of second semester and shall be required to submit a Training Report at the beginning of the third semester for evaluation. Evaluation shall be made on the basis of report and presentation, by a panel of examiners comprising one external and one internal examiner.
Master of Finance & Control-Semester	Project Report and Viva-Voce Examination	MFC407	Every student shall have an appropriate topic selected for preparing Project Report under the supervision of any of the faculty members of the Department and shall submit the report and face a viva-voce examination at the end of fourth semester for evaluation carrying 100 marks. Students learn to face interview as well as develop the skill of doing research and analysing data
Master of Commerce (Accounting & Business Statistics)-CBCS	Mental Ability & Reasoning	M2ABS07AT13	In order to develop mental ability and reasoning skills of students this paper aims at giving overview of various mental ability problems like verbal reasoning logical deduction non-verbal reasoning, Data interpretation and various mathematical add logical problems. This paper prepares students to fight various competitive exams.

Name of Programme	Name of the Course	Course Code	Activities/Content related to Employability/ Entrepreneurship/ Skill Development
Master of Commerce (Accounting & Business Statistics)-CBCS	Computer Application in Accountancy and Statistics	M3ABS06EP19	Students get to learn use of spreadsheet software and tally ERP software for accounting functions of a business. They learn to use various graphics, conditional formatting, various controls, function keys, cell referencing, macros, pivot tables, calculating simple and compound interest, calculating annual growth rate. They also learn basic accounting package of Tally ERP - vouchers, various books of accounts, GST reports, financial analysis on tally ERP. They also learned preparing various kinds of graphs and charts in SPSS performing statistical analysis on SPSS.
Master of Commerce (Accounting & Business Statistics)-CBCS	Oral Communication	M4ABS10AT34	The course apprises the students of business communication practices and develop effective skills in them. For this purpose, not only pronunciation and vocabulary but practical exercises for listening, speaking, reading, writing and presentation also have been included.
Master of Vocation (Accounting, Taxation and Auditing)-CBCS	Advanced MS Excel	MVOC 103	Students are taught use of Ms excel for advanced data analytics. Tools like data validation, V Lookup H lookup, macros, grouping of data, pivot tables etc are taught. These skills are very much in demand in market so it has a direct link to employability.
Master of Vocation (Accounting, Taxation and Auditing)-CBCS	Advanced Practical Business Accounting	MVOC104	After doing this course, students will be able to do GST accounting, preparation of GST Returns, generation of e-way bills, accounting for TDS, TCS, return using Tally software, preparation of BRS, preparation of memorandum vouchers, hello add perform application management controls. These tools help students to make good amount of money in the market as he is able to maintain accounts of a business firm and file its GST Returns.
Master of Vocation (Accounting, Taxation and Auditing)-CBCS	Practical Stock Exchange Transaction	MVOC 105	Students are able to learn the actual procedure for dealing at Stock Exchange. Practical understanding using various websites and mobile applications, trading strategies used in markets performing technical analysis, forex trading, Candlestick trading, swing trading, day trading etc are taught.

Name of Programme	Name of the Course	Course Code	Activities/Content related to Employability/ Entrepreneurship/ Skill Development
Master of Vocation (Accounting, Taxation and Auditing)-CBCS	Practical Financial Statement Analysis	MVOC 106	Students Are taught use of software for financial statement analysis. They are taught various tools for financial statement analysis, forecasting annual revenues, and seasonal revenues, preparing cash budgets, dealing with depreciation and tax, performing break even analysis add analysing financial linkages. These topics are in high demand for corporates financial affairs.
Master of Vocation (Accounting, Taxation and Auditing)-CBCS	Practical GST	MVOC 204	In this paper students learn to perform practical procedure of GST. They learn to perform registration for GST, filing monthly returns, amended returns, composite returns, drafting appeal, filing for refund, GST audit etc
Master of Vocation (Accounting, Taxation and Auditing)-CBCS	Business Analytics using SPSS	MVOC205	Students learn to perform various research methods using statistical software. This paper helps in developing research abilities using statistical software. They learn to perform t test, chi square test, various non parametric tests, correlation, regression multiple linear regression, logistic regression, factor analysis, cluster analysis and text mining techniques on SPSS.
Master of Vocation (Accounting, Taxation and Auditing)-CBCS	Practical ROC Forms and Return Filing	MVOC206	In this paper students are taught various kinds of ROC filing, notice to be registrar, application for removal of auditor, form for filing financial statement, notice of address of maintaining account books, form for filing an application with registrar of companies, form for submission of documents with registrar, filing of annual return of companies, filing of resolution and agreements to the registrar.
Master of Vocation (Accounting, Taxation and Auditing)-CBCS	Tax Planning & Management	MVOC/303	This course develops the skill of tax planning and management.

