<b>Course (Paper) Name</b>	<b>Course (Paper) Code</b>	<b>Programme Name</b>	<b>Brief Description</b>
<b>Courses which address Environment and Sustainability</b>			
Environment Studies	1209	Bachelor of Arts/Science/Commerce/Education	The objective of this paper is to teach students about natural resources, Ecosystems, Biodiversity and its conservation and Environment pollution and remedies
Natural Resources And Their Conservation	M1ENV03-CC03	Master of Science (Environment Science)-CBCS	It imparts knowledge about the sustainable use of natural resources which are available in limited quantity
Environmental Pollution And Monitoring	M1ENV04-CC04	Master of Science (Environment Science)-CBCS	It imparts knowledge about the prevailing status of environmental pollution and their abatement measures
Biodiversity Conservation	M2ENV01-CC05	Master of Science (Environment Science)-CBCS	It includes descriptive content related to the significance of biodiversity on earth with detailed conservation measures at the global, national and regional level
Environmental Chemistry	M2ENV02-CC06	Master of Science (Environment Science)-CBCS	It imparts knowledge about changes occur in environment composition leading to the responsibility of humans to restrict their activities
Environmental Sustainability And Management	M2ENV03-CC07	Master of Science(Environment Science)-CBCS	It deals with civil responsibility towards environmental sustainability and management
Environmental Engineering And Management	M3 ENV01-CT09	Master of Science(Environment Science)-CBCS	This course has a combination of environment engineering and management and imparts knowledge about scientific inputs with innovative engineering technology for the abatement of environmental pollution
Environmental Laws And Ethics	M3 ENV02-CT10	Master of Science(Environment Science)-CBCS	It has descriptive content about Indian laws for the environment and imbibing environmental ethics and human values

<b>Course (Paper) Name</b>	<b>Course (Paper) Code</b>	<b>Programme Name</b>	<b>Brief Description</b>
Environmental Planning & Biostatistics	M4 ENV02-CT12	Master of Science (Environment Science)-CBCS	It has descriptive content related to proper planning according to the environmental conservation and application of biostatistics in the environment
Environmental Impact Assessment	M4 ENV03-DTO3	Master of Science (Environment Science)-CBCS	It has descriptive content related to human activities and their assessment and impact on the environment
Restoration Ecology	M4 ENV04-DTO4	Master of Science (Environment Science)-CBCS	It has descriptive content related to the restoration of a degraded environment
Environmental Geology & Disaster Management	M4GEO03-ET03	Master of Science (Geology)-CBCS	It deals with environmental issues, problems related to the environment and factors related to geology. It is specifically designed on the issues dealing with disaster management and geological controls.
Environmental Toxicology	M2 ZOO 02 CT06	Master of Science (Zoology)-CBCS	This course provides wide knowledge about environmental toxicology and makes students able to understand environmental stress and its management strategies. It also describes the insight into the safety evaluation of toxicants, risk management, assessment and monitoring.
Ethology and Evolution	MI ZOO02CT-02	Master of Science (Zoology)-CBCS	This course gives an insight into the various methods of studying animal behaviour and describes the knowledge about social organization, animal societies and its importance. It also enhances the knowledge of students to understand the mechanisms and factors involved in the evolution process and evolutionary patterns of various animals at the micro and macro levels.
Biodiversity and Conservation Biology	M2 ZOO 01CT-05	Master of Science (Zoology)-CBCS	It is designed to study the different causes leading to habitat destruction, impacts of climate change, over-exploitation, and environmental impact assessment
Environment Studies	BVC 106	Bachelor of Vocation (Accounting, Taxation and Auditing)-Semester	Students get to learn about the multidisciplinary nature of environmental studies, various natural resources, ecosystems, biodiversity and its conservation, environment pollution and various social issues related to the environment

Course (Paper) Name	Course (Paper) Code	Programme Name	Brief Description
Environmental Science	BBAED-101	Bachelor of Business Administration (Entrepreneurship Development)-Semester	The objectives of this course is to consider the relationship between human beings and the world, from air pollution to the depletion of natural resources. It covers the importance of sustainability and started studying the moral and ethical relationship between humans and the environment. It covers pollution and waste management and various standards such as ISO 14000,9000,20000.
