11.Any other comment that you may have-

It is very difficult to complete dissertation in one semester and it causes financial burden . One other optional paper should be there in place of dissertation.

11. Any other comment that you may have- Our department has to make its syllabus exam oriented so that students can clear exam like GSI/ GATE/ NET . It is time to add subjects like Geophysics and many more to our syllabus and also revise syllabus of existing subjects   according to the exam. It was nice initiative taken by the department to add subject like oceanography and climatology as many question are being asked in NET exam from this subject.