Name of Programme	Name of the Course	Course Code	Activities/Content related to Employability/ Entrepreneurship/ Skill Development
Master of Vocation (Accounting, Taxation and Auditing)-CBCS	Practical SAP Accounting	MVOC/304	This course develops the skill to do SAP Accounting. Students study the basic concepts of SAP Accounting and how to apply them.
Master of Vocation (Accounting, Taxation and Auditing)-CBCS	Practical TDS and Advance Tax	MVOC/305	in this course students learn about practical aspects of TDS and Advance tax.
Master of Vocation (Accounting, Taxation and Auditing)-CBCS	Practical Income Tax	MVOC/306	In this paper students learn to perform practical procedure of Income Tax. They learn about filing returns and its practical issues etc.
Master of Vocation (Accounting, Taxation and Auditing)-CBCS	Practical Auditing	MVOC/307	This course develops the skill of performing auditing.
Master of Vocation (Accounting, Taxation and Auditing)-CBCS	Industrial Internship	MVOC/404 A	Each student will undergo industrial internship and required to submit a Training Report for evaluation.
Master of Vocation (Accounting, Taxation and Auditing)-CBCS	In-house Project	MVOC/4014B	Every student shall have an appropriate topic selected for preparing Project Report under the supervision of any of the faculty members of the Department and shall submit the report and face a viva-voce examination at the end of fourth semester for evaluation.

Name of Programme	Name of the Course	Course Code	Activities/Content related to Employability/ Entrepreneurship/ Skill Development
Bachelor of Commerce (Honours)-CBCS	Computer Application in Business	BCH-403	In this course, students are taught MS-Office, MS-Excel, MS-PowerPoint, DTP and Multimedia software and overview of various Database Software. The understanding of basic MS-Office, PowerPoint and Excel helps students to gain a competitive edge than others and make them more well-versed with usage of computer system. They will also learn to present their ideas in a better way using PowerPoint and do quick calculations using excel and its features.
Bachelor of Vocation (Accounting, Taxation and Auditing)-Semester	Practical Computer Hardware	BVOC103	In this course, the students learn about the basic hardware components of the computer system. They learn to identify main parts of computer: CPU Box, Monitor, Peripherals (Keyboard, Mouse, and Speaker etc.), Motherboard, Floppy Drivers, CD-Drive, Memory Drive, Hard Disk Drive etc. This helps them to learn about the basics of computer system and it's working.
Bachelor of Vocation (Accounting, Taxation and Auditing)-Semester	Practical Business Accounting	BVOC104	In this course, the student learns about basics of Tally like Company Creation, Account Information, Creating a Group and Ledger, Managing Groups in Multiple Companies, Creating Multiple Ledgers; Voucher Entry, Accounting and Inventory Features, Statutory and Taxation Features; Stock Categories, Stock Items, Unit of Measurement; Inventory Vouchers, Bill of Material, Locations/Godowns. This helps the students to develop basic understanding about Tally software, which is most commonly used software for small businesses in India and it will be very helpful for their career in accounting field.