Environment Management	MEC-104	Master of Business Administration (E-Commerce)-Semester	The objectives of this course is to consider the relationship between human beings and the world, from air pollution to the depletion of natural resources. It covers the importance of sustainability and started studying the moral and ethical relationship between humans and the environment. It covers pollution and waste management and various standards such as ISO 14000,9000,20000. It covers biodiversity, pollution and waste management.
Environment Management	CP-104	Master of Business Administration-Semester	The objectives of this course is to consider the relationship between human beings and the world, from air pollution to the depletion of natural resources. It covers the importance of sustainability and started studying the moral and ethical relationship between humans and the environment.
Environment Management	MBAEX-104	Master of Business Administration (Executive)	The objectives of this course is to consider the relationship between human beings and the world, from air pollution to the depletion of natural resources. It covers the importance of sustainability and started studying the moral and ethical relationship between humans and the environment.
Environmental Economics	M4ECO- B4 - ET-24	Master of Arts (Economics)-CBCS	This course Pertains the interlinkages between environment and development, optimum allocation of natural resources and their sustainability. It also contains environmental valuation and environmental risk and various policies and programmes at national and international level for various issues related to environment and for controlling the environmental degradation
Human Geography	1362	Bachelor of Arts	The field of human, natural features, economics-geography, planning, country development, infrastructure expansion, societal structure, demographic studies and public policies etc. Knowledge of world at large, provides students on broadening their outlook with global to local scale.

Course (Paper) Name	Course (Paper) Code	Programme Name	Brief Description
Geography of India	3361	Bachelor of Arts	Distribution and conservation of various resources has been covered in the paper. Paper also reveals the topic of biodiversity in India. Paper presents seasons and various climatic factors of India. Distribution and various aspects related to the population (including gender specific patterns) are also part of the paper.
Geography of Rajasthan	3362	Bachelor of Arts	This paper deals with outline of state of Rajasthan and addresses the environmental issues of desertification and drought situations in Rajasthan. The course also covers relevant demographic issues addressing gender-based disparities in population characteristics related to literacy, sex ratio, age-sex composition, etc. in relation to the geographical conditions prevalent in Rajasthan.
Contemporary Political Issues	M2POL02-CT-08	Master of Arts (Political Science)-CBCS	The paper discusses global environmental concerns, issues of sustainable development, democracy and peace.
Climatology and Oceanography	M1GEOG4-CT04	Master of Arts (Geography)-CBCS	In Climatology and Oceanography, we are teaching many weather, climate and water related occurrences and various environmental problems like ozone depletion, greenhouse effect, global warming etc. All these topics are playing important role in life of students for positive attitude and aptitude about environment.
Geography of India	M2GEOG1-CT05	Master of Arts (Geography)-CBCS	In Geography of India, we are teaching population, male-female literacy, sex ratio, population problems, population policies, tribes etc. All these topics are playing important role in life of students for gender sensitization. We are also teaching geographical problems in India and many natural and environmental aspects in this paper which are playing important role in life of students for positive attitude and aptitude about environment.
Regional Development and Planning	M2GEOG2-CT07	Master of Arts (Geography)-CBCS	The paper deals with regions planned specifically for their development and also focus on sustainable development at local level. The planning of a region is categorized as regional planning of an area, rural-urban planning of an area, as well as wide-ranging multi-level activities to promote wellbeing and prosperity in different regions.

Course (Paper) Name	Course (Paper) Code	Programme Name	Brief Description
Environmental Geography	M3GEOG3-ET11-A	Master of Arts (Geography)-CBCS	Environmental geography deals with human ecology and ecosystem through natural processes. Interaction of man & nature over the part or whole of the earth. The main motto is to create green awareness and nature base knowledge among the students & people in the society.
Population And Settlement Geography	M4GEOG2-CT14	Master of Arts (Geography)-CBCS	The paper of Population and Settlement Geography deals with demography features, resources and man environment relationships as well as also focus on age structures and sex composition, which is related to gender characteristics, eventually it creates awareness and focus upon empowering human well-being and future earth.
