Subject : Regarding independent status to the Department of Geography ,Faculty of Earth Sciences

Respected Sir,

With due respect we would like bring into your kind notice that the Department of Geography is recognised as a part of Faculty of Earth Sciences by the University. In this connection we have been requesting time to time since 2012 but still our department is running in University college of Social Sciences & Humanities.

So looking to the nature of the subject we have to conduct classes in laboratory, field works and research activities in the very scientific manner for master degree as well as under graduate classes. But we always face the problem of timing of the college and system adopted by the college like arts subjects.

So our humble request you sir please provide a separate status of the department like other two departments of Faculty of Earth Sciences like Geology and Environment Science. So that we can run our all the academic activities smoothly.

We shall be grateful to you for consideration our request for independent status and oblige.

Yours sincerely