Name of Programme	Name of the Course	Course Code	Activities/Content related to Employability/ Entrepreneurship/ Skill Development
Bachelor of Vocation (Accounting, Taxation and Auditing)-Semester	Microsoft Office Lab - I	BVOC105	In this course, students are taught MS-Office, MS-Excel, MS-PowerPoint, DTP and Multimedia software and overview of various Database Software. The understanding of basic MS-Office, PowerPoint and Excel helps students to gain a competitive edge than others and make them more well-versed with usage of computer system. They will also learn to present their ideas in a better way using PowerPoint and do quick calculations using excel and its features.
Bachelor of Vocation (Accounting, Taxation and Auditing)-Semester	Business Statistics using Excel	BVOC203	In this course, students learn about Graphical presentation of Data: Bar charts, Pie charts, Histogram, Histogram with unequal class interval, Measures of Central Tendency: Mean, Median, Mode, Geometric Mean, Harmonic Mean, Percentile and quartiles, average from frequency distribution, weighted average, Measures of Dispersion, Measures of Skewness, Time Series: Trend estimation, moving average, Linear Correlation, Linear regression. This helps students to do statistical calculation over computer system using Excel. They will develop data analytical capabilities through the use of Excel and various statistical techniques.
Bachelor of Vocation (Accounting, Taxation and Auditing)-Semester	Practical Business Communication and Soft Skill	BVOC204	In this course, children are taught soft skills in the form of Individual Presentation on various topics related to course contents, Group Discussion on burning topics related to social, economy, political etc., Extempore, Debate, Essay Writing on contemporary issues, Practical on reading, writing and listening skills of English language. This course will develop soft-skills of the students and improve their oratory skills. They will learn the art of public speaking and it will boost their confidence. They will learn to present their views and thoughts in a better manner by being a good speaker.

Name of Programme	Name of the Course	Course Code	Activities/Content related to Employability/ Entrepreneurship/ Skill Development
Bachelor of Vocation (Accounting, Taxation and Auditing)-Semester	Microsoft Office Lab - II	BVOC205	In this course, students are taught about M.S. Office tools like Digital certificate, Language setter, Security of Documents, Setting Language for documents, Microsoft outlook, Picture management, Management emails folders, Microsoft publisher introduction, creating an advertisement, Bio data/ Resume and Invitation Card, Excel Programming: Programme Report for expenses claims, Tax Return, Use cloud for all office work. This course will help the students to use advanced features of MS-Office, they will get good opportunities by creating good resume, advertisements; and they will be able to learn features of e-mail folders so as to categorise their mails and manage them well.
Bachelor of Vocation (Accounting, Taxation and Auditing)-Semester	Practical Income Tax Part I	BVOC303	In this course, students learn about PAN no. (49A) and TAN (49B) documentation, Introduction to Return filling, filing of Return of business entities (individuals), Audit report form 3CB&3CD, Preparation and Filing of Income Tax Return of Individual. This subject will enhance the practical knowledge of students in taxation. They can earn while learning by applying for PAN, TAN, and prepare and file income tax returns for individual assesses and prepare tax audit reports. They can join any CA firm or tax practitioner firm for job with these skills.
Bachelor of Vocation (Accounting, Taxation and Auditing)-Semester	Advanced MS-Excel	BVOC304	In this course, students are taught about Understanding Data Lookup Functions, Using CHOOSE, Using VLOOKUP, Using VLOOKUP For Exact Matches, Using HLOOKUP, Using INDEX, Using MATCH, Understanding Reference Functions, Using ROW and ROWS, Using COLUMN and COLUMNS, Using ADDRESS, Using INDIRECT, Using OFFSET, Understanding Data Linking, linking between Worksheets, linking between Workbooks, Updating Links Between Workbooks, Understanding Data Consolidation, Goal Seeking function. This subject helps students to easily find the required information from a large pool of data. They also learn advanced features of MS Excel which give them competitive edge over others. These help them to complete their work in a quick and smart manner, thus reducing manual labour.