Ecology & Environment in History	HIS/42405	Master of Arts (History)-CBCS	This course covers about the Ecology and Environment in History
Environmental Science	B2AECC-02ES	Bachelor of Science (Bio-Technology)-CBCS	After successful completion of the course the student shall have adequate knowledge about the ecosystem diversity, its values and also about the importance of the endemic species and different techniques involved in its conservation. Deals with the different types of pollutions and their control technologies. Get the information about ecosystem and also about its functions, different types of resources and also about the effects of environment by the usage of these resources. Students will get complete information about EIA- Environmental Impact Assessment, Sustainable developmental activities, environmental policies and regulations, awareness among people about protection of wild life, forest and other natural resources.
Industrial Chemicals and Environment	B6ET06-CHE02	Bachelor of Science (Bio-Technology)-CBCS	This course elaborates on impact of industrial chemicals on environment and develop the awareness among all.
Environmental Biotechnology	M3BT01-CT09	Master of Science (Bio-Technology)-CBCS	Upon completion of this course, the students will able to: <ul style="list-style-type: none"> <li>• Evaluate the potential for biodegradation of organic pollutants, taking microbial and physical/chemical environments, as well as the chemical structure of the compound itself, into consideration.</li> <li>• Describe the most commonly applied disinfection methods, and the steps typically involved in drinking water treatment process.</li> </ul>

Course (Paper) Name	Course (Paper) Code	Programme Name	Brief Description
Environmental Toxicology	M2 ZOO 02 CT06	Master of Science (Zoology)-CBCS	This course provides the wide knowledge about environmental toxicology and able to understand the Environmental stress and its management strategies. It also describes the insight into the safety evaluation of toxicants, risk management, assessment and monitoring.
Ethology And Evolution	MI ZOO02CT-02	Master of Science (Zoology)-CBCS	This course gives an insight into the various methods of studying animal behaviour and describe the knowledge about social organization, animal societies and its importance. It also enhances the knowledge of students to understand the mechanisms and factors involving in evolution process and evolutionary patterns of various animals at micro and macro level.
Biodiversity And Conservation Biology	M2 ZOO 01CT-05	Master of Science (Zoology)-CBCS	This Course provide the study regarding the different causes leading to habitat destruction, impacts of climate change, over exploitation and environmental impact assessment
Environmental Sciences	BP206T	Bachelor of Pharmacy (CBCS)	Environmental safety guidelines in context of Pharmaceutical Industries
Environmental Studies	9602	Bachelor of Arts & Bachelor of Education	The course covers scope and importance, need for public awareness, natural resources and associated problems, ecosystem, bio-diversity and its conservation, causes, effects and control measures of environmental pollution, moving from unsustainable to sustainable development social issues and human population and environment with field visits to have experiential learning which will develop understanding and awareness in students who in turn, as future teachers will forward the cause of environment and sustainability.
Environmental Studies	B1AR02-CT02	Bachelor of Architecture	the objectives is to bring about awareness of a variety of environmental concerns and to create a pro-environment attitude and behavioural pattern in society based on sustainable lifestyles. The anticipated learning outcome are awareness of a wide range of environmental concerns and ability to act at their own level to protect the environment we all live in.
Sociology of Environment	M3SOC.EC-18-B	Master of Arts (Sociology)-CBCS	Awareness about Environment

Course (Paper) Name	Course (Paper) Code	Programme Name	Brief Description
Basic Civil Engineering	BT1FY09-CT09	Bachelor of Technology	This course covers Environmental Pollution, Environmental Acts and Regulations, Functional Concepts of Ecology, Basics of Species, Biodiversity, Ecosystem, Hydrological Cycle; Energy Flow in Eco-systems, Water Pollution: Introduction to Treatment & Disposal of Wastewater, Solid Waste Management, Air & Noise Pollution: Pollutants, Harmful effects and Control
Development Paradigms	MSW-408	Master of Social Work (CBCS)	This particular paper focuses on the theme of Natural Resource Management. It put an emphasis on the relationship between man and the environment. Students develop an understanding on issues related to natural resources, forest, water, energy and their management.
