UGC Sponsored NATIONAL CONFERENCE ON Recent Advances in BIOLOGICAL SCIENCES, BIOTECHNOLOGY & SUSTAINABLE DEVELOPMENT

March 18-19, 2016

Organized by

DEPARTMENT OF BOTANY
Faculty of Sciences

Mohanlal Sukhadia University
(NAAC Re-accredited 'A' Grade University)
Udaipur (Rajasthan) India

ABOUT THE CONFERENCE VENUE

Mohan Lal Sukhadia University is one of the most prestigious universities in Rajasthan excelling as an important academic centre among the tribal belt of southern Rajasthan since 1962. It is a multifaculty university and imparts higher education in all streams of Science, Earth Science, Arts, Law, Commerce and Management. It has a very strong infrastructure with all world class facilities for research and development. NAAC has accredited the university with 'A' grade. Department of Botany emphasizes in excellence for teaching & provides research opportunities in order to enhance the quality of undergraduates & post graduate students & their success at achieving career goals & leading intellectually rewarding lives. Department has adequate, highly qualified, experienced & competent faculty, well established research laboratories with advanced instruments viz. HPLC, PCR, AAS, UV-Vis Spectrometers, etc. Thrust areas of research are Plant Biotechnology, Microbial Biotechnology, Eco-physiology, Plant Pathogen interactions, Enhancement of Secondary Metabolite Production, Stress Physiology and Molecular Ecology.

Vision of the Conference

There is an unprecedented development in every field of science in recent years because of rapid progress made in the different areas of plant sciences and biotechnology. The primary goal of the conference is to promote research and developmental activities in biological sciences. The skills and knowledge of scientists are needed worldwide in every sphere of life. The scheduled conference organized at Department of Botany, M.L. Sukhadia University, Udaipur will provide a scientific platform to exchange the information on the recent advances in Biotechnological and Botanical research and to bring together the scientific and teaching community involved in the field of Botany, Biotechnology and allied fields. This conference will provide opportunities for the researchers, scientists and students to exchange their first hand experiences in thrust area of the current research.

MAJOR THEMES OF THE CONFERENCE

PLANT RESOURCES

- Mycology & Plant Disease Management
- Ethnobotany & Medicinal Plants
- Angiosperm Cladistics & Phylogeny
- Commercialization of Plant Resources
- Recent Advances in Phycology, Bryology, Pteridophytes & Gymnosperms

APPLIED BIOSCIENCES

- Plant Biotechnology
- Microbial Technology
- Nano-biotechnology
- Plant Physiology & Biochemistry
- Bio-Molecular Engineering

SUSTAINABLE DEVELOPMENT

- Environmental Pollution & Toxicology
- Impact Assessment
- Biodiversity Conservation
- Bioremediation
- Bio-Energy & Bio-fuels

ABOUT UDAIPUR

The city of Udaipur also known as 'Venice of East' and 'City of Lakes' in India is situated in the midst of Aravali ranges. It has rich cultural and historical heritage. It is well known as the land of Maharana Pratap. The city has a number of lakes like Fateh sagar, Rangsagar, Badi & Picchola and beautiful palaces having panoramic beauty. There are many spots around the city which have great historical significance like Haldighati, Kumbhalgarh fort and Chittorgarh fort which embodies the history of brave rulers of Mewar. Very close to the city is Jaisamand lake which is the largest artificial freshwater lake of Asia. The city has religious significance as well with Shreenath temple at Nathdwara, Ekling ji temple and beautiful Jain temple at Ranakpur and Mount Abu. City is well connected by road through National Highways from Mumbai, Delhi, Ahmedabad and Jaipur. It is also well connected by trains and air. Nearest airport is at Dabok, 22 km from the main city. The weather during the month of March will be cold, pleasant with day temperature around 25°C and night temperature would be around 18°C.

SCIENTIFIC ACTIVITIES DURING CONFERENCE

Oral Paper Presentation: Senior scientist, Resource Person and Faculty members shall present their research findings in form of oral presentation. Participants will have opportunity of discussion after every presentation to clear any doubts and exchange of information. Best Paper Presentation Award will be given after due evaluation in specific session.

Poster Paper Presentation: Young research scholars and students shall be provided separate poster presentation opportunity. Best Poster Presentation Award will be given after due evaluation in specific session. Poster size should be approximately 3'x4'.