Name of Programme	Name of the Course	Course Code	Activities/Content related to Employability/ Entrepreneurship/ Skill Development
Bachelor of Vocation (Accounting, Taxation and Auditing)-Semester	Practical Documentation	BVOC305	In this course, students are taught Sale Deed, Lease Deed, Gift Deed, Partnership Deed, Power of Attorney, Hire Purchase deed, Audit Certificates, Directors and Auditors reports, AGM & EGM Agenda, Minutes of Board of Directors and Shareholder's Meeting, Précis and Business Letter writing, Press release. This subject helps students to prepare documents in a proper format and language keeping in mind the legal provisions and requirements as per various statutes. This develops their writing skills, preparation of various deeds and agreements as per the requirements of various laws.
Bachelor of Vocation (Accounting, Taxation and Auditing)-Semester	Practical Income Tax Part 2	BVOC403	In this course, students learn about Information required for filling income tax return, Registration procedures for different assesses, Rectification U/S 154, Filing of return of Individual and HUF (ITR 1 and 2): salary and Income from house property, Filing of Returns of business entities (individuals), assesses covered under 44AD (ITR 4S), Audit report form 3CB, 3CD, Tax return (ITR-4), Filing of returns of firms and partners, charitable trust and societies (ITR 3 AND 5), Filing of Return of companies (ITR- 6) This can help the students to earn well by providing taxation related services any organisation or through their individual practice. They can also enrol for professional qualifications like CA, CS etc. after this through the direct entry scheme.

Name of Programme	Name of the Course	Course Code	Activities/Content related to Employability/ Entrepreneurship/ Skill Development
Bachelor of Vocation (Accounting, Taxation and Auditing)-Semester	Practical Goods and Services Tax	BVOC404	In this course, students learn about Format of Invoice, Levy and Collection of Tax, Time and Value of Supply, Online registration process, Outward supply, Inward supply, Monthly return, Quarterly return for composition dealer, TDS return and certificate, Annual Return for normal and composition dealer, Final return, Application for tax return preparer. This course will enhance the practical knowledge of students in indirect taxation. They can earn while learning by preparing and file GST returns for various assesses. They can join any CA firm or tax practitioner firm for job with these skills.
Bachelor of Vocation (Accounting, Taxation and Auditing)-Semester	Practical TDS and Advanced Tax	BVOC405	In this course, students learn about the procedure and documentation for TDS, TDS return filing for salary employee (24Q), TDS return other than salary (26Q), Validation of TDS return, Upload file and submission (16 and 16A), Filing of correction returns, import of upload files, correction and submit, Declaration forms (15G, 15H), Nil TDS return. This course will enhance the practical knowledge of students in direct taxation and TDS matters. They can earn while learning by preparing and file TDS returns for various assesses. They can join any CA firm or tax practitioner firm for job with these skills. They can give consultancy to people about deduction and deposit of TDS.

Name of Programme	Name of the Course	Course Code	Activities/Content related to Employability/ Entrepreneurship/ Skill Development
Bachelor of Vocation (Accounting, Taxation and Auditing)-Semester	Practical Auditing and Cost Accounting	BVOC503	In this course, students learn about Meaning and objectives of Auditing, Types of Audits, Working Papers and Evidences, Consideration for commencing an audit; routine checking and test checking, Vouching, Verification, provisions of Company Audit – Appointment, Powers, Status, Duties & Liabilities, Divisible Profits and Dividend, Standard Report and Qualified Report, Investigation. They are also taught Activating and creating Cost Category and Cost Centre, Order Processing, Purchase/Sales Order Processing, Adjusting Orders Bill of Materials (BOM), Creating Bill of Materials, Manufacturing Journal, Price Levels, Activating Price Lists and Defining Price Levels, Creating Jobs as Job cost centres, Creating Godowns dedicated to Jobs, Creating UOM. This will help students to practically understand how audit is executed and how cost records are maintained over computer system. They can also understand the order processing flow in an organisation.
Bachelor of Vocation (Accounting, Taxation and Auditing)-Semester	Advanced Practical Business Accounting	BVOC504	In this course, students are taught about Advance Accounting Features, Preparation of Budgets, Interest Calculation, Multi Currency features, Credit Limit, Advance Voucher Entry, Preparation of GST returns using Tally for Different types of dealers, Using company logo feature, E-Way bill generation using Tally, Configuring TDS/TCS, Creations of Masters, Entering Transactions, TDS/TCS Reports, Preparation of Bank Reconciliation statement (BRS), cheque printing, Generation of exception reports, change of Accounting year issues etc. This helps them to be an expert in Tally software in all aspects like record keeping, banking features, taxation and inventory features and thus can get a well-paid good job in the industry.