Environmental Law	6002	Bachelor of Law	This course is related to Educating Students about Kinds of pollution like Air Pollution, Noise Pollution, etc and how to combat this issue
Environmental Law	BAL602	Bachelor of Arts & Bachelors of Law-Semester	This course is related to the Environmental Laws
Environmental Geology and Disaster Management	M4GEO03-ET03	Master of Science (Geology)-CBCS	Know the basic fundamentals of earth science as applied to the interaction between human activity and the natural environment and to understand geological aspects of various natural hazards and geo-engineering projects
Ecology And Environment in History	M2HIS02-CT05	Master of Arts (History)-CBCS	It focuses on Environment consciousness in Ancient India, Medieval India and Modern India.
Nursery, Gardening & Green House Practices	M4-BOT-SP-07	Master of Science (Botany)-CBCS	The course imparts knowledge of raising nursery and green house and will help the students to opt career option in raising their own nursery and landscaping firms.
Fabric Study and Its Application	DFM 003P	Diploma In Fashion Merchandising and Readymade Garments	The course gives the skill to use appropriate and environmentally friendly fabric for designing.
Environmental AND GREEN CHEMISTRY	M2POLY05-CT05	Master of Science (Polymer Science)-CBCS	It imparts knowledge about Waste- Production, Problems and Preventions; Green Solvents; Green Synthesis; Environmental Chemistry and Analysis of Pollution

Course (Paper) Name	Course (Paper) Code	Programme Name	Brief Description
Vermitechnology And Solid Waste Management	M4ZOO-SC01	Master of Science (Zoology)-CBCS	The course will provide the knowledge of converting the weeds into food of earthworms and preparing vermicompost and impart skills of producing vermicompost and vermiwash
Microbial Ecology	M3MB03CT11	Master of Science (Micro-Biology)-CBCS	This course focuses on air and soil microbiology and microbes in extreme environment
<b>Courses which address Gender Issues</b>			
Contemporary Debates in Political Theory	M3POL- B4-ET-18	Master of Arts (Political Science)-CBCS	This courser has a unit each on feminism and environmentalism
Gender Studies – 1	MAE/3/EC/03B	Master of Arts (English Literature)-CBCS	To introduce the students to the concept of Gender with special reference to women-education, socialization, social construct, essentialism, gender roles. To orient them towards Feminist Criticism in a global historical perspective
Gender Studies – II	MAE/4/EC/03D	Master of Arts (English Literature)-CBCS	To familiarize the students with the Feminist theory and its plurality, to introduce the students to the Indian feminist texts and enable them to understand the literary history of women's studies and feminist criticism.
Gender Studies: Basic Concepts	1961	Bachelor of Arts	The objectives of these courses are to introduce students to the discipline of Gender Studies and its specific proposes and to make boys and girls aware of each other's strengths and Weakness. It will help in developing sensitivity and attitudinal change towards both genders in order to lead a gender balanced ambience and women empowerment;
Feminist Movements	1962	Bachelor of Arts	It helps to assess the condition and position of women and men in the local, national, regional, and global settings;
Gender In Education and Media	2961	Bachelor of Arts	<ul style="list-style-type: none"> <li>To provide theoretical knowledge and advanced competencies in gender related teachings, research, project and programme planning, gender mainstreaming and training through direct field experiences;</li> </ul>
Gender Empowerment: Community and Health	2961	Bachelor of Arts	<ul style="list-style-type: none"> <li>To develop an orientation among students which will encourage them to capture the realities and perspective of women and men in the community, nation and globally in a better manner;</li> </ul>

Course (Paper) Name	Course (Paper) Code	Programme Name	Brief Description
Gender and Economy	3961	Bachelor of Arts	<ul style="list-style-type: none"> <li>To familiarize student with the concept of gender and ideology and its operation in the various domain of the society and to study the legal provisions and rights of women as human rights in develop context;</li> </ul>
Gender Rights, Constitutional and Legal Provisions	3962	Bachelor of Arts	<ul style="list-style-type: none"> <li>To impart education and awareness to female folk about their status and rights and to motivate researchers for planning and execution of gender-issues and community development so that can work in NGO's and other civil societies.</li> </ul>
Gender Studies & Community Development	1962	Bachelor of Arts	Whole Course is based on Gender
Media, Gender and Human Rights	3982	Bachelor of Arts	जेंडर इक्विटी और मानवाधिकारों के दृष्टिकोण को मुख्यधारा में लाने के लिए मीडिया की अहम भूमिका होती है ऐसे में विद्यार्थियों को जेंडर इक्विटी और मानवाधिकार के साथ मीडिया के विभिन्न पहलुओं का अध्ययन करने के लिए उक्त विषय महत्वपूर्ण है
Women and Law	BAL502	Bachelor of Arts & Bachelor of Laws-Semester	It deals with status of women in India in pre- and post-independence, their constitutional rights, rights under Criminal Law, Social Welfare Legislation and Protection of Women under National Legal framework
Women in Indian History	M3HIS03-CT01	Master of Arts (History)-CBCS	This course focuses on role of women in reform movements, agriculture, household, agriculture, industry and rights of property; Political Participation of women; various movements of women in India and women and culture
<b>Courses which address Professional Ethics, Moral and Human Values</b>			
Ethics in Accounting	M2ABS06CT12	M. Com. (Accountancy and Business Statistics) - CBCS	Students get to learn about business ethics, various theories related to business ethics and work ethics. They also learn about professional code of conduct, legal bindings and various types of crime in accounting field.
Business Ethics and Corporate Governance	MHRM 406	Master of Human Resource Management -CBCS	To enable students to critically examine ethical dilemma and to understand the importance governance mechanism in globalised economy.

Course (Paper) Name	Course (Paper) Code	Programme Name	Brief Description
Ethics And Corporate Governance	BBAED - 204	Bachelor of Business Administration (Entrepreneurship Development)-Semester	Indian Ethos in Management refers to the values and practices that the culture of India ( <i>Bharatheeya Sanskriti</i> ) can contribute to service, leadership and management. These values and practices are rooted in <i>Sanatana Dharma</i> (the eternal essence), and have been influenced by various strands of Indian philosophy
Quality Control in Garment Industry (Theory)	MFD/1/CC/013	Master of Vocation (Fashion Technology and Designing)-CBCS	This course will acquaint the students with the production standards and ethics.
Effective Dressing Skills (Theory)	MFD/2/OE/023	Master of Vocation (Fashion Technology and Designing)-CBCS	This course imparts Human Values & Professional ethics through various approaches
Garment Industry Departments (Theory)	MFD/3/CC/032	Master of Vocation (Fashion Technology and Designing)-CBCS	This course helps in understanding the ethics in the different Departments of Garment Industry
Apparel Construction Management	DFM 002T	Diploma in Fashion Merchandizing and Readymade Garments	It enables the students to understand the ethics & Human Values in the Apparel construction industry
Gandhian Political Thought	M3POL- B2- ET-16	Master of Arts (Political Science)-CBCS	This course encapsulates Gandhian philosophy of <i>Satayagraha</i> , <i>Swaraj</i> , <i>Non-violence</i> . It also emphasises the relevance of Gandhian values in modern context.
Values and Ethics In Administration	M4PAD- A3 - ET-23	Master of Arts (Public Administration)-CBCS	This course includes values, ethics, transparency and accountability, mechanism in public sector and civil services.
Business Ethics	MIBBE04CT4	Master of Commerce (Banking and Business Economics)-CBCS	The course explains about business ethics and their implementation.