Name of Programme	Name of the Course	Course Code	Activities/Content related to Employability/ Entrepreneurship/ Skill Development
Bachelor of Vocation (Accounting, Taxation and Auditing)-Semester	Financial Management using Excel	BVOC505	In this course, students are taught about Basic concept of finance, Individual and overall cost of capital, Capital Budgeting: determinations of cash flow, different techniques, Leverage and dividend Policy, Capital structure and estimation of working capital. This helps them to understand practical aspects of Financial Management and how different techniques of FM are used in the industry,
Bachelor of Vocation (Accounting, Taxation and Auditing)-Semester	Industrial Internship	BVOC603	In this period, students undergo 270 hours practical training at any CA Firm, CS Firm or any accounting and taxation work related firm or company to develop a practical understanding of various aspects of accounting, taxation and auditing using a hands-on approach. This project experience helps them to seek a good job or set up a good consultancy practice in their career.
Master of Commerce (Business Administration)-CBCS	Management Information System	M1BAD04CT4	The learning outcomes of this course includes deeper understanding of MIS which is required by the industry.
Master of Commerce (Business Administration)-CBCS	Presentation Skills	M2BAD06CT12	This will make students employable because most of the organisations require personnel with good presentation skills. It will help students to get job in marketing, HR and sales.
Master of Commerce (Business Administration)-CBCS	Mental Ability & Reasoning	M2BAD07AT13	Heps in getting government jobs such as IBPS, LDC, Jr. Accountant etc. as this paper is also included in the syllabus of these recruitment examinations

Name of Programme	Name of the Course	Course Code	Activities/Content related to Employability/ Entrepreneurship/ Skill Development
Master of Commerce (Business Administration)-CBCS	Written Communication	M3BAD07ET20	Helps in getting job of content writer, consultant etc.
Master of Commerce (Business Administration)-CBCS	Management of Small & Medium Enterprise	M2BAD04CT10	By understanding this course student will be able to get jobs in MSME sector
Master of Commerce (Business Administration)-CBCS	Advance Training Skills	M4BAD08ET31	Enhances employability in the field of HRM, Training & Development etc.
Master of Human Resource Management-CBCS	Professional Skills Development Lab	MHRM305	Helps in enhancing basic computer proficiency and professional skills of student hence making them more employable
Master of Human Resource Management-CBCS	HR Analytics	CBC-II	There is a high demand of HR Analysts in the industry who can utilize the skills of a data scientist without losing the human touch. The profession is in a growing need of people who have the enthusiasm and knowledge in this field.
Master of Commerce (Banking and Business Economics)-CBCS	E-Banking	M1BBE06CT6	Theoretical and practical knowledge about e-banking

Name of Programme	Name of the Course	Course Code	Activities/Content related to Employability/ Entrepreneurship/ Skill Development
Master of Commerce (Banking and Business Economics)-CBCS	Mental Ability and Reasoning	M2BBE07AT13	Enhance Mental ability and reasoning skill
Master of International Business-Semester	Foreign Language French	MIB107	Develop fundamental skill of speaking French
Master of International Business-Semester	Export-Import Procedures\, Documentation and Management	MIB204	Impart knowledge and skill for Export-Import Procedures, Documentation and Management
Master of International Business-Semester	Foreign Language - French	MIB206	Develop advanced skill of speaking French
Master of International Business-Semester	Summer Training and Viva-voce	MIB307	Through summer training students can have the practical experience of international business
Bachelor of Business Administration (Entrepreneurship Development)-Semester	New Enterprise Management	BBAED-403	This course will develop the skill to manage new enterprise.
Bachelor of Business Administration (Entrepreneurship Development)-Semester	IT Tools in Business	BBAED-305	This course develops understanding and application of IT tools in Business