काव्य, नाटक एवं प्रायोगिक व्याकरण	1641	Bachelor of Arts	संस्कृत सुभाषित परम्परा के उत्कृष्ट ग्रन्थ नीतिशतकम् का अधिगम। महाकवि भर्तृहरि के इस नीतिग्रन्थ का अधिगम मानवीय मूल्यों एवं लोकव्यवहार की समझ को परिष्कृत करता है।
गद्य, व्याकरण एवं अनुवाद	1642	Bachelor of Arts	संस्कृत साहित्य के प्रसिद्ध कथा ग्रंथ नारायण पंडित विरचित हितोपदेश (मित्रलाभ) की कथाओं एवं शिक्षाओं का अधिगम, जो सहज एवं सरस रीति से उत्तम मानवीय चरित्र प्रदान करता है।

Course (Paper) Name	Course (Paper) Code	Programme Name	Brief Description
प्राचीन भारतीय संस्कृति, धर्मशास्त्र	2642	Bachelor of Arts	प्राचीन भारतीय संस्कृति के प्रमुख बिंदुओं का अध्ययन। धर्मशास्त्र का अध्ययन बालकों को उनके नैतिक कर्तव्यों एवं उत्तरदायित्वों के प्रति जागरूक एवं आचरणशील बनाता है।
Human Values	BT1FY05-CT05	Bachelor of Technology	It teaches students to understand Harmony in the Human Being - Harmony in Myself, Understanding Harmony in the Family and Society- Harmony in Human Relationship, Understanding Harmony in the Nature and Existence - Whole existence as Coexistence, Implications of the above Holistic Understanding of Harmony on Professional, Ethics. Natural acceptance of human values
Pharmaceutical Jurisprudence Theory	BP505T	Bachelor of Pharmacy (CBCS)	Ethical guidelines and schedules
Pharmacy Practice	BP703T	Bachelor of Pharmacy (CBCS)	Ethics in pharmaceutical practicing
Peace Education	9228	Bachelor of Education-2 Year	The course covers understanding peace as dynamic social reality, concept of peace according to various thinkers, awareness of the influence of social milieu on self-understanding which will enable students to understand and explain relevance of peace, its importance and resolving conflicts within self and society and further be able to use pedagogical skills and strategies in and out of classroom for promoting peace.
कथा साहित्य	M1JP05-CT-05	Master of Arts (Jainology & Prakrit)-CBCS	मानवीय मूल्यों को स्थापित करने के लिये कथा साहित्य की महत्वपूर्ण भूमिका होती है। इस कोर्स के माध्यम से छात्र पाठक मानवीय मूल्यों को समाज के सामने प्रस्तुत करके उनको स्थापित कर सकता है।
बौद्ध दर्शन, समाज एवं कला	M2JP06-CT-12	Master of Arts (Jainology & Prakrit)-CBCS	मानवीय मूल्यों की स्थापना में बौद्ध दर्शन का महत्वपूर्ण योगदान माना जाता है। इस कोर्स के अध्ययन से बौद्ध धर्म में प्रचलित मानवीय मूल्यों के द्वारा स्थापित समाज एवं कला वैभव की जानकारी प्राप्त की जा सकती है।
जैन योग एवं स्वास्थ्य विज्ञान	M3JP03-CT-15-B	Master of Arts (Jainology & Prakrit)-CBCS	मानवीय मूल्यों की स्थापना में जैन योग एवं स्वास्थ्य विज्ञान का योगदान निःसंदेह सर्वमान्य है। इस कोर्स अध्ययन से जैन साहित्य में वर्णित योग का वाह्य एवं अन्तरंग स्वरूप सम्यक रूप से जाना जा सकता है। जैन जीवन शैली स्वास्थ्य की दृष्टि से सर्वमान्य स्वीकृत है।
Psychological Testing	M2/PSY 03-CT07	Master of Arts (Psychology)-CBCS	Students will learn the meaning, types, uses and ethical issues of psychological testing. Students will understand the procedure of construction and standardization of psychological tests.

Course (Paper) Name	Course (Paper) Code	Programme Name	Brief Description
Psychological Therapies-I	M3/PSY 04-ET12A	Master of Arts (Psychology)-CBCS	Students will have theoretical and practical knowledge of psychological intervention. Its professional and ethical issues.
Introduction To Social Work	MSW 103	Master of Social Work (CBCS)	Students will develop professional Ethics and values towards the profession. This will provide students to act professionally in the field and to understand what to do and what not to do in the field. The outcome of the paper is to inculcate professional values and good practices among students.