Name of Programme	Name of the Course	Course Code	Activities/Content related to Employability/ Entrepreneurship/ Skill Development
Bachelor of Business Administration (Entrepreneurship Development)-Semester	Start-up Incubation /Training in Small Scale Industries (4 Months	BBAED-604	This course which develops entrepreneurship skill among students through imparting theoretical and practical knowledge and training
Master of Business Administration-Semester	Managerial Skill Development	CP-105	The course is aimed at equipping the students with the necessary & techniques and skills of communication to inform others, inspire them and enlist their activity and willing cooperation in the performance of their jobs
Master of Business Administration-Semester	Computer Applications in Management	CP-108	The objectives of this course include developing an appreciation of different software and hardware systems available in the industry among the participants and build up the experience of computer usage in business organizations with specific reference to commercial data processing systems.
Master of Business Administration-Semester	Management Science	CP – 202	The real-world problems are complex problems; they require finding of an optimum solution subject to a large number of constraints and decision variables. This course imparts the skills to take decisions in business through scientific techniques.
Master of Business Administration-Semester	Production And Operations Management	Cp-206	The Course is designed to acquaint the students with decision making in: Planning, scheduling and control of Production and Operation functions in both manufacturing and services; Productivity improvement in operations through layout engineering and quality management etc.; Effective and efficient flow, replenishment and control of materials with reference to both manufacturing and services organizations.
Master of Business Administration-Semester	E-Commerce	CP-207	It is a professional course which develops skill of E-Commerce through imparting theoretical and practical knowledge

Name of Programme	Name of the Course	Course Code	Activities/Content related to Employability/ Entrepreneurship/ Skill Development
Master of Business Administration-Semester	Business Analytics	CP-401	This course aims to develop overall analytical skills of the students and to help them to apply analytical techniques to business decision making.
Master of Business Administration-Semester	Summer Training Project	CP-304	At the end of second semester, all students will have to undergo summer and training of 8-10 weeks with industrial, business or service organization by taking up a project study to have a practical knowledge.
Master of Business Administration-Semester	Projects Planning, Analysis and Management	FM-3110	The basic purpose of this course is to understand the framework for evaluating capital expenditure proposals, their planning and management in the review of the projects undertaken through techniques like mathematical modelling.
Master of Business Administration-Semester	Brand Management	MM-3211	This course imparts in-depth knowledge to the students regarding the theory and practice of Brand Management.
Master of Business Administration (E-Commerce)-Semester	Logistics and Supply Chain Management	MM-3215	To introduce process and functions of physical distribution system. To introduce the major building blocks, functions, business process, performance metrics and decision making in supply chain network. To provide an insight into the role of Internet Technologies and electronic commerce in supply chain management.
Master of Business Administration (E-Commerce)-Semester	Financial Planning and Wealth Management	FM-3115	This course will impart knowledge and skill of financial planning and wealth management.
Master of Business Administration (E-Commerce)-Semester	Digital Marketing	MM-3216	This course creates awareness about Digital Marketing and impart the skill to the learner about use of electronics in marketing management.

Name of Programme	Name of the Course	Course Code	Activities/Content related to Employability/ Entrepreneurship/ Skill Development
Master of Business Administration (E-Commerce)- Semester	E-advertising	MEC-03	It is a professional course which develops skill of E-Advertising through imparting theoretical and practical knowledge
Master of Business Administration (E-Commerce)- Semester	Managing E-Channels	MEC-11	It is a professional course which develops skill of managing e-channels, design website, managing traffic and other issues.
Master of Business Administration (E-Commerce)- Semester	Marketing Research	MEC-15	This paper aims to develop skills in the students to conduct the market research and to help them to understand the procedure thoroughly and apply it in practical world.