Professional Ethics & Professional Accounting System	6009	Bachelor of Law	This course is related to Professional Ethics for Advocates
Yoga And Human Values	BSY-CT601	Bachelor of Science (Yoga)-Semester	<ul style="list-style-type: none"> <li>• Understand the concept of harmony in human being, family and society.</li> <li>• Understand the concept of human values.</li> <li>• Have an understanding about our social responsibility</li> </ul>
Professional Approach of History	HIS/41402	Master of Arts (History)-CBCS	The objective of this paper is to teach students about the professional approach of History.
Moral Philosophy	M1PHI01-CT03	Master of Arts (Philosophy)-CBCS	It develops understanding of Moral Philosophy and Morality, Theories about right and wrong, Egoism and Hedonism, good and its senses, Indefinability of good and Naturalistic fallacy, Theories of Justification.
Business Ethics & CSR	BBA606	Bachelor of Business Administration-Semester	This course deals with Concepts of Business Ethics and CSR, Social Responsibility and Managerial Ethics, Legislation and CSR, Environment Pollution, Corporate Labour, Ethics of Finance, IPR, HRM and Marketing,
Ethics And Profession	M1PHI01-CT05A	Master of Arts (Philosophy)-CBCS	This course focuses on central concept of ethics, ethical decision making in professions and ethics and health care profession
Ethics & Social Values	M4PHL07-AU02B	Master of Arts (Philosophy)-CBCS	This course develops the understanding of ethics and social values
Media Ethics and Law	JMC /4/CC/20	Master of Arts (Journalism & Mass Communication)-CBCS	It enables the students understand the legal and ethical aspects of the Indian media and the existing regulatory mechanisms
Environmental Laws and Ethics	M3ENV02-CT10	Master of Science (Environment Science)-CBCS	It imparts knowledge of various environmental laws and environmental ethics; Anthropocentrism and Ecocentrism and Indian situation of ethics

Course (Paper) Name	Course (Paper) Code	Programme Name	Brief Description
<b>Courses which address Human Rights and Social Justice</b>			
Human Rights and Duties: Concept and Framework	1881	Bachelor of Arts	This course deals with conceptual understanding of Human Rights, Philosophical Foundations and Moral and Ethical Traditions and Ideas of Social Justice and Human Rights
Human Rights and Duties In India	1882	Bachelor of Arts	This course deals with Constitutional Provisions, Enforcement and Violation of Human Rights and Duties in India
International And Regional Human Rights Standards and Mechanisms	2881	Bachelor of Arts	This course deals with the United Nations Charter, Universal Declaration of Human Rights 1948, International Covenants on Rights, European Convention on Human Rights; American Convention, Commission and Court on Human Rights, Organization of African Unity: OAU Charter 1963; SAARC and Emerging Norms of a Social Charter
Social Problems and Human Rights Of Weaker Sections In India	2882	Bachelor of Arts	It deals with Social Problems and Constitutional Provisions
Human Rights Movements in India	3881	Bachelor of Arts	It imparts knowledge about Political, Ecological and Environmental Movements, Religious and Social Reforms and Natural Resource Movements and Human Rights
Emerging Dimensions of Human Rights	3882	Bachelor of Arts	It imparts knowledge about Human Rights and Changing Dimensions of State Sovereignty, Human Rights and Duties and Commercial Corporations and Rights of the Future Generation
Development Issues	MSW-306 (DM)	Master of Social Work (CBCS)	The paper focuses on developing understanding on the issues of Human Rights and Social Development. The course also put an emphasis on Sustainable Development Goals which has to be achieved by 2030. The paper aims to sensitize students towards the importance of these goals and how their efforts can contribute in achieving global goals by 2030.
Peace And Conflict Resolution	M4POLA4 - ET-24	Master of Arts (Political Science)-CBCS	The course addresses issues such as human rights, human security, human development, peace building etc. It also specifically discusses Gandhian values of non-violence and peace
Citizenship, Social Security and The State	M4POL01-Skill-02	Master of Arts (Political Science)-CBCS	This course is focused on discussing various aspects citizen's rights and its implementation

Course (Paper) Name	Course (Paper) Code	Programme Name	Brief Description
Media, Gender and Human Rights	3982	Bachelor of Arts	जेंडर इक्विटी और मानवाधिकारों के दृष्टिकोण को मुख्यधारा में लाने के लिए मीडिया की अहम भूमिका होती है ऐसे में विद्यार्थियों को जेंडर इक्विटी और मानवाधिकार के साथ मीडिया के विभिन्न पहलुओं का अध्ययन करने के लिए उक्त विषय महत्वपूर्ण है
International Law & Human Rights	7005	Bachelor of Law	This course is related to Human Rights Charter
Special Legislation - I	6008	Bachelor of Law	This course is related to POCSO Act, Protection from Domestic Violence Act
Women & Law	BAL502	Bachelor of Arts & Bachelors of Law-Semester	This course is related to laws related to Protection of Women from social evils like dowry etc.
Public International Law	BAL703	Bachelor of Arts & Bachelors of Law-Semester	This course is related to Human Rights Charter, Rights across Nations
<b>Courses which address Psychological Well Being</b>			
Organisation Psychology	MHRM 306	Master of Human Resource Management -CBCS	The purpose of this course is to equip the students about the various principles of psychology and how to help in minimising the problem related to work
Applied Social Psychology	M2/PSY 02-CT06	Master of Arts (Psychology)-CBCS	Students will have theoretical and practical knowledge of social psychology fundamental concepts. Students will have knowledge of developmental views of eminent researchers and a deep understanding of attribution.
Understanding Self	M2/PSY 01-Skill01	Master of Arts (Psychology)-CBCS	Understand and explore one's own self, Understanding the self-concept and the factors affecting it, Measurement of own self-concept.
Positive Psychology	M3/PSY 02-CT10	Master of Arts (Psychology)-CBCS	Students will understand goals of positive psychology and western and eastern perspectives on positive psychology, Students will learn about classification and measures of human strengths.
Counselling Interview	M4/PSY 01-Skill02	Master of Arts (Psychology)-CBCS	Students will be able to perform attending behaviour in counselling interview. Students will be able to listen actively and frame right type of questions in counselling interview. They will also learn paraphrasing and summarizing in interview session.

Course (Paper) Name	Course (Paper) Code	Programme Name	Brief Description
<b>Courses which address Indian Culture and Languages</b>			
Indian Ethos and Values	CP-106/MBAEX-106	Master of Business Administration-Semester and Master of Business Administration (Executive)	Indian Ethos in Management refers to the values and practices that the culture of India ( <i>Bharateeya Sanskriti</i> ) can contribute to service, leadership and management. These values and practices are rooted in Sanatana Dharma (the eternal essence), and have been influenced by various strands of Indian philosophy
Craft Project (Practical)	MFD/3/SC/036	Master of Vocation (Fashion Technology and Designing)-CBCS	This course provides a wide array on Indian Traditional embroideries & textiles of India. This subject assists in understanding various NGO's who work to promote Indian crafts and will assist in upliftment of the artisans.
Indian Costumes (Theory)	MFD/3/OE/031	Master of Vocation (Fashion Technology and Designing)-CBCS	It helps the students to understand Indian Traditional costumes of various states' tribes and helps revive the same
Fashion Merchandising Craft Project	DFM 006P	Diploma in Fashion Merchandizing and Readymade Garments	This subject provides a wide array on Indian Traditional embroideries & textiles of India. This subject assists in understanding various NGO's who work to promote Indian crafts and will assist in upliftment of the artisans.
Special Project	DTFD 007P	Diploma in Textile and Fashion Designing	This subject provides a wide array on Indian Traditional embroideries & textiles of India. This subject assists in understanding various NGO's who work to promote Indian crafts and will assist in upliftment of the artisans.
Adhunik Kavya	M2RAJ02-CT08	Master of Arts (Rajasthani)-CBCS	The text <i>-Veer Satasai</i> expresses Rajasthani Women
Essence of Principal Upanishads	BSY-CT201	Bachelor of Science (Yoga)-Semester	It gives idea about the major principal Upanishads, the essence of each Upanishad and how to put them into practice and understand each Upanishad and the role of it in our day-to-day life.
Essence of Bhagavad Gita for holistic living	BSY-CT301	Bachelor of Science (Yoga)-Semester	Understand the significance of Bhagavad Gita and its essence