Bachelor of Arts	Economics-I Quantitative Techniques in Economics	3321	This course develops the skill of data analysis through mathematical and statistical techniques.
Bachelor of Arts (Honours)	Quantitative Techniques	1333	This course develops the skill of data analysis through mathematical and statistical techniques.
Bachelor of Arts (Honours)	Mathematical Economics	2333	This course develops the skill of analysing economic theories through mathematical models.
Bachelor of Arts (Honours)	Econometric Methods	3333	This course helps to learn about econometric methods and their use in advanced data analysis.
Master of Arts (Economics)-CBCS	Skill Course: Basic Economic Analysis With SPSS	M2ECO01-SKILL-01	This course imparts theoretical knowledge and practical training on SPSS software for data analysis
Master of Arts (Economics)-CBCS	Skill Course: Advanced Economic Analysis With SPSS	M4ECO01-Skill- 02	This course imparts theoretical knowledge and practical training on SPSS software for advanced data analysis techniques.
Master of Arts (Economics)-CBCS	Mathematical Methods for Economics	M1ECO04-CT04	This course enables students to apply mathematical techniques on economic theories.
Master of Arts (Economics)-CBCS	Elementary Statistics and Econometrics	M2ECO04-CT-10	This course enables students to apply statistical techniques and econometric methods for economic data modelling

Name of Programme	Name of the Course	Course Code	Activities/Content related to Employability/ Entrepreneurship/ Skill Development
Diploma In Textile & Fashion Designing	Fundamentals of Textile Designing	DTFD 001	This course imparts the basics of textile designing which helps to sharpen the skill of textile designing of students.
Diploma In Textile & Fashion Designing	Fundamentals of Fashion Designing	DTFD 002	This course imparts the basics of fashion designing which helps to sharpen the skill of fashion designing of students.
Diploma In Textile & Fashion Designing	Illustration and Drawing Techniques	DTFD 003	The students learn Illustration which helps them to get this skill and also can employ themselves or work as a freelance illustrator or a Print Developer in the Fashion/ Textile Industry
Diploma In Textile & Fashion Designing	Application of Design Ideas	DTFD 004	With the application of designing ideas through this course, the skill of designing will increase.
Diploma In Textile & Fashion Designing	Printing and Dyeing	DTFD 005	Skills will be imparted to the students such as Painting, Printing and Dyeing which will enable them to begin their startups or employ them in the industry.
Diploma In Textile & Fashion Designing	Basics of Fabric Construction	DTFD 006	Basic Stitching Techniques and Garment Construction Skills will help them to use their knowledge in their job/ startup
Diploma In Textile & Fashion Designing	Special Project	DTFD 007	This Practical Course gives the students a complete insight on the various steps on the design and production processes along with feild visits and market exposure. It will develop entrepreneurship qualities among learners.

Name of Programme	Name of the Course	Course Code	Activities/Content related to Employability/ Entrepreneurship/ Skill Development
DIPLOMA IN FASHION MERCHANDISING AND READYMADE GARMENTS	Fashion Studies and Merchandising	DFM 001T	This Course enables the students to attain knowledge about Production & Merchandising and creates entrepreneurship and Employment opportunities
DIPLOMA IN FASHION MERCHANDISING AND READYMADE GARMENTS	Apparel Construction Management	DFM 002T	This course imparts fundamental knowledge and skill about apparel construction management.
DIPLOMA IN FASHION MERCHANDISING AND READYMADE GARMENTS	Fabric Study and Its Application	DFM 003P	The course gives the skill to use appropriate fabric for designing.
DIPLOMA IN FASHION MERCHANDISING AND READYMADE GARMENTS	Basics of Apparel Construction	DFM 004P	Imparts Knowledge & Skills for Apparel Construction & Prepares Students to work in the Sewing sector
DIPLOMA IN FASHION MERCHANDISING AND READYMADE GARMENTS	Surface Ornamentation	DFM 005P	Enhances Traditional Values & Sustainability which directly & indirectly helps attaining jobs with renowned Fashion Designers

Name of Programme	Name of the Course	Course Code	Activities/Content related to Employability/ Entrepreneurship/ Skill Development
DIPLOMA IN FASHION MERCHANDISING AND READYMADE GARMENTS	Fashion Merchandising Craft Project	DFM 006P	Helps in Merchandising practical field and gives employment Opportunities
DIPLOMA IN FASHION MERCHANDISING AND READYMADE GARMENTS	Special Project	DFM 007P	This Practical Course gives the students a complete insight on the various steps on the design and production processes along with field visits and market exposure. It will develop entrepreneurship qualities among learners.
Diploma in Fashion Design and Technology	Computer Application	DFDT 1003P	This course helps students to use computers in fashion designing
Diploma in Fashion Design and Technology	Fashion Design & Studies	DFDT 2001T	This Course enables the students to attain knowledge about fashion designing
Diploma in Fashion Design and Technology	Computer Aided Designing	DFDT 2002 P	Helping the students learn different designing software and increases entrepreneurship & Employment in Graphic Designing.
Diploma in Fashion Design and Technology	Advanced Fashion Illustration	DFDT 2003 P	Enhances Illustration skills of students in sketching, rendering, etc which improves their scope to be a good Illustrator.
Master of Vocation (Fashion Technology and Designing)-CBCS	Quality Control in Garment Industry (Theory)	MFD/1/CC/013	This subject enables the student to understand the Quality aspects and helps them to be employed as a Quality Inspector

Name of Programme	Name of the Course	Course Code	Activities/Content related to Employability/ Entrepreneurship/ Skill Development
Master of Vocation (Fashion Technology and Designing)-CBCS	Surface Ornamentation (Practical)	MFD/1/CC/015	This Practical Course enhances ornamentation skills & imparts self-employment
Master of Vocation (Fashion Technology and Designing)-CBCS	Draping (Practical)	MFD/1/CC/016	Through this subject draping qualities & creative draping is understood and helps in various Self-Employment and jobs as a Designer/ Drapist
Master of Vocation (Fashion Technology and Designing)-CBCS	Fashion Merchandising (Theory)	MFD/2/CC/021	This Course enables the students to attain knowledge about Production & Merchandising and creates entrepreneurship and Employment opportunities
Master of Vocation (Fashion Technology and Designing)-CBCS	Effective Dressing Skills (Theory)	MFD/2/OE/023	This Subject imparts knowledge in students about different styles, fashion, etc which will help them in employment for the role of a stylist.
Master of Vocation (Fashion Technology and Designing)-CBCS	Flat Pattern Design (Practical)	MFD/2/CC/024	Imparts Pattern Making & Adaptation knowledge assisting students in Pattern Making Field

Name of Programme	Name of the Course	Course Code	Activities/Content related to Employability/ Entrepreneurship/ Skill Development
Master of Vocation (Fashion Technology and Designing)-CBCS	Computer Aided Designing (Practical)	MFD/3/CC/034	Helping the students learn different designing software and increases entrepreneurship & Employment in Graphic Designing.
Master of Vocation (Fashion Technology and Designing)-CBCS	Apparel Construction (Practical)	MFD/3/OE/035	Imparts Knowledge & Skills for Apparel Construction & Prepares Students to work in the Sewing sector
Master of Vocation (Fashion Technology and Designing)-CBCS	Craft Project (Practical)	MFD/3/SC/036	Revives & enhances Old traditional Crafts by guiding the students in creation of products & increases their chances at entrepreneurship
Master of Vocation (Fashion Technology and Designing)-CBCS	Advanced Fashion Illustration (Practical)	MFD/4/CC/044	Enhances Illustration skills of students in sketching, rendering, etc which improves their scope to be a good Illustrator.
Master of Vocation (Fashion Technology and Designing)-CBCS	Fashion Styling and Promotion (Practical)	MFD/4/CC/045	This Course will guide the students with different styling tips and promotion helping them to be a good stylist
